

Austin Police Office of Community Liaison

Who Are We?

The Office of Community Liaison (OCL) works in each of APD's 4 regions as dictated by the needs of the department and the community. Outreach objectives include, but are not limited to:

- Attending safety fairs where the community can interact positively with police officers and other public safety representatives in their neighborhoods.
- Participating in Town Hall/neighborhood meetings called to address specific issues.
- Collaborating on projects with officers and community groups, which address long or short-term problems.
- Establishing communication links and partnerships between the police department and Austin residents.
- Coordinating ongoing projects, special events and celebrations for the officers and those we serve in Austin.
- Working collaboratively to assist one another within our outreach areas.

Who Are We?

Nonprofit arm of APD
