

ZONING CHANGE REVIEW SHEET

CASE: C14-01-0046.03– Helping Hand
Home for Children

DISTRICT: 9

ZONING FROM: SF-3-NCCD-NP,
MF-4-NCCD-NP

TO: MF-4-NCCD-NP

ADDRESS: 310 – 312 W. 38th Street, 3803 – 3807 Avenue B

SITE AREA: 0.878 acres (38,239 square feet)

OWNER: Helping Hand Home for
Children, Inc.

APPLICANT: Armbrust and Brown
(Jewels Cain)

CASE MANAGER: Scott Grantham (512-974-3574, scott.grantham@austintexas.gov)

STAFF RECOMMENDATION:

Staff recommends MF-4-NCCD-NP combining district zoning. Staff recommends changes to the Hyde Park NCCD to apply to this property only:

- **Make Congregate Living a permitted use in the MF-4 base district**
- **Allow buildings to front on east-west streets (e.g. W 38 ½ Street)**
- **Allow a 6-ft fence around the property**
- **Allow entrances to buildings to front internal to the site**
- **Allow for parking closer than 10 feet to a property line on W 38 ½ Street**
- **Allow for a rollover curb on W. 38 ½ Street**
- **Add a provision to allow for head-in parking on W 38 ½ Street**
- **Add a provision to require 0 loading spaces up to 11,000 square feet of buildings**

For a summary of the basis of staff's recommendation, see page 5.

These additional items were read into the record at Planning Commission:

- **Add a limit of 10 residents per residential structure**
- **The fence must have a ratio of open space to solid material of not less than 1 to 0.25**

After the Planning Commission hearing, the applicant indicated that they would request that Council remove the condition of 10 residents per residential structure.

Prior to third reading at Council, the applicant should provide a survey to transportation reviewers which demonstrates that adequate ROW exists to accommodate future pedestrian improvements at 38 ½ Street and Avenue B. Once this comment is cleared, the case manager will relay the message to staff presenting at Council.

PLANNING COMMISSION ACTION / RECOMMENDATION:

November 13, 2018 **Approved MF-4-NCCD-NP as staff recommended. [P. Seeger, R. Schneider – 2nd] Vote 12 – 0.**

CITY COUNCIL ACTION:

December 13, 2018 **Scheduled for City Council**

ORDINANCE NUMBER:ISSUES:

The Helping Hand Home for Children provides a safe haven for children healing from abuse, neglect or abandonment. The organization provides foster care, an adoption program and services, and a charter school, which are considered Congregate Living, and Public Primary Education uses in the Land Development Code; the facilities are located on property between W 38th ½ Street to the north, and W 38th Street to the south. Most of the land area owned by Helping Hand is on the west side of Avenue B; Helping Hand also owns five lots on the east side of Avenue B. This zoning case is for these five lots (referred to hereafter as “the property”). Two of the lots are zoned SF-3-NCCD-NP and three are zoned MF-4-NCCD-NP.

Helping Hand has a concept plan for the property that includes four two-story dormitory buildings totaling 10,952 square feet, a school (5,190 square feet) and common room (1,500 square feet) building, and a storage area of 957 square feet. The dormitories would have a total of 40 beds, and would replace 25 beds currently on the site, for a net gain of 15 beds. (See Exhibit D, Concept Plan).

The intent of the proposed rezoning is to facilitate the concept plan. One of the proposed uses is Congregate Living, which is prohibited in the SF-3 base district, and conditional in an MF-4 base district. The other proposed use is Public Primary Education, which is a permitted use in existing and proposed base zoning districts.

Further, the property is part of the Hyde Park Neighborhood Conservation Combining District (NCCD), which has a number of provisions that would make the redevelopment of the site challenging. Therefore, the request is to amend the NCCD to accommodate the proposed changes to the site.

The request is as follows:

1. Change the base zoning to MF-4 for the entire property, thus making the entire zoning MF-4-NCCD-NP.
2. Amend the NCCD to make Congregate Living a permitted use in the MF-4 base district for this property only.
3. Amend the NCCD, with regard to site development standards for this property only (see chart below, see also Exhibit G, NCCD Ordinance with highlights).

4. Add two provisions to the NCCD for this property only (see last two items in chart below)

NCCD/CODE SECTION	EXISTING PROVISION AS WRITTEN IN NCCD/CODE	MODIFICATION REQUEST
Part 7. Section 1	“A building shall front a north-south street.....	Modify to allow frontage along W 38th ½ Street
Part 7. Section 5 & Section 6	<p>5. – “A fence located in a front yard may not exceed a height of four feet and shall have a ratio of open space to solid material of not less than 1 to 1.5.”</p> <p>6. “...The portion of a fence that is greater than four feet in height shall have a ratio of open space to solid material of not less than 1 to 1.5.”</p>	Modify to allow for a 6-ft fence around the property
Part 7. Section 10	“...the entrance of a building in which a principal use is located shall be located on the front of a building.”	Modify to allow for entrances to the dormitory buildings, to front internal to the site, not on Avenue B
Part 7. Section 16	Parking may not be closer than 10 feet to a property line.	Modify to allow for parking closer than 10 feet to a property line on W. 38th ½ Street
Part 7. Section 17 b. & c.	<p>b. “...access to a site is limited to one curb cut.”</p> <p>c2. For a commercial, civic, multifamily residential, or condominium residential use, [driveway width] may not exceed 25 feet.</p>	Modify to allow for a rollover curb on 38 ½ Street

NCCD/CODE SECTION	EXISTING PROVISION AS WRITTEN IN NCCD/CODE	MODIFICATION REQUEST
Head-in Parking Code Section 25-6- 472(H)	“Head-in parking is prohibited in a townhouse and condominium residential (SF-6) or less restrictive zoning district.”	Make a provision to allow for head-in parking along 38 ½ Street
25-6 (Appendix A)	Congregate Living use follows Schedule C – Schedule C requires 0 loading spaces for 0 – 10,000 square feet, and 1 loading space for 10,001 – 75,000 square feet	Make a provision, such that 0 loading spaces are required from 0 – 11,000 square feet

A community meeting was held on September 27, 2018 at Hyde Park Baptist Church to discuss the zoning application. Notification procedures were followed, and property owners, residents, and registered organizations within 500 feet of the property were notified of the meeting in advance. At the meeting, staff spoke about procedures for rezoning and opportunities for input into the process; the applicant spoke about the concept plan and items included in the request; and a representative of Helping Hand Home spoke about the organization, its mission, and the reason for the request. A question and answer session followed, and the applicant addressed questions about pedestrian street crossings and parking.

In addition to the community meeting, the applicant has spoken to surrounding neighborhood associations - Hyde Park Neighborhood Association (HPNA) and Hyde Park Contact Team (HPCT). The agent also reviewed correspondence between Friends of Hyde Park and Helping Hand Home. Letters of support from these groups are included in the backup materials (See Exhibit E, Letters from Neighborhood Organizations).

There is one pending comment from Transportation regarding Right-of-Way dedication (see Transportation comments, first comment). Transportation reviewers have communicated to the applicant that they would like dedication of a portion of the southeast corner of W 38 ½ Street and Avenue B for future pedestrian improvements. The applicant is in the process of obtaining a new survey, which they will presented to transportation reviewers to further the conversation. This item will need to be resolved prior to third reading at City Council.

CASE MANAGER COMMENTS:

The subject property is approximately 0.878 acres or 38,239 square feet, and consists of five lots on the east side of Avenue B, between W. 38th Street to the south and W 38 ½ Street to the north. The site is relatively flat and is not in the flood plain.

Currently on the property are a handful of portable buildings, an apartment structure, and a single family house structure.

To the west across Avenue B is the main campus of Helping Hand Home, which contains dormitories, school buildings, and facilities for the children. To the east of the property, there is an apartment complex and a small office. On the south side of W 38th Street, there are predominantly single family homes, with a few apartment / condominiums mixed in. To the north, between W 38 ½ Street and W 39th Street, the predominant land use is apartment / condominium.

BASIS OF RECOMMENDATION:

Staff recommends multi-family residence – moderate-high density — neighborhood plan (MF-4-NCCD-NP) combining district zoning. Staff recommends the changes to the NCCD that are listed in the table above.

The first basis is that a proposed zoning should be consistent with the purpose statement of the district sought. In the City of Austin zoning guide, the purpose statement of MF-4 states that it is for “multifamily and group residential use with a maximum of 36 to 54 units per acre... This district is appropriate to moderate-high density housing in centrally located areas...” This description is an apt one which fits the requested use, as well as the context of the neighborhood.

The second basis is that the rezoning should be consistent with the policies and principles adopted by the City Council or Planning Commission. For the proposed rezoning, the comprehensive plan reviewer found that the Hyde Park Neighborhood Plan (HPNP) “appears to partially support the construction of this proposed multi-family project because student dormitory would ‘enhance the child friendliness of the neighborhood’ and ‘reach out to newcomers and those in need.’” Further, the HPNP “recommends that [the buildings] be in scale and character of the surrounding neighborhood, and include streetscape, landscaping elements, and parking areas that improve the safety and travel of pedestrians and bicyclists.” These criteria would appear to be met by the size and scale of the proposed buildings; there are several smaller buildings rather than one large one, and they are two stories tall at the highest.

The third basis is that zoning should allow for reasonable use of the property. There are some unique and special needs that are associated with a home for children, which have been considered in the initial site design, for example the orientation of the buildings and the fence around the property. These elements will enhance security on the site. Other aspects of the

NCCD and the Land Development Code, as written, would be challenging or prohibitive to the development of the site, such as requirements on the placement of parking and loading spaces. For these reasons, it is recommended that the NCCD be amended to accommodate the concept plan put forward by Helping Hand Home.

EXISTING ZONING AND LAND USES:

OTHER STAFF COMMENTS:Comprehensive Planning

This zoning case is located on the north side of W. 38th Street, and is part of a larger five parcel project, which is 0.878 acres in size. The property is located in the Hyde Park Neighborhood Planning Area. Surrounding land uses includes: to the north are several apartment buildings, single family housing, a grocery store and retail uses; to the south is single family housing and several apartment buildings; to the west is single family housing, a large apartment complex and retail uses, and the main campus of Helping Hand Home for Children (who is the applicant and includes a public school); and to the east are several apartment building and a few single family houses. Per their website, Helping Hand Home is the oldest continuously operating residential childcare agency in Travis County, and provides a safe haven for children healing from physical, emotional and sexual abuse, neglect or abandonment. The organization provides a residential treatment program, foster care and adoption program and services, and includes a charter school for children. The proposal is to rezone the property to acknowledge the existing primary public school, and construct a 40-bed, two story dormitory for the students attending the school.

Connectivity

Public sidewalks and bike lanes are located along both sides of W. 38th Street. A CapMetro transit stop is located within 500 ft. of this site. There are no existing urban trails located within a quarter mile of this site. The Walk Score® for this site is **83/100, Very Walkable**, meaning most errands can be accomplished on foot.

*Please note, **Walk Score®** is a private company that provides walkability services and apartment search tools through a website and mobile applications. Walk Score® has received some criticism in the media, particularly from urban planning professionals, for the limits of its accuracy and relevancy in methodology and results. Specifically, this tool does not calculate whether there are public sidewalks, how many lanes of traffic one must cross, how much crime occurs in the area. It also does not differentiate between types of amenities, for example a supermarket grocery store versus a small food mart selling mostly chips and liquor. **When analyzing this location, the connectivity options in this area appears exceptional (bike lanes, transit, public sidewalks, a grocery, retail and personal services).***

Hyde Park Neighborhood Plan (HPNP)

The HPNP does not have a Future Land Use Map. The following text and policies found in the HPNP are relevant to this case:

W. 38th Street District Purpose: To permit the remaining single family homes an appropriate context by maintaining compatibility standards for redeveloped multi-family projects. Encourage owners of single family homes to roll back their base zoning to single family. To encourage appropriate redevelopment of multi-family projects that may offer a relaxing of some rules in exchange for putting back the traditional elements (primarily of the streetscape) that were lost when the apartments replaced homes. To maintain the civic and business uses in a scale and use compatible with the predominant residential character. Any new construction or reconstruction shall be of an architectural design to be compatible with general neighborhood standards. Any such new construction shall have appropriate set-back and landscaping requirements so as to enhance the neighborhood concept. (p. 12)

TOP TEN PRIORITIES OF THE HYDE PARK PLANNING AREA (p. 6)

10.) Roll-back multifamily zoned land with existing single-family structures to single family zoning. (City Action Item #16: Development Review & Inspection, Planning, Environmental & Conservation Services)

NCCD

Complete the Neighborhood Conservation Combining District (NCCD) ordinance which will revise the zoning laws to foster the preservation of the neighborhood while respecting the different land uses in different parts of Hyde Park. Elements of this ordinance will include addressing the following: (p. 15)

- Change uses and structures and build new structures only in ways that are in scale and compatible with surrounding uses and structures.
- Ensure that new multi-family developments should occur only if they are in keeping with the **scale, character and streetscape elements in the area**

16.) Roll-back multifamily zoned land with existing single-family structures to single family zoning. City Action Item: DRID, PECSD (p. 20)

Goal 2: Preserve and enhance the unique and historic streetscape patterns of Hyde Park. (p. 21)

Objective 2.1: Establish standards for maintenance and completion of streetscape elements that are followed by both private and public entities.

Objective 2.4: Maintain streetscapes in a condition that fosters safe pedestrian passage. Enforce laws regarding size and location of landscaping/vegetation that impedes visibility or accessibility.

Goal 6: Foster a genuine community of neighbors of every age and background. (p. 45)

Objective 6.1: Promote and maintain a **diverse culture** of young and old, students and workers, civic groups and merchants, of various races and cultures who respect and appreciate their diversity, recognize their common goals, reach out to newcomers and those in need, and exhibit pride in and commitment to their community.

Objective 6.2: Respect and preserve the **network of public life** created by public, civic, social and commercial activities (schools, associations, churches, shopping, etc.) which serve residents and are linked by a pleasant and safe sidewalk system.

Objective 6.4: Enhance the child-friendliness of the neighborhood.

(Case Manager Note - “Dorm” is a term used in these comments. However, Congregate Living is the correct use in the Land Development Code - SG) The HPNP text and policies appears to partially support the construction of this proposed multi-family project because a student dorm would ‘*enhance the child friendliness of the neighborhood*’ and ‘*reach out to newcomers and those in need.*’ However, if this dorm is constructed, the HPNP recommends that it be in scale and character of the surrounding neighborhood, and include streetscape, landscaping elements, and parking areas that improve the safety and travel of pedestrians and bicyclists. Because the proposed dorm is slated to be two stories tall with limited parking, this project would appear to have a negligible future impact to the surrounding neighborhood in terms of traffic.

Imagine Austin

The following Imagine Austin policies are taken from Chapter 4 of the IACP, which specifically discusses the promotion of different types of housing throughout Austin:

- **LUT P5.** Create healthy and family-friendly communities through development that includes a mix of land uses and housing types and affords realistic opportunities for transit, bicycle, and pedestrian travel and provides both community gathering spaces, parks and safe outdoor play areas for children.
- **HN P1.** Distribute a variety of housing types throughout the City to expand the choices able to meet the financial and lifestyle needs of Austin’s diverse population.
- **HN P10.** Create complete neighborhoods across Austin that have a mix of housing types and land uses, affordable housing and transportation options, and access to schools, retail, employment, community services, and parks and recreation options.

This parcel is not located along an Activity Corridor or by an Activity Center. However, looking through the scope of Imagine Austin policies referenced above, this project appears

to support Imagine Austin because it: (1) supports a variety of housing types and land uses, including schools and a student dorm; (2) the project is adjacent to a variety of connectivity options in the areas (bike lanes, transit and public sidewalks), and (3) the HPNP appears to support schools and partially support a student dorm, because it would keep the neighborhood child friendly and promote diversity and civic uses in the planning area.

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Waller Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.

Zoning district impervious cover limits apply in the Urban Watershed classification.

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

Numerous trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development's requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

This site is required to provide on-site water quality controls (or payment in lieu of) for all development and/or redevelopment when 8,000 s.f. cumulative is exceeded, and on site control for the two-year storm.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

Site Plan

Site plans will be required for any new development other than single-family or duplex residential.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540 feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

Compatibility Standards

The site is subject to compatibility standards. Along the southerly property line, the following standards apply:

- No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line of the residences to the south of W 38th street.
- For a structure more than 100 feet but not more than 300 feet from property zoned SF-5 or more restrictive, height limitation is 40 feet plus one foot for each 10 feet of distance in excess of 100 feet from the property line.

Transportation

38th ½ St. requires 50 feet of right-of-way in accordance with the TCM. It is recommended that 25 feet of right-of-way should be dedicated from the centerline of 38th ½ St. in accordance with the TCM. LDC 25-6-55; TCM, Tables 1-7, 1-12. (Case Manager Note: As of the writing of this staff report, the applicant is working on a survey, which will be delivered to the transportation reviewer and this comment will be revisited. – SG)

Additional right-of-way may be required at the time of subdivision and/or site plan.

According to the Austin 2014 Bicycle Plan approved by Austin City Council in November, 2014, a protected bike lane is recommended for 38th St. Mike Schofield, Bicycle Program, Austin Transportation Department may provide additional comments and requirements for right-of-way dedication and bicycle facility construction in accordance with LDC 25-6-55 and LDC 25-6-101. Please review the Bicycle Master Plan for more information.

A traffic impact analysis was not required for this case because the traffic generated by the proposed zoning does not exceed the threshold of 2,000 vehicle trips per day. [LDC 25-6-113]

Austin Water Utility

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance. Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the

utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

Re: Rezoning request for property located at 3803-3807 Avenue B & 310-312 W.
38th Street (0.92 acres) (the "Application")

Dear Mr. Guernsey:

This firm represents and this letter is submitted on behalf of Helping Hand Home for Children for the above referenced Application. The area to be rezoned is comprised of five tracts of land located at 3803-3807 Avenue B and 310-312 W. 38th Street (the "Property"). Land Status Determinations for the properties were approved on October 26, 2007 and are included in the submittal package.

The Property is currently zoned SF-3-NCCD-NP and MF-4-NCCD-NP. The request is to rezone to MF-4-NCCD-NP to allow for Congregate Living & Public Primary Education Facility uses. This Application proposes to modify the Hyde Park NCCD, adopted by Ordinance NO. 020131-20, to allow for the redevelopment of the Property for the proposed project. Attached is a modification chart identifying provisions written in the Hyde Park NCCD that must be modified to allow for the project.

A Traffic Impact Analysis (TIA) has been waived since the proposed project will not exceed the allowable threshold established in the Land Development Code. The TIA Determination signed by Amber Mitchell on April 20, 2018 is included in the submittal package.

RE: Case No. C14-01-0046.03 (formerly C14-2018-0101)

On Monday October 1st, 2018 members of the Hyde Park Neighborhood Association voted to approve the following resolution related to the rezoning request for property located at 3803-3807 Avenue B & 310-312 W. 38th Street. We request that you include this resolution as part of the background materials for this case.

If you have any questions or concerns, please contact us at _____ or _____.

Helping Hand Home for Children Resolution

The Hyde Park Neighborhood Association (HPNA) supports the Helping Hand Home for Children in the following proposed rezoning and other changes to its properties on Avenue B between 38th and 38 ½ Streets.

1. A zoning change to the properties located at 3807 Avenue B and 310 W. 38th Street. These properties are currently zoned SF-3-NCCD-NP and the request is to rezone them to MF-4-NCCD-NP to match 312 W. 38th Street, 3803 Avenue B, and 3805 Avenue B, which are already zoned MF-4.
2. The following changes to the Hyde Park Neighborhood Conservation Combining District (NCCD) (Ordinance No. 02013131-20):

The addition of the following provision to Part 6: Congregate living shall be a permitted use on 310 and 312 W. 38th Street and 3803 and 3805 Avenue B, with a limit of ten residents per residential structure

The addition of the following provisions to Part 7:

- The property at 3807 Avenue B may front on 38 ½ Street.
- The property at 3807 Avenue B may include parking closer than 10 feet to the property line on W. 38 ½ Street.
- The property at 3807 Avenue B may include a driveway that exceeds 25 feet and more than one curb cut.
- The property at 3807 Avenue B may include head-in parking.
- The five-lot area consisting of 310 and 312 W. 38th Street and 3803, 3805, and 3807 Avenue B may include a surrounding fence up to 6' in height. The fence must have a ratio of open space to solid material of not less than 1 to .25.
- Buildings on 310 and 312 W. 38th Street and 3803 and 3805 Avenue B may have entrances that are not on the front of the building. However, those buildings shall be constructed so that their appearance suggests street-facing entrances.

The HPNA recognizes that the Helping Hand Home provides an invaluable service for children who have experienced physical, emotional, and sexual abuse; neglect; or abandonment. It is our understanding that the proposed development will enhance this service by expanding the on-site congregate residential living and educational facilities.

 - The addition of the following provision to Part 6: Congregate living shall be a permitted use on 310 and 312 W. 38th Street and 3803 and 3805 Avenue B, with a limit of ten residents per residential structure.
 - The addition of the following provisions to Part 7:
 - The property at 3807 Avenue B may front on 38 ½ Street.
 - The property at 3807 Avenue B may include parking closer than 10 feet to the property line on W. 38 ½ Street.
 - The property at 3807 Avenue B may include a driveway that exceeds 25 feet and more than one curb cut.
 - The property at 3807 Avenue B may include head-in parking.
 - The five-lot area consisting of 310 and 312 W. 38th Street and 3803, 3805, and 3807 Avenue B may include a surrounding fence up to 6' in height. The fence must have a ratio of open space to solid material of not less than 1 to .25.
 - Buildings on 310 and 312 W. 38th Street and 3803 and 3805 Avenue B may have entrances that are not on the front of the building. However, those buildings shall be constructed so that their appearance suggests street-facing entrances.

The HPNPCT recognizes that the Helping Hand Home provides an invaluable service for children who have experienced physical, emotional and sexual abuse, neglect or abandonment. It is our understanding that the proposed development will enhance this service by expanding the on-site congregate residential living and educational facilities.

RE: Helping Hand Home For Children Rezoning (3804 Avenue B)

Dear City Staff,

[Friends of Hyde Park](#) supports Helping Hand Home For Children being granted a zoning change to General Office (GO) or similar zoning requested by Helping Hand Home For Children in order for them to continue providing congregate living and add an expansion on their property to better serve the children that they help. In a recent vote held by the neighborhood association Friends of Hyde Park, 38 out of our 421 members voted. 87% of the members that voted supported the resolution. The property is located along a major corridor and should be zoned for the greater entitlements needed based on the location.

Friends of Hyde Park opposes adding any additional restrictions onto the base zoning through restrictive covenants, conditional overlays, through the use of the Neighborhood Conservation Combining District (NCCD), or any other means. Complicated zoning regulations make it difficult for city staff and for property owners. Imagine Austin states the need to simplify the land development code. Maintaining these types of unnecessary layers of regulations leads to unpredictability, delay, increased costs, added complexity, inconsistency, harms affordability, and results in different interpretations in our land development code.

Please support the Helping Hand Home For Children by recommending the zoning change of General Office (GO) or similar zoning requested by Helping Hand Home For Children, which will benefit our neighborhood, its residents, and the City of Austin.

For more information on our membership's vote on this issue please visit <http://friendsofhydepark.com/record-of-votes/>.

Information About Friends of Hyde Park

Friends of Hyde Park is currently the largest neighborhood association in our neighborhood with 421 current members (approximately 50% renters and 50% homestead homeowners). Friends of Hyde Park advocates for affordable housing and a more walkable, bikeable, inclusive, and transit friendly neighborhood.

Sincerely,

Board of Directors of Friends of Hyde Park

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

EXHIBIT F

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

PART 3. DEFINITIONS. In this ordinance:

ACCESSORY BUILDING means a building in which an accessory use is located that is detached from and located on the same site as a building in which a principal use is located.

AVENUE means a street running in a north-south direction and designated as an avenue.

CIRCULAR DRIVEWAYS means a cul-de-sac type driveway with one access point or a half-circular driveway with two access points.

COMMERCIAL DISTRICT means the districts within the hierarchy of zoning districts from neighborhood office (NO) district through commercial-liquor sales (CS-1) district.

DISTRICT means the Residential District, Speedway District, West 38th District, Guadalupe District, Duval District, or the Hyde Park Civic District.

DRIVEWAY RUNNERS means a pair of pavement strips acting as a driveway.

FULL BATHROOM means a bathroom with a toilet, sink, and a bathtub or shower or shower/bathtub combination.

REDEVELOPMENT means development in which the value of the improvements is 50 percent of the value of all existing improvements on the site or development that requires a site plan.

TANDEM PARKING means one car behind another so that one car must be moved before the other can be accessed.

PART 4. The Hyde Park NCCD is divided into the following districts which are more particularly identified on the map attached as Exhibit B.

1. The Residential District - includes all property not included in another district.
2. The Speedway District - generally located one-half block on each side of Speedway Street from 38th Street to 45th Street.
3. The Duval District – generally located one-half block west of Duval Street from 40th Street to 45th Street.
4. The West 38th Street District - generally located one block between West 38th Street and West 38th ½ Street from one lot back from Speedway to one lot back from Guadalupe Street.

5. The Guadalupe District – generally located from Guadalupe Street to one-half block east of Guadalupe Street from 38th Street to 45th Street.
6. The Hyde Park Civic District - generally located in the area of Speedway and 40th Street.

PART 5. Development in the Hyde Park Civic District is subject to Ordinance No. 900830-Q. The regulations in Part 6 (Permitted and Conditional Uses), Part 7 (General Provisions), Part 8 (Residential District) and Part 9 (Speedway District) of this ordinance apply to development in the Hyde Park Civic District if they do not conflict with Ordinance No. 900830-Q, as amended. If a use regulation or site development standard is not addressed by Ordinance No. 900830-Q or this ordinance, then the base zoning district regulations as they existed on August 30, 1990 apply.

PART 6. Permitted and Conditional Uses.

1. The following table establishes the permitted and conditional uses for property in commercial zoning districts in the Hyde Park NCCD. Use regulations in this section may be modified in Section 2 of this part.

Column (A) applies to property with commercial zoning in the Residential, Speedway, Duval, West 38th, and Hyde Park Civic Districts that are not included in Column (B) or Column (C).

Column (B) applies to property at the following locations: 408 E. 43rd Street; the Duval Shopping Center which includes 411, 413, 417, and 419 E.43rd Street and 4220, 4222, 4224 and 4230 Duval Street; and 4206 Duval Street.

Column (C) applies to property located at 4300 Speedway.

 - a. A site for a dumpster shall be provided on the property. The dumpster shall be screened from the view of adjacent property.
 - b. Except as otherwise provided in this subsection, each parking space shall be independently accessible. For a multifamily use, tandem parking is permitted if the spaces are assigned to one dwelling unit.
3. Except as otherwise provided in this section, the maximum gross floor area of the rear dwelling unit of a two-family residential use is 850 square feet. On a corner lot, the

rear dwelling unit may exceed 850 square feet if the following conditions and other applicable site development regulations are satisfied:

- a. living space is provided on the ground floor;
 - b. one unit has frontage on an north-south street; and
 - c. one unit has frontage on a numbered street.
4. Accessory buildings may not exceed 10 percent of the site area.
 5. A fence located in a front yard may not exceed a height of four feet and shall have a ratio of open space to solid material of not less than 1 to 1.5.
 6. This section applies to a fence located in a street side yard that faces an avenue and is greater than four feet in height. The portion of a fence that is greater than four feet shall have a ratio of open space to solid material of not less than 1 to 1.5.
 7. A fence located along an alley shall have an inset to accommodate a trash receptacle. The inset shall be a minimum 18 square feet.
 8. A driveway that provides four or fewer required parking spaces may be designed with gravel surfacing or using driveway runners. Design and construction must be approved by the Director of the Watershed Protection and Development Review Department. A driveway apron shall comply with City of Austin specifications.
 9. A required or excess parking space may not be located in a street yard. This provision does not apply to property in the West 38th Street District or to property located at 4300 or 4307 Speedway if provisions for those areas permit parking in the street yard.
 10. Except as otherwise provided in this section, the entrance of a building in which a principal use is located shall be located on the front of a building.
 11. If a parking facility is located on the ground floor of a building, pedestrian-oriented uses must be located at the front of the building.
 12. Except for a single-family, duplex, or two-family residential use, excess parking is prohibited. This section does not apply to property located at 4300 or 4307 Speedway if excess parking is permitted by the provisions applicable to the property.

13. This section applies to a multifamily use.
 - a. A maximum of one sign is permitted on a building.
 - b. The size of a sign may not exceed one foot in height and eight feet in length.
 - c. Internal lighting of a sign is prohibited except for the internal lighting of individual letters.
 - d. Free-standing signs are prohibited.
14. Alley access is permitted if the access complies with applicable City regulations.
15. Except in the Guadalupe District, this section applies to construction of a single-family, duplex or two-family residential use on property that is located in a townhouse and condominium residence (SF-6) district or less restrictive zoning district. Except as otherwise provided in this section, construction must comply with the regulations for the family residence (SF-3) district. Construction may comply with the regulations of the district in which the use is located if construction complies with the compatibility standards of the City Code.
16. Except as otherwise provided in this section, parking is permitted in a street yard on West 38th ½ Street. Parking may not be closer than ten feet to a property line.
17. Except as otherwise provided in this section, the following provisions apply in all Districts except the Guadalupe District.
 - a. A circular driveway is not permitted.
 - b. Except as otherwise provided in the section, access to a site is limited to one curb cut. Except in the Residential District, a site that has 100 feet of frontage or more may have two curb cuts. In the Residential District, a site may have two curb cuts if the site has 100 feet of frontage or more and has two dwelling units. Property located at 4300 Speedway may have 3 curb cuts.
 - c. The width of a driveway:

1. for a residential use, may not exceed 12 feet from the driveway apron to the building setback line and 24 feet from the building setback line to a parking area;
 2. for a commercial, civic, multifamily residential, or condominium residential use, may not exceed 25 feet.
- d. For an existing single-family, duplex, or two-family residential use:
1. compliance with current City parking regulations is required if:
 - a. 200 square feet or more are added to a building floor area;
 - b. the principal use changes; or
 - c. a full bathroom is added to a dwelling unit that has three or more bathrooms; and
 2. a person may not reduce the parking spaces to a number less than the number of spaces prescribed in the City Code.
- e. For property located at 4300 Speedway:
1. the minimum parking requirement is 70 percent of the minimum requirement established by the City Code;
 2. the maximum parking allowed is 100 percent of the minimum requirement established by the City Code;
 3. parking in excess of the maximum allowed is not permitted, provided that excess parking that exists on the effective date of this ordinance may continue as long as not more than 5000 square feet of gross floor area is added to the property; and
 4. off-site parking at 4307 Speedway does not count against the maximum parking allowed at 4300 Speedway.
- f. The design and location of parking facilities located at 4300 and 4307 Speedway is permitted as shown on the survey of the property conducted by Roy D. Smith

Surveyors and dated August 26, 1993, attached to this ordinance as Exhibit "C" and on file with the Director of Neighborhood Planning and Zoning Department in File C14-01-0046.

g. The following provision applies to parking required under Subsection d.

1. Tandem parking:

- a. for a single-family or duplex residential use, is permitted; and
- b. for a multi-family use, is permitted if both spaces are assigned to the same unit.

2. Two parking spaces per dwelling unit are required in the Residential District and the West 38th Street District.

h. This subsection applies to property located at 4307 Speedway. Parking is permitted in a street yard for any use if an off-site accessory parking use exists on any part of the property.

PART 8. RESIDENTIAL DISTRICT. The following site development regulations apply in the Residential District.

1. Site Development Standards Table. Except as otherwise modified in this part, the following site development regulations apply in the Residential District.

RESIDENTIAL DISTRICT			
	Site Development Standards		
	Single-family Zoning Districts	Multifamily Zoning Districts	Commercial Zoning Districts
Minimum lot size	5750	8000	5750
Minimum lot width	50	50	50
Maximum FAR		0.5 to 1	0.5 to 1

Maximum building coverage	40%	50%	50%
Maximum impervious cover	45%	60%	70%
Maximum height	30	30	30
Minimum interior side yard setback	5	5	5
Minimum rear setback	10	10	10

2. Except as otherwise provided in this part, on an avenue, Duval Street, and the south side of West 39th Street:
 - a. the minimum street yard setback is 25 feet; and
 - b. the maximum street yard setback is 30 feet.
3. This section applies to a street other than a street identified in Section 2 of this part. Except as otherwise provided in this part, the minimum street yard setback is 15 feet.
4. This section applies to the minimum street yard setback established in Subsection 2.a. of this part.
 - a. The minimum street yard setback may equal the average of the street yard setbacks of the principal buildings on the same side of the block that are 25 feet or less from the street property line. If more than one principal building is located on a property, then the setback of the building closest to the street property line is used in the calculation.
 - b. Notwithstanding any provision in this section, a setback may not be less than five feet.
5. This subsection applies to the street yard setback established in Section 3 of this part.

- a. The street yard setback of the subject property may equal the average of the street yard setbacks of the buildings on adjoining lots if the setbacks are 15 feet or less. In this section, a building across an alley is a building on an adjoining lot. The street yard setback may be established by a principal building or an accessory building that contains a living unit on the ground floor that fronts on the street.
 - b. Notwithstanding any provision in this section, a setback may not be less than five feet.
6. For a building façade that is longer than 50 feet, the façade may not extend horizontally in an unbroken line for more than 30 feet.
7. A two-family residential use is permitted in the Residential District on a lot that is 7000 square feet or larger.
8. Except as provided in Section 9 of this part, a porch may extend:
 - a. on an avenue, a maximum of eight feet in front of the street yard setback; and
 - b. on a street other than an avenue, a maximum of five feet in front of a street yard setback.
9. A porch must be at least five feet from a property line that faces a street.
10. Except as otherwise provided in Sections 13 and 14 in this part, for an accessory building the minimum setback from:
 - a. a property line facing an avenue, Duval Street, or the south side of West 39th Street is 60 feet;
 - b. a property line facing a street other than a street identified in Subsection a. of this section is 15 feet; and
 - c. an interior side property line is five feet.
11. Except as otherwise provided in Section 12, 13, and 14 of this part, the minimum setback from a rear property line for an accessory building that is not more than 30 feet in height, is five feet.

12. Section 11 of this part does not apply to a through lot.
13. An attached or detached garage that has vehicular access on an alley or street shall be set back at least 20 feet from the alley or street.
14. A non-complying accessory building may be reconstructed at its existing location, but may not be less than three feet from the rear and interior and street side property lines.
15. An attached garage shall be a minimum of 60 feet from the property line facing an avenue, Duval Street, or the south side of West 39th Street.
16. This section applies to a duplex or two-family residential use if there are at least five bathrooms in all buildings in which the use is located. An additional parking space is required for each new full bathroom constructed on the property.
17. Driveway runners or gravel driveways are permitted. The design and construction must be approved by the Director of the Watershed Protection and Development Review Department.

PART 9. SPEEDWAY DISTRICT. The following provisions apply in the Speedway District.

1. Site Development Standards Table. Except as otherwise modified in this part, the following site development regulations apply in the Speedway District.

SPEEDWAY DISTRICT		
	SITE DEVELOPMENT STANDARDS	
	SF-3 Zoning District	Multifamily & Commercial Zoning Districts
Minimum lot size	5750	8000

2. Except as otherwise provided in this part, on Speedway:
 - a. the minimum street yard setback is 25 feet; and
 - b. the maximum street yard setback is 30 feet.
3. This section applies to a street other than Speedway. Except as otherwise provided in this part, the minimum street yard setback is 15 feet.
4. This section applies to the minimum street yard setback established in Subsection 2.a. of this part.
 - a. The minimum street yard setback may equal the average of the street yard setbacks of the principal buildings on the same side of the block that are 25 feet or less from the street property line. If more than one principal building is located on a property, then the setback of the building closest to the street property line is used in the calculation.
 - b. Notwithstanding any provision in this section, a setback may not be less than five feet.
5. This subsection applies to the street yard setback established in Section 3 of this part.
 - a. The street yard setback of the subject property may equal the average of the street yard setbacks of the buildings on adjoining lots if the setbacks are 15 feet or less. In this section, a building across an alley is a building on an adjoining lot. The street yard setback may be established by a principal building or an accessory building that contains a living unit on the ground floor that fronts on the street.

- b. Notwithstanding any provision in this section, a setback may not be less than five feet.
6. The following site development regulations apply to property located at 4300 Speedway.
- a. The maximum floor-to-area ratio is 0.75 to 1.
 - b. Except as otherwise provided in this subsection, the maximum height is 30 feet. A building may have a height of 36 feet if the building has a pitched roof, measured to the average height of the highest gable.
 - c. There is not a maximum street yard setback on Speedway. There is not a street yard setback on West 43rd Street. There is not an interior side yard or rear yard setback.
 - d. The maximum impervious cover is 80 percent.
 - e. The maximum building coverage is 55 percent.
 - f. Chapter 25-2, Subchapter C, Article 10 (*Compatibility Standards*) of the City Code does not apply to the modification of the structure that exists at 4300 Speedway on the effective date of this ordinance if:
 - 1. 5000 square feet of gross floor area or less is added to the structure; and
 - 2. the modifications are permitted for noncomplying structures under Section 25-2-963 (*Modifications and Maintenance of Noncomplying Structures*) of the City Code.
7. There is not a minimum or maximum street yard setback on Speedway for an off-site accessory parking use on property located at 4307 Speedway.
8. A duplex or two-family residential use is permitted on a lot that is 6000 square feet or larger.
9. Except as provided in Section 10 of this part, a porch may extend:
- a. on Speedway, a maximum of ten feet in front of the street [~~front~~] yard setback; and

- b. on a street other than Speedway, a maximum of five feet in front of the street yard setback.
- 10. A porch must be at least five feet from a property line that faces a street.
- 11. Except as otherwise provided in Sections 14 and 15 in this part, for an accessory building, the minimum setback from:
 - a. a property line facing Speedway is 60 feet;
 - b. a property line facing a street other than Speedway is 15 feet; and
 - c. an interior side property line is five feet.
- 12. Except as otherwise provided in Section 13, 14, and 15 of this part, the minimum setback from a rear property line for an accessory building that is not more than 30 feet in height is five feet.
- 13. Section 12 of this part does not apply to a through lot.
- 14. An attached or detached garage that has vehicular access on an alley or street must be set back at least 20 feet from the alley or street.
- 15. A non-complying accessory building may be reconstructed at its existing location, but may not be less than three feet from the rear and interior and street side property lines.
- 16. An attached garage shall be a minimum of 60 feet from a property line facing Speedway.
- 17. This section applies to a duplex or two-family residential use if there are at least five bathrooms in all buildings in which the use is located. An additional parking space is required for each new full bathroom constructed on the property.
- 18. Driveway runners and gravel surfacing driveways are permitted. Design and construction must be approved by the Director of the Watershed Protection and Development Review Department.

19. This section applies to a restaurant use at 4300 Speedway that provides outdoor seating.
- a. The outdoor seating area does not count against the allowable square footage for a restaurant (limited) and restaurant (general) use established in Part 6, Subsection 2.g. of this ordinance and is not used to determine the parking requirement if:
 1. the outdoor seating does not exceed 40 percent of the total seating; and
 2. not more than 10 tables are located outside.
 - b. The outdoor seating area that exceeds 40 percent of the total seating area is counted as part of the allowable square footage for a restaurant (limited) and restaurant (general) use and shall be used to determine the parking requirement.

PART 10. DUVAL DISTRICT. The following provisions apply in the Duval District.

3. This section applies to a street other than a street identified in Section 2 of this part. Except as otherwise provided in this part, the minimum street yard setback is 15 feet.
4. This section applies to the minimum street yard setback established in Subsection 2.a. of this part.
 - a. The minimum street yard setback may equal the average of the street yard setbacks of the principal buildings on the same side of the block that are 25 feet or less from the street property line. If more than one principal building is located on a property, then the setback of the building closest to the street property line is used in the calculation.
 - b. Notwithstanding any provision in this section, a setback may not be less than five feet.
5. This subsection applies to the street yard setback established in Section 3 of this part.
 - a. The street yard setback of the subject property may equal the average of the street yard setbacks of the buildings on adjoining lots if the setbacks are 15 feet or less. In this section, a building across an alley is a building on an adjoining lot. The street yard setback may be established by a principal building or an accessory building that contains a living unit on the ground floor that fronts on the street.
 - b. Notwithstanding any provision in this section, a setback may not be less than five feet.

6. A duplex or two-family use is permitted on a lot that is 5900 square feet or larger.
7. Except as provided in Section 8 of this part, a porch may extend:
 - a. on an avenue, a maximum of eight feet in front of the street yard setback; and
 - b. on a street other than an avenue, a maximum of five feet in front of a street yard setback.
8. A porch must be at least five feet from a property line that faces a street.
9. Except as otherwise provided in Sections 12 and 13 in this part, for an accessory building the minimum setback from:
 - a. a property line facing Duval Street or Avenue H is 60 feet;
 - b. a property line facing a street other than Duval Street and Avenue H is 15 feet; and
 - c. an interior side property line is five feet.
10. Except as otherwise provided in Section 11, 12, and 13 of this part, the minimum setback from a rear property line for an accessory building that is not more than 30 feet in height is five feet.
11. Section 10 of this part does not apply to a through lot.
12. An attached or detached garage that opens on an alley or street must be set back at least 20 feet from the alley or street.
13. A non-complying accessory building may be reconstructed at its existing location but may not be less than three feet from the rear and interior and street side property lines.
14. An attached garage:
 - a. shall be a minimum of 60 feet from a property line facing Duval Street or Avenue H; and
 - b. may not face Duval Street or Avenue H.

15. This section applies to a restaurant use that provides outdoor seating.
 - a. The outdoor seating area is not used to determine the parking requirement if:
 1. the outdoor seating does not exceed 40 percent of the total seating; and
 2. not more than 10 tables are located outside.
 - b. The outdoor seating area that exceeds 40 percent of the total seating area shall be used to determine the parking requirement.

PART 11. WEST 38TH STREET DISTRICT. The following provisions apply in the West 38th Street District.
