

MINUTES OF THE CITY COUNCIL

CITY OF AUSTIN, TEXAS

Regular Meeting

February 1, 1962
10:00 A.M.

Council Chamber, City Hall

The meeting was called to order with Mayor Palmer presiding.

Roll call:

Present: Councilmen Armstrong, Perry, Shanks, White, Mayor Palmer
Absent: None

Present also: W. T. Williams, Jr., City Manager; Doren R. Eskew, City Attorney; Reuben Rountree, Jr., Director of Public Works; Robert A. Miles, Chief of Police

Invocation was delivered by RABBI CHARLES MINTZ, Temple Beth Isarel.

MR. GEORGE RIGGIN, Sears-Roebuck Company, discussed the proposal of Sears in relation to the Hancock Tract, as rumors had been that Sears was not interested and had asked for their money back. This rumor was untrue. He stated after the proposed sale had been advertised in the Wall Street Journal and other media, Sears-Roebuck was the only one that made a bid, and this was the largest price that has been paid for a tract of land of that size in the southwest. He stated they had plans for a large regional center which would be the pride of Central Texas, and he showed pictures of the plans and mall. The Austin Center will follow the same trend as the one in Fort Worth, which is the largest center ever opened. He said when the Election was over and they had the light to go ahead, they would get under full construction within 90 days, and hoped to have a multi-million dollar operation, and money on the tax rolls for 1963. He said he was all the way with the City in its efforts, and they were going forward and were ready to give employment to contractors and to others. As other firms expanded, employment would grow. He said this would be a union job and would be a big help to the labor market. The Mayor thanked Mr. Riggin for clearing up the rumor, and expressing interest in the election to be held on February 10. He said Sears had been a good citizen and Austin is proud to have the type of store that they are talking about placing here. Councilman Shanks stated the Council and Chamber of Commerce and others were interested in bringing industry in and creating more jobs. Mr. Riggin said they would increase their employment around 200-250 people and with the other 21 firms there would be another increase of employment.

MRS. BUFORD STEWARD, representing the Joslin P.T.A., Porter P.T.A., homes and children, stated the group was interested in the district park in South Austin, and when the development would start. The Mayor thanked the group for coming down and stated it was a year ago when they asked for a District Park in the southwest area, and the Council told them it would try to acquire a tract, but it was pointed out at that time that it would be sometime before a swimming pool could be built; and he stated during that time it was contemplated using the proceeds from the sale of the Hancock Tract which were included in the overall program, and it would depend on the outcome of the election as to the timing. He stated he would have to check specifically to see what had been projected for the District Park. COUNCILMAN SHANKS said he and the Director of Recreation were making a study of this park. MR. RUSSELL ROWLAND endorsed the election whereby the people will have a chance to sell this land and spread the proceeds for the various recreational items as listed. MRS. STEWARD asked for a definite answer if the sale of the Hancock tract were approved, that they would have some sort of priority on their park situation. The Mayor stated he would check with the City Manager and Council on just what was proposed and give her an answer.

Coupled with the discussion of the southwest district park was discussion on the sale of the Hancock tract. MR. JOHN WILSON, the nearest property owner to the tract, said he was certainly in favor of selling this tract and having the fine center there, and he believed the election would go over. MR. JAKE BAUERLE stated it would be a fine asset to the city to have the type of building Sears is planning from the standpoint of beauty, and from the tax returns. The Mayor stated all was in agreement that the issue is what would be good for the City of Austin. MR. BOW WILLIAMS did not favor selling the Hancock Tract, but wanted it kept for park purposes. Councilman Perry asked Mr. Bow Williams if he would furnish the Council a list of names of cities in the United States of approximately the same population that have more park land than Austin.

The Council honored MR. WILLIAM GREEN, 67 years of age, for having the longest service of any employee with the City of Austin--48 years and three months. He has been with the Sewer Division during this period, having begun as a laborer, and retires as Senior Maintenance Man.

Pursuant to published notice thereof, public hearing on paving was opened at 10:30 A.M. on the following streets:

The Director of Public Works of the City of Austin, briefly described the improvements proposed to be constructed and briefly explained the method of apportionment of cost. The City Attorney stated that a Notice of the hearing had been published in the American-Statesman on January 20, 21, 22, 1962, and in the manner required by law. The Mayor asked if there were any parties present who desired to be heard on any matter in connection with the improvements under consideration. There being no persons present who desired to be heard, Councilman Perry moved that the hearing be closed. The motion, seconded by Councilman White, carried by the following vote:

Ayes: Councilmen Armstrong, Perry, Shanks, White, Mayor Palmer
 Noes: None

The Mayor announced that the hearing was closed and directed the City Attorney to prepare an ordinance incorporating the findings of the City Council.

NOT Recommended by the
Planning Commission
RECOMMENDED "O" Office

MRS. HALL, President, Austin Women's Club had no opposition to the change of zoning, but was opposed to any increase in taxes due to any change of zoning of this property. She stated since the Austin Women's Club was a unique historical building, and the purpose of the organization was civic, cultural and

educational, that it should be tax exempt. Councilman White moved that the change to "O" Office be granted. The motion, seconded by Councilman Armstrong, carried by the following vote:

Ayes: Councilmen Armstrong, Perry, Shanks, White, Mayor Palmer
Noes: None

The Mayor announced that the change had been granted to "O" Office and the City Attorney was instructed to draw the necessary ordinance to cover.

WALTER R. CARRINGTON	1902-1914 Santa Clara	From "A" Residence 1st
By Richard Baker	1903-1915 Justin Lane	Height & Area
	6807-6809 Hardy Drive	To "B" Residence 2nd
		Height & Area
		NOT Recommended by the
		Planning Commission

MR. DICK BAKER represented the applicant. He stated the Zoning Committee made no recommendation, and there was a tie vote when the application came before the Planning Commission. He described the property and said they were asking for "BB" Residence. He pointed out the problems of development of this peculiar piece of property, caused by set backs from two streets (Justin Lane and Santa Clara); the narrow lots, and three running from 196' to 212' on the longer side. Development of something beautiful and proper in this area seemed difficult but the Architects came up with a multi-unit apartment house which would be of much better construction than duplexes, would have advantage of one ownership and better upkeep of the property, and better parking arrangements could be worked out. He said considering everything--the beautification of the property, proper utilization, protection of value in the area for adjoining property owners, and the development of the subdivision, he thought this would be the proper zoning and was authorized to amend the application from "B" 2nd Height and Area which would allow 92 units, to "BB", which would permit only 26 units, but the plans called for only 24. The Director of Planning listed the reasons for the Commission's recommendation, as this plan was an intrusion into a single family area; the matter of parking along Santa Clara is a disadvantage to the homes, and disadvantage to traffic. Mr. Carrington stated their plan showed 22 apartments, and he did not know how many they would put up, because they would not have two story units. Mr. Baker stated it was his understanding there would be 24 units. Opposition was expressed by MRS. McDONALD, 1900 Justin Lane, as her home would be facing the backs of the cars and garbage cans, and she preferred that the development be of the duplex type rather than multiple unit. MR. BILL McDONALD wanted to protect his investment and keep the nice neighbors, and he feared with this type of development, the nicer people would begin shifting around. The Council wanted to look at the property and took no action today.

AUSTIN APARTMENTS, INC. 4717-4721 Harmon Ave.

From "O" Office 1st
Height & Area
To "O" Office 2nd
Height & Area
NOT Recommended by the
Planning Commission

MR. ROBERT SNEED represented the applicants and described the location of this property as to its availability to major traffic arteries enabling the traffic from this apartment to flow into every major thoroughfare street into the city. He pointed out the reason for the application's not receiving a recommendation from the Planning Commission was the question of density. He described the zoning of other properties in the area. The owners have under construction a 28 unit apartment house; and from an economic standpoint they want to erect 20 additional units. If the application is granted as "O" 2nd Height and Area, 57 apartments would be permitted, but the owners want only 48, and will tender a restrictive covenant that will be acceptable to the City Attorney limiting the number of units to 48. If the apartment house were moved 150', more units could be erected than 57. He pointed out this was in the airport zoning area and the property is burdened with an aviation easement. If there is a need for street widening, Mr. Sneed stated he would tender five feet or whatever is needed off this property. The Director of Planning stated the area had serious problems. He stated there had been an effort to limit the density due to what possibly could occur, since this was in the airport area. The Council postponed action until it could make a personal inspection of the area.

"2. Jess McNeel Mach. Co.'s Model TD-9 International did not meet specifications in horsepower starting motor, transmission, bucket capacity, weight and several other items. This bid should not be considered.

"All other bidders met specifications in all respects.

"Recommendation: Recommend the low bidder that meets all phases of the City's specifications - H.W. Lewis Equipment Company on Allis-Chalmers HD 7G at \$17,972.00.

"W. T. Williams, Jr. City Manager"

Councilman White offered the following resolution and moved its adoption:

(RESOLUTION)

WHEREAS, bids were received by the City of Austin on January 29, 1962, for the purchase of one 3/4" Track Front End Loader for use by the Street & Bridge Division of the Public Works Department; and,

WHEREAS, the bid of H. W. Lewis Equipment Company on Allis-Chalmers HD 7G in the sum of \$17,972.00 was the lowest and best bid therefor, and the acceptance of such bid has been recommended by the Purchasing Agent of the City of Austin and by the City Manager; Now, Therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

That the bid of H. W. Lewis Equipment Company on Allis-Chalmers HD 7G in the sum of \$17,972.00 be and the same is hereby accepted and W. T. Williams, Jr., City Manager of the City of Austin, be and he is hereby authorized to execute a contract on behalf of the City of Austin with H. W. Lewis Equipment Company.

RECESSED MEETING

3:30 P.M.

At 3:30 P.M. the Council resumed business.

The City Manager submitted the following:

"January 30, 1962

"To: Honorable Mayor and Members of the City Council

"Subject: Bids for Diesel Crawler Tractor, Street & Bridge Division, Public Works

"Sealed bids were opened at 2:00 P.M. January 29, 1962, in the office of the Purchasing Agent for subject machine.

"Description & Purpose: This is a standard shift Crawler Tractor to replace a 1950 - D C Caterpillar Dozer which is in need of \$2,500.00 in repairs.

"City's Estimated Cost: \$27,000.00 less \$5,000.00 trade-in or a net \$22,000.00

"Bids were sent to all firms in this area who we felt might possibly bid, these are shown below in the tabulation:

"William K. Holt Machinery Co.	\$27,953.00 less \$7,400.00 trade-in-Net	\$20,553.00
H. W. Lewis Equipment Co.	\$31,282.00 less \$7,500.00 " "	Net \$23,782.00
Jess McNeel Machinery Co.	\$28,476.00 less \$7,400.00 " "	Net \$21,076.00
R. G. Studer Machinery Co.	\$29,000.00 less \$7,849.00 " "	Net \$21,241.00

The following were sent invitation, but did not bid. They stated that either they did not handle this type of equipment or equipment of the size specified:

"Ingram Equipment Company, Roy Klossner Company, Pearce Equipment Company, Girard Machinery Company, Cooper Equipment Company, Dulaney Service Company, Turk Equipment Company, Lanford Equipment Company and Tom Fairey Company.

"Recommendation: Recommend low bid of Wm. K. Holt Machinery Company be accepted.

"W. T. Williams, Jr. City Manager"

The Council had before it the bid of WILLIAM K. HOLT MACHINERY COMPANY, for a Diesel Crawler Tractor for Street and Bridge Division. MR. R. K. VANCE, Elmco, asked to be heard on this matter and stated he would not say that the Holt bid did not meet specifications, but that the machine he bid was obsolete, and it had been superceded by a new model. The Director of Public Works stated the power shift was taken out of the specifications, as the Department wanted the standard shift, and was about \$7,000 less than the power shift. He said this machine fit the needs of the city. MR. PURSER, Street and Bridge, listed the advantages of this machine for his needs. Finally, after much discussion, Councilman White offered the following resolution and moved its adoption:

(RESOLUTION)

WHEREAS, bids were received by the City of Austin on January 29, 1962, for the purchase of a diesel crawler tractor; and,

WHEREAS, the bid of William K. Holt Machinery Company in the sum of \$20,553.00 was the lowest and best bid therefore, and the acceptance of such bid has been recommended by the Purchasing Agent of the City of Austin, and by the City Manager; Now, Therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

That the bid of William K. Holt Machinery Company in the sum of \$20,553.00 be and the same is hereby accepted, and W. T. Williams, Jr., City Manager of the City of Austin is hereby authorized and directed to execute a contract on behalf of the City of Austin with William K. Holt Machinery Company.

The motion, seconded by Councilman Shanks, carried by the following vote:
Ayes: Councilmen Armstrong, Perry, Shanks, White, Mayor Palmer

MR. MARVIN BERGSTROM stated he was completing the largest apartment project in Austin, at 1614 West 6th Street, and he had the lights on all of the apartments except the next to the last group, but the Building Inspector will not turn those lights on until he rearranged his numbering system for the apartments. The apartment house numbers did not conform to the policy of the City, Post Office, Fire and Police Departments, and emergency units. Mr. Bergstrom did not want any two apartments to have the same numbers even though the apartment houses were on two separate lots and had separate street numbers, 1616 and 1614. Finally, the Mayor persuaded Mr. Bergstrom to follow the rule set up to apply to all such cases, and then get his lights turned on. Mr. Bergstrom stated he would go ahead.

MR. RALPH TIBBETT, representing a Fraternity, stated they had acquired a 10-year old building, and were remodeling it, turning it from a seven unit apartment house into a fraternity house. They found out in making this transfer that according to the Electrical code, all of the electrical wiring in the building must be torn out or replaced in conduit. The boys wanted to occupy the building by February 15th, and it would cost six or seven thousand dollars more to do this rewiring. The Mayor stated many hours had been spent on developing this new electrical code and this particular phase was argued at length, and it was for protection of a concentration of students that this regulation was made. These ordinances were made in the public interest. The Mayor told him if he were not going to do a major job of remodeling, possibly he would not be required to make the complete change over in wiring. Mr. Tibbett was asked to check with his electrician and get him to contact the Electrical Inspector, MR. TEW, about this matter.

MR. ROBERT SNEED appeared before the Council representing the Southwest Optimist Club, stating they were interested in the formation of a Senior size league which is being sponsored by Little League. This will take care of boys 13-15 years of age. He said their problem was lack of facility. Their league is located on City owned land immediately to the east of Barton Springs, and the Club had invested \$35 to \$40,000 on the park, and it would like to obtain from the city the soft-ball park immediately adjacent to the present league which they have, and operate with one concession and one group of management; and in turn, for the City they would enter into an agreement to erect another soft-ball field immediately to the north of the double soft-ball field which now exists. The Council discussed this with Mr. Sneed, and the Mayor stated it would investigate this with the City Manager and Recreation Director and see if this could be worked out. Mr. Sneed stated they were anxious to start repairing the field, but their first obligation would be to start immediately on the soft ball field. The City Manager stated the only question he had was if this would conflict with use of property, stating this particular property had been dedicated for many years as a park; but with reference to other property that belongs to the City, he stated the City might be in a position of dedicating property for park purposes never intended, simply because someone was granted permission to use it on a temporary basis. The Mayor thanked Mr. Sneed and stated they would check with the City Manager and let him know.

Councilman Armstrong stated the Council had met with some contractors and contractors' equipment people, and wanted to resolve depreciation schedules and get some realistic figures. He said MR. H. C. BELL, Central Texas Equipment Company, wanted to present a proposal. Mr. Bell stated he was turned down on his appeal to the Equalization Board, and was paying his taxes without further appeal. He said his Auditor had submitted a certified statement showing full value of the equipment, but he inadvertently did not put any scaffolding in which would have raised that figure. He said by having that certified list supplied by the auditor, they thought they had done what had been agreed on. The Mayor stated the way the matter was left with the equipment people was they were going to inform the Council as to the rate and how they figured depreciation on their equipment; and this was never brought in. Mr. Bell was interested in seeing what they could do about their taxes for 1962. The Tax Assessor stated the Board asked Central Texas Equipment Company to make their books available, but that was never done; instead they submitted the certificate from their Auditor; but the certified list did not agree with the check of the materials on the premises on January 1st, and the Tax Department wants to have access to the company's records. Mr. Bell did not know what the Tax Department had them taxed for, but the assessed value was raised from \$53,532 to \$94,000, and he wanted to know how the Tax Department was arriving at that figure. The Tax Assessor explained the assessment which included equipment scattered over the state. The Mayor suggested that some time soon they get a large group together and go over this, and said the Council wanted to be fair to the heavy highway contractors and those renting equipment outside the city, but would like to have some information from them as to the life of equipment on a rental basis and what it is worth new and what it is worth year by year. Mr. Bell stated he would get with Mr. Marshall and find out what the Tax Department had charged to them that did not belong to them, and work out some agreement. The Mayor said within the next 15 or 20 days, a meeting could be set up to see what could be worked out with the Tax Department, and the contractors.

Councilman Shanks moved that the minutes of the meeting of January 18, 1962, be approved. The motion, seconded by Councilman White, carried by the following vote:

(RESOLUTION)

WHEREAS, Southern Union Gas Company has presented to the City Council tentative maps or plans showing the proposed construction of its gas mains in the streets in the City of Austin hereafter named, and said maps or plans have been considered by the City Council; therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

THAT Southern Union Gas Company be and the same is hereby permitted to lay and construct its gas mains in and upon the following streets:

- (1) A gas main in EAST RIVERSIDE DRIVE, from a point 185 feet east of Montopolis Drive westerly 1,288 feet, the centerline of which gas main shall be 12.00 feet north of and parallel to the south property line of EAST RIVERSIDE DRIVE.

Said gas main described above shall have a cover of not less than $2\frac{1}{2}$ feet.

- (2) A gas main in MONTOPOLIS DRIVE, from East Riverside Drive northerly 346 feet, the centerline of which gas main shall be 6.5 feet west of and parallel to the east property line of said MONTOPOLIS DRIVE.

Said gas main described above shall have a cover of not less than $2\frac{1}{2}$ feet.

- (3) A gas main in KASPER STREET, from Montopolis Drive westerly 922 feet, the centerline of which gas main shall be 6.5 feet south of and parallel to the north property line of said KASPER STREET.

Said gas main described above shall have a cover of not less than $2\frac{1}{2}$ feet.

THE Southern Union Gas Company is hereby put upon notice that the City of Austin does not guarantee that the space assigned above is clear from other underground utilities, but is based upon the best records we have at hand, and that the minimum depth stated does not have any reference to the fact that greater depths may not be required at special points. When the Southern Union Gas Company requires definite information upon the ground as to elevations or working points from which to base the location of their assignments, they shall apply to the Department of Public Works not less than three (3) days before such information is required. The Southern Union Gas Company is further put upon notice that they will be required to bear the expense of repairs or replacement of any underground utility damaged during the construction of lines named in this resolution.

AND THAT whenever pavement is cut in the vicinity of a fire plug, water must be used at intervals during the course of backfilling of the ditches.

THAT the work and laying of said gas mains, including the excavation in the streets, and the restoration and maintenance of said streets after said mains have been laid, shall be under the supervision and direction of the City Manager and under all the pertinent terms and conditions of the certain franchises granted to said company by the City of Austin.

THAT the City Council of the City of Austin hereby approves the erection of a boat dock on the property owned by W. L. Driggs and H. W. Driggs as

described in the Travis County Deed Records and known as Tract 1A on an unrecorded plot of the Phillips Ranch Property, on the shore of Lake Austin, and hereby authorizes the said W. L. Driggs and H. W. Driggs to construct, maintain and operate this boat dock subject to same being constructed in compliance with all the ordinances relating thereto and further subject to the foregoing attached recommendations; and the Building Inspector is hereby authorized to issue an occupancy permit for the erection of this boat dock after full compliance with all the provisions of this resolution. Said permission shall be held to be granted and accepted subject to all necessary, reasonable and proper, present and future regulations and ordinances of the City of Austin, Texas, in the enforcement of the proper police, fire and health regulations and the right of revocation is retained if, after hearing, it is found by the City Council that the said W. L. Driggs and H. W. Driggs has failed and refused, and will continue to fail and refuse to perform any such conditions, regulations and ordinances.

"Mr. W. T. Williams, Jr.
City Manager
Austin, Texas

"Dear Sir:

"I, the undersigned, have reviewed the plans and have considered the application of W. L. Driggs and H. W. Driggs, owners of property abutting on that part of Lake Austin lying upstream from the westerly extension of the south line of Windsor Road, the same being Tract 1A on an unrecorded plot of the Phillips Ranch Property, as recorded in the Travis County Deed Records, for permission to construct and maintain a boat dock projecting out into the lake approximately 30 feet beyond the normal high water level. The construction details meeting all requirements, I recommend that if W. L. Driggs and H. W. Driggs are granted their request by the City Council, that it be subject to the following conditions:

"(1) That nothing but creosoted piles, cedar piles or concrete piles, substantially braced and bolted to withstand wind and water pressure, be used in the construction and that no structure shall extend more than one-third the distance from shore to shore at the point where structure is located, or be nearer than ten feet to any side property line of the owner or applicant.

"(2) That no business, such as a restaurant, dance hall, concession stand, or any other enterprise for the sale of goods, wares and merchandise, except marine supplies and tackle, and no living quarters of any character, shall be erected on any pier, dock, wharf, float, island, piling or other structure extending out into or above Lake Austin.

"(3) That every structure shall be equipped with proper lights which show all around the horizon for night use and shall be equipped with flags or other warnings for daylight use.

"(4) That all structures extending out into the Lake be constantly kept in a

state of good repair and that the premises be kept reasonably clean at all times.

WHEREAS, by instrument dated August 28, 1961 of record in Volume 2363, pages 273-275 of the Deed Records of Travis County, Texas, a sanitary sewer easement ten (10.00) feet in width was granted, same being out of and a part of that certain tract of land out of the John Applegait Headright League Survey in Travis County, Texas which was conveyed to Bill Patton by warranty deed dated August 13, 1935 of record in Volume 526 at page 184 of the Deed Records of Travis County, Texas; and,

WHEREAS, the owner of said premises has heretofore granted an easement at a more desirable location and has requested the City Council of the City of Austin to release the above described easement; and,

WHEREAS, the City Council has determined that the hereinafter described easement is not now being used and will not be needed in the future; Now, Therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

That W. T. Williams, Jr., City Manager of the City of Austin, be and he is hereby authorized to execute a release of the following described sanitary sewer easement, to-wit:

Two (2) strips of land, each of the said two strips of land being ten (10.00) feet in width, each being out of and a part of that certain tract of land out of the John Applegait Headright League Survey in Travis County, Texas, which was conveyed to Bill Patton by Warranty Deed dated August 13, 1935 of record in Volume 526 at page 184 of the Deed Records of Travis County, Texas; the centerline of each of the said two (2) strips of land ten (10.00) feet in width being more particularly described as follows:

NO. 1 BEGINNING at a point in the south line of the aforesaid Bill Patton tract of land, said point being in the north right-of-way line of U.S. Highway No. 290, and from which point of beginning the most westerly corner of said Bill Patton tract of land bears S 70° 00' W 972.41 feet;

THENCE, N 39° 08' W 491.99 feet to a point;

THENCE, N 3° 11' W 203.92 feet to point of termination in the northwest line of said Bill Patton tract of land and from which point of termination the north corner of said Bill Patton tract of land bears N 32° 40' E 1035.64 feet;

NO. 2 BEGINNING at a point in the northwest line of said Bill Patton tract of land and from which point of beginning the north corner of said Bill Patton tract of land bears N 32° 40' E 818.60 feet;

THENCE, N 75° 32' E 360.39 feet to a point;

THENCE, N 53° 21' E 292.73 feet to a point;

THENCE, N 20° 28' W 400.48 feet to point of termination in the northeast line of said Bill Patton tract of land and from which point of termination the most easterly corner of said Bill Patton tract of land bears S 57° 20' E 1614.54 feet.

AND in addition thereto a temporary working space easement ten (10.00) feet in width to cover the period of original installation is to be retained adjacent and parallel to the east and west lines of the above described easement.

The City Manager read a report from DR. C. P. BONER, Consultant in Acoustics, and a letter addressed to MR. FRANCIS VICKERS, Manager, Municipal Auditorium, dated 1-27-62, as follows:

MUNICIPAL AUDITORIUM
Austin, Texas
Acoustics

"This report outlines the present characteristics of the stage reenforcing system as of January 24, 1962. This date is the completion date of the equalizing work on this system accomplished through Southwest Radio and Sound Equipment Company of San Antonio, L. E. Lindsey, President.

"After the equalizing was completed, the acoustic level substantially throughout the seating area with the movable rear wall at its usual theatre position is uniform with respect to frequency over the musical spectrum of interest within plus or minus two decibels. All seats have quite sufficient sound for good hearing. Particular attention was paid to this large balcony. Its seats are acoustically among the best seats in the house.

"The over-all quality of the amplified sound in this auditorium is at least as good as the best broadcast studios and sound stages. It is superior to most television studios. The uniformity of response was obtained by extensive equalization of the system to make as perfect a match of equipment to room as is practically feasible.

"With three to five microphones at the footlights and with three suspended microphones, the amount of reenforcement from the stage is relatively independent of the location of the performer, as it should be. With the upholstered seats in place, but with no audience present, the reenforcement produced is 14 decibels. With a person speaking from a speaker's desk, the reenforcement can be as high as 26 decibels. It may be borne in mind that, for stage plays, the usual acceptable standard of reenforcement is 5 to 8 decibels. With the equalization employed in the Southwest Radio and Sound modifications of the system, there is rather complete naturalness of the amplified stage speech, without boominess or screeching.

"As the house fills with audience, the performance of both sound system and room will improve still further. It should be noted that until it is found

possible to improve the acoustics of the extensive exhibition area between the rear of the seating area and the large glass windows, care must be taken to keep the movable rear wall in position to cut off the very reverberant exhibition area.

"It may be noted that, prior to this equalizing and remodeling program, the system provided only about 3 or 4 decibels of reinforcement for broad-stage pickup.

"It may be further noted that if it is ultimately found possible to carry out additional improvement measures in the auditorium itself, hearing in the room will become still better.

"Particular care has been taken during this process to preserve and enhance the bass performance of the sound system. Phonograph records sound quite impressive over the present system. This has been done without, in the least, making voice reinforcement sound bassy, as is frequently the case.

"For any desired pick-up of massed voices, orchestral music, or other program material where the people are well distributed over the stage, the equalization is such that no important singling out of individual voices or instruments should be apparent. Probably, only one suspended microphone will suffice for this type of pick-up. Ordinarily, of course, symphony does not use a stage reinforcing system.

"This improvement of the sound system has been done with the very minimum of alterations to the basic room itself. If, in the future, a gradual improvement program for the room is found to be economically feasible, it may be expected that the performance of the sound system will well exceed that which the first audience will hear after today.

"C. P. Boner
Consultant in Acoustics"

January 25, 1962

"January 27, 1962

"Mr. Francis Vickers, Manager
Municipal Auditorium of Austin
Austin, Texas

"Dear Mr. Vickers:

"May I thank you and the many employees of the City of Austin for all your fine work in connection with the recent improvements in the acoustics of the Auditorium. Although, in fact, only a modest start has been made, I feel that this start will pay real dividends to our city.

"I see much larger visions of what this fine plant can do for Austin in the future, if only a continuing improvement program can be carried on. American cities are always short on convention facilities of real quality. As Fort Worth has discovered, the construction of one fine convention center can do great things for the economy of a city.

"Looking toward this end, I would like to think of a continuing improvement for your entire plant along the following general lines:

"1. The Auditorium Itself.

"As I have discussed with you, any large auditorium can always be made better and

better. You have started with a rather good room, which has certain shortcomings as do most all rooms. Step by step, we should look toward making each element of this room as good as the state of the art will permit. These steps should be taken in close cooperation with your office, the various engineering and other offices of the City of Austin, the Austin Symphony Society and the Symphony Director, the Broadway Theatre League of Austin, the Architects, and others. It should be a joint project in every way.

"Among the improvements I have in mind would be the following:

"Elimination, insofar as feasible, of the around-the-room delayed echoes that always plague a large room. This would be done so as to preserve the optimum reverberation of the room for certain types of music.

"Reduction of concentration of sound in the pit area and in some stage areas. This concentration, always troublesome, impedes proper conducting of symphonic music from the podium. It hinders proper balance and definition of the orchestra. It bothers the stage reenforcing system. It does various other things, all bad.

"Design and installation of the proper orchestra shell. One cannot have good symphonic music without either a room specifically designed, stage-wise, for it or the proper shell. Any large stage which can accomodate stage plays is, authmatically, quite antagonistic to symphony. The shell is intended to do away with this difficulty. Partial sets, such as what is now being used, are of no avail.

"Reduction of "bull notes" in the room. These notes are ones which sound out with unusual vigor. They thoroughly disrupt both music and speech.

"Reduction of flutter (repeated echoes). All large rooms, and most small rooms, have flutter. It is always disrupting to audience and to performers.

"Increasing the "presence" of the room by suitable ceiling and wall elements. International surveys of public opinion of many auditoriums have shown that presence is more important in good acoustics in such rooms than is reverberation. Likewise, resonance is more important than reverberation. We should look into that factor also.

"2. The outer banquet and dance area adjacent to the large glass windows looking out on the lake.

"For this area I envision a magnificent room which would be of the utmost value to the City of Austin. As it stands, it is not very good acoustically. It can be made into a good room by meticulous attention to detailed changes. When these have been made a high-quality sound system, such as I laid out for Hotel Texas in Ft. Worth, would make this room into a very impressive spot for large functions.

"The same steps which would convert this outer area into a good room would also improve the auditorium acoustics still further.

"I came to Austin as a resident in 1916. My son, Donald, is an employee of the Austin Public Library. Charles, another son, is a member of Austin Symphony and a University student. Richard, the third son, is in Austin High School and also a French Horn player. Mrs. Boner is a librarian in the University Law School.

"All of us feel a keen interest in Austin and in the possibilities of the new Auditorium and Center.

"If the City of Austin should find it possible to carry out an acoustical improvement program of the general type outlined above, and if it is feasible to carry out the work item by item in accordance with the results of our studies and recommendations, then we will contribute our services in technically steering the program throughout its progress. There will be no professional fee involved.

"Sincerely yours,
C. P. Boner"

The City Manager stated throughout Dr. Boner had made a number of observations of additional improvements that could be made, and that they could be done on a piece meal basis, step at a time, and as money could be made available; also that he would serve as Technical Advisor without any cost to the City. The Mayor stated the offer to serve as Consultant without cost should be acknowledged and accepted, and that he should be told the Council would like to meet with him periodically. The City Manager stated he would get an estimate on the over-all costs, and the step-by-step amounts.

The City Manager stated the Building Inspector had a request for permission to do some remodeling of an old residence on 27 Bierce Street, and this was within the 500' of the lake shore, which area is to have special consideration by the Council on building permits. He said this had been released by the Chairman of the Lake Development Committee, Mr. Barrow. Councilman White moved that the City Manager be authorized to have a building permit issued for this remodeling at 27 Bierce Street. The motion, seconded by Councilman Shanks, carried by the following vote:

Ayes: Councilmen Armstrong, Perry, Shanks, White, Mayor Palmer
Noes: None

The Assistant City Manager made a report on MR. JAMES STARR, promotor for wrestling at the Coliseum, and gave his background. Mr. Starr will employ an Austin man as manager, and he wants the Coliseum on Tuesday nights for thirteen weeks. He stated Mr. Vickers, Manager of the Coliseum, recommended that this offer be accepted, and that he be required to pay three weeks in advance. After discussion, Councilman White moved that the City Manager be authorized to enter into a contract with Mr. Starr in accordance with Mr. Vicker's recommendation. The motion, seconded by Councilman Shanks, carried by the following vote:

Ayes: Councilmen Armstrong, Perry, Shanks, White, Mayor Palmer
Noes: None

Councilman White offered the following resolution and moved its adoption:

WHEREAS, such payments of bonds and interest coupons have been duly recorded on its bond registers and books of account, and verified by the examination and audit of certified public accountants; Now, Therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

That the City Manager be, and he is hereby, authorized and directed to destroy or cause to be destroyed by cremation at a suitable location in the City of Austin, before witnesses, all such bonds and interest coupons having been fully recorded and verified as above stated.

BE IT FURTHER RESOLVED, that following the cremation of said bonds and interest coupons, the City Manager shall endorse upon the back of this resolution the following certificate:

THE STATE OF TEXAS }
 }
COUNTY OF TRAVIS }

CITY OF AUSTIN

This is to certify that I have, on this _____ day of _____, 1962, as directed by the foregoing resolution passed by the City Council of the City of Austin, Texas, and in the presence of the undersigned attesting witnesses caused the foregoing numbered and otherwise described cancelled bonds to be destroyed by cremation, together with sundry cancelled coupons above described paid by the City of Austin, Texas on its bonded debt.

City Manager
City of Austin

WITNESSES:

The motion, seconded by Councilman Shanks, carried by the following vote:
Ayes: Councilmen Armstrong, Perry, Shanks, White, Mayor Palmer
Noes: None

Councilmen Perry and White, the Finance Director and the City Manager were assigned to watch this cremation.

The City Manager stated members of the Council had received a communication from residents in the Bull Creek Road and Woodview Avenue area between White Rock Drive and White Horse Trail regarding a drainage problem. The Director of Public Works made a report in that the property owners in this area had beautified this particular area; and part of it had to be excavated. He described the work to be done stating it would be shaped up, and there would be a clean ditch up to White Horse Trail. The property owners are afraid their property is being ruined, but the Director of Public Works stated the crews were working in a 20' easement, and it will all be worked out nicely, and the grass will grow back. He stated he would be glad to meet with the people and explain the plans. The Mayor asked that he do that; and if the group was not happy about it, the Council would also be glad to meet with them.

The City Manager stated the Director of Public Works had some specifications on asphalt and emulsion ready to submit for bids. The Director of Public Works explained the specifications as rewritten, in that he was calling for a certain temperature of emulsion, and the specifications in all three grades meet the Highway specifications. The Mayor stated the Council authorized the City Manager to take bids on this asphalt.

The City Manager stated the Council authorized last week the advertisement for bids on purchase of garbage truck beds, on the conversion of 12 yard beds to 16 yard capacity; and it is understood now that one company cannot rebuild that unit but would make an allowance on trade in of the old Pak-mores on new units. The Director of Public Works stated the maintenance costs have run much higher on this company's equipment than those on the Pak-more. The Council discussed the specifications. The Director of Public Works stated he could add in the specifications, "alternate bids on new equipment with trade-in allowance will be considered." The Council informally agreed to advertise for these bids as amended.

The Director of Planning brought up for discussion a matter that might mean amending the Development Plan, as pertained to an area in South Austin between the Interregional Highway and South Congress Avenue south of Ben White Boulevard. He described the area which has been set aside as industrial on the Plan, and there is a request for a residential subdivision in the middle. Discussion of the uses in the area, and the possible flooding of some of the property was held. The Council wanted to make a personal inspection of the property.

Councilman Perry asked that the City Manager make a study and give a report on the cost and advisability of voting machines. The City Manager stated he would contact the County officials, Democratic and Republican parties and see if he could get participation.

The Director of Public Works announced that bids for additional drainage work in Govalle had been advertised, and the plans were on the table in the Mayor's Conference Room.

The Assistant City Attorney discussed a request of rezoning the property at 1802 West Avenue (Bermuda House) (Application filed in name of JOHN R. KUCHAR previously). The Mayor stated it had been agreed that not over 50 units would be constructed, and this should be filed of record.

Councilman White moved that the Council award a contract to WALTER TIPS for nine network transformers at \$6,640.00 each, to be scheduled as needed, and not to be paid for until they are received. The motion, seconded by Councilman Shanks, carried by the following vote:

Ayes: Councilmen Armstrong, Perry, Shanks, White, Mayor Palmer
Noes: None

Mayor Palmer introduced the following ordinance:

AN ORDINANCE APPOINTING ELECTION JUDGES AND CLERKS TO SERVE AT THE VARIOUS POLLING PLACES IN THE CITY OF AUSTIN AT THE SPECIAL ELECTION TO BE HELD IN THE CITY OF AUSTIN ON FEBRUARY 10TH, 1962; REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HERewith; AND DECLARING AN EMERGENCY.

The ordinance was read the first time and Councilman Perry moved that the rule be suspended and the ordinance passed to its second reading. The motion, seconded by Councilman White, carried by the following vote:

Ayes: Councilmen Armstrong, Perry, Shanks, White, Mayor Palmer
Noes: None

The ordinance was read the second time and Councilman Perry moved that the rule be suspended and the ordinance passed to its third reading. The motion, seconded by Councilman White, carried by the following vote:

Ayes: Councilmen Armstrong, Perry, Shanks, White, Mayor Palmer
Noes: None

The ordinance was read the third time and Councilman Perry moved that the ordinance be finally passed. The motion, seconded by Councilman White, carried by the following vote:

Ayes: Councilmen Armstrong, Perry, Shanks, White, Mayor Palmer
Noes: None

The Mayor announced that the ordinance had been finally passed.

There being no further business, Councilman Perry moved that the Council

Council adjourn. The motion, seconded by Councilman White, carried by the following vote:

Ayes: Councilmen Armstrong, Perry, Shanks, White, Mayor Palmer
Noes: None

The Council adjourned at 7:30 P.M., subject to the call of the Mayor.
