## MEMORANDUM

**To:** Martin Tower, P.E., Supervising Engineer, Austin Water  
**From:** Christina Romero, Financial Manager II, Austin Water  
**Date:** September 13, 2018  
**Subject:** Semi-Annual Impact Fee Collections Report April 1, 2017 to September 30, 2017 (Close II)

The Semi-Annual Impact Fee Collections Report as of September 30, 2017 (Close II) is attached for your reference. The report is based on financial information reported in the City's accounting system, ADV3, and in AMANDA, one of the City's accounts receivable systems. Water fees collected during this six-month reporting period were \$1.32 million higher than the amount collected during the April through September reporting period a year prior; wastewater fees collected were \$0.56 million higher than those collected during the same period one year ago. Interest earnings for the six month period equaled \$105,590.

The combined utility impact fees collected, plus interest, during the six month period totaled \$16,091,164. Of this total, \$11,703,231 was for water and \$4,387,933 was for wastewater. Total combined utility impact fees collected, plus interest, since the adoption of the current ordinance on June 20, 1990, through September 30, 2017, equal \$259,229,492. Of this total, \$169,189,086 was collected for water and \$90,040,406 was collected for wastewater.

As of September 30, 2017, the cash balances in the water and wastewater impact fee funds were \$23,854,955 and \$8,149,151 respectively, for a combined total of \$32,004,105. A combined total of \$22.0 million of the fund balance was used to defease debt in the month of March. Of this defeasance total, \$17,428,571 was used to defease water debt and \$4,571,429 was used to defease wastewater debt. Due to the defeasance of debt, there were no impact fee transfers in FY17 for debt service.

Attachment: Semi-Annual Impact Fee Collections Report

Texas Local Government Code, Chapter 395, Section 395.058, requires that the Impact Fee Advisory Committee “file semiannual reports with respect to the progress of the capital improvements plan and report to the political subdivision any perceived inequities in implementing the plan or imposing the impact fee.” This report supports the committee by providing financial information about the collection of impact fees, and the value of fee waivers and exemptions. Waivers are granted for policy reasons or are negotiated by City Council; exemptions are allowed under legal code or statute. In this report waivers and exemptions are grouped into one “waivers/exemptions” category. Adjustments are also made in situations in which fees are not owed. Since adjustments are not comparable to waivers/exemptions and do not affect the reporting of fee collection data, adjustments are not included in this report. Impact fees are collected, waived/exempted, and adjusted by both Water and Wastewater.

The charts below provide a summary of the value of impact fees collected and the amount waived/exempted, and the type of waivers/exemptions granted. Although collection information is available from the date of impact fee implementation in 1990, data is presented for the most recent five fiscal years only.

Charts 1 through 3 (pages 2 and 3) detail the impact fees collected by the Combined utility, Water, and Wastewater, detailing fee collection and interest earnings. These charts report data by fiscal year. Charts 4 and 5 (pages 4 and 5) detail the total amount waived/exempted by the Water utility, and the value of waivers/exemptions by category. These charts report data on a semi-annual basis, with reporting periods spanning October 1 through March 31, and April 1 through September 30. Charts 6 and 7 (pages 6 and 7) are similar to Charts 4 and 5, but report the information regarding waivers/exemptions granted by the Wastewater utility.

The supporting documentation listed below follows Charts 1–7.

(1) Includes various council approvals for exemptions, including Smart Growth and the Bradley Agreement from 2000, which states the City will waive all water and wastewater impact fees for all single family residential development projects on the Original Edwards' Easement land and for all non-retail commercial development buildings containing less than 50,000 square feet of gross floor area. Any other development on the land including the development of a hotel and/or a golf course will be subject to all fees. Includes a waiver for the six party agreement for the Northridge water supply corporation project.

Circle C Land Development Corp DBA Stratus Properties was granted \$4,500,000 in impact fee exemptions, as part of settlement. In July 2003 KB Homes used \$174,900 in Stratus credits to adjust their Smart Housing goals rather than pay impact fees for previously exempted properties.

## TYPES OF WAIVERS/EXEMPTIONS
