Meredith Gauthier said there wasn't enough funds for messaging and audits, but there is a partnership with the Watershed Protection department and ARR that support them. Commissioner Masino asked about PARD's partnership with Leave No Trace. Meredith said it was just a messaging partnership.

Commissioner Gattuso asked about recycling at ACL. Liana said that special events require large event vendors to do recycling, but for smaller events there is no requirement. Commissioner Rothrock thanked PARD for pushing for recycling at large events like ACL.

Commissioner White suggested to put composting at other locations throughout ACL and to have compostable serving utensils and wares. Chair Acuna said that ARR and PARD do not provide recycling at events like ACL, and that it's up to the event coordinator to provide those services. Commissioner White asked if there could be a priority for Barton Springs since there is a container filled with bottles.

Adam Gregory, TDS, spoke about the diversion rate at ACL. Chair Acuna asked if the reports are submitted to the Parks Department and then given to the City? Liana said the report goes to the department and to the Special Events office and isn't aware of where it goes after that.
