ISSUES:

There are no issues at this time. This is related to rezoning case C14-2019-0123.

CASE MANAGER COMMENTS:

The subject tract is comprised of multiple lots located on the north side of East Manor Road, approximately halfway between IH 35 and Berkman Drive. The Applicant proposes amending a restrictive covenant (RC) that was attached to the subject property as part of zoning case C14-71-278. The RC is attaching to four tracts of land; the Applicant proposes removing Tracts 2 and 3 from the RC. Tracts 1 and 4 are owned by other parties. The restrictive covenant established the following conditions:

“1. In the event any of the above described tracts are developed with multi-family improvements, the number of units which may be erected on each such tract shall be the number which would be authorized if said tract were zoned BB ‘Residence’ First Height and Area.”

BB-Residence was a zoning category used in 1971; under current code, this would limit each tract to the density of MF-2 zoning (maximum 23 units per acre). ***Please see Exhibits A, B, and C—Zoning Map, Aerial Exhibit, Redlined Restrictive Covenant.***

Staff supports amending the RC to release the subject tract from this requirement. The proposed rezoning for the property from LO-V-NP to GR-MU-V-NP is intended to allow a higher density level of multifamily, as well as mixed use. This type of development meets current City goals and policies of increasing residential opportunities and densities along core transportation corridors. Amending the RC will make development regulations on the property consistent with current code and surrounding properties.

BASIS OF RECOMMENDATION:

1. *The proposed zoning should promote consistent and orderly planning.*

The conditions of the 1971 RC are outdated and have been replaced by more appropriate development regulations under current code.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
Site	LO-V-NP	Undeveloped, Parking lot
North	LO-NP, LO-CO-NP, SF-3-NP	City drainage features, Single family residential
South	PUD	Mueller PUD- Office, Commercial, Residential
East	LO-V-NP, LI-NP, GR-MU-CO-NP	Religious assembly, City drainage features, Automotive washing, Service station, Food sales
West	GR-MU-V-CO-NP, LO-V-NP, MF-2-NP	Multifamily, Office, Restaurant-limited

THE STATE OF TEXAS :

COUNTY OF TRAVIS :

WHEREAS, the undersigned are the owners of the following described property located and being in the City of Austin, Travis County, Texas, to wit:

Those four tracts of land described in Exhibit A attached hereto and incorporated herein for all purposes.

WHEREAS, the City of Austin is desirous that said property be developed properly and appropriately so that such city will be able to plan the future expansion of its utility and street systems in the area; and

WHEREAS, the City of Austin and the undersigned have agreed that the above property owned by the undersigned should be impressed with certain covenants and restrictions running with the land and desire to set forth such agreement in writing:

Now, therefore, KNOW ALL MEN BY THESE PRESENTS:

That the undersigned, the owners of the above described property in the City of Austin, Travis County, Texas, for and in consideration of \$1.00 cash and other valuable consideration to them in hand paid by the City of Austin, a municipal corporation, the receipt of which is hereby acknowledged, do hereby agree with respect to said property described above, such agreement to be deemed and considered as a covenant running with the land and which shall be binding upon them, their heirs, executors, administrators, successors and assigns, as follows, to wit:

1. In the event any of the above described tracts are developed with multi-family improvements, the number of units which may be erected on each such tract shall be the number which would be authorized if said tract were zoned BB "Residence" First Height and Area.

2. If any person or persons shall violate or attempt to violate the foregoing agreement and covenant, it shall be lawful for the City of Austin, a municipal corporation, its successors and
