Mayor Palmer read the proclamation setting aside April 12th-18th as NATIONAL LIBRARY WEEK.

DR. S. H. DRYDEN stated the Council last week voiced an opinion that it wanted a word from the Staff in regard to the Hospital Expansion Program as far as Brackenridge Hospital was concerned. The Staff of Brackenridge met last night and he was bringing the word to the Council that the Staff was in favor of Brackenridge Hospital's being expanded from the present site, realizing that there is a plant there that is worth several million dollars. It realized there were other sites discussed--the Hancock Tract and State owned land--but the Staff at the Hospital felt if there were adequate acreage that could be obtained north, south and west of the present Hospital site, that it wanted to go on record as favoring the present location. The Staff is interested in the acreage that was outlined in the Hospital Survey. Mayor Palmer said the Council did want an expression from the doctors concerning the site; that everyone was very well pleased with the report setting out the needs of the community in the health and hospital requirements for the next 20 years. The City Manager had a communication from DR. VIC EILERS stating DR. H. LAWRENCE WILSEY of the Consulting Firm will come to Austin and confer with the City Council and the Hospital Boards at the various hospitals at no expense to the City or Boards about the details of each of their hospital problems. The City Manager had suggested that he come the week of April 20th and the Mayor asked that Dr. Wilsey be advised this week would be acceptable. He thanked Dr. Dryden for all the help he had given on this survey.
