<input checked="" type="checkbox"/>	Yasmine Smith
<input checked="" type="checkbox"/>	Michael Von Ohlen
<input checked="" type="checkbox"/>	Kelly Blume (Alternate)
<input checked="" type="checkbox"/>	Martha Gonzalez (Alternate)
<input type="checkbox"/>	Vacant (Alternate)

APPLICANT: Emily Jones

OWNER: Bryan Cumby

ADDRESS: 3219 MANOR RD

VARIANCE REQUESTED: The applicant is requesting a variance(s) from the maximum allowable Compatibility Height requirements of Article 10, Compatibility Standards, Division 2 –Development Standards, Section 25-2-1063 (C) (2) and (3) (Height Limitations and Setbacks for Large Sites) in order to construct a 60 foot Multi-Family use in a “CS-V-CO-NP”, General Commercial Services – Vertical Mixed Use – Conditional Overlay –Neighborhood Plan zoning district. (MLK Neighborhood Plan)

a. The Land Development Code Section 25-2-1063 (C) (2) allows a height limit of three stories or 40 feet, if the structure is more than 50 feet and not more than 100 feet from property (a) in an "SF-5" or more restrictive zoning district, or (b) on which a use permitted in an "SF-5" or more restrictive zoning district is located.

b. The Land Development Code Section 25-2-1063 (C) (3) allows a height limit for a structure more than 100 feet but not more than 300 feet from property zoned "SF-5" or more restrictive, 40 feet plus one foot for each 10 feet of distance in excess of 100 feet from the property zoned "SF-5" or more restrictive.

Note: This variance will allow for a uniform height of 60 ft. for the entire project. 60 ft. is currently allowed in portions of the project and graduating down to 40 ft. in other portions of the project.

BOARD'S DECISION: June 10, 2019 The public hearing was closed by Chair William Burkhardt, Board Member Michael Von Ohlen motion to Postpone to July 8, 2019, Board Member Don Leighton-Burwell second on a 10-0 vote;
POSTPONED TO JULY 8, 2019.

FINDING:

1. The Zoning regulations applicable to the property do not allow for a reasonable use because:
2. (a) The hardship for which the variance is requested is unique to the property in that:
(b) The hardship is not general to the area in which the property is located because:
3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

Good morning Emily,
You will need to e-mail me a request to postpone and to what meeting date you would like to postpone to.

BOA Mtg. Schedule 2019
(BOA meets on the 2nd Monday of the Month)
Aug. 12
Sept. 9
Oct. 14
Nov. 7 (Thurs) **due to Veteran's Day Holiday**
Dec. 9

Respectfully,
Elaine Ramirez

Good morning Emily,

Friendly Reminder: You have until Friday, June 21 before 3p.m. to submit any new evidence whether it be any maps, surveys, drawings, photos and any additional documentation you want included as part of your Advanced Packet for your postponed BOA variance case. This will need to be submitted to me via e-mail in PDF format.

If you choose to do a presentation at the meeting, make sure and submit that to me via e-mail in PDF format the day after the meeting, Tues. 7/9.

Respectfully,

Elaine Ramirez

Austin TX, 78723

Property Description: 1.658AC OLT 50 DIVISION B

Re: C15-2019-0033

Dear Emily,

Austin Energy (AE) has reviewed your application for the above referenced property, requesting that the Board of Adjustment consider a variance(s) from the maximum allowable Compatibility Height requirements of - Article 10, Compatibility Standards, Division 2 – Development Standards, Section 25-2-1063 (C) (2) and (3) (Height Limitations and Setbacks for Large Sites) in order to construct a 60 foot Multi-Family use in a "CS-V-CO-NP", General Commercial Services – Vertical Mixed Use – Conditional Overlay –Neighborhood Plan zoning district. (MLK Neighborhood Plan)

The above request for variance is **DENIED BY AUSTIN ENERGY (AE)**, the proposed structure is in conflict with existing AE facilities and clearance requirements. The layout of building will need to meet clearances. Owner/applicant must obtain written approval of conflict resolution from Eben Kellogg, Austin Energy - Public Involvement/Real Estate Services, prior to BOA approval.

In order for the above application to comply with our requirements, It is recommended that owner/applicant contact Austin Energy Electric Design North, Team Lead, Brian Van Dyke, at 512-505-7247 or brian.vandyke@austinenergy.com for site specific recommendations to proposed structure to comply with AE clearances and how to remove and relocate the current existing electric facilities.

Please use this link to be advised of our clearance and safety requirements which are additional conditions of the above review action:

https://library.municode.com/tx/austin/codes/utilities_criteria_manual?nodeId=S1AUENDECR_1_10.0CLSARE

If you require further information or have any questions regarding the above comments, please contact our office. Thank you.

Case # _____ ROW # _____ Tax # _____

Section 1: Applicant Statement

Street Address: 3219 Manor Road

Subdivision Legal Description:

1.658 acres out of Outlot 50, Division B, of the Original City of Austin, Travis County, as
recorded in the General Land Office of the State of Texas

Lot(s): _____ Block(s): _____

Outlot: 50 Division: B

Zoning District: CS-V-CO-NP

I/We Emily Jones, Mid-City Development on behalf of myself/ourselves as
authorized agent for 3219 Manor MU, Ltd. affirm that on
Month May, Day 14, Year 2019, hereby apply for a hearing before the
Board of Adjustment for consideration to (select appropriate option below):

☒ Erect ☐ Attach ☐ Complete ☐ Remodel ☐ Maintain ☐ Other: _____

Type of Structure: Multi-Family

Portion of the City of Austin Land Development Code applicant is seeking a variance from:

25-2-1063(C)(2) and (C)(3)

Height required under Code to graduated up from 40 feet depending on distance from triggering property. The variance request is for a uniform 60 feet for the entire project.

Section 2: Variance Findings

The Board must determine the existence of, sufficiency of, and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional supporting documents.

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

I contend that my entitlement to the requested variance is based on the following findings:

Reasonable Use

The zoning regulations applicable to the property do not allow for a reasonable use because:

The zoning ordinance for this property (Ord. 021107-Z-12c) limits development by prohibiting vehicular access to Tillery Street and requiring a 15-foot wide vegetative buffer along the property line adjacent to Tillery Street. Combined with the trees located in the middle of the property, the buildable area is constrained. These restrictions push the structure towards the triggering properties. Therefore, a uniform height at the zoning district's standard height of 60 feet along this corridor is not possible under Compatibility Standards causing a significant reduction in both market rate and affordable units.

Hardship

a) The hardship for which the variance is requested is unique to the property in that:

This is the only property along Tillery Street prohibited from taking access to/from Tillery Street, forcing the only access on Manor Road. The complications resulting from the location of overhead lines, the vegetative buffer, the access prohibition, and the cluster of Heritage trees make this property unique. Section 25-8-646(A) requires a variance be sought to eliminate the need to remove heritage trees.

b) The hardship is not general to the area in which the property is located because:

The vegetative buffer required by the zoning ordinance essentially creates a setback larger than that required by the City Code for the CS zoning district. Of the 3 properities which trigger compatibilty standards, 2 are behind other commercial buidings. The only property with visual of the subject tract is diagonal across Tillery Street and facing away. Restricting the development based on these properties does not further the purpose of the Compatibility Standards.

Area Character

The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

See Section 6 (Additional Space) below.

Parking (additional criteria for parking variances only)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed in the City of Austin Land Development Code Chapter 25-6, Appendix A with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonably require strict or literal interpretation and enforcement of the specific regulation because:

n/a

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

n/a

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

n/a

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

n/a

Section 3: Applicant Certificate

I affirm that my statements contained in the complete application are true and correct to the best of my knowledge and belief.

Applicant Signature:  Date: 5/14/19

Applicant Name (typed or printed): Emily Jones, Mid-City Development

Applicant Mailing Address: 9229 Waterford Centre Blvd, Bldg C, Ste 100

City: Austin State: TX Zip: 78758

Phone (will be public information): (512) 637-6932

Email (optional – will be public information): _____

Section 4: Owner Certificate

I affirm that my statements contained in the complete application are true and correct to the best of my knowledge and belief.

Owner Signature:  Date: 5/14/19

Owner Name (typed or printed): Bryan Cumby, 3219 Manor MU, Ltd.

Owner Mailing Address: 9229 Waterford Centre Blvd., Bldg C, Ste 100

City: Austin State: TX Zip: 78757

Email (optional – will be public information): _____

Section 5: Agent Information

Agent Name: Emily Jones, Mid-City Development

Agent Mailing Address: 9229 Waterford Centre Blvd, Bldg C, Ste 100

City: Austin State: TX Zip: 78758

Phone (will be public information): (512) 637-6932

Email (optional – will be public information): _____

Section 6: Additional Space (if applicable)

Please use the space below to provide additional information as needed. To ensure the information is referenced to the proper item, include the Section and Field names as well (continued on next page).

Additional Space (continued)

This area is on an Imagine Austin Activity Corridor. With apartments, commercial, and single family residences, this area is thriving with a mix of uses. Considering mass transit is available in front of the proposed development and the property is within walking distance of park and open space, the location is perfect for much needed housing. This proposed project will not alter the character of the area. In fact, by waiving the height limitation under 25-2-1063, more quality rental units with more affordable housing will be constructed on this urban infill without existing residents to be displaced.

SAVE

MEMORANDUM

TO: William Burkhardt, Chair of the Board of Adjustments
Members of the Board of Adjustments

DATE: May 24, 2019

SUBJECT: Variance Request for 3219 Manor Road, Austin, Texas 78723 (the “Property”)
Case File No. C15-2019-0033

The purpose of this Memorandum is to provide supplemental information for the application filed to request a variance from Section 25-2-1063(C)(2) and (C)(3) of the City of Austin (“City”) Code of Ordinances (“Code”). This section of the Code is also known as “Compatibility Standards.” The request is for a variance from the graduated height limitations outlined in the Compatibility Standards to allow for a single, uniform height of sixty (60) feet as allowed under the assigned zoning designation of CS-V-CO-NP. Approval of the variance will allow for the placement of the new multifamily residential building in a location that fully complies with the zoning ordinance for the Property, saves a cluster of trees located in the middle of the Property, and allows for additional housing supply and affordable housing units in this proposed vertical mixed use building. Additional information about the Property is included in **Exhibit A**. Please note, that this project is NOT at the building permit stage, so the applicant does not have signed and sealed architectural drawings of the proposed building at this time. The exhibits provided with this memorandum, while not signed and sealed, do meet the requirements of the BOA Community Guidebook.

Pursuant to the Compatibility Standards, an SF-6 or less restrictive zoned property within 540 feet or less from a property in an SF-5 or more restrictive zoning district must comply with the height limitations outlined in Section 25-2-1063. As shown on the graphic below and **Exhibit B**, three (3) properties satisfy that criteria and trigger the Property’s compliance (“Triggering Property”). None of the Triggering Properties are adjacent to the Property.

Between the Property and the Triggering Property identified as #1 above is a two story multifamily residential complex. Between the Property and the Triggering Property identified as #2 is a 20,000 square foot building that houses the Motion Media Arts Center and a structure used to store tires. The Triggering Property identified as #3 faces Denver Avenue and is separated from the Property by Tillery Street.

This request for a variance from the height limitations in Section 25-2-1063(C)(2) and (C)(3) of the Code should respectfully be approved for the following reasons:

Reasonable Use

Although the existing structures on the Property will be demolished, resulting in a vacant property for the development of the multifamily project, the Property is burdened with serious site constraints that constitute hardships. Specifically, the limitations imposed by Zoning Ordinance No. 021107-Z-12c (“Zoning Ordinance”) and the existing protected and heritage trees create hardships that affect the location, layout, and size of the proposed building. By accommodating the hardships, the additional limitations of the Compatibility Standards do “not allow for a *reasonable use* of property”. It is important to note that Section 25-2-474 of the City Code allows for the granting of variances for the redevelopment of land. In addition, Section 25-2-474(A)(1) does not require a finding that the regulations deprive the property of “all use” but only that a “reasonable use” is disallowed. Section 25-2-1081(E) of the Austin City Code expressly allows Board of Adjustment (“BOA”) variances of Compatibility Standards. Therefore, the standard is not whether a Compatibility Standard compliant use could be developed, but instead whether the Compatibility Standards here, given the hardships on this site, do not allow for a “reasonable use.”

The variance from the height limitations would allow for a “reasonable use” by allowing development that meets the established zoning regulations for property and provide additional units (including additional affordable housing units) for much needed housing in this Imagine Austin Activity Corridor.

The Zoning Ordinance prohibits access from the Property to Tillery Street, requiring that access only be allowed from Manor Road. To appropriately comply with driveway spacing requirements and considering only one side of the Property may have an access point, the location of the access drive is forced to the northwest corner of the Property as shown on **Exhibit C**. Additionally, to conform with the City Fire Code regulations, the development must also be configured in a manner that permits fire hose accessibility to all sides of the building. As a result, the multifamily development must shift toward the eastern portion of the Property for the construction of parking and fire access in the rear of the Property as shown on **Exhibit C**. This shift not only reduces the size of the building, but also pushes the building closer to the Triggering Property on Denver Street.

In the center of the Property, as shown on **Exhibit C**, are several existing protected trees, including two heritage trees. A “super heritage” is located in the southwest corner of the Property. The

intent is to design the building in a manner that not only saves these trees, but also effortlessly incorporates them into the project. The solution is to form an enhanced courtyard around the trees in the center to provide a resident amenity, and to take advantage of the large shade tree in the southwest corner for a dog park. Section 25-8-646 of the City Code requires an applicant to seek a BOA variance before seeking to remove any heritage trees. This requirement inherently makes heritage trees a hardship for BOA variance purposes.

As a result of the restrictions in the Zoning Ordinance and the constraints from existing trees, the configuration options for the project are limited. The Zoning Ordinance forces the structure toward the eastern portion of the Property and reduces the square footage of the project. To save the trees in this area, the project must reduce the number of units and overall square footage to accommodate a courtyard. Compliance with the access restriction and the tree preservation requirements results in a loss of 36,180 square feet of otherwise allowable development, even under Compatibility Standards. Approval of the requested variance from the height restrictions of the Compatibility Standards would allow that lost square footage to be mitigated, compliance with neighborhood required access limitations, preserve heritage trees, while avoiding the denial of this reasonable use and allowing for optimal development potential.

The City Council has recently expressed a policy determination that uses, such as that proposed for this site, along this corridor should *not* be subject to Compatibility Standards. Accordingly, Council has by official action determined that such use unencumbered by Compatibility Standards is a “reasonable use”.

Hardship – Unique to the Property

As stated above, the hardships are the neighborhood zoning access limitation and presence of protected and heritage trees. This is the only Property with frontage on Tillery Street prohibited from accessing that roadway. The Zoning Ordinance does not limit any other properties in a similar fashion. In fact, the property directly across Tillery Street from the Property does not have the same prohibition, and a similarly situated property at the corner of Tillery Street and Martin Luther King Jr Boulevard with a zoning designation of CS-MU-NP is afforded two (2) access point to Tillery Street in addition to two (2) access drives to Martin Luther King Jr Boulevard. In addition, the protected and heritage trees located centrally on this site are also unique to this site. Therefore, the combination of the access prohibition and the arrangement of protected trees makes this Property unique.

Hardship – Not General to the Area

The area along Manor Road between Airport Boulevard and Tillery Street is not generally burdened with such hardships. In addition, this proposed urban infill property which will not displace any existing residents and will provide a vertical mixed use project with affordable housing is a project not generally found in this area. This Property is ideal for the vision outlined by the Council - mass transit is available in front of the Property on Manor Road; park and open space are within walking distance; and the area is need of housing, especially affordable housing. Not general to the area is Property ripe for a new housing development on urban infill that would substantially benefit the community with the addition of affordable housing options.

Area Character

With apartments, commercial, and single family residences, the character of the area is a healthy mixture of uses. However, as an Imagine Austin Activity Corridor, it is also an area that needs to focus on more housing options and opportunities and transit supportive densities. This proposed project will not alter the character of the area “adjacent to the property” but will instead enhance the area and provide much needed housing, including affordable housing, without displacing any current residents. The area “adjacent to the property” is commercial and the proposed project will provide a suitable buffer and transition to other residential uses in the area and also be consistent with the goals for this area and corridor.

The purpose of the Compatibility Standards is to minimize the impact of new construction on existing residential neighborhoods. Strict adherence to the standards based on the Triggering Properties identified above does not further the purpose of the Compatibility Standards. Triggering Properties #1 and #2 are located behind other buildings, blocking much of the visibility to this Property. Increased height will have little impact on the character of these single family homes. The only property with direct visual of the Property is Triggering Property #3 which is diagonal across Tillery Street and facing away from the Property. With the configuration of the building on the Property adjusted to north and with trees in the southeast corner, an additional buffer is provided between the Property and Triggering Property #3 reducing any impact created by the height of the multifamily building.

Conclusion

In preparation for this request, we are making significant efforts to communicate with neighbors and interested organizations. Meetings will be held to inform the neighbors of the project and information about the implications of the requested variance will be made readily available.

The height requested is the height typically allowed for the assigned zoning designation. The only other approach to avoid the denial of reasonable use and the resulting hardships is to seek a tree variance and request a removal of the access limitation contrary to the express neighborhood zoning ordinance limitations adopted specifically for this tract. Section 25-8-646(A) requires that a variance, such as this one, be sought to eliminate the need to remove trees, and a rezoning is a time-consuming endeavor. The proposed multifamily project would be able to provide more benefit to the community with the approval of the requested variance; therefore, an application for a variance from the height limitations under Section 25-2-1063(C)(2) and (C)(3) was respectfully submitted. We appreciate your consideration of this request.

3219 Manor Project Info

Exhibit A

Site conditions:

- Size and Shape:** This rectangular parcel of land is approximately 1.6 acres
- Topography:** The land parcel has almost flat topography and has a few groupings of large trees.
- Flood Plain:** Does not fall into the Greater Austin FEMA floodplain
- Zoning:** The land parcel is currently zoned CS-V-CO-NP with an MU option. Zoning allows for 2.0 FAR with 72,222.50 sf resulting in 144,444.96 sf maximum FAR

3219 Manor RD: Triggering Properties Setbacks

SE: Southeastern compatibility setback due to SF3 across street and diagonal from subject property

NW: Northwestern compatibility setback due to SF3 across street, diagonal, and behind another building from subject property

SW: Southwestern compatibility setback due to SF3 diagonal and behind another building(s) from subject property

Combined SE, NW, and SW: Three triggering properties on almost all sides of the subject property

ORDINANCE NO. 021107-Z-12c

AN ORDINANCE REZONING AND CHANGING THE ZONING MAP TO ADD A NEIGHBORHOOD PLAN COMBINING DISTRICT TO THE BASE ZONING DISTRICTS ON APPROXIMATELY 990 ACRES OF LAND GENERALLY KNOWN AS THE MLK NEIGHBORHOOD PLAN AREA ("MLK") AND TO CHANGE THE BASE ZONING DISTRICTS ON 63 TRACTS OF LAND IN MLK.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

PART 1. The zoning map established by Section 25-2-191 of the City Code is amended to add a neighborhood plan (NP) combining district to each base zoning district within the property and to change the base zoning districts on 63 tracts of land within the property described in Zoning Case No. C14-02-0142.003, on file at the Neighborhood Planning and Zoning Department, as follows:

Approximately 990 acres of land, in the City of Austin, Travis County, Texas, that includes the Oak Springs Subdistrict more particularly described and identified in the attached Exhibits "A" and "B" incorporated into this ordinance, (the "Property"), and, as follows,

Oak Springs Subdistrict bounded by East 12th Street on the north, Springdale Road on the south and east, and Airport Boulevard on the west,

generally known as the MLK neighborhood plan (NP) combining district, locally known as the property bounded by Anchor Lane, East 38 ½ Street and Manor Road on the north, East 51st Street on the east, Springdale Road on the south, and Airport Boulevard on the west, in the City of Austin, Travis County, Texas, and generally identified in the map attached as Exhibit "C".

PART 2. The base zoning districts for the 63 tracts of land are changed from family residence (SF-3) district, multifamily residence low density (MF-2) district, multifamily residence medium density (MF-3) district, neighborhood office (NO) district, limited office (LO) district, neighborhood commercial (LR) district, community commercial (GR) district, general commercial services (CS) district, general commercial services-conditional overlay (CS-CO) combining district, commercial-liquor sales (CS-1) district, and limited industrial services (LI) district, to family residence-neighborhood plan (SF-3-NP) combining district, single family residence small lot-neighborhood plan (SF-4A-NP) combining district, townhouse and condominium residence-neighborhood plan (SF-6-NP) combining district, multifamily residence low density-neighborhood plan (MF-2-NP)

combining district, neighborhood office-mixed use-neighborhood plan (NO-MU-NP) combining district, limited office-mixed use-neighborhood plan (LO-MU-NP) combining district, neighborhood commercial-mixed use-neighborhood plan (LR-MU-NP) combining district, community commercial-neighborhood plan (GR-NP) combining district, community commercial-conditional overlay-neighborhood plan (GR-CO-NP) combining district, community commercial-mixed use-neighborhood plan (GR-MU-NP) combining district, community commercial-mixed use-conditional overlay-neighborhood plan (GR-MU-CO-NP) combining district, general commercial services-neighborhood plan (CS-NP) combining district, general commercial services-conditional overlay-neighborhood plan (CS-CO-NP) combining district, general commercial services-mixed use-neighborhood plan (CS-MU-NP) combining district, general commercial services-mixed use-conditional overlay-neighborhood plan (CS-MU-CO-NP) combining district, commercial-liquor sales-mixed use-neighborhood plan (CS-1-MU-NP) combining district, and public-neighborhood plan (P-NP) combining district, as more particularly described and identified in the chart below.

PART 3. The following applies to an existing legal lot with single-family residential use within the boundaries of the NP combining district:

1. The minimum lot area is 2,500 square feet.
2. The minimum lot width is 25 feet.
3. For a lot with an area of 3,500 square feet or less, the impervious coverage may not exceed 65 percent.

PART 4. Cottage special use is permitted on lots in residential districts within the boundaries of the Oak Springs Subdistrict as set forth in Sections 25-2-1442 through 25-2-1444 of the Code.

PART 5. Urban home special use is permitted on lots in residential districts within the boundaries of the Oak Springs Subdistrict as set forth in Sections 25-2-1422 through 25-2-1424 of the Code.

PART 6. Tracts 203, 205, 206, 207, 243, 257 and 263 may be developed as a residential infill special use as set forth in Sections 25-2-1532 through 25-2-1534 of the Code.

PART 7. Tracts 201, 208 through 237, 244 through 248, 254, 259, 260 and 267 may be developed as a neighborhood mixed use building special use as set forth in Sections 25-2-1502 through 25-2-1504 of the Code.

PART 8. Tracts 222 and 233 may be developed as a neighborhood urban center special use as set forth in Sections 25-2-1521 through 25-2-1524 of the Code.

PART 9. The Property within the boundaries of the conditional overlay-combining district established by this ordinance is subject to the following conditions.

1. The following conditions apply to Tract 227:

A. Vehicular access from the Property to Tillery Street is prohibited. All vehicular access to the Property shall be from other adjacent public streets or through other adjacent property.

B. A 15-foot wide vegetative buffer shall be provided and maintained along the east property line adjacent to Tillery Street. Improvements permitted within the buffer zone are limited to drainage, underground utility improvements or those improvements that may be otherwise required by the City of Austin or specifically authorized in this ordinance.

2. The following conditions apply to Tract 228:

A 15-foot wide vegetative buffer shall be provided and maintained along the west property line adjacent to Tillery Street and along the south property line adjacent to the property developed or zoned residential. Improvements permitted within the buffer zone are limited to drainage, underground utility improvements or those improvements that may be otherwise required by the City of Austin or specifically authorized in this ordinance.

3. The following uses are prohibited uses on Tracts 223, 230 and 231:

Automotive rentals	Automotive repair services
Automotive washing (of any type)	Automotive sales
Drop-off recycling collection facility	Exterminating services
Funeral services	Outdoor entertainment
Outdoor sports and recreation	Pawn shop services

4. The following uses are prohibited uses on Tract 227:

Adult oriented businesses	Agricultural sales and services
Automotive sales	Campground
Convenience storage	Drop-off recycling collection facility
Equipment repair services	Exterminating services
Funeral services	Kennels
Outdoor entertainment	Outdoor sports and recreation
Pawn shop services	

5. The following uses are prohibited uses on Tract 228:

Adult oriented businesses	Agricultural sales and services
Automotive sales	Building and maintenance services
Campground	Convenience storage
Drop-off recycling collection facility	Electronic prototype assembly
Equipment repair services	Equipment sales
Exterminating services	Funeral services
Kennels	Laundry services
Limited warehousing and distribution	Maintenance and service facilities
Monument retail sales	Outdoor entertainment
Outdoor sports and recreation	Pawn shop services

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, **you are not required to attend**. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact person listed on a notice*); or
- appearing and speaking for the record at the public hearing;

and:

- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: www.austintexas.gov/devservices.

Written comments must be submitted to the contact person listed on the notice before or at a public hearing. Your comments should include the name of the board or commission, or Council; the scheduled date of the public hearing; the Case Number; and the contact person listed on the notice. All comments received will become part of the public record of this case.
