RE: Item No. C-02 (Zoning Case No. C14-2018-0124) on the June 18, 2019 Zoning and Platting Commission Agenda; **Request for Postponement**

Dear Greg:

On behalf of the applicant, I am hereby requesting a postponement of the above-referenced item to July 2, 2019.

As you know, the applicant recently amended its application based on feedback that we provide greater zoning options that might result in additional, appropriate density. The purpose of this postponement request is so that the applicant may more fully consider additional density implications so that we may better inform the Zoning and Platting Commission.

This is the applicant's first request for a postponement for the case with the Zoning and Platting Commission. The postponement request will not delay City Council action on August 8, 2019.

Thank you for your attention to this matter.

Sincerely,

Jeffrey S. Howard
