CASE MANAGER COMMENTS:

The proposed rezoning is for eight lease spaces in an existing office/warehouse building in a small industrial park located at the southwest corner of Connor Lane and Sheldon Cove. The industrial park is zoned LI-NP. Other tenants of the industrial park include office, commercial, and limited industrial uses. Immediately west of the industrial park is undeveloped land zoned IP-CO-NP; further west is a single family neighborhood zoned SF-3-NP. North of the industrial park, across Sheldon Cove, is undeveloped land zoned LI-NP. Across Connor Lane to the east and southeast is land zoned LI-NP that is developed with outdoor recreation and an office/warehouse facility. Immediately south of the industrial park is undeveloped land zoned LI-NP; further south is another small industrial park. ***Please see Exhibits A and B—Zoning Map and Aerial Exhibit.***

The proposed rezoning is intended to allow development of a mixed use space that would include art gallery and workshop uses, as well as related retail uses. The proposed rezoning would allow liquor to be sold and consumed throughout the lease space. ***Please see Exhibit C – Applicant Letter.***

Staff supports the proposed rezoning. Similar developments across Austin allow artists to share work space and gallery space. By allowing liquor sales, the facility would have an additional draw to visitors and customers. The rezoning tract is located in an industrial park area, where uses of this type are often permitted. An undeveloped tract zoned IP-CO-NP provides approximately 400 feet of separation between the rezoning property and the residential neighborhood to the west. There is no vehicular connection between the rezoning tract and the residential area. CS-1 zoning and cocktail lounge use is compatible with the types of land uses permitted in the surrounding LI zoned area.

BASIS OF RECOMMENDATION:

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

Commercial-liquor sales (CS-1) district is the designation for a commercial or industrial use of a service nature that has operating characteristics or traffic service requirements that are incompatible with residential environments.

2. *Granting of the request should result in an equal treatment of similarly situated properties.*

Mixed use developments that contain art studios and galleries and serve alcohol are located in industrial parks throughout the City. Other land uses that require CS-1 zoning are also often found in industrial park areas—distilleries, etc.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
Site	LI-NP	Professional offices, Mixed commercial and limited industrial
North	LI-NP	Undeveloped
South	LI-NP	Undeveloped, Mixed commercial and limited industrial
East	LI-NP	Mixed commercial and limited industrial

West	IP-CO-NP, SF-3-NP	Undeveloped, Single family residential
