

Medical Transportation:

Comp Plan Committee Recommends the following edits be sent to Planning Council 9/11/18

#	Item	Page #	Change (include Citation or Justification if applicable)	HIV Planning Council Interpretation	Resolution
1.	ACCESS TO CARE: Last Paragraph	5	ADD: "Transportation requests confirmed at least two business days in advance of the appointment must have documentation that the request is filled."	Defines minimum requirement of provider to attempt to provide the agreed upon service to the client.	
2.	Client Education Regarding Services Available and Limitations:	3	REMOVE: "•Clients must be able to confirm their transportation arrangements to core or support service appointments at least two business days in advance for medical transportation services offered via van, ride share, or volunteer-operated vehicles. This does not apply to transportation solutions relying on fare media (e.g., bus passes, bus tokens, taxi vouchers)."	Not education specific, more of a minimum access requirement, so moved to Access to Care area.
