ZONING CHANGE REVIEW SHEET

CASE: C14-2019-0027 – Congress MH / RV Park

DISTRICT: 2

ZONING FROM: GR-MU-CO-NP; MH-NP

TO: MH-NP

ADDRESS: 6111 South Congress Avenue

SITE AREA: 8.3355 acres

PROPERTY OWNER: Maynard Angel Denise Trust and Roger Alan Maynard

CASE MANAGER: Wendy Rhoades (512-974-7719, wendy.rhoades@austintexas.gov)

STAFF RECOMMENDATION:

The Staff recommendation is to grant mobile home residence – neighborhood plan (MH-NP) combining district zoning. For a summary of the basis of Staff’s recommendation, see case manager comments.

PLANNING COMMISSION ACTION / RECOMMENDATION:

May 28, 2019:

CITY COUNCIL ACTION:

June 20, 2019:

ORDINANCE NUMBER:

ISSUES:

The South Congress Combined Neighborhood Plan Contact Team has provided correspondence in support of the proposed rezoning, and is attached at the back of this packet.

On August 23, 2018, City Council adopted a resolution with the intent of reducing the risk of mobile home park displacement by rezoning existing, licensed mobile home parks to Mobile Home (MH) zoning district if the park was not already zoned MH. The August 23rd resolution listed three mobile home parks, and a later resolution adopted by Council on September 20, 2018, added 20 more mobile home parks to the list. With these two resolutions, City Council instructed the Planning and Zoning Department to initiate and process these rezoning cases. Please see Exhibit B – Approved Council Resolution.

CASE MANAGER COMMENTS:

The subject tracts are located on South Congress Avenue, developed with a mobile home park and contain both mobile homes and recreational vehicles. The tract with South Congress Avenue frontage is zoned community commercial – mixed use – conditional
overlay – neighborhood plan (GR-MU-CO-NP) combining district. The remainder of the property was zoned mobile home residence – neighborhood plan (MH-NP) combining district zoning through the Sweetbriar rezonings that occurred in August 2005. Both rezoning tracts are included in this case because the property includes portions of two platted lots. Aerial photography from 1976 shows manufactured homes on the property. The GR-MU-CO-NP district does not permit the mobile home park land use, and consequently, the mobile home park is not an allowed land use per City Code.

The majority of this portion of South Congress Avenue consists of apartments (including two recently constructed developments) and commercial uses. There are apartments, an automotive repair business and a church to the east, and the Pleasant Hill Elementary School is to the south, across North Bluff Drive. Please see Exhibits A and A-1—Zoning Map and Aerial Exhibit.

BASIS OF RECOMMENDATION:

1. The proposed zoning should be consistent with the purpose statement of the district sought.

   The mobile home residence (MH) zoning district is intended to provide locations for development of mobile home residence parks and mobile home subdivisions, with standards that ensure a residential environment and compatibility with adjoining family residence neighborhoods.

2. The proposed zoning should be consistent with the goals and objectives of the City Council.

   The City Council approved Resolutions No. 20180823-078 and 20180920-096 in order to identify and direct the Staff to initiate the rezoning process for properties that contain a mobile home residence park or a mobile home subdivision use to the appropriate MH, Mobile Home Residence zoning district.

3. Zoning should allow for reasonable use of the property.

   The proposed MH zoning will bring the existing mobile home park use on the property into conformance with Land Development Code use regulations.

RELATED CASES:

The Sweetbriar Neighborhood Plan Rezonings was adopted as part of the Austin Tomorrow Comprehensive Plan on August 18, 2005 under the City of Austin's Neighborhood Planning Program (NP-05-0020; C14-05-0105 – Ordinance No. 20050818-Z002). The property consists of Tract 255 and a portion of Tract 260 and were rezoned to GR-MU-CO-NP with the CO prohibits pawn shop services, automotive washing (of any type) and automotive sales. As part of the Sweetbriar Neighborhood Plan Rezonings, the neighborhood mixed use building were adopted for Tracts 255 and 260.

OTHER STAFF COMMENTS:

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Williamson Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

According to floodplain maps there is no floodplain within or adjacent to the project location.
Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.

Fire Department Comments

No AFD permitted locations for Aboveground Hazardous Materials Storage and Handling within 30 feet of the parcel property line.

Site Plan and Compatibility Standards

Site plans will be required for any new development other than single-family or duplex residential.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540 feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

The site is subject to compatibility standards. Along all southern property lines, the following standards apply:

- For a structure that is more than 50 ft and not more than 100 feet from property zoned SF-5 or more restrictive, the height limitation is 3 stories and 40 ft.
- For a structure more than 100 feet but not more than 300 feet from property zoned SF-5 or more restrictive, height limitation is 40 feet plus one foot for each 10 feet of distance in excess of 100 feet from the property line.
- For a structure more than 300 feet but not more than 540 feet from property zoned SF-5 or more restrictive, 60 feet plus one foot for each four feet of distance in excess of 300 feet from the property zoned SF-5 or more restrictive.

MH Zoning:
In accordance with LDC Section 25-2-1205, a manufactured home park must comply with the following site development regulations:
- A minimum site area of 90,000 s.f. and a minimum of 20 mobile home spaces
- A minimum of 4,500 s.f. of site area for each dwelling unit
- A minimum street yard of 25 feet and a minimum interior yard of 15 feet. A mobile home may not be placed in a street yard.
- Direct access to a public street with a r-o-w at least 60 feet wide
- Private, paved internal streets at least 30 feet wide. The streets must be continuous and connect with other internal streets or with public streets, or provide a paved cul-de-sac with an 80 foot diameter. Streets ending in cul-de-sacs may not exceed 400 feet.
- A mobile home space must contain at least 2,500 s.f. adjacent to an internal street in order to provide adequate space for moving a mobile home into and out of the space.
- Each mobile home space must have at least one parking space. Additional spaces may be located in one or more common parking areas spread throughout the park.
- A mobile home and an attached accessory structure must be located at least 10 feet from another mobile home or other structure.
- A mobile home stand must be separated from the pavement of an internal street, common parking area, or other common areas by a minimum of 10 feet.
- A minimum of 300 s.f. of open space for each unit is required, with at least 150 s.f. located on each manufactured home space. Open space that is not located on a manufactured home space may be located on common open space areas distributed throughout the park in a manner that provides reasonable/convenient access to each manufactured home space.
- A barrier at least 6 feet tall must be installed and maintained along all boundaries of the park, except where abuts a public right-of-way or another mobile home development.
- A mobile home chassis may not rest more than 3’ above ground elevation at the low end, measured at 90 degrees to the frame.
- A required street yard must be landscaped.
- A park must provide pedestrian access to and from each mobile home space and all common facilities. A walkway that is designed separately from internal streets or parking areas must have a minimum paved width of 2 feet.
- The maximum height of a structure is 35 feet.

Transportation

Per Council Resolution No. 20180823-078, the Planning and Zoning Department has initiated rezoning cases for existing mobile home parks that do not have MH zoning.

The Austin Metropolitan Area Transportation Plan calls for 140 feet of right-of-way for Congress Avenue. It is recommended that 70 feet of right-of-way from the existing centerline should be dedicated and/or reserved for Congress Avenue according to the Transportation Plan [LDC 25-6-51 and 25-6-55]. Additional right-of-way may be required at the time of subdivision and/or site plan.

Austin Water Utility

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, water or wastewater easements, utility relocations and or abandonments required by the proposed land use. Depending on the
development plans submitted, water and or wastewater service extension requests may be required. Water and wastewater utility plans must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fees once the landowner makes an application for Austin Water utility tap permits.

Hi Wendy,

As a resident within 500 feet, I am in favor of the rezoning of 6111 S. Congress Ave from GR-MU-CO-NP to MH-NP. I am glad that we have a place where people in mobile homes can live.

When I first got this notice, I was afraid the mobile home residents were going to be kicked out. I am glad that is not the plan.

Sincerely,

Please ensure this letter is added to the above case files to serve as the South Congress Combined Neighborhood Plan Contact Team’s (SCCPCT) support for the residents and families of these MH communities, and officially state the SCCNPCT’s support for the city’s mobile home NPA zoning, specifically these cases above which lie within the SCCNPCT area.

The SCCNPCT is always looking for true affordable housing for families and children living within contact team area and in all of Austin, Texas.

Mobile homes within the SCCNPCT area provide affordable housing (MFI 40%-50%) not seen with any developments previously planned or currently underway in all of the SCCNPCT area.

This of important concern to the SCCNPCT and therefore we agree with the city’s move to preserve these mobile home communities so that families and residents of all socio-economic means have nearby access within their neighborhoods and core communities to live, work, play and flourish.

Please contact us if we can provide anything more.
