Bipartisan Infrastructure Law (BIL)

Clarifying Information:

Airport terminal Program Project Eligibility provisions from Directly from Legislative Language

Airport terminal development as defined under 49 U.S.C. §47102(28)

- Airport passenger terminal buildings including terminal gates
- Access roads servicing exclusively airport traffic that leads directly to or from an airport passenger terminal building
- Walkways that lead directly to or from an airport passenger terminal building *Connection to light rail
- Vehicles for moving passengers between terminal facilities and between terminal facilities and aircraft

Source: FAA Website

Airport Terminal Program— Project Priorities As Stated in the BIL

Airport Infrastructure Grant Program federal shares (FAA Contributions) are the same as for AIP

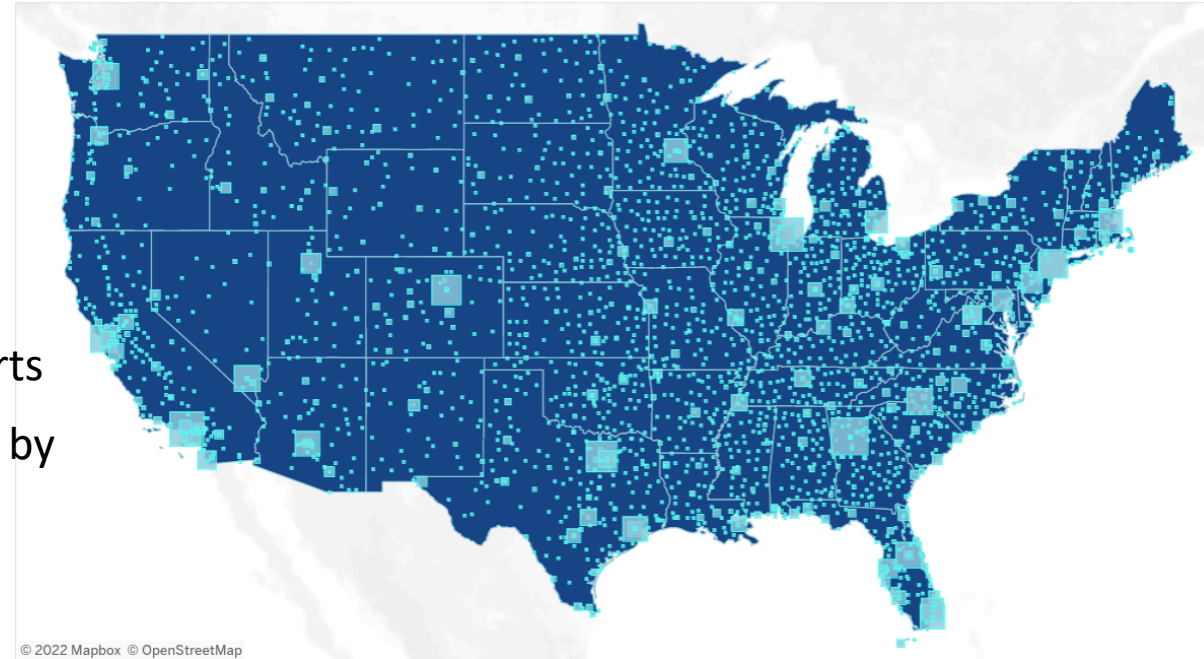

- Generally 75% for large and medium hubs
- Generally 90% for other NPIAS airports

Terminal Improvement Program federal shares (FAA Contributions) are modified from AIP

- 75% for large and medium hubs
- 95% for small hubs, non-hubs, and non-primary airports

Terminal Improvement Program also includes apportionment by airport size

- No more than 55% of TIP can go to large hubs
- **No more than 15% can go to medium hubs (150M of overall 1B program, ~5M per medium hub airport)**
- No more than 20% can go to small hubs
- Not less than 10% must go to nonhub and non-primary airports

Airport Terminal Program— Project Priorities As Stated in the BIL

Consideration to be given to projects that:

1. Increase capacity and passenger access
2. Replace aging infrastructure
3. Achieve compliance with the Americans with Disabilities Act/ expand accessibility for persons with disabilities
4. Improve airport access for historically disadvantaged populations
5. Improve energy efficiency, including upgrading environmental systems, upgrading plant facilities, and achieving Leadership in Energy and Environmental Design (LEED) accreditation standards
6. Improve airfield safety through terminal relocation
7. Encourage actual and potential competition
8. Previously funding FAA Programs/Projects

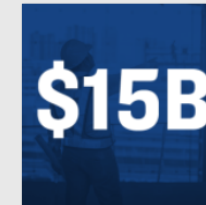

AIRPORT TERMINALS

To replace aging terminals, increase terminal energy efficiency and accessibility, and more.

AIR TRAFFIC FACILITIES

To replace facilities and equipment and improve safety, security, and environmental standards.

AIRPORT INFRASTRUCTURE

For airport projects that increase safety and expand capacity.

AUS – FAA BIL Strategies

Airport Terminals Grant Program:

- Shovel ready projects
 - Baggage Handling System
 - Terminal Optimization
- Future Projects
 - Concourse B
 - Tunnel

Airport Infrastructure Grant Program:

- Shovel ready project
 - Demo for Airfield Infrastructure
- Future Projects
 - Airfield Infrastructure
 - Central Utility Plant

Environmental Assessment Update
