Dear Historical Commission,

My name is Cyrus Reed and my wife, Rosa María López Reed, live at 4205 Avenue F with our children and dogs.

We have lived here for more than 25 years.

Our home is on the consent agenda for Item B.1, in order to replace our existing 25-year-old leaking roof with a modern, energy efficient seamless metal roof.

Because the item is on the consent agenda, I plan to listen and obviously support its approval.

To the extent any commissioner has questions, I am available, but simply want to be registered as for approval of the certificate to move forward on getting a new roof!

Thanks and appreciate the service of the Commissioners and staff. As a member of an advisory board myself (Electric Utility Commission) I appreciate the hard work.

So please approve the following:

1. HR-2020-122347 – Offered for consent approval  
4205 Avenue F (Hyde Park Historic District)  
Council District 9  
Proposal: Replace an asphalt shingle roof with standing seam metal. Applicant: Kim Boyer

City Staff: Cara Bertron, Historic Preservation Office, 974-1446 Staff Recommendation: Approve the plans.

Cyrus Reed, PhD  
Interim Director & Conservation Director, Lone Star Chapter,
