Re: Arboretum – Lot 9 (C14-2019-0159) – Indefinite postponement request for the zoning application associated with the 15.2-acre piece of property located at 9401 Arboretum Boulevard in Austin, Travis County, Texas (the “Property”)

Dear Ms. Lucas:

As representatives of the owners of the above stated Property, we respectfully request an indefinite postponement of the public hearing currently scheduled for Zoning and Platting Commission on October 6, 2020. This postponement is to allow the applicant to file a separate zoning application for the Arboretum preserve land and allow for the applications to run concurrently.

Please let me know if you or your team members require additional information or have any questions. Thank you for your time and attention to this project.

Very truly yours,

Amanda Swor
