**Subject:** Re: Parmer-Walnut Creek PUD Amendment No.1

SHERRI-Pls see below. I realize this will not make it to the council before they start their meeting today. I hope that you can convey our request. thanks.

Dear City Council Members/Sherri Gager:

Re: C814-01-0038.01- Parmer PUD

The Scofield Farms Neighborhood Assn is requesting a postponement for 2nd/3rd reading for C814-01-0038.01.

Pls recall the Assn. agreed to the zoning conditions based on reaching agreement on an MOU with the applicant. Though much progress has been made, the neighborhood was only given about 12 days to review the draft MOU. Our Assn. President, Alan Shelby, was out of state on business for 1 week of those 12 days.

This would be the first postponement for the neighborhood.

Our atty has expressed an need to discuss the MOU and we need to confer with him and work through the MOU with Mr. Suttle.

We don't have an agreed upon signed MOU and based on that request the postponement.

(We regret the late notice but we only became aware of the meeting through our Case Manager today.)

We appreciate your consideration. thanks.

Leigh Ann,

Just a reminder that this case is going for 2nd/3rd readings tomorrow at City Council. Richard Suttle said that he had presented the neighborhood with a private agreement a few weeks ago.

Thanks,

Sherri Gager
