**ORDINANCE NO.**

**AN ORDINANCE APPROVING THE PROPOSED WATER TARIFF AND  
WATER RATES OF AQUA TEXAS AND REPEALING ORDINANCE NO.  
001102-9.**

**BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:**

**PART 1. FINDINGS.**

The Council finds the following:

- (A) On May 12, 2004, Aqua Texas ("Aqua"), formerly AquaSource Utilities, Inc., filed with the Texas Commission on Environmental Quality ("TCEQ") an application for a water tariff and rate increase that would result in four regional statewide rates.
- (B) The effective date of the regional statewide rates was proposed to be implemented in four phases beginning July 13, 2004, July 13, 2005, July 13, 2006, and July 13, 2007.
- (C) Rivercrest Water System, Inc. ("Rivercrest") is owned by Aqua and provides retail water service to approximately 195 residential customers who reside within the city limits.
- (D) The City of Austin is the regulatory authority and has original jurisdiction to approve and set water rates for Aqua customers who reside within the city limits.
- (E) On May 12, 2004, Aqua filed with the City of Austin ("City") an application to change rates together with a proposed tariff to increase retail water rates for customers of Rivercrest who reside within the city limits. A copy of the proposed tariff is on file with Austin Water Utility.
- (F) The effective date of the Rivercrest rate increase was to be implemented in four phases beginning July 13, 2004, July 13, 2005, July 13, 2006, and July 13, 2007.
- (G) Aqua delivered a statement of intent to increase rates in accordance with Chapter 13 of the Texas Water Code to each Aqua ratepayer and to the City at least 30 days before the effective date of the proposed increase.

- 1 (H) The application is a major change in rates and includes the information the  
2 City requires under Chapter 15-4 of the City Code.
- 3 (I) Aqua has provided documentation that supports the costs and expenses shown  
4 in the application.
- 5 (J) The proposed rates provide a reasonable return on invested capital used and  
6 useful in rendering service to the public over and above the utility's reasonable  
7 and necessary operating expenses.
- 8 (K) The proposed rates will not yield more than a reasonable rate of return.
- 9 (L) The proposed rates will preserve the financial integrity of the utility.
- 10 (M) The proposed rates are just, reasonable, and in accordance with Chapter 13 of  
11 the Texas Water Code and Chapter 15-4 of the City Code.
- 12 (N) The City did not receive a complaint from the lesser of 1,000 or 10 percent of  
13 the rate payers over whose rates the City has original jurisdiction within 60  
14 days after July 13, 2004 and accordingly, is not required to set the Aqua rate  
15 request for a hearing.
- 16 (O) The water rates charged by Aqua before July 13, 2004 were:
