PART 4. Pursuant to Section 3.009, Texas Election Code: (i) the proposition language that will appear on the ballot is set forth in Part 3 hereof, (ii) the purposes for which the bonds and notes are to be authorized are set forth in Part 2 hereof, (iii) the principal amount of bonds and notes to be authorized is set forth in Part 2 hereof, (iv) if the issuance of bonds and notes is authorized by voters, taxes sufficient, within the limits prescribed by law, to pay the annual principal of and interest on the bonds and notes and to provide a sinking fund to pay the bonds and notes may be imposed,

as set forth in Part 2 hereof, (v) bonds and notes authorized pursuant to this ordinance may be issued to mature over not to exceed 40 years from their date of issuance and bearing interest at the rate or rates as authorized by law and determined by the Council, (vi) as of the beginning of the City's current fiscal year, the aggregate amount of outstanding principal of the City's debt obligations was \$1,378,485,000 and the aggregate amount of outstanding interest on the City's debt obligations was \$494,427,000, and (vii) the City's ad valorem debt service tax rate as of the date of adoption of this ordinance is \$.1055 per \$100 of taxable property.

Based upon market conditions as of the date of this ordinance and using taxable assessed values for the 2017 tax year (2017/2018 fiscal year), without adjustment for anticipated growth in taxable assessed value in future years, if the bonds and notes are authorized, the estimated total tax rate of the City is expected to be approximately \$.5440 per \$100 of taxable assessed value, (which represents an increase of \$.0992 per \$100 taxable assessed valuation as compared to the City's total tax rate as of the date of the adoption of this ordinance), based on current State law, which is subject to change. The estimated total tax rate represents the sum of (i) the most recently adopted tax rate for operations and maintenance, which is \$.3393 per \$100 of taxable assessed valuation, plus (ii) the estimated tax rate for debt obligations of the City, including the bonds and notes, which is expected to be approximately \$.2047 per \$100 of taxable assessed valuation.

If approved by voters, the bonds and notes will be secured by an ad valorem tax that is sufficient, within the limits prescribed by law, to pay the principal of and interest on the bonds and notes and to provide a sinking fund to pay the bonds and notes. Actual tax rates, interest rates, maturity dates, aggregate outstanding indebtedness and interest on such debt, will only be established and known at the time that bonds and notes are issued. In addition, actual tax rates will depend upon, among other factors, the assessed valuation of taxable property, prevailing interest rates, the market for the City's bonds and notes and general market conditions at the time that bonds and notes are issued.

The estimated tax rates and other statements contained in this Part 4 are (i) based on certain assumptions (including assumptions concerning prevailing market and economic conditions at the time(s) of issuance of the bonds and notes) and derived from projections obtained from the City's financial advisor, (ii) subject to change to the extent that actual facts, circumstances and conditions prevailing at the time that the bonds and notes are issued differ from such assumptions and projections, (iii) provided solely in satisfaction of the requirements of Section 3.009, Texas Election Code, and for no other purpose, without any assurance that such projections will be realized, and (iv) not intended to give rise to a contract with voters or limit the

authority of the Council to issue bonds and notes in accordance with the propositions submitted herein.

If the issuance of bonds and notes is approved by a majority of the voters voting on the proposition to issue bonds and notes for affordable housing (Proposition A), funding of affordable housing projects shall be in accordance with guidelines of the City relating to affordable housing now and hereafter existing, including but not limited to guidelines for rental housing, home ownership, and home repair. The guidelines have been developed by staff after consulting with bond counsel. The guidelines governing affordable housing projects comprise a program established in part under authority of Chapter 380 of the Texas Local Government Code, relating to the issuance of ad valorem tax supported obligations for this purpose, and Council approves and affirms this program, the guidelines governing the program, and their application to the issuance of bonds and notes for affordable housing purposes.

PART 5. A charter amendment election shall be held in the City on November 6, 2018, at which the ballot shall be prepared to permit voting "Yes" or "No" on the following propositions:

Proposition H: Shall the City Charter be amended to provide that the term of service and process for removal of the Planning Commission members be determined by ordinance?

Proposition I: Shall the City Charter be amended to make non-substantive corrections to grammar, typographical errors, capitalization, punctuation, and sentence structure; and to change or remove charter language that is obsolete?

PART 6 – If Proposition H is approved by the majority of voters voting at the election, the City Charter is amended to read as follows:

The members of said commission shall be appointed by the council for a term of up to two [2] years [five (5) members to be appointed in every odd numbered year and four (4) members in every even numbered year]. The timing of appointments, as well as a process for removing commissioners prior to expiration of a term, shall be established by ordinance. The commission shall elect a chairperson from among its membership and shall meet not less than once each month. Vacancies in an unexpired term shall be filled by the council for the remainder of the term.

The city may use a corporate seal; may sue and be sued; may contract and be contracted with; may cooperate with the government of the State of Texas or any agency or political subdivision thereof, or with the federal government or any agency thereof, to accomplish any lawful purpose for the advancement of the interest, welfare, health, morals, comfort, safety, and convenience of the city and its inhabitants; may acquire property within or without its corporate limits for any municipal purposes in fee simple, or in any lesser interest or estate, by purchase, gift, devise, lease or condemnation, and, subject to the provisions of this Charter, may sell, lease, mortgage, hold, manage, and control such property as may now or hereafter be owned by it; may pass ordinances and enact such regulations as may be expedient for the maintenance of the good

government, order, and peace of the city and the welfare, health, morals, comfort, safety, and convenience of its inhabitants. In addition to the powers enumerated herein, and subject only to the limitations imposed by the state constitution, the state laws, and this Charter, the city shall have, without the necessity of its express enumeration in this Charter, each and every power which, by virtue of Article XI, Section 5, of the Constitution of Texas, the people of the city are empowered by election to grant to or confer upon the city by expressly and specifically granting and enumerating the same herein.

§ 4. - STREETS AND PUBLIC PROPERTY.

The city shall have exclusive dominion, control, and jurisdiction[;] in, upon, over, and under the public streets, sidewalks, alleys, highways, public squares, and public ways within the corporate limits of the city, and in, upon, over, and under all public property of the city. The city shall have the power to develop and improve, or cause to be developed and improved, any and all public streets, sidewalks, alleys, highways, and other public ways within the corporate limits of the city by laying out, opening, narrowing, widening, straightening, extending and establishing building lines along the same; by purchasing, condemning, and taking property therefor; by filling, grading, raising, lowering, paving, repaving, and repairing, in a permanent manner, the same; and by constructing, reconstructing, altering, repairing, and realigning curbs, gutters, drains, sidewalks, culverts, and other appurtenances and incidentals in connection with such development and improvements. The city may make or cause to be made any one or more of the kinds or classes of development and improvement authorized hereinabove, or any combination or parts thereof. The cost of such development and improvement shall be paid by the city, or partly by the city and partly by assessments levied against the property abutting thereon and the owners thereof, and such assessments may be levied in any amounts and under any procedure now or hereafter permitted by state law.

If improvements be ordered constructed in any part of the area between and under rails, tracks, double-tracks, turnouts and switches, and two [({2})] feet on each

side thereof, of any railway[–] using, occupying, or crossing any such highway, portion or portions thereof, ordered improved, then the city council shall have power to assess the whole cost of improvements in such area against such railway, and shall have power, by ordinance, to levy a special tax upon such railway, and its road-bed, ties, rails, fixtures, rights and franchises, which tax shall constitute a lien thereon superior to any other lien or claim except state, county, and city ad valorem taxes, and which may be enforced either by sale of said property in the manner provided by law for the collection of ad valorem taxes by the city, or by suit in any court having jurisdiction. The ordinance levying such tax shall prescribe the time, terms and conditions of payment thereof, and the rate of interest, not to exceed eight percent [(.8%)] per annum, and same, if not paid when due, shall be collectible, together with interest, to expenses of collection and reasonable attorney's fees, if incurred. The city council shall have power to cause to be issued assignable certificates in evidence of any such assessments.

The city shall likewise have the power to make any such development, improvement or paving with its own forces if, in the opinion of the council, the work can be done more expeditiously or economically, and in such event the city shall have the power to reimburse itself for the cost of such improvement in the same amount and in the same manner as if the work had been performed by a successful bidding contractor.

§ 6. - ANNEXATION FOR ALL PURPOSES.

The city [City] council [Council] shall have the power by ordinance to fix the boundary limits of the City of Austin; and to provide for the alteration, reduction, and the extension of said boundary limits, and the annexation of additional territory lying adjacent to the city, with or without the consent of the territory and inhabitants annexed. Before the city [City] may institute annexation or disannexation

proceedings, the city [City] council [Council] shall provide an opportunity for all interested persons to be heard at a public hearing. Prior notice of such hearings shall be published in accordance with state law in a newspaper having general circulation in the city [City] and in the territory proposed to be annexed. § 7. - LIMITED PURPOSE ANNEXATION.

In addition to the power to annex additional territory for all purposes, the city [City] shall have the power, by ordinance, to fix, alter, and extend the corporate boundary limits of the city [City] for the limited purposes of planning, zoning, health, and safety and to annex for such limited purposes additional territory lying adjacent to the city [City], with or without the consent of the property owners or inhabitants of such annexed territory; provided, however, that no such territory which lies farther than five miles from the corporate boundary limits enclosing the territory which is a part of the city [City] for all purposes, as those corporate boundary limits are now or may hereafter be established, shall be annexed for any limited purpose or purposes. Whenever the boundary limits annexed for such limited purposes are not coterminous with the corporate boundary limits enclosing the territory which a part of the city [City] for all purposes, such boundary limits of the limited purpose territory shall be known as "Limited Purpose Boundary Limits." Every ordinance by which territory is to be annexed to the city [City] for limited purposes shall state clearly the limited purpose or purposes for which it is being annexed, and shall be published one time, in a newspaper of general circulation in the city [City] and in the form in which it is to be finally adopted, not less than 30[thirty (30)] days prior to its final passage.

When any additional territory has been annexed for said limited purpose or purposes, it shall be a part of the city for such limited purpose or purposes only. However, in dealing with the property and inhabitants thereof, the city [City] shall have every power which it otherwise possesses and which is reasonable and expedient for the accomplishment of the limited purpose or purposes for which such property is annexed, and the power of the city [City] to deal with the property and inhabitants of such limited purpose territory shall include the powers enumerated in the next two [(2)] succeeding sentences but shall not be limited or restricted thereto. Every inhabitant of territory annexed for limited purpose or purposes, who is otherwise qualified, shall be entitled to vote in city [City] elections on every issue where the question[s] is the election or recall of a city [City] council member or the amendment of this Charter, and every such inhabitant shall be deemed to be a citizen of the city [City] in connection with any ordinance, regulation, or action which is, or is alleged to be, applicable to him or her or his or her property because of such limited purpose annexation, but will not be eligible to run for any office in the City of Austin. The city [City] shall have no power to levy any tax for municipal purposes on either the property or [~~or~~] the inhabitants of territory annexed for limited purpose or purposes, and no funds of the city [City] shall be spent in such territory except where reasonable and expedient for the accomplishment of the limited purpose or purposes for which the territory is annexed; but the city [City] may collect reasonable charges from property owners and inhabitants of such territory for services rendered by the city [City] in the accomplishment of the limited purpose or purposes for which the territory is annexed.

However, it is not intended that formulas or specific ratios be applied for this purpose. Applicants shall also be chosen based on relevant analytical skills and ability to be impartial. As for geographic diversity, for the first redistricting in 2013, the eight commissioners shall appoint the remaining six members to ensure geographic diversity and that at least three commissioners come from each of the four existing Travis County Commissioners precincts[districts], to the extent feasible with the remaining six open seats. - (4) the commission shall select one of its members to serve as the chair and one to serve as vice chair. The chair and vice chair shall remain voting members of the commission.
- (5) the commission shall hire commission staff, legal counsel, and consultants as needed; provided, however, that compensation of such persons shall be limited to the period in which the commission is active. The commission shall establish clear criteria for the hiring and removal of these individuals, communication protocols, and a code of conduct. The commission shall apply the conflicts of interest listed in subdivision 3(I)(3) to the hiring of staff, legal counsel, and consultants. The commission shall require that at least one of the legal counsel hired by the commission has demonstrated extensive experience and expertise in implementation and enforcement of the federal Voting Rights Act of 1965 (52[42] U.S.C. In 2013, there shall be at least two such public hearings, before the commission votes on a preliminary plan, in each of the four Travis County Commissioner p[P]recincts, and in each year ending in the number one thereafter, there shall be at least one such public hearing, before the commission votes on a preliminary redistricting plan in each of the then existing 10 council districts. In addition, these hearings shall be supplemented with all other appropriate activities to further increase opportunities for the public to observe and participate in the review process.

Following the commission's vote approving the preliminary plan, there shall be at least four public hearings, geographically dispersed, with at least one hearing in each of the four Travis County Commissioners' precincts, and each hearing shall be held on a different date. The commission also shall display the approved preliminary plan for written public comment in a manner designed to achieve the widest public access reasonably possible. Written public comment shall be taken for at least 14 days from the date of public display of the approved preliminary plan. The commission then shall vote on a proposed final plan and then it shall hold two subsequent public hearings, one north of Lady Bird Lake and one south of Lady Bird Lake and take at least five days of written public comments. The commission[Commission] then shall be finished with all hearings and adopt a final plan by no later than December 1, 2013, and thereafter by November 1 in each year ending in the number one.

An ordinance so adopted may be repealed or amended at any time after the expiration of two [~~2~~] years by favorable vote of at least three-fourths of the council. A

referred ordinance which is not approved by a majority of the votes cast shall be deemed thereupon repealed.

The petition shall be signed and verified in the manner required for an initiative petition, shall contain a general statement of the grounds for which the removal is sought, and one of the signers of each petition paper shall make an affidavit that the statements therein made are true.

§ 7. - RECALL ELECTION.

Within 20 days after a recall petition is filed, the city clerk shall examine the same. The provisions regulating examination, certification, and amendment of initiative petitions shall apply to recall petitions. If the petition is certified by the city clerk to be sufficient and the council member whose removal is sought does not resign within five days after the certification to the council, the council shall order and hold a recall election in the territory from which the council member is elected on the first authorized election date that allows sufficient time to comply with other requirements of law.

A council_member thus removed shall not be a candidate to succeed himself or herself in an election called to fill the vacancy thereby created.

§ 10. - LIMITATION ON RECALL.

No recall petition shall be filed against a council_member within six [6] months after he or she takes office, and no council_member shall be subject to more than one recall election during a term of office.

ARTICLE V. - ADMINISTRATIVE ORGANIZATION.

§ 1. - THE CITY MANAGER.

The council shall appoint a city manager who shall be the chief administrative and executive officer of the city. He or she shall be chosen by the council solely on the basis of his or her executive and administrative training, experience, and ability, and need not, when appointed, be a resident of the City of Austin; however, during the tenure of his or her office, he or she shall reside within the city.

The city manager shall not be appointed for a definite term, but may be removed at the will and pleasure of the council by a majority vote of the entire membership of the council. Pending such hearing, the council may suspend him or her from office. The action of the council in suspending or removing the city manager shall be final, it being the intention of this Charter to vest all authority and fix all responsibility for such suspension or removal in the council. The council shall have the power to create and establish additional municipal courts, and to appoint more than one judge of each municipal court, whether one or more, each of whom shall be a magistrate and shall have the qualifications and serve the term of office prescribed in the first paragraph of this section.

If any judge of a municipal court announces candidacy, or in fact becomes a candidate, in any general, special, or primary election, for any elective public office, at a time when the unexpired term of the judge's office exceeds one year, the judge's announcement or candidacy is an automatic resignation of the office of municipal judge.

The next succeeding fiscal year shall begin on January 1, 1954, and end on September 30, 1954, and shall constitute an interim fiscal period. After September 30, 1954, the fiscal year of the city shall begin on the first day of October and end on the last day of September of each calendar year. The fiscal year established by this section shall also constitute the budget and accounting year. As used herein, the term "budget year" shall mean the fiscal year for which any budget is adopted and in which it is administered. All funds collected by the city during any fiscal year, including both current and delinquent revenues, shall belong to such fiscal year and, except for funds derived to pay interest and create a sinking fund on the bonded indebtedness of the city, shall be applied to the payment of expenses incurred during such fiscal year. Any revenues uncollected at the end of any fiscal year shall become resources of the next succeeding fiscal year.

§ 6. - BUDGET PREPARATION AND ADOPTION.

Said work program shall include all appropriations for operation, maintenance, and capital outlays and shall indicate the requested allotments of such appropriations by months for the entire fiscal year. The city manager shall review the requested allotments, and, after such alteration or revision as he may deem necessary, authorize such for expenditure. Thereafter the department of finance shall authorize all expenditures for departments and agencies to be made from the appropriations on the basis of the approved allotments and not otherwise. The approved allotments may be revised during the fiscal year by the city manager, or upon application by the head of any department or agency and approval by the city manager, but in no event shall the aggregate of departmental or agency allotments exceed the appropriation available to such departments or agencies for the fiscal year. If, at any time during the fiscal year, the city manager shall ascertain that available revenues will be less than total appropriations for the year, he or she shall reconsider the work program and allotments of the departments and agencies and revise them so as to prevent the making of expenditures in excess of available revenues.

§ 12. - REVENUE BONDS FOR CONSERVATION.

In order to conserve the energy-producing resources, water resources, and wastewater treatment facilities of the city and, therefore, to save money of the city, the city shall have power to borrow money for the purpose of providing conservation facilities, including facilities to be owned or operated by persons other than the city, and to issue revenue bonds, notes or other obligation in evidence of such borrowing. § 15. - PURCHASE PROCEDURE.

All purchases made and contracts executed by the city shall be pursuant to a written requisition from the head of the office, department or agency whose appropriation will be charged, and no contract or order shall be binding upon the city unless and until the director of finance certifies that there is to the credit of such office, department or agency a sufficient unencumbered appropriation balance to pay for the supplies, materials, equipment or contractual services for which the contract or order is to be issued. Before the city makes any purchase or contract for supplies, materials, equipment or contractual services, opportunity shall be given for competition unless exempted by state statute. The city manager shall have the authority to contract for expenditures without further approval of the council for an expenditure that does not exceed forty-three thousand dollars annually. A contract or an amendment to a contract, involving an expenditure of more than forty-three thousand dollars annually must be expressly approved by the council. Contracts for personal or professional services shall not be let on competitive bids and each such contract, or amendment to a contract, involving more than forty-three thousand dollars annually shall be approved by the council. The city manager may not contract for personal or professional services under the manager's authority if the manager knows or reasonably should know that the contractor's full scope of work will exceed the limit of the manager's authority. The amount of the forty-three thousand dollar annual limitation shall be modified each year with the adoption of the budget to increase or decrease in accordance with the most recently published federal government, Bureau of Labor Statistics Indicator, Consumer Price Index (CPI-W U.S. City Average), U.S. City Average. Such system shall be governed by a board of directors composed of such members and selected in such a manner as may be provided by ordinance of the council, provided that classified employees shall have representation on the board. Such system shall be financed by a retirement fund created by contributions of the members and of the city, and the contributions by the city shall always be equal to or greater than the contributions of the members. Voters shall approve or disapprove CodeNEXT, or subsequent comprehensive revisions, in its entirety and not piecemeal. Should the voters fail to approve the comprehensive revisions, then the existing land development laws remain in effect. Notwithstanding any other provision, under no circumstances shall the voters' rejection of CodeNEXT or proposed comprehensive revisions under this Section be considered or interpreted as repealing the existing land development code.
- (C) This section overrides all city charter provisions, ordinances, and laws and should be liberally construed to uphold Austin citizens' sovereign rights to control their government and laws.
- (D) Severability Clause. If any provision of this ordinance or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this Act that can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

PART 11. If the proposition provided in Part 9 is approved by the majority of voters voting at the election, the City Code Chapter 2-3 (City Auditor) is amended to add new Section 2-3-12, to read as follows:

§ 2-3-12 EFFICIENCY STUDY.

MISSION

- (A) The City's Efficiency Study will provide an impartial, objective review of the city's operational and fiscal performance, including development of a Government Efficiency Blueprint which includes a comprehensive budget

 - (2) is related, by affinity or consanguinity within the second degree, to the mayor, a council member, city auditor, or the city manager.

 - o Trend Analysis – Review and analysis of both historical and forecasted revenue and expense trends

- Benchmarking analysis – Comparison of the City's revenue and expense spending levels to peer cities and other recognized benchmarks
- (2) Identify recommendations that prioritize target areas with large and substantial expenditures that affect the City's general revenue fund and where the City can become more efficient and thereby provide cost savings.
- (3) A prioritized listing of opportunities for operating savings, efficiency and enhancement recommendations both in written form and explained through testimony before the City Council and other responsible bodies. These recommendations should be classified into short-term opportunities which can be implemented within the current budget cycle, medium-term opportunities which can be implemented within one to three years, and long-term opportunities which may require three or more years to implement. The recommendations should be documented and the independent third party entity shall make the working papers available that detail the assumptions behind the cost and benefit estimates for each recommendation.
- (4) The independent third party entity shall be available and willing to assist in the implementation of its recommendations. The Plan shall also include: a list of the required critical steps, including any statutory or regulatory changes, an estimate of the financial and personnel resources required, an estimate of the timeframe to implement the recommendations, and any deployment strategies, communication management, dashboards, and monitoring tools necessary for its implementation.

ELECTION AGREEMENT BETWEEN TRAVIS COUNTY AND CITY OF AUSTIN

Pursuant to Chapter 31, Subchapter D, Chapter 123, and Chapter 271 of the Texas Election Code ("Code") and Chapter 791 of the Texas Government Code, Travis County and City of Austin ("Participating Entity") enter into this agreement for the Travis County Clerk, as the County's Election Officer, to conduct the Participating Entity's elections, including runoffs, and for the Participating Entity's use of the County's current or future-acquired election equipment for any voting system that the County adopts, as authorized under Title 8 of the Election Code, for all Participating Entity elections. The purpose of this agreement is to maintain consistency and accessibility in voting practices, polling places, and election procedures in order to best assist the voters of the Participating Entity.

I. GENERAL PROVISIONS

- (A) Except as otherwise provided in this agreement, the term "election" refers to any Participating Entity election, occurring on any uniform election date prescribed by the Texas Election Code or a primary election date and a resulting runoff, if necessary, within all Participating Entity territory located in Travis, Williamson and Hays Counties. If a runoff is necessary, the Participating Entity shall work with the Election Officer to determine a mutually acceptable run-off date; in the event that the Participating Entity and any other entity for which the County is providing election services or for which the County is conducting a joint election do not agree on a run-off date, the Participating Entity agrees to whichever run-off date is selected by the Election Officer.
- (B) If the Participating Entity determines it is necessary to conduct an election during a time other than that specified in I.(A), the Election Officer and a representative designated by the Participating Entity will meet as soon as possible to determine the feasibility of the Election Officer conducting such an election. If both parties agree that the Election Officer will administer this election, the new election will be based on all other applicable provisions of this agreement, except provisions that are inconsistent and cannot be feasibly applied.
- (C) Except as otherwise provided in this agreement, the term "Election Officer" refers to the Travis County Clerk.
- (D) Except as otherwise provided in this agreement, the term "precinct" means all precincts in the territory of the Participating Entity located within Travis County, as they currently exist or are as later modified to incorporate single-member districts.
- (E) Except as otherwise provided in this agreement, the term "election services" refers to services used to perform or supervise any or all of the duties and functions that an election officer determines necessary for the conduct of an election. Except as otherwise provided in this agreement, the term "cost for election services" includes the costs for personnel, supplies, materials, or services needed for providing these services as

permitted by the Texas Election Code. The term does not refer to costs relating to the use of the voting equipment.

- (F) Except as otherwise provided in this agreement, the cost for "use of voting equipment" is the amount the Participating Entity agrees to pay the County for use of the County's direct electronic recording equipment or any other voting equipment in use at the time of the election (hereinafter referred to as DRE).
- (G) The Participating Entity agrees to commit the funds necessary to pay for election-related expenses for Participating Entity elections.
- (H) The Election Officer has the right to enter into agreements with other entities at any time, including during the dates listed in I.(A).
- (I) As a condition for providing election services and equipment usage, the Election Officer may require authorities of political subdivisions holding elections on the same day in all or part of the same territory to enter into a joint election agreement as authorized in Chapter 271 of the Texas Election Code. The Participating Entity agrees to enter into any joint election agreement required by the County.

II. PARTICIPATING ENTITY'S USE OF VOTING EQUIPMENT

The County shall make available to the Participating Entity their current and future-acquired voting system as authorized under Title 8 of the Election Code, subject to reasonable restrictions and conditions imposed by the Election Officer to ensure availability of the equipment for County-ordered elections, primary elections, and subsequent runoff elections, if applicable. The Election Officer may impose reasonable restrictions and conditions to protect the equipment from misuse or damage.

III. APPOINTMENT OF ELECTION OFFICER

- (A) The Travis County Election Officer ("Election Officer") is appointed to serve as the Participating Entity's Election Officer and Early Voting Clerk to conduct the Participating Entity's elections described in Section I.
- (B) As the Participating Entity's Election Officer and Early Voting Clerk, the Election Officer shall coordinate, supervise, and conduct all aspects of administering voting in Participating Entity elections in compliance with all applicable laws, subject to Section III., (C) below. The Election Officer will provide the Participating Entity's election results for their precincts located in Williamson and Hays Counties.
- (C) The Participating Entity shall continue to perform those election duties listed in (1) through (8) below and any other election duties that may not be delegated to another governmental entity such as receipt of candidate applications:
 - (1) preparing, adopting, and publishing all required election orders, resolutions,

- notices and other documents, including bilingual materials, evidencing action by the governing authority of the Participating Entity necessary to the conduct of an election, except Election Officer shall (1) publish a single newspaper notice that includes Participating Entity; however, such publishing expense will not be included in the pro rata assessment for remaining joint Participating Entities, and (2) in any debt obligation elections, post the notice required by and in accordance with Section 4.003(f), Texas Election Code in each election day and early voting polling place;
- (2) preparing any necessary federal Voting Rights Act election preclearance submissions to the U.S. Department of Justice, other than changes in a joint election conducted under this agreement that directly affect the County;
 - (3) preparing the text for the Participating Entity's official ballot in English and Spanish, and any other languages as required by law;
 - (4) providing the Election Officer with a list of candidates or propositions showing the order and the exact manner in which the candidates' names and the propositions are to appear on the official ballot;
 - (5) conducting the official canvass of a Participating Entity election;
 - (6) administering the Participating Entity's duties under state and local campaign finance laws;
 - (7) having a Participating Entity representative serve as the custodian of its election records; and
 - (8) filing the Participating Entity's annual voting system report to the Secretary of State as required under Chapter 123 et seq. of the Texas Election Code.
- (D) The Participating Entity shall also be responsible for proofing and attesting to the accuracy of all ballot language and format information programmed by the County. This includes any information programmed for use with the audio or tactile button features of the equipment. The Participating Entity will also monitor and review all logic and accuracy testing and mandatory tabulations. The Participating Entity will complete its duties within timeframes as prescribed by the County. If the Participating Entity finds any discrepancies or concerns, it will immediately report them to the Election Officer and work with the Election Officer's staff to resolve any issues so that final approval can be reached. The Participating Entity shall be responsible for any and all actual costs associated with correcting the ballot and ballot programming if the error is discovered after the Participating Entity has signed off on its final proof containing the error.
- (E) The City Clerk of the City of Austin ("City Clerk") will assist the County whenever possible when the conduct of the election requires assistance from Participating Entity departments and staff. The City Clerk will serve as the Regular Early Voting Clerk for

the Participating Entity to receive requests for applications for early voting ballots and forward these applications to the Joint Early Voting Clerk. The City Clerk will serve as the Custodian of Records for the Participating Entity to complete those tasks in the Election Code that the Election Officer will not perform.

IV. ELECTION WORKERS AND POLLING PLACES

- (A) For presentation to the governing body of the Participating Entity, the County shall provide a list containing the locations, times, and dates of early voting polling places suitable for consideration and adoption by the governing body in accordance with Texas Election Code Chapter 85, and also a list of judges and alternates pursuant to Election Code Chapter 32, no later than the 45th day before the election. The Election Officer will designate and confirm all election day polling place locations.
- (B) The Election Officer will assume the responsibility for recruiting election personnel; however, if by the 5th day before the election, the Election Officer reports vacancies in positions for election judges, alternate judges, election day clerks, early voting ballot board, receiving substation clerks, or any other key election personnel, the Participating Entity shall provide emergency personnel in these positions.
- (C) The Election Officer shall notify each of the election judges and alternates of their appointment and the eligibility requirements that pertain to them and to the selection of election day clerks. Included in this notification will be the number of clerks that each precinct should have in addition to the election judge and alternate judge. The election judges and/or the alternates are responsible for recruiting and supervising their clerks.
- (D) All election workers must agree to attend training sessions as determined by the Election Officer. Costs for these training sessions and compensation for attendees, if authorized, will be included as part of the election services costs.
- (E) During any election and any subsequent runoff election that involve entities in addition to the Participating Entity, the Election Officer will work with all parties to find a plan that can be agreed upon regarding the designation of polling places. If agreement cannot be reached, the Election Officer will resolve the differences. In all cases, emergency polling place changes will be made by the Election Officer.

V. PAYMENTS FOR ELECTION SERVICES

- (A) Payments for the use of voting equipment are addressed separately in Section VI of this agreement.
- (B) At the time a Participating Entity executes this Agreement, its representative must tender \$100 towards the costs associated with administering the election including, but not limited to, polling place searches and preparation for poll worker training. If the election is ultimately held by the Election Officer, the \$100 fee will be applied towards the Participating Entity's total costs due to the Election Officer. Not later than October 1

before a November election, or not later than the 35th day before any election not held in November, the Participating Entity will make a payment equal to 75% of the total of the Participating Entity's projected share of election costs according to the most recent calculation presented by the Election Officer. Additionally, a cost estimate will be submitted to the Participating Entity no later than the 50th day before the election.

- (C) In case of a cancellation of an election by the Participating Entity, the Participating Entity shall notify the Election Officer on or before 11:59 p.m. on the 60th day before the election whether it expects to be able to cancel its election, and on or before 11:59 p.m. on the 53rd day before the election if that election will or will not be cancelled. If the Participating Entity cancels its election, the \$100 fee will not be refunded.
- (D) Notwithstanding the provisions in IX. (B), the County and the Participating Entity agree that notice under V. (C) can be provided via e-mail to the County at elections@co.travis.tx.us and cc to michael.winn@co.travis.tx.us. Email notification shall be sent by the City Clerk. No further costs (except for the \$100 fee) will be due if the Election Officer receives final written notice on or before 11:59 p.m. of the 53rd day before the election that an election will be cancelled. Within thirty days after receipt of an election cost schedule or bill setting forth the Election Officer's actual contract expenses and charges incurred in the conduct of the election, the Participating Entity shall pay the Election Officer the remaining balance due. If there is a runoff election, the Participating Entity will make a payment equal to 75% of the projected costs for the runoff election immediately after receiving that projected cost from the Election Officer. The projected share of election costs will include the 10% fee for election services as discussed in V. (E).
- (E) The Election Officer will charge a fee for election services, as described in Section V, equal to 10% of the total costs of each election, excluding the costs of voting equipment. Costs for use of voting equipment are described in Section VI. In the event of a joint election, the election costs will be divided on a pro rata basis among all entities involved in the election in the following manner referred to hereafter as the "pro rata methodology": the number of precincts each participating entity has involved in an election will be added together. The proportional cost of each participating entity for election services will be calculated by multiplying the proportional percentage of each participating entity by the total cost of the election. The product of these numbers is the pro rata cost of each participating entity. Additionally, the Participating Entity acknowledges and understands that if any other Participating Entity should cancel its election, each remaining Participating Entity's pro rata cost will result in a proportionate cost increase.
- (F) For elections that do not have a runoff election, the County will send the Participating Entity a final invoice of election expenses not later than the 90th day after an election. For elections that do have a runoff, the County may send the Participating Entity a final invoice of election expenses not later than the 90th day after the runoff election. The total amount due according to these invoices shall be offset by payments made for costs made in accordance with Subsection (B) of this section and offset by any payments made

otherwise, such as proceeds received by the County in a sale, exchange, or return of voting equipment subject to the Addendum to the Election Services Agreement executed on October 25, 2011, which is hereby attached as Exhibit A and incorporated herein for all applicable purposes. The County shall prepare the invoice to include (1) an itemized list of each election expense incurred; (2) an itemization of any adjustments or credits to the first post-election invoice; and (3) the total payment due from the Participating Entity for any portion of the Participating Entity's costs not included in the City's payment or not included as payment for an "upfront" cost.

- (G) The Participating Entity shall promptly review an election invoice and any supporting documentation when received from the County. The Participating Entity may audit, during normal business hours, relevant County election or accounting records upon reasonable notice to the County. The Participating Entity shall pay the entire final invoice or the undisputed portion of the final invoice not later than the 30th day after receiving the invoice. Failure to timely pay invoice in full may impact Election Officer's participation in future elections with Participating Entity.

VI. PAYMENTS FOR USE OF VOTING EQUIPMENT

- (A) The Election Officer shall conduct elections using a voting system certified by the Secretary of State in accordance with the Texas Election Code and that has been approved for use by the Travis County Commissioners Court unless otherwise agreed upon by both parties.
- (B) The Participating Entity shall make payments to Travis County as consideration for the use of the County's DRE equipment. The Participating Entity shall pay \$5 for each unit of electronic voting system equipment installed at a polling place; and \$5 for each unit of other electronic equipment used to conduct the election or provide election services.
- (C) If the Participating Entity holds an election on a date when the County is holding its own election, the Participating Entity is not charged any cost for equipment usage. However, if a runoff election is necessary after such an election, the Participating Entity will be responsible for payment of equipment usage.
- (D) If the Participating Entity holds an election on a date other than as listed in Section I.(A), the Participating Entity will pay \$5 for each unit of electronic voting system equipment installed at a polling place; and \$5 for each unit of other electronic equipment used to conduct the election or provide election services.
- (E) Payment by the Participating Entity to the County for DRE equipment is due 30 days after receipt of billing as part of the final payment for election costs as discussed in Section V. (D).
- (F) If the County acquires additional equipment, different voting equipment, or upgrades to existing equipment during the term of this contract, the charge for the use of the equipment may be renegotiated.

VII. ADDITIONAL EARLY VOTING LOCATIONS

- (A) All of the Participating Entity's voters within Travis County will have access to all of the Travis County Early Voting sites in each election at no additional cost. If Travis County does not run a permanent or mobile site in a Participating Entity's area, the Participating Entity may request a mobile unit for one to five days. This would include Travis County staff setting up and breaking down the equipment daily, training staff for each location, and providing Travis County law enforcement to secure the equipment in the Travis County Elections Division's safe at 5501 Airport on a daily basis.
- (B) Any Participating Entity requesting additional early voting sites shall be responsible for the additional daily cost of \$1,560 per location, with said costs to be included in the overall election costs for that Participating Entity.

VIII. COMMUNICATIONS

- (A) The Participating Entity and the Election Officer shall each designate a member of their staff to serve as the primary contact for the respective offices under this agreement and provide the name and contact information for that individual to each entity.
- (B) Throughout the term of this Agreement, the Participating Entity and the County will engage in ongoing communications regarding issues related to Participating Entity elections, the use of County's voting equipment, and the delivery of services under this agreement and, when necessary, the County Clerk, elections division staff members, and other election workers shall meet with the Participating Entity to discuss and resolve any problems which might arise under this Agreement.
- (C) The Election Officer shall be the main point of media contact for election information related to election administration. The Participating Entity shall designate a contact to be the main point of contact for matters related to the content of the Participating Entity's ballot or candidates.

La emisión de \$160,000,000 en bonos y pagarés de obligación general respaldados por impuestos para planear, construir, reconstruir, y mejorar carreteras, calles, intersecciones, aceras, puentes, senderos urbanos, e infraestructura relacionada de servicios públicos y drenajes para las calles y carreteras; mejorar sincronización de señales de tráfico y sistemas de control; adquirir terreno y participación en terreno y propiedad necesarios para lograrlo; y para imponer un impuesto que sea suficiente para pagar los bonos y pagarés.

PARTE 4. De acuerdo con la Sección 3.009, Código Electoral de Texas: (i) el lenguaje de la proposición que aparecerá en la boleta está detallado en la Parte 3 del presente, (ii) los propósitos para cuales los bonos y pagarés están autorizados están detallados en la Parte 2 de lo presente, (iii) la cantidad principal de los bonos y pagarés que serán autorizados está detallada en la Parte 2 de lo presente, (iv) si la emisión de bonos y pagarés es autorizada por los votantes, se podrán imponer impuestos que sean suficientes, dentro de los límites instituidos por ley, para pagar el principal anual y el interés de dichos bonos y pagarés y para proporcionar un fondo de amortización para pagar dichos bonos y pagarés, de acuerdo con lo detallados en el Parte 2 del presente, (v) los bonos y pagarés autorizados de acuerdo con esta ordenanza se emitirán con vencimiento que no exceda 40 años de su fecha de emisión y que rédito o réditos de interés de acuerdo con la autorización por ley, y con la determinación del Consejo, (vi) a principios del año fiscal actual de la Ciudad, la cantidad pendiente del principal de la deuda de la Ciudad era \$1,378,485,000 y el total de interés pendiente en la deuda la Ciudad era \$\$494,427,000, y (vii) la tasa de impuestos ad valorem para pagar el servicio de la deuda de la Ciudad cuando esta ordenanza se aprobó era \$0.1055 por \$100 de valuación en asesoramiento de propiedad imponible.

Basado en las condiciones del mercado en la fecha de esta ordenanza, y basado en la valoración de asesoramientos imponibles del año fiscal 2017 (año fiscal

2017/2018), sin ajustes para aumentos en valoración de asesoramientos imponibles en años futuros, si los bonos y pagarés son autorizados, el estimado del cálculo de la tasa de impuestos de la Ciudad sería aproximadamente \$.5440 por \$100 de valuación en asesoramiento de propiedad imponible, (que representa un aumento de \$.0992 por \$100 de valuación en asesoramiento de propiedad imponible, comparado con la tasa total de la Ciudad en la fecha de aprobación de esta ordenanza), basado en la ley estatal actual, que es sujeta a cambiar. El estimado total de la tasa de impuestos representa la suma de (i) la tasa de impuestos más reciente adoptada para operaciones y mantenimiento, que es \$.3393 por \$100 de valuación en asesoramiento de propiedad imponible, más (ii) la estimación de la tasa de impuestos para las obligaciones de deuda de la Ciudad, incluyendo los bonos y pagarés, que se anticipa ser aproximadamente \$.0247 por \$100 de valuación en asesoramiento de propiedad imponible.

Si se aprueban por los votantes, los bonos y pagarés serán garantizados con impuestos ad valorem que serán suficientes, dentro de los límites instituidos por ley, para pagar el principal y el interés de los bonos y pagarés y para proveer un fondo amortizado para pagar los bonos y pagarés. La tasa de impuestos en sí, la tasa de interés, fechas de vencimiento, los totales de deuda e interés pendientes en dicha deuda, solo se podrían determinar y saber cuándo los bonos y pagarés se emitan. Además, la tasa de impuestos en sí dependerá en, entre otros factores, la valuación en asesoramiento de propiedad imponible, en índices de interés en vigor, en el mercado para los bonos y pagarés de la Ciudad, y en condiciones generales del mercado cuando los bonos y pagarés se emitan.

Las tasas estimadas de impuestos y otras declaraciones contenidas en esta Parte 4 son (i) basadas en ciertas suposiciones (incluyendo suposiciones concernientes a las condiciones del mercado y económicas en vigor al tiempo(s) de la emisión de los bonos y pagarés) y extraídas de proyecciones obtenidas del asesor financiero de la Ciudad, (ii) son sujetas a cambiar de acuerdo con la diferencia entre los hechos en sí, circunstancias y condiciones en vigor cuando los bonos y pagarés se emitan y la realidad de las suposiciones y proyecciones, (iii) esto se incluye aquí solo para satisfacer los requisitos de la Sección 3.009, del Código Electoral de Texas, y no para otros propósito, sin dar garantía de que dichas proyecciones se realicen, y (iv) no se intenta alcanzar el nivel de un contrato con los votantes ni de limitar la autoridad del Consejo para emitir bonos y pagarés de acuerdo con las proposiciones sometidas en lo presente.

Si la emisión de los bonos y pagarés es aprobada por la mayoría de los votantes que voten en la proposición para emitir bonos y pagarés para viviendas costeables (Proposición A), financiamiento de proyectos de viviendas costeables será de

acuerdo con los guías de la Ciudad relacionados a viviendas costeables actuales y futuros, incluyendo, pero sin limitarse a guías para viviendas de renta, viviendas de propietarios, y reparaciones de viviendas. Los guías han sido desarrollados por personal de la ciudad después de consultas con el asesor de bonos. Los guías de proyectos de viviendas costeables son parte del programa instituido parcialmente bajo la autoridad del Capítulo 380 del Código Gubernamental Local de Texas, tocante la emisión de obligaciones respaldadas por impuestos ad-valorem para dichos propósitos, y el Consejo aprueba y afirma este programa, los guías que gobiernan el programa, y su aplicación en la emisión de bonos y pagares para propósitos de viviendas costeables.

Después del 30 de septiembre de 1954, el año fiscal de la ciudad comenzará el primer día de octubre y finalizará el último día de septiembre de cada año calendario. El

año fiscal establecido por esta sección también constituirá el presupuesto y el año contable. Tal como se usa en el presente documento, el término "año presupuestario" significa el año fiscal para el cual se adopta cualquier presupuesto y en el que se administra. Todos los fondos recaudados por la ciudad durante cualquier año fiscal, incluidos los ingresos actuales y morosos, pertenecerán a dicho año fiscal y, a excepción de los fondos derivados para pagar intereses y crear un fondo de amortización del endeudamiento de la ciudad, se aplicarán a el pago de los gastos incurridos durante dicho año fiscal. En ese momento y lugar que publicó el consejo se deberá mantener una audiencia pública sobre el presupuesto que se entregó, en el cual todas las personas interesadas deberán tener la oportunidad de ser escuchadas. El presupuesto se deberá adoptar finalmente en a más tardar el dia veintisiete del último mes del año fiscal. Dicho programa de trabajo incluirá todas las asignaciones para operación, mantenimiento y desembolsos de capital e indicará las asignaciones solicitadas de dichas asignaciones por mes para todo el año fiscal. El gerente de la ciudad revisará las adjudicaciones solicitadas y, después de la modificación o revisión que considere necesarias, autorizará tales gastos. A partir de entonces, el departamento de finanzas autorizará todos los gastos para los departamentos y agencias a partir de las asignaciones sobre la base de las adjudicaciones aprobadas y no de otro modo. Las asignaciones aprobadas pueden ser revisadas durante el año fiscal por el gerente de la ciudad, o previa solicitud del

jefe de cualquier departamento o agencia y la aprobación del gerente de la ciudad, pero en ningún caso el total de asignaciones departamentales o de agencias excederá la asignación disponible para tales departamentos o agencias para el año fiscal. Si, en cualquier momento durante el año fiscal, el gerente de la ciudad debe determinar que los ingresos disponibles serán menores que las asignaciones totales para el año, deberá reconsiderar el programa de trabajo y las adjudicaciones de los departamentos y agencias y revisarlos para evitar la realización de gastos superiores a los ingresos disponibles.

Dichos bonos serán un cargo y serán pagaderos únicamente por los servicios públicos a los que se hace referencia en el primer párrafo de [esta] la Sección 11 y los ingresos de los mismos, y nunca serán una deuda de la ciudad. Todos los bonos u obligaciones de ingresos se emitirán de acuerdo con las leyes aplicables del Estado de Texas. El consejo tendrá la autoridad para estipular los términos y la forma de cualquier acuerdo de compra, contrato, hipoteca, bono o documento deseado o necesario para la emisión de bonos de ingresos y la provisión de tales instalaciones de conservación de recursos.

§ 15. – PROCEDIMIENTO DE COMPRAS.

Todas las compras y contratos realizados por la ciudad se realizarán en virtud de una solicitud escrita del jefe de la oficina, departamento o agencia cuya asignación se cobrará, y ningún contrato u orden será vinculante para la ciudad a menos y hasta que el director de finanzas certifique de que existe en el crédito de dicha oficina, departamento o agencia un saldo de apropiación no comprometido lo suficiente para pagar los suministros, materiales, equipos o servicios contractuales para los cuales se emitirá el contrato o la orden. El gerente de la ciudad tendrá la autoridad de contratar los gastos sin la aprobación adicional del consejo para un gasto que no exceda los cuarenta y tres mil dólares anuales. Un contrato o una enmienda a un contrato, que implica un gasto de más de cuarenta y tres mil dólares anuales, debe contar con la

aprobación expresa del consejo. Todos los contratos o compras que involucren más de \$5,000.00 [~~cinco mil dólares (\$ 5,000.00)~~] se otorgarán al presupuesto que se considere más ventajoso para la ciudad después de que haya habido una oportunidad para una licitación competitiva; siempre que, sin embargo, el consejo tenga el derecho de rechazar todas y cada una de las ofertas. Los contratos para servicios personales o profesionales no podrán ser objeto de ofertas competitivas y cada uno de dichos contratos, o una enmienda a un contrato, que implique más de cuarenta y tres mil dólares anuales, deberán ser aprobados por el consejo. El gerente de la ciudad no puede contratar servicios personales o profesionales bajo la autoridad del gerente si el gerente sabe o razonablemente debería saber que el alcance completo del trabajo del contratista excederá el límite de la autoridad del gerente. El monto de la limitación anual de cuarenta y tres mil dólares se modificará cada año cuando el presupuesto se aprueba para aumentar o reducir dichos límites de acuerdo con la más reciente publicación del gobierno federal del Indicador del Buró de Estadística Laborales, Índice de Precios al Consumidor, Promedio de las Ciudades Estadounidenses (CPI-W U.S., Promedio de Ciudades). El índice de precios al consumidor publicado más recientemente es del 4 de mayo del 2002 y este se utilizará como una base de 100 y el ajuste a partir de entonces será de aproximadamente \$ 1,000.00 [~~mil dólares (\$ 1,000.00)~~].

Tras la separación de cualquier miembro del servicio de la ciudad antes de la jubilación, dicho miembro tendrá derecho a recibir únicamente el importe de sus contribuciones al fondo y los intereses al respecto.

El establecimiento del sistema de jubilación de los empleados no impedirá que el consejo fusione dicho sistema con, o adopte, cualquier sistema de jubilación voluntario a nivel estatal o nacional cuando los beneficios generales de dicha fusión o cambio sean al menos iguales a los del sistema de jubilación de los empleados. El concilio tampoco estará impedido de consolidar cualquier sistema de retiro mantenido por los empleados del departamento de bomberos con el sistema de jubilación de los empleados de la Ciudad de Austin en términos aceptables para ambos sistemas.

Este periodo de espera es para asegurar que los votantes puedan informarse tocante las revisiones comprensivas propuestas y elegir a miembros del consejo con tiempo suficiente para enmendar o rechazar las revisiones comprensivas del previo consejo antes que dichas leyes tengan vigor.
- (B) Aprobación de los Votantes. Después del periodo de espera en la Subsección (A), CodeNEXT, o subsiguientes revisiones comprensivas de las leyes de desarrollo de terrenos, no deberán tener vigor, ni tampoco cualquier concesión u otorgación de derechos de terrenos sean llevadas a cabo bajo estas leyes, antes de que los votantes registrados de Austin aprueben estas leyes en la próxima elección municipal provista. Los votantes deberán aprobar o no aprobar CodeNEXT, o revisiones subsiguientes comprensivas, en tu totalidad, y no en partes. Si los votantes no aprueban las revisiones comprensivas, entonces las leyes existentes del desarrollo de terrenos permanecen en vigor. No obstante, alguna otra provisión, de ninguna manera, si los votantes rechazan CodeNEXT o las revisiones comprensivas

propuestas bajo esta Sección, debería esto ser considerado o interpretado como la revocación del código de terrenos existente.

- (C) Esta sección anula toda provisión, ordenanza, y ley de la Carta de la Ciudad y deberá interpretarse extensamente para defender los derechos soberanos de los ciudadanos de Austin para controlar su gobierno y leyes.
- (D) Clausula de Divisibilidad. Si cualquier provisión de esta ordenanza o de su aplicación a cualquier persona o circunstancias es declarada invalida, la invalidez no afecta otras provisiones o aplicaciones de esta Ley que se pueden ejecutar sin la provisión o aplicación invalidad, y con este fin las provisiones de esta ley se consideran divisibles.

PARTE 11. Si la proposición provista en la Parte 9 es aprobada por la mayoría de los votantes que voten en la elección, el Capítulo 2-3 (Auditor de la Ciudad) del Código de la Ciudad será enmendado para agregar una nueva Sección 2-3-12, para decir lo siguiente:

CUALIFICACIONES

- (B) El estudio de eficiencia será llevado a cabo por una entidad independiente de tercera parte con experiencia extensa en eficiencias gubernamentales, y conocimiento en análisis fiscal y presupuestal, administración pública, finanzas municipales, y prácticas fiscales. Dichas recomendaciones deberían clasificarse en oportunidades a corto plazo que se podrían implementar dentro del ciclo actual del presupuesto, oportunidades a medio plazo que se pueden implementar en periodos de uno a tres años, y oportunidades a largo plazo que pudieran requerir tres o más años para implementar. Las recomendaciones serán documentadas y la entidad independiente de terceros hará disponibles los escritos de trabajo que detallen las suposiciones que determinan los estimados de costos y beneficios para cada recomendación.

- (4) La entidad independiente de terceros estará disponible y dispuesta para ayudar con la implementación de sus recomendaciones. El plan además debería incluir: una lista de etapas críticas, incluyendo cualquier cambio de estatutos o reglamentos, un estimado de los recursos financieros y de personal que se requieran, un estimado del tiempo para implementar las recomendaciones, y estrategias de utilización, gerencia de comunicaciones, tableros de gestión, y equipo de monitoreo que sea necesario para su implementación.

**ELECTION AGREEMENT BETWEEN
TRAVIS COUNTY AND CITY OF AUSTIN**

Pursuant to Chapter 31, Subchapter D, Chapter 123, and Chapter 271 of the Texas Election Code (“Code”) and Chapter 791 of the Texas Government Code, Travis County and City of Austin (“Participating Entity”) enter into this agreement for the Travis County Clerk, as the County’s Election Officer, to conduct the Participating Entity’s elections, including runoffs, and for the Participating Entity’s use of the County’s current or future-acquired election equipment for any voting system that the County adopts, as authorized under Title 8 of the Election Code, for all Participating Entity elections. The purpose of this agreement is to maintain consistency and accessibility in voting practices, polling places, and election procedures in order to best assist the voters of the Participating Entity.

I. GENERAL PROVISIONS

- (A) Except as otherwise provided in this agreement, the term “election” refers to any Participating Entity election, occurring on any uniform election date prescribed by the Texas Election Code or a primary election date and a resulting runoff, if necessary, within all Participating Entity territory located in Travis, Williamson and Hays Counties. If a runoff is necessary, the Participating Entity shall work with the Election Officer to determine a mutually acceptable run-off date; in the event that the Participating Entity and any other entity for which the County is providing election services or for which the County is conducting a joint election do not agree on a run-off date, the Participating Entity agrees to whichever run-off date is selected by the Election Officer.
- (B) If the Participating Entity determines it is necessary to conduct an election during a time other than that specified in I.(A), the Election Officer and a representative designated by the Participating Entity will meet as soon as possible to determine the feasibility of the Election Officer conducting such an election. If both parties agree that the Election Officer will administer this election, the new election will be based on all other applicable provisions of this agreement, except provisions that are inconsistent and cannot be feasibly applied.
- (C) Except as otherwise provided in this agreement, the term “Election Officer” refers to the Travis County Clerk.
- (D) Except as otherwise provided in this agreement, the term “precinct” means all precincts in the territory of the Participating Entity located within Travis County, as they currently exist or are as later modified to incorporate single-member districts.
- (E) Except as otherwise provided in this agreement, the term “election services” refers to services used to perform or supervise any or all of the duties and functions that an election officer determines necessary for the conduct of an election. Except as otherwise provided in this agreement, the term “cost for election services” includes the costs for personnel, supplies, materials, or services needed for providing these services as

permitted by the Texas Election Code. The term does not refer to costs relating to the use of the voting equipment.

- (F) Except as otherwise provided in this agreement, the cost for "use of voting equipment" is the amount the Participating Entity agrees to pay the County for use of the County's direct electronic recording equipment or any other voting equipment in use at the time of the election (hereinafter referred to as DRE).
- (G) The Participating Entity agrees to commit the funds necessary to pay for election-related expenses for Participating Entity elections.
- (H) The Election Officer has the right to enter into agreements with other entities at any time, including during the dates listed in I.(A).
- (I) As a condition for providing election services and equipment usage, the Election Officer may require authorities of political subdivisions holding elections on the same day in all or part of the same territory to enter into a joint election agreement as authorized in Chapter 271 of the Texas Election Code. The Participating Entity agrees to enter into any joint election agreement required by the County.

II. PARTICIPATING ENTITY'S USE OF VOTING EQUIPMENT

The County shall make available to the Participating Entity their current and future-acquired voting system as authorized under Title 8 of the Election Code, subject to reasonable restrictions and conditions imposed by the Election Officer to ensure availability of the equipment for County-ordered elections, primary elections, and subsequent runoff elections, if applicable. The Election Officer may impose reasonable restrictions and conditions to protect the equipment from misuse or damage.

III. APPOINTMENT OF ELECTION OFFICER

- (A) The Travis County Election Officer ("Election Officer") is appointed to serve as the Participating Entity's Election Officer and Early Voting Clerk to conduct the Participating Entity's elections described in Section I.
- (B) As the Participating Entity's Election Officer and Early Voting Clerk, the Election Officer shall coordinate, supervise, and conduct all aspects of administering voting in Participating Entity elections in compliance with all applicable laws, subject to Section III., (C) below. The Election Officer will provide the Participating Entity's election results for their precincts located in Williamson and Hays Counties.
- (C) The Participating Entity shall continue to perform those election duties listed in (1) through (8) below and any other election duties that may not be delegated to another governmental entity such as receipt of candidate applications:
 - (1) preparing, adopting, and publishing all required election orders, resolutions,

notices and other documents, including bilingual materials, evidencing action by the governing authority of the Participating Entity necessary to the conduct of an election, except Election Officer shall (1) publish a single newspaper notice that includes Participating Entity; however, such publishing expense will not be included in the pro rata assessment for remaining joint Participating Entities, and (2) in any debt obligation elections, post the notice required by and in accordance with Section 4.003(f), Texas Election Code in each election day and early voting polling place;

- (2) preparing any necessary federal Voting Rights Act election preclearance submissions to the U.S. Department of Justice, other than changes in a joint election conducted under this agreement that directly affect the County;
 - (3) preparing the text for the Participating Entity's official ballot in English and Spanish, and any other languages as required by law;
 - (4) providing the Election Officer with a list of candidates or propositions showing the order and the exact manner in which the candidates' names and the propositions are to appear on the official ballot;
 - (5) conducting the official canvass of a Participating Entity election;
 - (6) administering the Participating Entity's duties under state and local campaign finance laws;
 - (7) having a Participating Entity representative serve as the custodian of its election records; and
 - (8) filing the Participating Entity's annual voting system report to the Secretary of State as required under Chapter 123 et seq. of the Texas Election Code.
- (D) The Participating Entity shall also be responsible for proofing and attesting to the accuracy of all ballot language and format information programmed by the County. This includes any information programmed for use with the audio or tactile button features of the equipment. The Participating Entity will also monitor and review all logic and accuracy testing and mandatory tabulations. The Participating Entity will complete its duties within timeframes as prescribed by the County. If the Participating Entity finds any discrepancies or concerns, it will immediately report them to the Election Officer and work with the Election Officer's staff to resolve any issues so that final approval can be reached. The Participating Entity shall be responsible for any and all actual costs associated with correcting the ballot and ballot programming if the error is discovered after the Participating Entity has signed off on its final proof containing the error.
- (E) The City Clerk of the City of Austin ("City Clerk") will assist the County whenever possible when the conduct of the election requires assistance from Participating Entity departments and staff. The City Clerk will serve as the Regular Early Voting Clerk for

the Participating Entity to receive requests for applications for early voting ballots and forward these applications to the Joint Early Voting Clerk. The City Clerk will serve as the Custodian of Records for the Participating Entity to complete those tasks in the Election Code that the Election Officer will not perform.

IV. ELECTION WORKERS AND POLLING PLACES

- (A) For presentation to the governing body of the Participating Entity, the County shall provide a list containing the locations, times, and dates of early voting polling places suitable for consideration and adoption by the governing body in accordance with Texas Election Code Chapter 85, and also a list of judges and alternates pursuant to Election Code Chapter 32, no later than the 45th day before the election. The Election Officer will designate and confirm all election day polling place locations.
- (B) The Election Officer will assume the responsibility for recruiting election personnel; however, if by the 5th day before the election, the Election Officer reports vacancies in positions for election judges, alternate judges, election day clerks, early voting ballot board, receiving substation clerks, or any other key election personnel, the Participating Entity shall provide emergency personnel in these positions.
- (C) The Election Officer shall notify each of the election judges and alternates of their appointment and the eligibility requirements that pertain to them and to the selection of election day clerks. Included in this notification will be the number of clerks that each precinct should have in addition to the election judge and alternate judge. The election judges and/or the alternates are responsible for recruiting and supervising their clerks.
- (D) All election workers must agree to attend training sessions as determined by the Election Officer. Costs for these training sessions and compensation for attendees, if authorized, will be included as part of the election services costs.
- (E) During any election and any subsequent runoff election that involve entities in addition to the Participating Entity, the Election Officer will work with all parties to find a plan that can be agreed upon regarding the designation of polling places. If agreement cannot be reached, the Election Officer will resolve the differences. In all cases, emergency polling place changes will be made by the Election Officer.

V. PAYMENTS FOR ELECTION SERVICES

- (A) Payments for the use of voting equipment are addressed separately in Section VI of this agreement.
- (B) At the time a Participating Entity executes this Agreement, its representative must tender \$100 towards the costs associated with administering the election including, but not limited to, polling place searches and preparation for poll worker training. If the election is ultimately held by the Election Officer, the \$100 fee will be applied towards the Participating Entity's total costs due to the Election Officer. Not later than October 1

before a November election, or not later than the 35th day before any election not held in November, the Participating Entity will make a payment equal to 75% of the total of the Participating Entity's projected share of election costs according to the most recent calculation presented by the Election Officer. Additionally, a cost estimate will be submitted to the Participating Entity no later than the 50th day before the election.

- (C) In case of a cancellation of an election by the Participating Entity, the Participating Entity shall notify the Election Officer on or before 11:59 p.m. on the 60th day before the election whether it expects to be able to cancel its election, and on or before 11:59 p.m. on the 53rd day before the election if that election will or will not be cancelled. If the Participating Entity cancels its election, the \$100 fee will not be refunded.
- (D) Notwithstanding the provisions in IX. (B), the County and the Participating Entity agree that notice under V. (C) can be provided via e-mail to the County at elections@co.travis.tx.us and cc to michael.winn@co.travis.tx.us. Email notification shall be sent by the City Clerk. No further costs (except for the \$100 fee) will be due if the Election Officer receives final written notice on or before 11:59 p.m. of the 53rd day before the election that an election will be cancelled. Within thirty days after receipt of an election cost schedule or bill setting forth the Election Officer's actual contract expenses and charges incurred in the conduct of the election, the Participating Entity shall pay the Election Officer the remaining balance due. If there is a runoff election, the Participating Entity will make a payment equal to 75% of the projected costs for the runoff election immediately after receiving that projected cost from the Election Officer. The projected share of election costs will include the 10% fee for election services as discussed in V. (E).
- (E) The Election Officer will charge a fee for election services, as described in Section V, equal to 10% of the total costs of each election, excluding the costs of voting equipment. Costs for use of voting equipment are described in Section VI. In the event of a joint election, the election costs will be divided on a pro rata basis among all entities involved in the election in the following manner referred to hereafter as the "pro rata methodology": the number of precincts each participating entity has involved in an election will be added together. The proportional cost of each participating entity for election services will be calculated by multiplying the proportional percentage of each participating entity by the total cost of the election. The product of these numbers is the pro rata cost of each participating entity. Additionally, the Participating Entity acknowledges and understands that if any other Participating Entity should cancel its election, each remaining Participating Entity's pro rata cost will result in a proportionate cost increase.
- (F) For elections that do not have a runoff election, the County will send the Participating Entity a final invoice of election expenses not later than the 90th day after an election. For elections that do have a runoff, the County may send the Participating Entity a final invoice of election expenses not later than the 90th day after the runoff election. The total amount due according to these invoices shall be offset by payments made for costs made in accordance with Subsection (B) of this section and offset by any payments made

otherwise, such as proceeds received by the County in a sale, exchange, or return of voting equipment subject to the Addendum to the Election Services Agreement executed on October 25, 2011, which is hereby attached as Exhibit A and incorporated herein for all applicable purposes. The County shall prepare the invoice to include (1) an itemized list of each election expense incurred; (2) an itemization of any adjustments or credits to the first post-election invoice; and (3) the total payment due from the Participating Entity for any portion of the Participating Entity's costs not included in the City's payment or not included as payment for an "upfront" cost.

- (G) The Participating Entity shall promptly review an election invoice and any supporting documentation when received from the County. The Participating Entity may audit, during normal business hours, relevant County election or accounting records upon reasonable notice to the County. The Participating Entity shall pay the entire final invoice or the undisputed portion of the final invoice not later than the 30th day after receiving the invoice. Failure to timely pay invoice in full may impact Election Officer's participation in future elections with Participating Entity.

VI. PAYMENTS FOR USE OF VOTING EQUIPMENT

- (A) The Election Officer shall conduct elections using a voting system certified by the Secretary of State in accordance with the Texas Election Code and that has been approved for use by the Travis County Commissioners Court unless otherwise agreed upon by both parties.
- (B) The Participating Entity shall make payments to Travis County as consideration for the use of the County's DRE equipment. The Participating Entity shall pay \$5 for each unit of electronic voting system equipment installed at a polling place; and \$5 for each unit of other electronic equipment used to conduct the election or provide election services.
- (C) If the Participating Entity holds an election on a date when the County is holding its own election, the Participating Entity is not charged any cost for equipment usage. However, if a runoff election is necessary after such an election, the Participating Entity will be responsible for payment of equipment usage.
- (D) If the Participating Entity holds an election on a date other than as listed in Section I.(A), the Participating Entity will pay \$5 for each unit of electronic voting system equipment installed at a polling place; and \$5 for each unit of other electronic equipment used to conduct the election or provide election services.
- (E) Payment by the Participating Entity to the County for DRE equipment is due 30 days after receipt of billing as part of the final payment for election costs as discussed in Section V. (D).
- (F) If the County acquires additional equipment, different voting equipment, or upgrades to existing equipment during the term of this contract, the charge for the use of the equipment may be renegotiated.

VII. ADDITIONAL EARLY VOTING LOCATIONS

- (A) All of the Participating Entity's voters within Travis County will have access to all of the Travis County Early Voting sites in each election at no additional cost. If Travis County does not run a permanent or mobile site in a Participating Entity's area, the Participating Entity may request a mobile unit for one to five days. This would include Travis County staff setting up and breaking down the equipment daily, training staff for each location, and providing Travis County law enforcement to secure the equipment in the Travis County Elections Division's safe at 5501 Airport on a daily basis.
- (B) Any Participating Entity requesting additional early voting sites shall be responsible for the additional daily cost of \$1,560 per location, with said costs to be included in the overall election costs for that Participating Entity.

VIII. COMMUNICATIONS

- (A) The Participating Entity and the Election Officer shall each designate a member of their staff to serve as the primary contact for the respective offices under this agreement and provide the name and contact information for that individual to each entity.
- (B) Throughout the term of this Agreement, the Participating Entity and the County will engage in ongoing communications regarding issues related to Participating Entity elections, the use of County's voting equipment, and the delivery of services under this agreement and, when necessary, the County Clerk, elections division staff members, and other election workers shall meet with the Participating Entity to discuss and resolve any problems which might arise under this Agreement.
- (C) The Election Officer shall be the main point of media contact for election information related to election administration. The Participating Entity shall designate a contact to be the main point of contact for matters related to the content of the Participating Entity's ballot or candidates.

THE STATE OF TEXAS
COUNTY OF WILLIAMSON

JOINT ELECTION AGREEMENT AND CONTRACT FOR ELECTION SERVICES

THIS Joint Election Agreement and Contract for Election Services ("Contract") is made by and between the Williamson County Elections Administrator ("Elections Administrator") and political subdivisions ("Participating Authority" or "Participating Authorities") located entirely or partially inside the boundaries of Williamson County. The complete list of Participating Authorities will be available after the final day to cancel an election as prescribed by the Secretary of State's election calendar and will be listed as Attachment A.

This Contract is made pursuant to Texas Election Code Sections 31.092 and 271.002 and Texas Education Code Section 11.0581 for a joint election to be held on the uniform election date of November 6, 2018, and administered by Christopher Davis, Williamson County Elections Administrator. This Contract supersedes any and all prior contracts and agreements to conduct joint elections between a Participating Authority and the Williamson County Elections Office.

RECITALS

WHEREAS, each Participating Authority listed above plans to hold an election on November 6, 2018;

WHEREAS, Williamson County owns an electronic voting system, the Election System and Software (ES&S) iVotronic/M650 Voting System (Version 3.0.1.1), which has been duly approved by the Secretary of State pursuant to Texas Election Code Chapter 122 as amended, and is compliant with the accessibility requirements for persons with disabilities set forth by Texas Election Code Section 61.012. The Participating Authorities desire to use Williamson County's electronic voting system, to compensate Williamson County for such use, and to share in certain other expenses connected with joint elections, in accordance with the applicable provisions of Chapters 31 and 271 of the Texas Election Code, as amended, and

NOW THEREFORE, in consideration of the mutual covenants, agreements, and benefits to the parties, IT IS AGREED, as follows:

I. ADMINISTRATION

The Participating Authorities agree to hold a "Joint Election" with Williamson County and each other in accordance with Chapter 271 of the Texas Election Code and this Contract. The Elections Administrator shall coordinate, supervise, and handle all aspects of administering the Joint Election as provided in this Contract. Each Participating Authority agrees to pay the Elections Administrator for equipment, programming, election personnel, supplies, services, and administrative costs as provided in this Contract. The Elections Administrator shall serve as the Election Officer for the Joint Election; however, each Participating Authority shall remain responsible for the decisions and actions of its officers necessary for the lawful conduct of its election. The Elections Administrator shall provide advisory services in connection with decisions to be made and actions to be taken by the officers of each Participating Authority as necessary.

It is understood that other political subdivisions and districts may wish to participate in the use of Williamson County's electronic voting system and polling places, and it is agreed that the Elections Administrator may enter into other contracts for election services for those purposes, on terms and conditions generally similar to those set forth in this Contract. In such cases, costs shall be pro-rated among the participants according to Section XII of this Contract.

II. LEGAL DOCUMENTS

Each Participating Authority shall be responsible for the preparation, adoption, and publication of all required election orders, resolutions, notices, and any other pertinent documents required by the Texas Election Code and/or the Participating Authority's governing body, charter, or ordinances, except that the Elections Administrator shall be responsible for the preparation and publication of all voting equipment testing notices that are required by the Texas Election Code. Election orders should include language that would not necessitate amending the order if any of the Early Voting and/or Election Day polling places change.

Preparation of the necessary materials for notices and the official ballot shall be the responsibility of each Participating Authority, including providing the text in English and Spanish. Each Participating Authority shall provide a copy of their respective election orders and notices to the Elections Administrator.

III. NONPERFORMANCE

The Elections Administrator will inform each Participating Authority of any problems or deficiencies in their respective performance of obligations under this contract, including but not limited to non-adherence to deadlines for requests for information of each Participating Authority by the Elections Administrator, and may set a reasonable period of time to cure or obtain adequate assurance that any such problems or deficiencies will be timely addressed and corrected. **The Participating Authority's failure to cure problems or deficiencies related to its obligations, duties, and responsibilities in accordance with all terms and conditions of this Agreement will be considered in any future contracts with Elections Administrator or Williamson County, and any Participating Authority failing to perform will reimburse Elections Administrator for any additional costs and expenses to Williamson County, including all costs associated with interference of conducting the election.**

IV. VOTING LOCATIONS

The Elections Administrator shall select and arrange for the use of and payment for all Election Day voting locations. Voting locations shall be compliant with the accessibility requirements established by Election Code Section 43.034 and the Americans with Disabilities Act (ADA). The proposed Election Day voting locations are listed in **Attachment B** of this Contract and may be amended. In the event a voting location is not available or appropriate, the Elections Administrator will arrange for use of an alternate location. The Elections Administrator shall notify the Participating Authorities of any changes from the locations listed in **Attachment B**.

If polling places for the November 6, 2018 Joint Election are different from the polling place(s) used by a Participating Authority in its most recent election, the Participating Authority agrees to post a notice no later than November 6, 2018 at the entrance to any previous polling places in the jurisdiction stating that the polling location has changed and listing the Participating Authority's polling place names and addresses in effect for the November 6, 2018 election. This notice shall be written in both the English and Spanish languages.

V. ELECTION JUDGES, CLERKS, AND OTHER ELECTION PERSONNEL

The Elections Administrator will recruit all election workers.

The Elections Administrator will take the necessary steps to insure that all election judges appointed for the Joint Election are eligible to serve and meet the eligibility requirements in Subchapter C of Chapter 32 of the Texas Election Code and meet any requirements to serve as an Election Worker set forth by the Williamson County Commissioners Court.

The Elections Administrator shall arrange for the training and compensation of all election judges, clerks, and election personnel. The Elections Administrator shall arrange for the date, time, and place for the presiding election judges to pick up their election supplies. As set forth in Sec. 32.009 of the Texas Election Code, each presiding election judge and alternate presiding judge shall be given written notice of their appointment. The notice from the Elections Administrator will include the polling location and the number of election clerks the presiding judge may appoint.

Each election judge and clerk will receive compensation at the hourly rate established by Williamson County pursuant to Texas Election Code Section 32.091. The election judge, or his designee, will receive an additional sum of \$25.00 for picking up the election supplies prior to Election Day and for returning the supplies and equipment to the central counting station after the polls close.

The compensation rates established by Williamson County are:

Early Voting – Early Voting Supervisor (\$12 an hour), Clerks (\$10 an hour)
Early Voting – EV Mobile Team: Supervisor (\$14 an hour), Clerks (\$12 an hour)
Election Day – Presiding Judge (\$12 an hour), Alternate Judge (\$10 an hour), Clerk (\$10 an hour)

Election judges and clerks who attend voting equipment and procedures training shall be compensated at the hourly rates listed above.

The Elections Administrator may employ other personnel as necessary for the proper administration of the election, including such part-time help as is necessary to prepare for the election, to ensure the timely delivery of supplies during Early Voting and on Election Day, for the efficient tabulation of ballots at the central counting station, and for the post-election processes conducted by warehouse personnel. Part-time personnel working in support of the Early Voting Ballot Board and/or central counting station on Election Night will be compensated at the hourly rate set by Williamson County in accordance with Election Code Sections 87.005, 127.004, and 127.006.

In accordance with Sec. 31.098 of the Texas Election Code, the Elections Administrator is authorized to contract with third persons for election services and supplies. The actual cost of such third-person services and supplies will be paid by the Elections Administrator and reimbursed by the Participating Authorities.

VI. PREPARATION OF SUPPLIES AND VOTING EQUIPMENT

The Elections Administrator shall arrange for all election supplies and voting equipment including, but not limited to, Williamson County's electronic voting system and equipment, official ballots, sample ballots, voter registration lists, and all forms, signs, maps and other materials used by the election judges at the voting locations. The Elections Administrator shall ensure availability of tables and chairs at each polling place and shall procure rented tables and chairs for those polling places that do not have a sufficient number of tables and/or chairs. The Elections Administrator shall be responsible for conducting all required testing of the electronic equipment, as required by Chapters 127 and 129 of the Texas Election Code.

Joint participants shall share voting equipment and supplies to the extent possible. A single ballot containing all the offices or propositions stating measures to be voted on at a particular polling place may be used in a joint election. A voter may not be permitted to select a ballot containing an office or proposition stating a measure on which the voter is ineligible to vote. Multiple ballot styles shall be available in those shared polling places where jurisdictions do not overlap. The Elections Administrator shall provide the necessary voter registration information, maps, instructions, and other information needed to enable the election judges in the voting locations that have more than one ballot style to conduct a proper election.

Each Participating Authority shall furnish the Elections Administrator with a list of candidates and/or propositions showing the order and the exact manner in which the candidate names and/or proposition(s) are to appear on the official ballot (including titles of offices and text in both English and Spanish languages). The Participating Authorities are required to submit information in a format or template requested by the Elections Office. Each Participating Authority shall be responsible for proofreading and approving the ballot insofar as it pertains to that authority's candidates and/or propositions. Each Participating Authority eligible to hold runoff elections after the November 6, 2018 Uniform Election Date agrees that the date of a necessary runoff election shall be held in accordance with the Election Code.

XII. ELECTION EXPENSES AND ALLOCATION OF COSTS

Charges. In consideration for the joint election services provided hereunder by the Elections Administrator, the Participating Authorities will be charged a share of election costs, a staffing agency fee for election workers, an administrative fee, and for the lease of voting equipment.

1. Share of Election Costs. Each Participating Authority's share of election costs will be (i) a base fee of \$1,000.00, (ii) plus a pro rata share of the total of all costs incurred by the Elections Administrator in connection with the administration of elections of other entities held at the same time as the election. The sum of the base charges from all Participating Authorities will be subtracted from the total of all costs before allocating the remaining costs to each Participating Authority. Each Participating Authority's share of the remaining (allocated) costs will be determined as follows: The number of registered voters in each individual Participating Authority will be divided by the number of all registered voters of all Participating Authorities to determine each entity's pro rata share expressed as a percentage, which will then be multiplied against each of the allocated costs (remaining costs after base charges are subtracted) as itemized on the final Total Cost report/invoice submitted to each

Participating Authority after the election. The end result will be a charge to the Participating Authority of \$1,000.00 plus the Participating Authority's allocated share of county-wide election costs not covered by the sum of all base fees received.

2. Each Participating Authority's share of the staffing agency fee for election workers will be determined on a pro rata basis. The staffing agency fee is based on a markup cost percentage of 27% of the gross wages of election workers not classified as employees of Williamson County.
3. Lease of Voting Equipment. Per Texas Election Code Section 123.032(d), the Williamson County Commissioners Court has established the following prices for leasing county-owned voting equipment:
 - \$250.00 per ADA iVotronic DRE;
 - \$250.00 per iVotronic DRE;
 - \$85.00 per iVotronic printer;
 - \$250.00 per electronic pollbook.

The Participating Authority's share of voting equipment costs will be determined on a pro rata basis. Leasing cost will be calculated once for the Early Voting period and once for Election Day. If the County acquires additional equipment, different voting equipment, or upgrades existing equipment during the term of this Contract, the charge for the use of the equipment may be reset by the Williamson County Commissioners Court.

4. Administrative Fee. Each Participating Authority agrees to pay the Williamson County Elections Administrator an administrative fee equal to ten percent (10%) of its total billable costs, less the staffing agency fee, in accordance with Section 31.100(d) of the Texas Election Code.

The Elections Administrator shall deposit all funds payable under this Contract into the appropriate fund(s) within the Williamson County treasury in accordance with Election Code Section 31.100.

XIII. WITHDRAWAL FROM CONTRACT DUE TO CANCELLATION OF ELECTION

Any Participating Authority may withdraw from this Contract and the Joint Election should it cancel its election in accordance with Sections 2.051 - 2.053 of the Texas Election Code.

XIV. RECORDS OF THE ELECTION

The Elections Administrator is hereby appointed general custodian of the voted ballots and all records of the Joint Election as authorized by Section 271.010 of the Texas Election Code.

Access to the election records shall be available to each Participating Authority as well as to the public in accordance with applicable provisions of the Texas Election Code and the Texas Public Information Act. The election records shall be stored at the offices of the Elections Administrator or at an alternate facility used for storage of County records. The Elections Administrator shall ensure that the records are maintained in an orderly manner so that the records are clearly identifiable and retrievable.

Records of the election shall be retained and disposed of in accordance with the provisions of Section 66.058 of the Texas Election Code. If records of the election are involved in any pending election contest, investigation, litigation, or open records request, the Elections Administrator shall maintain the records until final resolution or until final judgment, whichever is applicable. It is the responsibility of each Participating Authority to bring to the attention of the Elections Administrator any notice of pending election contest, investigation, litigation or open records request which may be filed with the Participating Authority.

XV. RECOUNTS OR CONTESTED ELECTION

A recount may be obtained as provided by Title 13 of the Texas Election Code. By signing this document, the presiding officer of the contracting Participating Authority agrees that any recount shall take place at the offices of the Elections Administrator or at a location of the Elections Administrator's choosing, and that the Elections Administrator shall serve as Recount Supervisor and the Participating Authority's official or employee who performs the duties of a secretary under the Texas Election Code shall serve as Recount Coordinator.

In the event of a contested election, the expenses of a new election ordered by a court of competent jurisdiction or Participating Authority will be paid for and by the Participating Authority in accordance with Texas Election Code 221.014

The Elections Administrator agrees to provide advisory services to each Participating Authority as necessary to conduct a proper recount.

XVI. MISCELLANEOUS PROVISIONS

1. The Elections Administrator shall file copies of this document with the Williamson County Treasurer and the Williamson County Auditor in accordance with Section 31.099 of the Texas Election Code.
2. Nothing in this Contract prevents any party from taking appropriate legal action against any other party and/or other election personnel for a breach of this Contract or a violation of the Texas Election Code.
3. This Contract shall be construed under and in accord with the laws of the State of Texas, and all obligations of the parties created hereunder are performable in Williamson County, Texas.

5. All parties shall comply with all applicable laws, ordinances, and codes of the State of Texas, all local governments, and any other entities with local jurisdiction.
6. The waiver by any party of a breach of any provision of this Contract shall not operate as or be construed as a waiver of any subsequent breach.
7. Any amendments of this Contract shall be of no effect unless in writing and signed by all parties hereto.
8. Participating Authority agrees to act in good faith in the performance of this agreement, and shall immediately contact and notify the Elections Administrator of any potential problems or issues relevant to the subject matter of this contract.

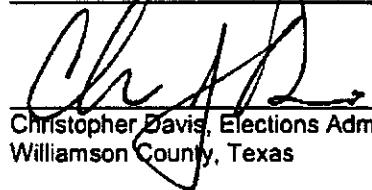

XVII. COST ESTIMATES AND DEPOSIT OF FUNDS

The total *estimated* cost for the November 6, 2018 election is \$750,000.00 and is based partly on the costs of both the November 4, 2014 and November 8, 2016 joint general special elections. After the final determination has been made of whom the Participating Authorities will be and the Contracts are fully executed, the Elections Administrator shall provide each Participating Authority with an official cost estimate. Each Participating Authority's percent share of the estimated total cost is based on the number of registered voters and further described in Section XII.1. of this Contract. Each Participating Authority agrees to pay the Williamson County Elections Administrator a deposit of 50% of the *estimated obligation* no later than 30 days after receiving the official cost estimate. As soon as reasonably possible after the election, the Elections Administrator will submit an itemized invoice to each Participating Authority based on the actual expenses (supported by documentation such as time sheets, compensation forms, and invoices) directly attributable to the services provided by the Elections Administrator. The exact amount of each Participating Authority's obligation under the terms of this Contract shall be calculated after the election (or runoff election, if applicable); and, if the amount of an Authority's total obligation exceeds the amount deposited, the authority shall pay to the Elections Administrator the balance due within 30 days after the receipt of the final invoice from the Elections Administrator. However, if the amount of the authority's total obligation is less than the amount deposited, the Elections Administrator shall refund to the authority the excess amount paid within 30 days after the final costs are calculated.
