Site Plan Extension Request

Dear Review Staff:

On behalf of the Owner of the above referenced project please accept this request for a three-year site plan extension for review and approval.

The proposed improvements include a Kerbey Lane Cafe restaurant and associated parking facilities. The Owner previously had trouble getting the project under construction due to landlord conflicts. These conflicts have been resolved and the Owner is in a position where they can move forward with the project.

A prior site plan extension request was submitted on March 2, 2018 and following a lengthy review and comment period the extension was granted on March 20, 2019 with an expiration date of April 20, 2019. Unfortunately, the Owner was not able to mobilize and complete construction during the short period this first site plan extension was valid.

The Owner would like to begin construction on this project during the second half of 2019 and be complete by mid-2020.

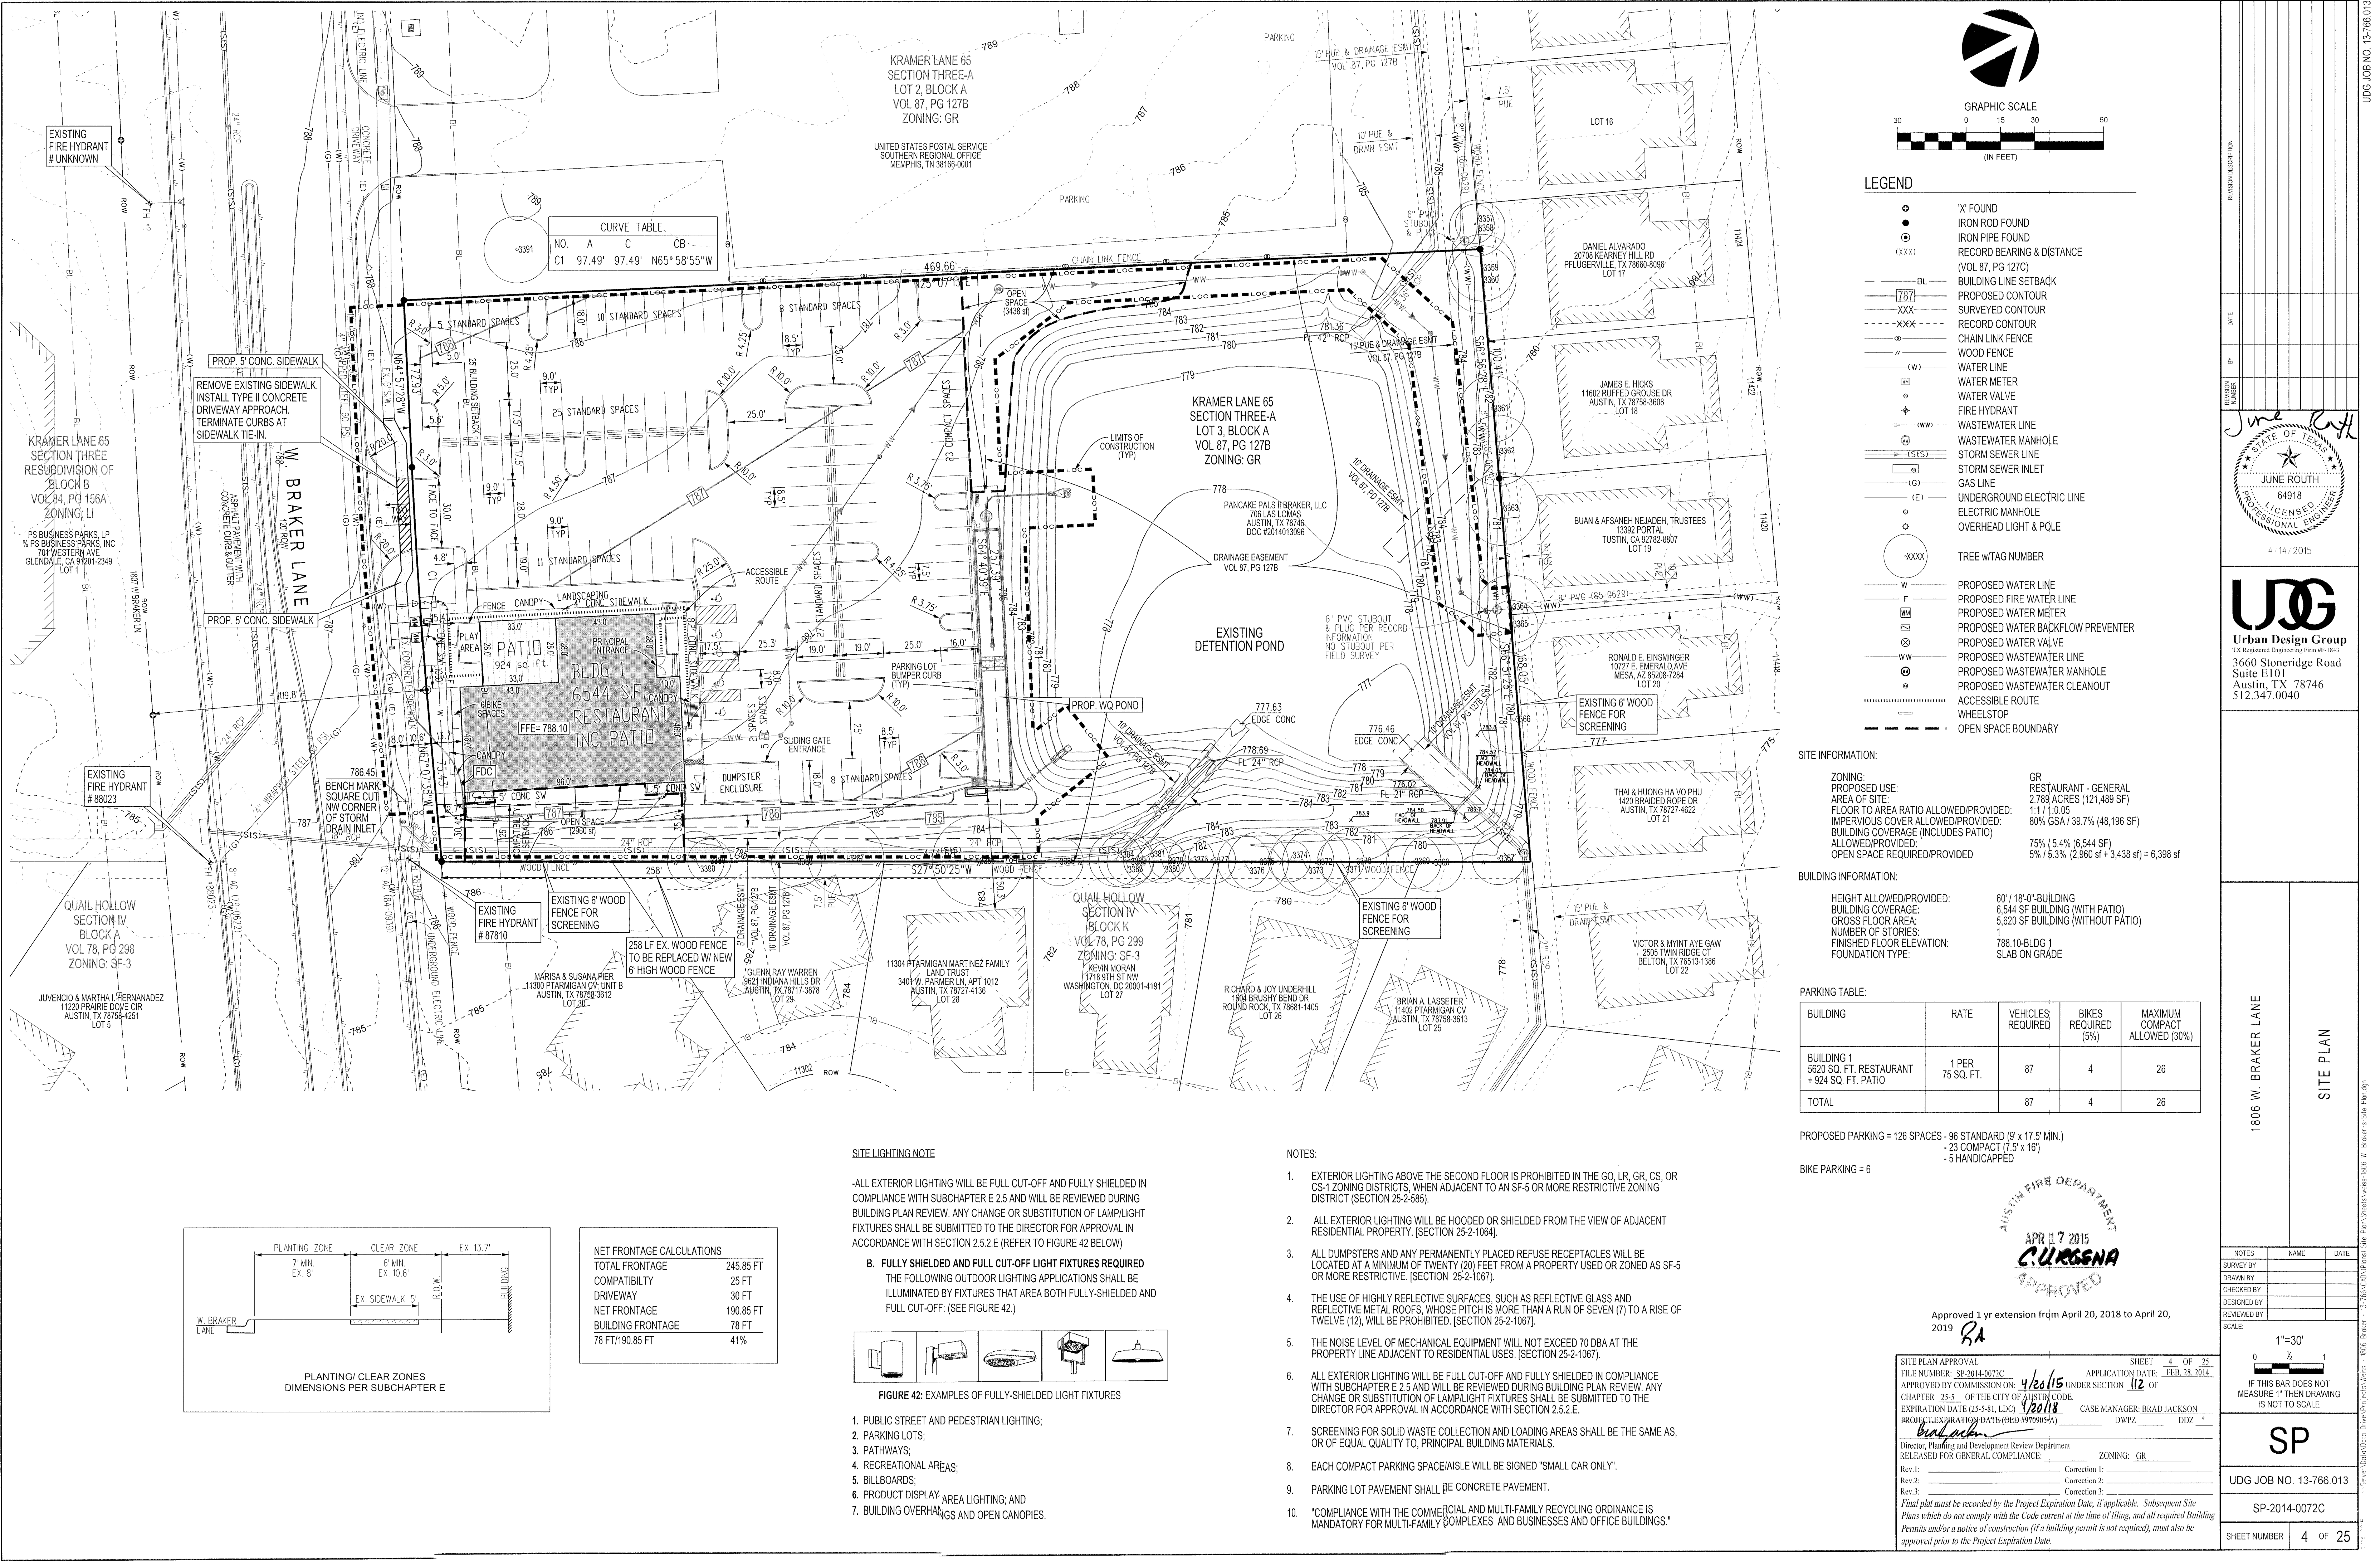

We believe the project as designed and permitted complies with current City of Austin regulations. It has existing on-site detention and a proposed water quality pond. It complies with parking, impervious cover and other zoning regulations. Based on this determination we would respectfully request an administrative extension of the current site development permit.

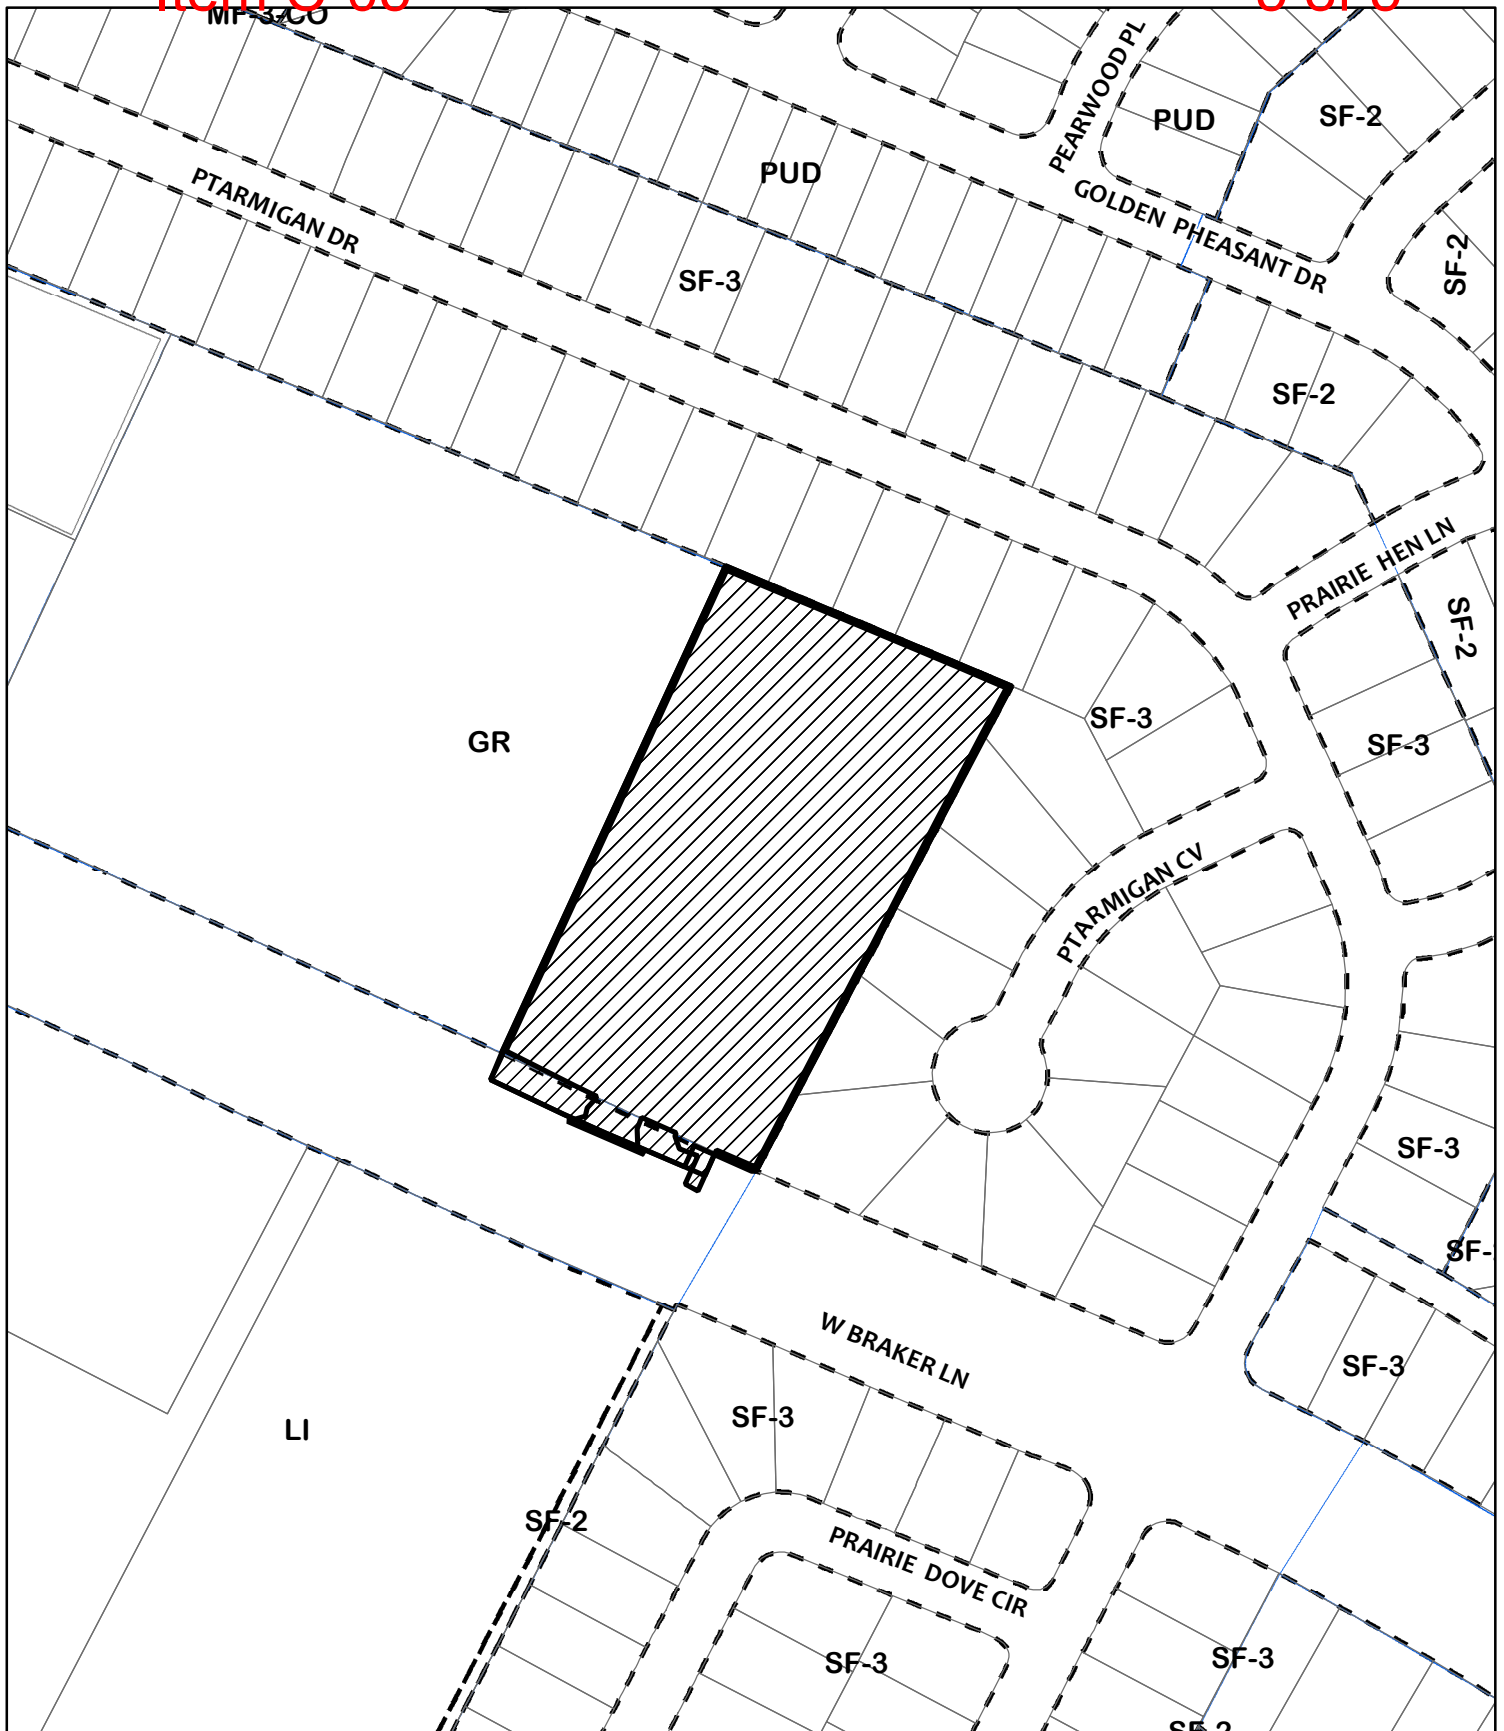

If you have any questions or need any additional information in order to consider this site plan permit extension request for approval please contact me at or (512) 399-5366.

Sincerely,
DUNAWAY UDG

June Routh, P.E.
