NEIGHBORHOOD PLAN: Highland
T.I.A: N/A

PROJECT DESCRIPTION:

The applicant proposes to remove a portion of a parking lot and to replace with a water quality facility (approximately 0.5 acres in size) designed to receive flow from both an existing 48- and 21-inch storm drain. The proposed water quality facility is a partial sedimentation and biofiltration pond.

Multiple waivers and administrative variances were granted:

- DCM 1.2.4 – Drainage System
 - E.3(a) – 12-foot maintenance access strip
 - E.3(b) – 50-foot setback

SUMMARY STAFF RECOMMENDATION:

Staff recommends approval of the conditional use permit because the Public (P) zoning district allows civic land uses.
