

**Government that Works for All**  
**Work Session Discussion**  
**October 30, 2018**

1. What does the Council see as the role of boards and commissions? What kind of work does Council want the boards and commissions to focus on? How does the function of sub-committees play into this?
2. Should the boards and commissions be aligned to the strategic outcomes? Is the Council willing to consider combining or eliminating some boards and/or commissions?
3. How does the Council measure the effectiveness of the boards and commissions?
