Re: Request for Postponement -- Rezoning of Tracts 563 and 2104 in Hancock  
Neighborhood Plan

Dear Ms. Glasco:

By this letter, I am requesting postponement of the Council action to rezone the above-referenced tracts to September 2, 2004. At the last meeting of the Council, the Council postponed its hearings on these cases to August 26. I advised the Council at that time that I would not be able to attend the hearing on August 26; currently, there is no other person in my office who is able to attend the September 2 hearing on my behalf, so I am requesting this postponement.

We are requesting postponement of the rezoning of these tracts only, not any other aspect of the neighborhood plan, and have no objection to the remainder of the plan going forward. I have notified Dohn Larson, President of the Hancock Neighborhood Association, of this request.

Sincerely,

*Nikelle S. Meade/mac*
