Under the present fee ordinance for Fiscal Year 2005, the City Manager may set or establish parking rates at City parking garages and lots, but "the rate must be commercially reasonable with respect to the location of the facility and comparable business practices in the vicinity of the facility." The ordinance does not allow the Manager to modify or waive these fees, regardless of the situation.

The proposed changes will allow the City Manager to modify or waive parking rates and fees in certain situations, such as validating tickets or waiving parking fees for persons visiting city officials, attending council meetings, or otherwise conducting business in City Hall. These changes will also aid with 2nd Street Retail District negotiations by facilitating valet parking, and validations of customer parking tickets by stores and restaurants in the District, in accordance with contracts authorized by Council, will cover financial hardships such as "I lost my wallet" situations, and will allow rates to be modified or waived for significant public events that may take place on the City Hall plaza or other areas in the vicinity of a City parking facility.
