January 17, 2020

Victoria Haase
2309 Quarry Rd
Austin TX, 78703

Property Description: W 110 FT OF LOT 6 *& E 4 FT OF LOT 7 BLK 2 WESTFIELD A

Re: C15-2020-0006

Dear Victoria,

Austin Energy (AE) has reviewed your application for the above referenced property, requesting that the Board of Adjustment consider a variance(s) from the following section of the Land Development Code;

Section 25-2-515 (*Rear Yard of a Through Lot*) setback requirements;
to decrease the minimum rear yard setback for each lot 2309 & 2311 Quarry Rd. from 25 feet (required) to 10 feet (requested); In order to erect a single-family residence per lot in a SF-3", Single-Family Residence zoning district.

Austin Energy does not oppose requested variance, provided any proposed and existing improvements follow Austin Energy clearance criteria requirements, the National Electric Safety Code and OSHA. Any removal or relocation of existing electric facilities will be at owners/applicants' expense.

Please use this link to be advised of our clearance and safety requirements.

<https://austinenergy.com/wcm/connect/8bb4699c-7691-4a74-98e7-56059e9be364/Design+Criteria+Manual+Oct+2015.pdf?MOD=AJPERES>

see - Page 92 - 1.10.0 Clearance and Safety Requirements.

If you require further information or have any questions regarding the above comments, please contact our office. Thank you for contacting Austin Energy.

Eben Kellogg, Property Agent

Board of Adjustment General/Parking Variance Application

WARNING: Filing of this appeal stops all affected construction activity.

This application is a fillable PDF that can be completed electronically. To ensure your information is saved, [click here to Save](#) the form to your computer, then open your copy and continue.

The Tab key may be used to navigate to each field; Shift + Tab moves to the previous field. The Enter key activates links, emails, and buttons. Use the Up & Down Arrow keys to scroll through drop-down lists and check boxes, and hit Enter to make a selection.

The application must be complete and accurate prior to submittal. ***If more space is required, please complete Section 6 as needed.*** All information is required (if applicable).

For Office Use Only

Case # _____ ROW # _____ Tax # _____

Section 1: Applicant Statement

Street Address: 2309 & 2311 Quarry Road

Subdivision Legal Description:

2309: East 60 feet of the West 110 feet of Lot 6, Block 2, Westfield A Subdivision

2311: West 50 feet of Lot 6 and East 4 feet of Lot 7, Block 2, Westfield A Subdivision

Lot(s): _____ Block(s): _____

Outlot: _____ Division: _____

Zoning District: SF-3-NP

I/We A. Ron Thrower on behalf of myself/ourselves as
authorized agent for Centex Urban Ventures, LLC (Patrick Dunn) affirm that on
Month November, Day 6, Year 2019, hereby apply for a hearing before the
Board of Adjustment for consideration to (select appropriate option below):

☒ Erect ☐ Attach ☐ Complete ☐ Remodel ☐ Maintain ☐ Other: _____

Type of Structure: 1- single-family residential home & associated accessory structure PER LOT

Portion of the City of Austin Land Development Code applicant is seeking a variance from:

25-2-515 - REAR YARD OF THROUGH LOT - to decrease the rear yard setback from 25 ft. (required) to 10 ft. (requested) PER LOT. BOTH of the lots (2309 & 2311) are seeking a reduction in the rear setback from 25 ft. to 10ft.

Section 2: Variance Findings

The Board must determine the existence of, sufficiency of, and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional supporting documents.

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

I contend that my entitlement to the requested variance is based on the following findings:

Reasonable Use

The zoning regulations applicable to the property do not allow for a reasonable use because:

the requirement of a 25 ft. no-build setback from both the front and rear lot-line reduces the area the can be developed. Those areas outside of the setback are populated with 9 protected trees, 3 of which are Heritage. The property cannot be reasonably developed when abiding by both the setback requirement and tree protections.

Hardship

a) The hardship for which the variance is requested is unique to the property in that:

There are several protected and heritage trees on the properties that require greater flexibility for building placement in order to preserve the trees.

b) The hardship is not general to the area in which the property is located because:

Most structures on this block were built in the 1940's; before the implementation of the Tree Preservation Ordinance.

Area Character

The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

The variance will not alter the character of the area as it will preserve the trees and will have development that is consistent with the other 15 lots along this block that use Quarry Rd as the front lot-line and W 12th Street as the rear lot line where garages are placed. Two properties have received the same variance to work new development among the mature trees.

Parking (additional criteria for parking variances only)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed in the City of Austin Land Development Code Chapter 25-6, Appendix A with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonably require strict or literal interpretation and enforcement of the specific regulation because:

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

Section 3: Applicant Certificate

I affirm that my statements contained in the complete application are true and correct to the best of my knowledge and belief.

Applicant Signature: A. Ron Thrower Digitally signed by A. Ron Thrower
DN: c=US, e=ron@throwdesign.com, o=Thrower
Design, cn=A. Ron Thrower
Reason: I am approving this document

Section 5: Agent Information

Agent Name: Thrower Design (A. Ron Thrower and Victoria Haase)

Agent Mailing Address: P.O. Box 41957

City: Austin State: TX Zip: 78704

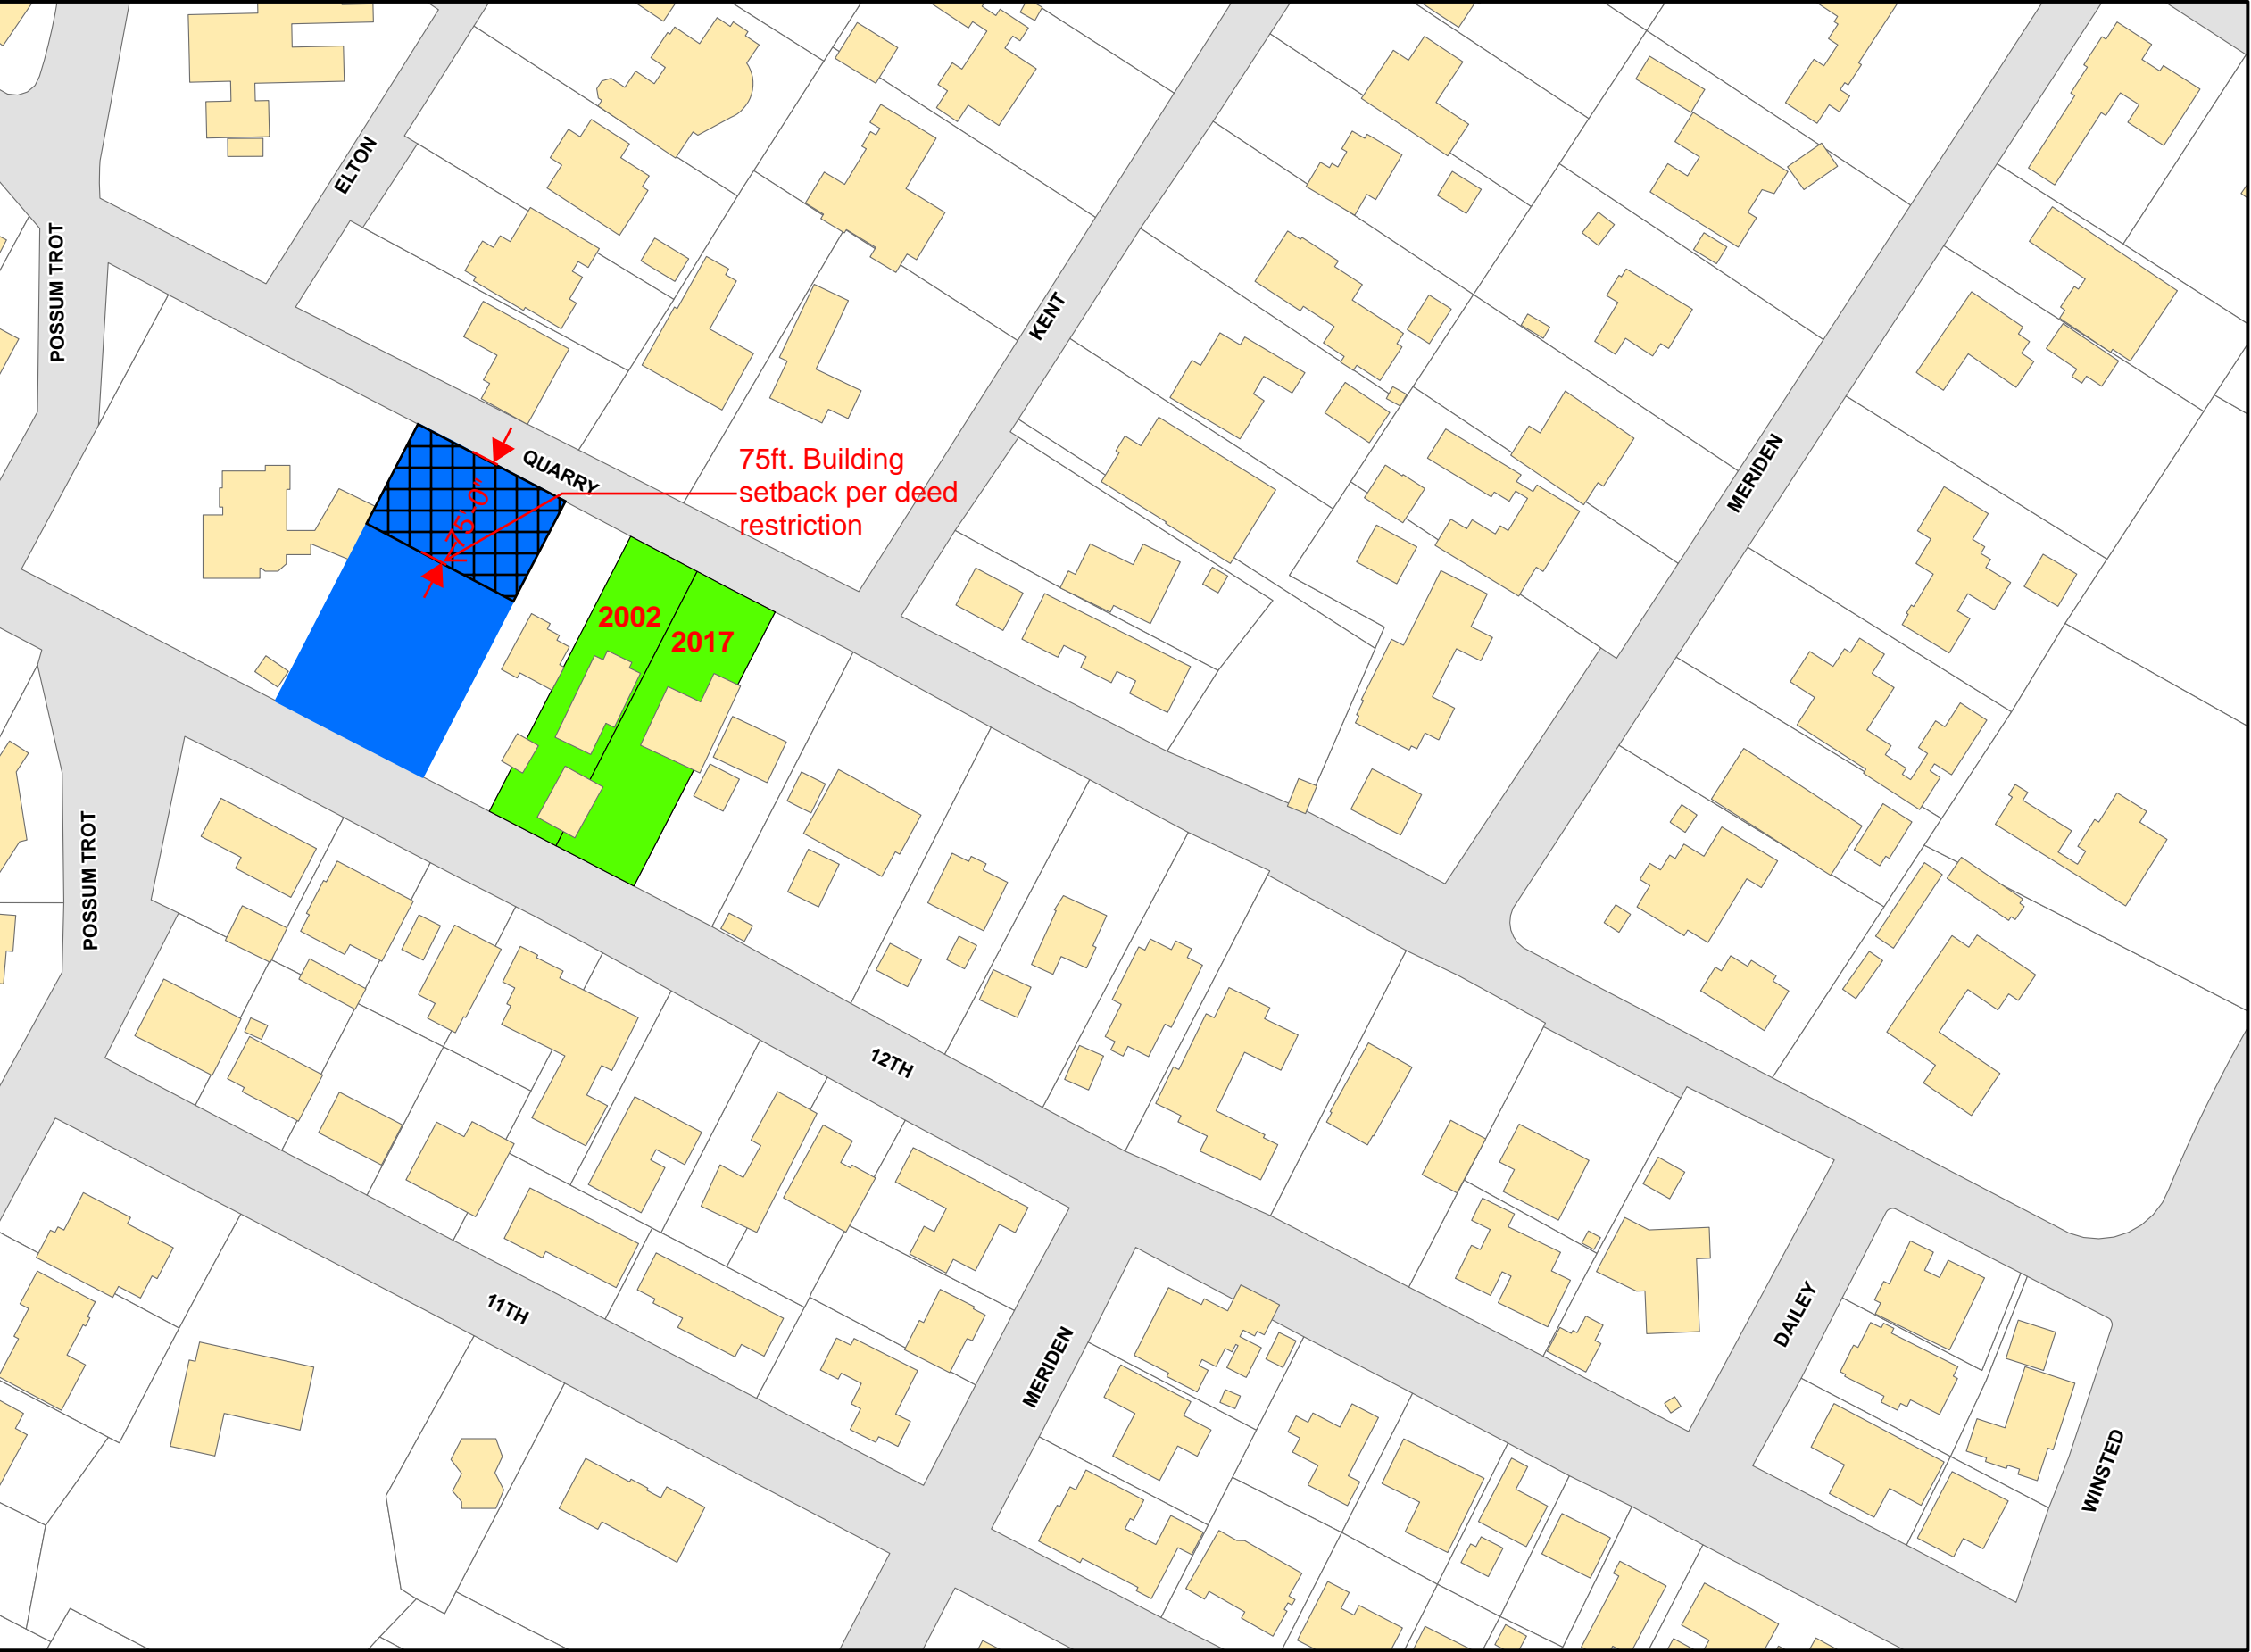

Phone (will be public information): (512) 476-4456

Email (optional – will be public information): [REDACTED]

Section 6: Additional Space (if applicable)

Please use the space below to provide additional information as needed. To ensure the information is referenced to the proper item, include the Section and Field names as well (continued on next page).

The subject properties (2309 & 2311) are two legal lots according to C81-00-2179 & C81-00-2180. The lots will be developed independently so that each lot will have a single-family house and an accessory structure (garage). Total development between both lots will yield 2 single-family homes and 2 accessory units (garage); One house and one garage per lot.

MAP OF TOPOGRAPHIC SURVEY OF
THE WEST 50 FEET OF LOT 6 AND THE EAST 4 FEET
OF LOT 7, BLOCK 2, WESTFIELD "A", A SUBDIVISION
IN TRAVIS COUNTY, TEXAS, ACCORDING TO THE MAP
OR PLAT THEREOF RECORDED IN VOLUME 3
PAGE 107 OF THE PLAT RECORDS OF TRAVIS
COUNTY, TEXAS. LOCATED AT 2311 QUARRY ROAD.

This survey was completed without the benefit of a current title commitment.
This tract may be subject to restrictions and easements not shown hereon.

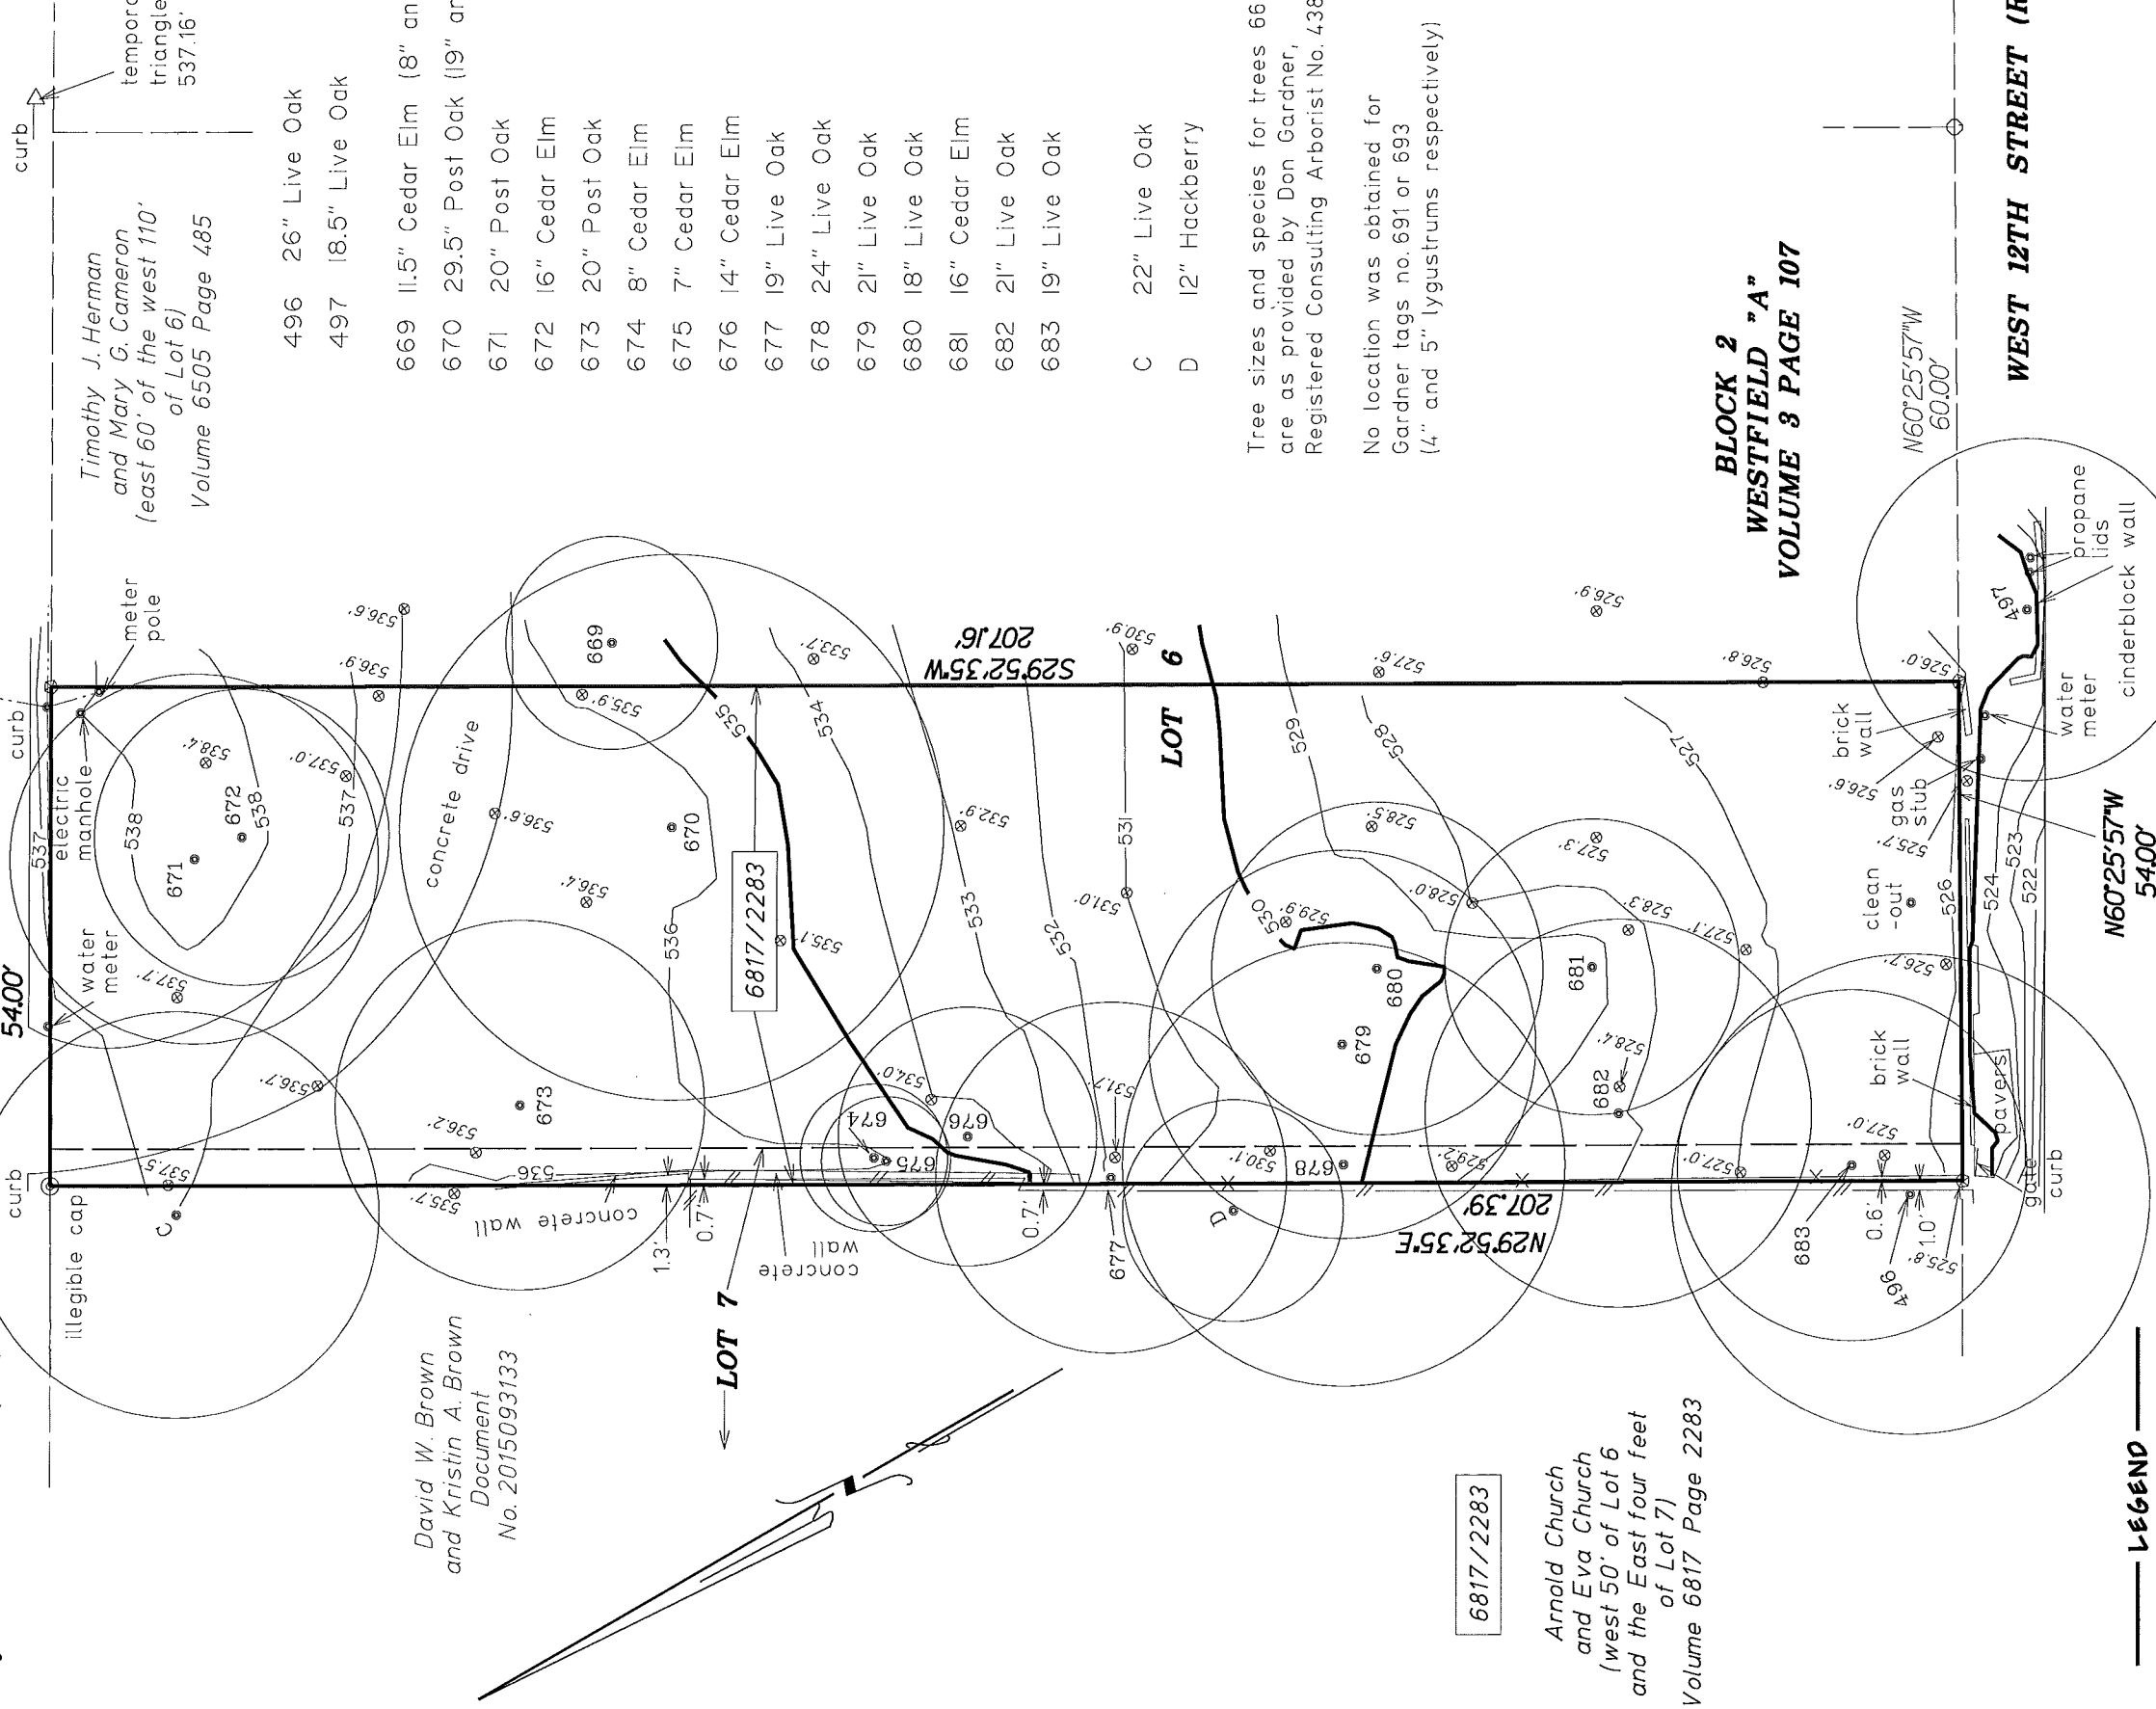

Elevations shown hereon are based on GPS
observations over a Trimble RTK network. NAVD88 datum.

Tree "crowns" shown hereon are drawn as a function of trunk diameter.
One inch of trunk diameter equals one foot of crown radius. Multi-trunk
trees are drawn calculated on the full diameter of the largest stem
plus one half of the diameter of each additional stem. Due to
natural variations in tree growth, these generalized depictions may not
correlate to actual tree crowns or root zones. In addition, at the time of
this survey, trees were protected by lumber for
construction/demolition. Under these challenging circumstances,
center of tree was located as closely as possible, but may be less
accurate than may be obtained for trees with no such protection.

Board of Adjustment

Re: Building setback variance for 2309 and 2311 Quarry Lane; (25-2-515 of LDC)

Board Members –

I write to communicate my support of the property owner's request for a 10 foot building setback from W. 12th Street (rear lot line).

Please feel free to contact me if you have questions.

Thank you,

Lizzie Clarke
