Case C15-2022-0019

Shelley & Andrew Thompson

Hardship Request

This ADU is intended for our teen daughter

- She has a diagnosed mental health disability
- She receives support services from the Texas Workforce Commission
- The ADU is a potential home, or transitional housing, for her

We work from home advising physicians and institutions on rare diseases

Background & Requests

- House constructed in 2004 without a permit for the garage
- Sold to us in 2017 without any disclosure of permit status
- There is a bonus room above the garage, measuring approx. 864 sq ft. It is enclosed and climate-controlled
- We request two variances:
 1. an increase in FAR to a total of 45.7% (max=40%), and
 2. an allowance of a 2nd-floor room, that measures approx. 864 sq ft (max=550 sq ft)

Hi Andrew,

This variance request will be all good to go from Austin Energy's end in the March BOA meeting. I just approved everything in our system and let the BOA team know.

Let me know if you have any further questions or concerns.

Hello Andrew, thank you for letting the HPNA Development Review Committee review your plans. At this time, the DRC does not oppose your plans. The DRC cannot provide documentation or comment directly to the BOA, so feel free to use this email as you see fit (ie. send to your architect etc).

I personally know 49th street is going thru a transition where single family homes are being demolished and replaced with two large houses due to the large lots (ie condo regime etc).

I appreciate that you are maintaining your single family home and want to improve the property with a more habitable ADU for your family. I personally hope the BOA commission will consider this along with the fact your lot is 10K square feet.

If I can be of further assistance, please do not hesitate in contacting me.

Letter of Support for C15-2022-0019 / 607 E 49th St

We, the neighbors of Andrew & Shelley Thompson, support their request for two City of Austin variances, *Section 2.1 of Sub Ch. F* and *25-2-774 (C)(5)(b) Two-Family residential use*, to permit the existing 2-story accessory garage building at 607 E. 49th Street.

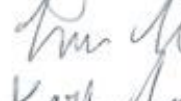

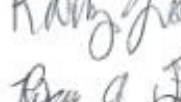

We understand that the request is to allow:

Variance 1) an increase in FAR to a total of 45.7% (max=40%) and

Variance 2) an allowance of a 2nd-floor room, which is 864 sq ft (max=550 sq ft), to permit the existing garage building at 607 E 49th Street.

We know that there will be no demolition of existing structures, no exterior changes to the existing garage building, nor any creation of new buildings, and that these variances will not impact the character of the neighborhood or any adjacent properties.

We know that this will not result in any changes or impact parking or traffic volume on our streets. We know that no trees will be affected by this project.
