CASE: C14-2022-0040 – Pioneer Hill Plaza

Z.A.P. DATE: July 5, 2022

DISTRICT: 1

ADDRESS: 10017-1/2 Dessau Road and 1501-1/2 Arborside Drive

AREA: 3.448 acres

OWNER: Continental Homes of Texas (John Sparrow)

APPLICANT: Doan & Associates (Julie Doan)

ZONING FROM: MF-3-CO

TO: CS

SUMMARY STAFF RECOMMENDATION:

Staff recommends GR-MU-CO. The conditional overlay would prohibit automotive rental, automotive sales, automotive repair services, automotive washing (of any type), and service station. An existing Traffic Impact Analysis (TIA) will be attached to the property via conditional overlay or public restrictive covenant.

For a summary of the basis of staff's recommendation, see case manager comments on page 2.

ISSUES:

The rezoning tract was included in a Traffic Impact Analysis (TIA) for the overall Pioneer Hill area that was approved in 2002 and amended in 2003 and 2011. At that time, the City of Austin attached TIA requirements via conditional overlay (CO) instead of via public restrictive covenant (RC). Staff recommends that the property remain subject to the TIA; City of Austin Law Department will determine whether a CO or RC is appropriate to tie the TIA to the property.

DEPARTMENT COMMENTS:

The subject property is located at the southeast corner of Dessau Road and Arborside Drive. The undeveloped property is currently zoned MF-3-CO, with the CO attaching TIA requirements as described in the Issues section. An unconstructed road right-of-way (ROW) is along the south side of the property (Edgeworth Bend), and unnamed streets are located along the east property lines. Property to the south and southeast is zoned MF-4 and includes undeveloped land and multifamily land uses. East of the rezoning tract are undeveloped SF-6-CO tracts; further northeast of the property are SF-6-CO tracts that are developed with small lot single family residences. Across Arborside Drive to the north is undeveloped land zoned MF-3-CO. Across Dessau Road to the west is a single family neighborhood zoned SF-3-NP. ***Please see Exhibits A and B- Zoning Map and Aerial Exhibit.***

The subject property was rezoned from Traditional Neighborhood Development (TND) to GR-CO and LI-CO in 2011. In addition to TIA requirements, the conditional overlays prohibited several land uses: Automotive sales, Automotive washing (of any type), Plant nursery, Urban farm, Bail bond services, Outdoor entertainment, Research services, Hospital services (general), Agricultural sales & services, Automotive repair services, Automotive washing (of any type), Commercial off-street parking, Convenience storage, Equipment sales, Drop-off recycling collection facility, Indoor entertainment, Laundry service, Monument retail sales, Printing & publishing, Vehicle storage, Basic industry, Resource extraction, Congregate living, Maintenance & service facilities, Transitional housing, Automotive sales, Bail bond services, Campground, Construction sales & services, Equipment repair services, Exterminating services, Hotel-motel, Kennels, Liquor sales, Outdoor entertainment, Scrap & salvage, Veterinary services, Recycling center, Club or lodge, Railroad facilities, Residential treatment, and Transportation terminal. ***Please see Exhibit C- 2011 Zoning Ordinance.***

The property was rezoned to MF-3-CO in 2020-2021 under City File # C14-2020-0122. The prohibited commercial and industrial land uses were no longer applicable, but the TIA requirement remained.

Staff does not support CS zoning at this location. Arborside Drive is the entry to a SF-6 neighborhood; CS zoning permits several intense land uses that are not suitable in a residential area. Staff supports GR-MU-CO for the site, with the following land uses prohibited: automotive rental, automotive sales, automotive repair services, automotive washing (of any type), and service station. GR-MU-CO would allow for a range of local commercial services in an area that is predominately residential, and still allow the possibility of residential development.

BASIS OF RECOMMENDATION

1. *Zoning should allow for reasonable use of the property.*
2. *Zoning should promote the policy of locating retail and more intensive zoning near the intersections of arterial roadways or at the intersections of arterials and major collectors.*

GR-MU-CO will allow for reasonable use of the property with local commercial services and allow the possibility of residential development. CS zoning should not be located at the entrance of a residential neighborhood; CS is better suited on an arterial or major collector roadway.
