

Vivien Geneser, PhD
815 West Eleventh Street
Austin, Texas 78701

December 7, 2020

Dear Historic Landmark Commission,
Please accept my acknowledgement of support for the demolition of the structure that is located on the property at 815 West Eleventh Street.

As co-owner of the house from 1978-1998, and the sole owner of the property since the death of my husband, John Myles Geneser in 1998, I am responsible for decisions made pertaining to the structure at this address.

As you know, the property is currently under contract with Square One Consultants, Inc. ("Square One"). As part of the contractual process, Square One would like to secure approval for a demolition permit for the property.

Please be advised that I, as the owner, grant permission for the issuance of a demolition permit for the property. If I previously indicated otherwise, the statement was based on a misreading of the contract as well as misinformation from a legal advisor. At this time, I support the decision to demolish the house.

Based on the information provided in this document, it is my hope this item will again appear on the Consent Agenda for the meeting on December 14, 2020.

If you have any questions concerning my support of this demolition permit, please feel free to call and confirm at your convenience.

Sincerely,

Vivien Geneser
