PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application’s hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission’s decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:
- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (it may be delivered to the contact person listed on a notice); or
- appearing and speaking for the record at the public hearing; and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 14 days after the decision. An appeal form may be available from the responsible department.

Comments: This neighborhood has been assaulted by companies and companies, posing an individual for the last few years.
These companies and individuals, posing as companies and
care only about their profits. The construction roads,
making waves of vehicles in and out of the neighborhood
threaten the peace and community
of the neighborhood. Also, many old, healthy
beautiful trees have lost their lives because
of the desire for profit. I am also very
concerned with flood risk.

Comments: I believe in restoring and enhancing the original historic homes in our neighborhood to preserve the character and charm of our neighborhood. I am against tear-downs for older historic homes.

Comments: Our neighbor recently remodeled their 50’s home, without adding a story or over building on their lot. We think in order to preserve the character and heritage of our neighborhood, tear down should not be performed on historic structures.
