

# AUSTIN TRANSPORTATION DEPARTMENT

## PARKING DISTRICTS

BICYCLE ADVISORY COUNCIL

February 19, 2019

*Delivering a safe, reliable, and sustainable transportation system that enhances the environment and economic strength of the region.*

# PURPOSE

A mechanism established by City Council to set aside meter fees collected in a specific area into a Capital Fund, for Transportation related improvements to be built specifically within that area.

*Delivering a safe, reliable, and sustainable transportation system that enhances the environment and economic strength of the region.*

## TWO TYPES

- Parking Benefit District (PBD)

Ordinance 12-6. Parking Benefit Districts

- Parking and Transportation District (PTMD)

Ordinance 12-7. Parking and Transportation Management Districts

*Delivering a safe, reliable, and sustainable transportation system that enhances the environment and economic strength of the region.*

## PARKING BENEFIT DISTRICT

- District created to fund improvements that promote walking, cycling and public transit use.
- Minimum of 96 on-street paid parking spaces (existing and new)
- Initiated by a Neighborhood (within the district)

## PARKING AND TRANSPORTATION MANAGEMENT DISTRICT

- District created to fund improvements that aid in managing traffic flow or demand
- Minimum of 100 on-street or 200 off-street paid parking spaces.
- Initiated by Director or by Businesses (stakeholders) located within the District

*Delivering a safe, reliable, and sustainable transportation system that enhances the environment and economic strength of the region.*

## COMMON PROCESS

- Community meeting is required
- UTC public hearing required
- Council for approval of district
- 51% of fees, less city expenses

## TERMINATION

- All improvements completed
- Council directed
- Spaces not generating enough to cover expenses

*Delivering a safe, reliable, and sustainable transportation system that enhances the environment and economic strength of the region.*

Transportation

# Questions?

*Delivering a safe, reliable, and sustainable transportation system that enhances the environment and economic strength of the region.*
