

THE PAST, PRESENT & FUTURE VISION FOR SAHARA

Sahara operates 5 out of 7 days weekly. We operate Tuesday through Saturday providing more than a space to socialize but a place to be entertained. Sahara isn't your typical venue. Sahara isn't your typical nightclub. The driving force behind a place like Sahara is its diversity. Sahara has operated responsibly for 2 years and will strive to continue to do the same. On Tuesdays, Sahara offered an open mic for bands and musicians.

Wednesday, South Flavas Entertainment presents Neo-Soul and Poetry Reading at Sahara Night. Tejano night is currently Thursday's format, and Friday we offer salsa lessons with salsa dancing afterwards. Imagine an open mic for bands and musicians with no room for instruments. Reading poetry at an open mic and not having enough room to stand up and read. Salsa lessons where a person had to be taught one person at a time. Furthermore, Sahara caters to an adult crowd. In order to cater to an adult crowd we have to offer them the same choices they would have elsewhere. That choice is to drink responsibly and enjoy themselves. Sahara is a cultural and entertainment center for Africans, African Americans and other ethnic groups within the Austin area.
