

Barton Springs Tree Planting Process

Joint Committee Ask

PARD Staff and Forestry Staff will devise a written agreement with stakeholders, partner groups and nonprofits that request tree plantings within the Barton Springs Pool area. The written planting agreement will be directed to the Joint Committee as a notification process.

Planting Guiding Principles

- Masterplan
 - “new trees should be planted to preemptively replenish the canopy and to densify the shade”
 - “selected from the native Texas tree palette and should be chosen for their beauty, their durability and their appropriateness to their waterside location”
- Age Diversity
- Species Diversity

Planting Notification

- Planting will be shared via a memo by July 1st each year
- Presentation when the Joint Committee meets between July 1st and the start of the tree planting season

Steps After Notification

- PARD makes tree purchases. Possible donation support
- Planting dates established
- Maintenance details coordinated
- Work with volunteers and support groups
