Commissioners: The Historic Review Committee of the Bryker Woods Neighborhood Association does NOT oppose this project. (By way of information, our Neighborhood Association only votes to “oppose” or “not oppose;” we do not “support.”). However, since there were no proposed plans online, we strongly recommend to the HRC that the new home be built to “fit in” with Bryker Woods, a member of the Old West Austin Historic District and The National Register of Historic Places. We have noticed with concern the recent new constructions are very similar and are not truly compatible with a Historic Central City neighborhood. We hope you will encourage the architect to be considerate of our neighborhood and its historic contributions to our city.

Thank you for your consideration and support.
