*** External Email - Exercise Caution ***

Andrew and all concerned, as discussed this morning I would like to register my opposition to moving the house on W. 9 1/2 St. The house is in very good condition and is a fine basis for a remodel. I will never understand why people buy houses and then later decide it won't fit their needs. There is nothing about this house that should be of any kind of surprise at this point. It may have challenging features like trees blocking a clear path or similar issues but the tree was there long before the purchaser. Please reject this request. There simply has to be a better solution.

Kind regards, Steve Ascherl
