Subject: Case Number: C14-2018-0138 Neighborhood Support Letter

Dear Commissioners,

We have reviewed the rezoning application for Champion Tract 3 (located at 6409 City Park Road) and find the proposed zoning change from MF-4-CO to GO-CO the best possible land use. Many neighborhoods in the area have endorsed the change in use from multi-family to senior living as benefit for the area. This change supports and documents a significant reduction in square footage and traffic trips. The reduction in trips is considered a huge improvement in safety for the nine neighborhood communities in the area.

Please approve the case number C14-2018-0138.
