APPLICANT: Alkesh Patel

OWNER: Loin Veldt

ADDRESS: 2600 BROCKTON DR

VARIANCE REQUESTED: The applicant is requesting a sign variance(s) from Section 25-10-133 (University Neighborhood Overlay Zoning District Signs) (G) to allow for one (1) 6 ft. tall freestanding monument sign and two (2) 217 sq. ft. wall signs, all illuminated in order to provide signage for the new Hilton Garden Inn in a “NBG-NP”, North Burnet/Gateway – Neighborhood Plan zoning district. (North Burnet)

Note: The Land Development Code sign regulations 25-10-133 University Neighborhood Overlay Zoning Districts Signs (G) states a sign may not be illuminated or contain electronic images or moving parts.

BOARD’S DECISION: May 11, 2020 **The public hearing was closed by Chair Don Leighton-Burwell, Board Member Michael Von Ohlen motions to postpone to June 8, 2020, Board Member Melissa Hawthorne seconds on an 11-0 vote; POSTPONED TO JUNE 8, 2020. (RE-NOTICE)**

FINDING:

1. The variance is necessary because strict enforcement of the Article prohibits and reasonable opportunity to provide adequate signs on the site, considering the unique features of a site such as its dimensions, landscape, or topography, because:

OR,

2. The granting of this variance will not have a substantially adverse impact upon neighboring properties, because:

OR,

3. The granting of this variance will not substantially conflict with the stated purposes of this sign ordinance, because:

I/We Alkesh Patel on behalf of myself/ourselves as
 authorized agent for Lion Veldt affirm that on
 Month January, Day 16, Year 2020, hereby apply for a hearing before the
 Board of Adjustment for consideration to (select appropriate option below):

☐ Erect ☒ Attach ☐ Complete ☐ Remodel ☐ Maintain ☐ Other: _____

Type of Sign: (2) illuminated wall signs

Portion of the City of Austin Land Development Code applicant is seeking a variance from:

Applicant is requesting sign variance from Section 25-10-133(C) A sign may not exceed 150
square feet of sign area. We are requesting 127 sq. ft. on the South and West elevations. We
are also requesting a sign variance from SEction 25-10-133 (G) A sign may not be illuminated
or contain eletronic images or moving parts. Both signs are face lit with LED's

Section 2: Variance Findings

The Board must determine the existence of, sufficiency of, and weight of evidence supporting the findings described below. In order to grant your request for a variance, the Board must first make one or more of the findings described under 1, 2, and 3 below; the Board must then make the finding described in item 4 below. If the Board cannot make the required findings, it cannot approve a sign variance.

Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional supporting documents.

I contend that my entitlement to the requested variance is based on the following findings:

1. The variance is necessary because strict enforcement of the Article prohibits any reasonable opportunity to provide adequate signs on the site, considering the unique features of the site such as dimensions, landscaping, or topography, because:

The proposed signs and locations are in line with the existing signs at the neighboring businesses and are appropriately scaled to the size of the building. Due to the nature of this business and customers trying to find this location at night illumination of the signs would greatly improve traffic to this upcoming business and get in the turning lane on approach.

—OR—

2. The granting of this variance will not have a substantially adverse impact upon neighboring properties, because:

Other businesses right by them including but not limited to is Compass Bank and an entire strip center next to this property all have illuminated signs, it would be very hard to find the location.

—OR—

3. The granting of this variance will not substantially conflict with the stated purposes of this sign ordinance, because:

The proposed signs were appropriately scaled to the size of the hotel building, which falls in line with the sizes of signs in neighboring businesses. Also, the signs fall within the typical exterior identification for hotels in the surrounding area.

AND,

4. Granting a variance would not provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated, because:

Due to the nature of this hotel business there will be customers looking for this location at night time. Without illuminated signs and no monument or pylon, it would be very hard to find the location. This a growing area near the Domain and would benefit all to see this location at night.

Re: C16-2020-0002

Dear Alkesh,

Austin Energy (AE) has reviewed your application for the above referenced property, requesting that the Board of Adjustment consider a sign variance(s) from-

Section 25-10-133 (*University Neighborhood Overlay Zoning District Signs*) (G);
to allow two (2) 217 sq. ft. wall signs, all illuminated;

In order to provide signage for the new Hilton Garden Inn in a "NBG-NP", North Burnet/Gateway – Neighborhood Plan zoning district. (North Burnet)

Austin Energy does not oppose the above sign variance request, provided any proposed and existing improvements follow Austin Energy's clearance criteria requirements, the National Electric Safety Code and OSHA. Any removal or relocation of existing electric facilities will be at owners /applicants' expense.

The monument sign proposed location, conflicts with an existing electric and telecommunications easement being dedicated in the plat recorded in O.P.R.T.C.TX as doc. # 201600165. This sign will need to be relocated to be outside of the said easement.

Please use this link to be advised of our clearance and safety requirements which are additional conditions of the above review action: <https://austinenergy.com/wcm/connect/8bb4699c-7691-4a74-98e7-56059e9be364/Design+Criteria+Manual+Oct+2015.pdf?MOD=AJPERES>

If you require further information or have any questions regarding the above comments, please contact our office. Thank you for contacting Austin Energy.

Section 2: Variance Findings

The Board must determine the existence of, sufficiency of, and weight of evidence supporting the findings described below. In order to grant your request for a variance, the Board must first make one or more of the findings described under 1, 2, and 3 below; the Board must then make the finding described in item 4 below.
