ADDRESS: 3124 East Parmer Lane**DISTRICT AREA:** 1**APPLICANT/OWNER:** RH Pioneer North, LLC (Jordan Litwiniak)**AGENT:** City of Austin – Planning and Zoning Department (Sherri Sirwaitis)**ZONING FROM:** PUD **TO:** PUD **AREA:** 376.25 acres**SUMMARY STAFF RECOMMENDATION:**

The staff's recommendation is to grant the 16th amendment to the Pioneer Crossing PUD.

ZONING AND PLATTING COMMISSION RECOMMENDATION:**DEPARTMENT COMMENTS:**

The Pioneer Crossing Planned Unit Development (PUD) was approved by Council in 1997. On October 17, 2019, the City Council approved the 14th amendment to the PUD through Ordinance No. 20191017-064. The 14th amendment inadvertently omitted the following language in Part 7(C)(6) of the original PUD ordinance:

~~[or those improvements that may be otherwise required by the City of Austin or specifically authorized under this ordinance.]~~

The accidental omission of this language limits the types of improvements the City may require near an open waterway with upstream drainage. Therefore, the staff placed an item on the February 18, 2020 Zoning and Platting Commission agenda to request that the Commission initiate this new PUD amendment case to rezone the property to reinsert that language. This case is a result of the ZAP Commission rezoning initiation.

C814-96-0003.13 (Pioneer Crossing PUD Amendment #13: East Parmer Lane)	PUD to PUD: The applicant is requesting changes to the land use plan to relocate the community recreation areas to the central portion of the site near Harris Branch Creek with another community recreation area following Tributary 6 to Harris Branch in the southern portion of the tract.	1/19/18: Approved Administratively by the Staff - The purpose of this change is to decrease the amount of potential development along the riparian corridors while maintaining the development entitlements already approved for this portion of the PUD. This amendment is considered a non-substantial amendment because the total residential amounts and approved densities for residential units, commercial space and community recreation/parkland dedication areas will remain the same. C814-96-0003.12 (Pioneer Crossing PUD Amendment #12: 2500 E. Braker Lane)	PUD to PUD: To change the proposed land use designation on parcel W11 from GR, Community Commercial, to SF-5, Urban Family Residence.	8/16/13: Approved Administratively by the Staff - The staff supports the applicant's request to reduce the intensity of uses near other residential parcels within the PUD. This change will permit the applicant to develop this 17.281 acre parcel with residential uses adjacent to an existing SF-5 parcel to the west (W12), SF-2 parcel (W9) to the north, and public park parcel (W10) to the east. In addition, the staff has asked the applicant to add a note to the PUD land use plan stating that, "The alignment of SH-130 has been relocated by the Texas	N/A

		Department of Transportation to a location outside the boundaries of the Pioneer Crossing PUD and it is therefore no longer a part of this development". This notation will help to clarify the parcels/right-of-way layout within the PUD on the land use plan.	
C814-96-0003.11 (Pioneer Crossing PUD Amendment #11: 2101 East Parmer Lane)	PUD to PUD: To reduce the intensity of uses permitted and to allow for single-family residential uses adjacent to the existing SF-2 parcel (W4) and public park parcel (W10) to the south, to remove the all of minimum setback requirements and to reduce the minimum lot size to from 5,750 sq. ft. 2,500 sq. ft. for the proposed SF-6 development on parcel (W2B), to remove all interior side yard setbacks on the proposed SF-3 (W3) and SF-6 (W2B) residential parcels and to designate a new 10+ 'GR' district parcel along Parmer Lane.	Case expired on 9/20/13 as the applicant did not submit and update 180 days from the date the application was filed per LDC Sect. 25-5-113.	N/A

C814-96-0003.09 (Pioneer Crossing PUD Amendment #9: 2405 E. Yager Lane)	PUD to PUD: To amend the PUD to create a new parcel that will now be known as Parcel E21 for the property located at 2405 East Yager Lane and to designate "P" Public zoning district permitted uses and site development standards for Parcel E21 within the PUD. The applicant also requests that Major Utility Facilities and Maintenance and Service Facilities shall be permitted uses on this parcel within the PUD so that they will not be subject to the conditional use permit requirement for a property that is zoned P-public and greater than one acre.	5/03/11: Approved staff's recommendation for PUD zoning by consent (6-0); D. Tiemann-1 st , C. Banks-2 nd .	6/23/11: Approved PUD amendment on all 3 readings (7-0)
C814-96-0003.08 (Pioneer Crossing PUD Amendment #8: Samsung Boulevard)	PUD to PUD: To amend the PUD to relocate a 50-foot buffer/setback between Tracts E-8 and E-9 on the land use plan. Currently, the 50-foot buffer is shown entirely within Tract E-8, which is designated for IP (Industrial Park) development. The applicant would like to move the buffer to allow for 25-feet of the buffer to be located along the western boundary of Tract E-8 and 25-feet of the buffer to be located	9/02/08: Administratively approved by staff - The staff supports the proposed administrative change the land use plan because Tracts E-8 and E-9 are both owned by the applicant who is making this request. In addition, the proposed relocation of the 50-foot buffer will maintain a separation between the IP uses designated for Tract E-8 and the MF-2 uses which are designated for Tract E-9 within the Pioneer Crossing development. The requested land use relocations will promote consistency and orderly planning because these	N/A

	along the eastern boundary of Tract E-9.	changes will allow the 50-foot buffer to be centered on the common line that separates Tracts E-8 and E-9. At this time, both of these tracts are undeveloped.

STAFF RECOMMENDATION

The staff's recommendation is to grant the 16th amendment to the Pioneer Crossing PUD.

BASIS FOR RECOMMENDATION

- 1. The Planned Unit Development District (PUD) is intended for large or complex developments under unified control planned as a single contiguous project. The PUD is intended to allow single or multi-use projects within its boundaries and provide greater flexibility for development proposed within the PUD.*

The proposed 16th amendment to the Pioneer Crossing PUD will remedy an error in the conditions that were approved for this PUD. This amendment will add back language to that will allow for the City to determine the types of improvements the City may require near an open waterway with upstream drainage.

Existing Land Use

The site under consideration is part of an existing PUD that consists of 1549.23 acres of land located in the vicinity of East Parmer Lane south of E. Howard Lane/Gregg Lane, east of Dessau Road, west and north of Cameron Road. These parcels are tracts of land that were added to the PUD and described as Areas B and C, through case C814-96-0003.03 (Pioneer Crossing PUD Amendment #3) through Ordinance No. 20050512-058.

The property in question is an undeveloped area that is specifically located between East Parmer Lane and E. Howard Lane/Gregg Lane. To the north, across E. Howard Lane, there is a single-family residential subdivision (Cantarra Meadow). The tracts of land to the east are undeveloped and consist of farmland. To the west there are single family residences, stables, a manufactured housing subdivision (River Ranch) and undeveloped land. To the south, across E. Parmer Lane, is an industrial use (Samsung Manufacturing).

Comprehensive Planning

This 376 acre vacant parcel, once used as farmland, is located on the north side of E. Parmer Lane and Samsung Blvd, and to the south side of E. Howard Lane. The last amendment to this PUD project was reviewed and approved by staff in October 2019.

The PUD project area is not located within the boundaries of a neighborhood planning area. Surrounding land uses include vacant land, two residential subdivisions, a horse ranch, and single-family housing to the north; the Samsung manufacturing plant, and vacant land to the south; vacant land and a residential subdivision to the west; and a large commercial greenhouse, vacant land, vehicle storage, convenience storage, and residential uses to the east. An elementary school is located just over a mile away, on Samsung Boulevard.

This property is part of the **Pioneer Crossing PUD**, a mixed-use project, which includes mixed residential, commercial, community recreation, and public parks.

Connectivity

There are no CapMetro transit stops located within walking distance of this property along E. Parmer Lane or E. Howard Lane. A public sidewalk system is located along E. Howard Lane and partially along E. Parmer Lane. No public sidewalks are located from E. Parmer Lane going down Samsung Blvd., until you come to the elementary school and the residential subdivision located across the street from the school, which is just over a mile from the subject property. There is a bike lane going both ways partially along Samsung Blvd., also near the school, but ends once approaching the Samsung factory. The Walkscore for this property is **26/100, Car Dependent**, meaning most errands require a car. There are no existing urban trails within walking distance to this site.

Imagine Austin

The Imagine Austin Growth Concept Map, found in the Imagine Austin Comprehensive Plan, identifies this section of E. Parmer Lane and Howard Lane to the north as **Activity Corridors**. Activity corridors are the connections that link activity centers and other key destinations to one another and allow people to travel throughout the city and region by bicycle, transit, or automobile. Activity Corridors are characterized by a variety of activities and types of buildings located along the roadway — shopping, restaurants and cafés, parks, schools, single-family houses, apartments, public buildings, houses of worship, mixed-use buildings, and offices. Along many corridors, there will be both large and small redevelopment sites.

While this property (where the master plan was first approved in 1996), is located along two Activity Corridors, based on the proposed minor amendment to this previously approved PUD project, this case falls below of Imagine Austin, which is broad in scope and consequently the plan is neutral on this proposed PUD amendment.

Floodplain

From the application saved in AMANDA, city wishes to include a phrase which was accidentally removed as part of a previous PUD amendment. There are no other changes shown in the application.

Impervious Cover

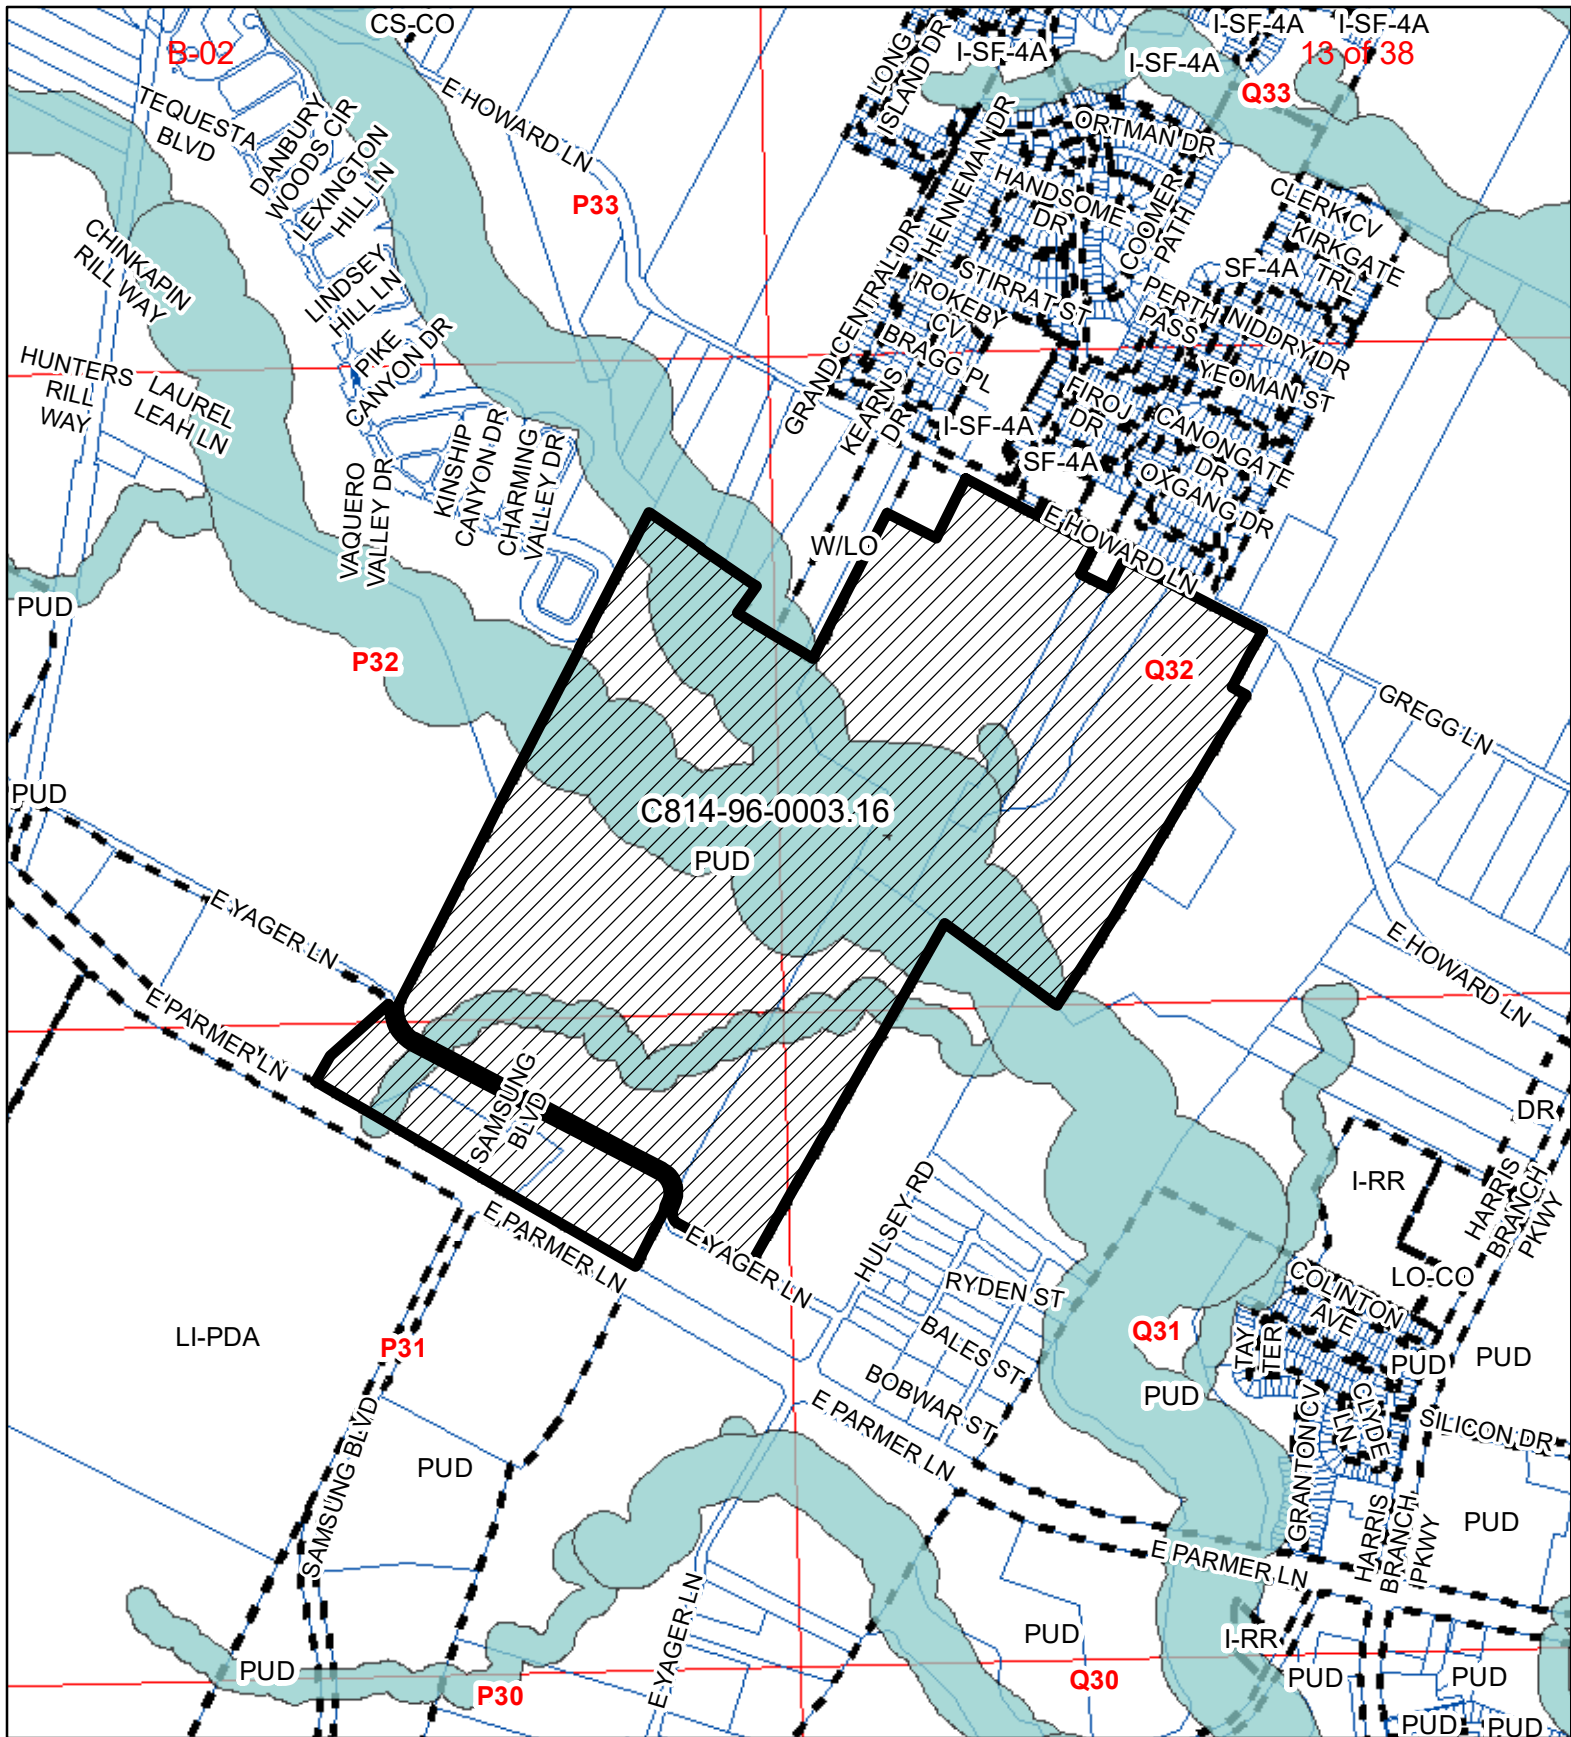

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Desired Development Zone. The site is in the Harris Branch Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Net Site Area</i>	<i>% with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%

RE: Pioneer Crossing PUD Amendment #14, Case C814-96-0003.14

The Pioneer Crossing Planned Unit Development (PUD) was approved by Council in 1997. On October 17, 2019, the City Council approved the 14th amendment to the PUD through Ordinance No. 20191017-064. The 14th amendment inadvertently omitted the following language in Part 7(C)(6) of the original PUD ordinance:

~~[or those improvements that may be otherwise required by the City of Austin or specifically authorized under this ordinance.]~~

The accidental omission of this language limits the types of improvements the City may require near an open waterway with upstream drainage. Therefore, an item has been placed on your agenda for consideration to initiate a new PUD amendment case to rezone the property to reinsert that language.

ORDINANCE NO. 20191017-064

AN ORDINANCE AMENDING ORDINANCE NO. 970410-I TO MODIFY THE LAND USE PLAN FOR THE PIONEER CROSSING PROJECT, REZONING AND CHANGING THE ZONING MAP FROM PLANNED UNIT DEVELOPMENT (PUD) DISTRICT TO PLANNED UNIT DEVELOPMENT (PUD) DISTRICT FOR THE PROPERTY LOCATED AT 3124 EAST PARMER LANE.

5. Revegetation of any disturbance within the building setback on Tributary #6 shall be restored per the City of Austin Standards Specifications Manual, Standard Specification 609S (*Native Seeding and Planting for Restoration*).

6. The following applies to Property that has an open waterway with an upstream drainage area between 64 and 320 acres:

The building setback is 50 feet on either side of the centerline of an open waterway. Improvements permitted with the setback are limited to ~~[golf cart trails, and one]~~ only two new roadway crossings. ~~[for those improvements that may be otherwise required by the City of Austin or specifically authorized in this ordinance.]~~ in addition to the existing crossing at Yager Lane as shown on Exhibit B. Trails are allowed in the building setback consistent with current code requirements for trails in the critical water quality zone at the time of site development permit application.

Language to be added back in Amendment 10

PART 8. The Pioneer Crossing PUD land use plan under the Original Ordinance, as amended, is modified and amended as shown on **Exhibit "D"**, as follows:
