¹ City has chosen to categorize their convention center funds as Special Revenue Funds instead of Enterprise Funds. Accounting rules are different for each fund type; therefore, adjustments in the presentation of the financial information have been made to facilitate a more accurate comparison

² City and/or County has outsourced the operations to a separate entity; however, funding sources are still consistent with other city-run facilities

³ Nashville receives a portion of sales tax as well as Hotel and Rental Car tax to pay debt service, capital and operating costs
