The City of Pflugerville ("Pflugerville") has requested an easement across the City of Austin's ("Austin") Walnut Creek Wastewater Treatment Plant for the purpose of constructing a Pflugerville raw water intake main extending from the Colorado River to Pflugerville's new water treatment site. In exchange, Pflugerville will grant to Austin and Northtown Municipal Utility District No. 1 ("Northtown") two easements across Pflugerville parkland and assign two easements across private property. These easements will be used to facilitate Austin wholesale water and wastewater service to the Settler's Meadow subdivision located within Northtown and discontinue the provision of temporary water and wastewater service to Settler's Meadow from Pflugerville. Upon annexation of Northtown, Austin will succeed to all Northtown water and wastewater facilities and accompanying easements.
