**BOARD AND COMMISSION ACTION:** Recommended by Water and Wastewater Commission.

**PURCHASING:** Lowest bid of six received.

**MBE / WBE:** 22.53% MBE and 9.18% WBE subcontractor participation.

---

This contract will provide for the construction of a new wastewater pipeline within the channel of the Tannehill Branch of Boggy Creek. The new pipeline will replace an existing deteriorated and undersized line at this location. This project is part of the Austin Water Utility's Austin Clean Water Program (ACWP), which was developed to respond to the requirements of the Environmental Protection Agency's Administrative Order regarding Sanitary Sewer Overflows.

The project consists of the replacement of approximately 750 linear feet of existing concrete encased 15-inch wastewater line with a new 24-inch wastewater line in Tannehill Branch, from East 51<sup>st</sup> Street to Old Manor Rd. It also includes restoration of the stream bank and special concrete encasement of the proposed wastewater main. Due to the potential for unknown subsurface conditions and unforeseen issues arising from construction within the creek, a 10% contingency in funding has been included to allow for the expeditious processing of any future change orders. The contract allows 120 working days for substantial completion of this project

Bid documents were distributed to 23 general contractors. Bids were opened on November 07, 2003. Six (6) bids were received; Texas Road & Utilities, Inc. submitted the lowest of the four (4) responsive bids:

Texas Road and Utilities, Inc., (WBE) Buda, TX	\$510,000.00
Laughlin-Thyssen, Ltd., Houston, TX	\$510,369.00
