## **ZONING CHANGE REVIEW SHEET**

**CASE:** C14-05-0015

**Z.P.C. DATE:** March 1, 2005

**ADDRESS:** 6941 West U.S. Highway 290

**OWNER:** Convict Hill Development, L.L.C.  
(William K. Reagan, II)

**AGENT:** Brown McCarroll, L.L.P.  
(Nikelle S. Meade)

**ZONING FROM:** RR

**TO:** CS

**AREA:** 0.350 acres (15,246 square feet)

### **SUMMARY STAFF RECOMMENDATION:**

The staff's alternate recommendation is to grant general commercial services – conditional overlay (CS-CO) combining district zoning. The Conditional Overlay: 1) prohibits the following uses: automotive sales; automotive repair services; automotive rentals; automotive washing (of any type); commercial off-street parking; convenience storage; equipment repair; equipment sales; exterminating services; hotel-motel; kennels; off-site accessory parking; pawn shop services; and service station; 2) prohibit drive-in services as an accessory use to a restaurant (general) use or a restaurant (limited) use; and 3) limits development of the property to 2,000 motor vehicles per day.

### **ZONING & PLATTING COMMISSION RECOMMENDATION:**

March 1, 2005: *APPROVED STAFF RECOMMENDATION OF CS-CO DISTRICT ZONING. AS AGREED BETWEEN THE APPLICANT AND STAFF, RESTAURANT (LIMITED) AND RESTAURANT (GENERAL) WERE REMOVED AS PROHIBITED USES, AND INSTEAD, DRIVE-IN SERVICES ARE PROHIBITED AS AN ACCESSORY USE TO A RESTAURANT (LIMITED) OR A RESTAURANT (GENERAL) USE.*

*[J. MARTINEZ; J. GOHIL 2<sup>ND</sup>] (8-0) K. JACKSON – ABSENT*

### **ISSUES:**

The applicant is in agreement with the staff's alternate recommendation and has discussed this case with representatives of the Convict Hill Neighborhood Association and the Oak Hill Association of Neighborhoods (OHAN).

The applicant has indicated his willingness to enter into a Restrictive Covenant with the City that provides that at the time a site plan is submitted, it will include an Integrated Pest Management (IPM) Plan, and a landscape plan for the use of native and adapted plant materials, and also prohibits the use of coal tar sealants.

### **DEPARTMENT COMMENTS:**

The subject property consists of undeveloped land with a billboard and carries rural residence (RR) district zoning. The property has access to the eastbound lanes of West U.S. Highway 290, a major arterial. The property is adjacent to undeveloped property to the south and southwest (zoned CS-CO), and office and automotive uses are directly east (LR-CO; GR-CO; LR; I-SF-2). The Convict Hill neighborhood is situated further south, and primarily consists of single family residences (SF-2; SF-1), one duplex (SF-3) and undeveloped SF-5 and SF-6 zoned properties as well. Please refer to Exhibits A (Zoning Map) and A-1 (Aerial View).

The applicant proposes to rezone the property to the general commercial services (CS) district so that it has the opportunity to be combined with the adjacent CS-CO zoned property to the southwest. In consideration of the applicant's rezoning request, Staff researched this 1988-1989 zoning case. The Conditional Overlay for the commercial tracts prohibited several land uses and these have been incorporated into the staff's alternate recommendation.

Staff recommends the applicant's request for CS zoning with a Conditional Overlay based upon the following considerations of the property: 1) it is compatible with the adjacent zoning and uses along West U.S. 290 between Wolfcreek Pass and Hill Oaks Drive and is situated away from residential uses; 2) the Conditional Overlay is consistent with that approved for the adjacent CS-CO zoned property, with the addition of automotive and equipment-related uses in recognition of its location over the Edwards Aquifer Recharge Zone; 3) its frontage on a major arterial roadway, and, 4) an established maximum number of daily vehicle trips that will limit development to maintain acceptable traffic conditions on adjacent roadways and intersections.

**SUMMARY STAFF RECOMMENDATION:**

The staff's alternate recommendation is to grant general commercial services – conditional overlay (CS-CO) combining district zoning. The Conditional Overlay: 1) prohibits the following uses: automotive sales; automotive repair services; automotive rentals; automotive washing (of any type); commercial off-street parking; convenience storage; equipment repair; equipment sales; exterminating services; hotel-motel; kennels; off-site accessory parking; pawn shop services; and service station; 2) prohibit drive-in services as an accessory use to a restaurant (general) use or a restaurant (limited) use; and 3) limits development of the property to 2,000 motor vehicles per day.

**BACKGROUND**

The subject property consists of undeveloped land with a billboard and carries rural residence (RR) district zoning. The property has access to the eastbound lanes of West U.S. Highway 290, a major arterial. The property is adjacent to undeveloped property to the south and southwest (zoned CS-CO), and office and automotive uses are directly east (LR-CO; GR-CO; LR; I-SF-2). The Convict Hill neighborhood is situated further south, and primarily consists of single family residences (SF-2; SF-1), one duplex (SF-3) and undeveloped SF-5 and SF-6 zoned properties as well.

The applicant proposes to rezone the property to the general commercial services (CS) district so that it has the opportunity to be combined with the adjacent CS-CO zoned property to the southwest. In consideration of the applicant's rezoning request, Staff researched this 1988-1989 zoning case. The Conditional Overlay for the commercial tracts prohibited several land uses and these have been incorporated into the staff's alternate recommendation.

Staff recommends the applicant's request for CS zoning with a Conditional Overlay based upon the following considerations of the property: 1) it is compatible with the adjacent zoning and uses along West U.S. 290 between Wolfcreek Pass and Hill Oaks Drive and is situated away from residential uses; 2) the Conditional Overlay is consistent with that approved for the adjacent CS-CO zoned property, with the addition of automotive and equipment-related uses in recognition of its location over the Edwards Aquifer Recharge Zone; 3) its frontage on a major arterial roadway, and, 4) an established maximum number of daily vehicle trips that will limit development to maintain acceptable traffic conditions on adjacent roadways and intersections.

**BASIS FOR LAND USE RECOMMENDATION (ZONING PRINCIPLES)*****1. The proposed zoning should be consistent with the purpose statement of the district sought.***

CS, Commercial Services, zoning is intended for commercial or industrial uses that typically have operating characteristics or traffic service requirements generally incompatible with residential environments.

The property has access to West U.S. Highway 290, a major arterial, is in proximity to other commercial and office uses, and is situated away from residential development.

***2. Zoning changes should promote an orderly and compatible relationship among land uses.***

Staff recommends the applicant's request for CS zoning with a Conditional Overlay based upon the following considerations of the property: 1) it is compatible with the adjacent zoning and uses along West U.S. 290 between Wolfcreek Pass and Hill Oaks Drive and is situated away from residential uses; 2) the Conditional Overlay is consistent with that approved for the adjacent CS-

CO zoned property, with the addition of automotive and equipment-related uses in recognition of its location over the Edwards Aquifer Recharge Zone; 3) its frontage on a major arterial roadway, and, 4) an established maximum number of daily vehicle trips that will limit development to maintain acceptable traffic conditions on adjacent roadways and intersections.

## **EXISTING CONDITIONS**

### **Site Characteristics**

The property is undeveloped. The site slopes upwards to the west and there appear to be no significant topographical constraints on the site.

### **Impervious Cover**

The maximum impervious cover allowed by the CS-CO zoning district would be 15%, which is based on the more restrictive watershed regulations described below.

### **Environmental**

This site is located over the Edward's Aquifer Recharge Zone. The site is in the Williamson Creek Watershed of the Colorado River Basin, which is classified as a Barton Springs Zone (BSZ) watershed.

Project applications at the time of this report are subject to the SOS Ordinance which allows 15% impervious cover in the recharge zone.

According to flood plain maps, there is no flood plain within the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding existing trees and other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment on this site will be subject to providing structural sedimentation and filtration basins with increased capture volume and 2 year detention. Runoff from the site is required to comply with pollutant load restrictions as specified in LDC Section 25-8-514.

At this time, no information has been provided as to whether this property has any preexisting approvals which would preempt current water quality or Code regulations.

### **TPSD Right-of-Way**

The scope of this review is limited to the identification of needs for dedication and/or reservation of right-of-way for funded City of Austin Capital Improvement Program (C.I.P.) Roadway Construction Projects and Transportation Systems Management (T.S.M.) projects. A comment from this reviewer that no right-of-way is needed applies only to needs for these categories, and does not preclude the need to dedicate right-of-way to satisfy requirements by others. There are separate right-of-way dedication and reservation requirements enforced by other City Departments and other governmental

jurisdictions to secure right-of-way for roadway improvements contained in the Austin Metropolitan Area Roadway Plan that may not yet be funded, roadway projects funded by County and State agencies, and for dedication in accordance with the functional classification of the roadway.

No aspect of the proposed project is being considered or approved as part of this review other than the need for right-of-way for City-funded projects. If the configuration of the site/subdivision/plan will require any variances to Transportation Criteria Manual standards, the variance request(s) must be submitted separately through the assigned City of Austin case manager.

We have reviewed the proposed rezoning case and anticipate no additional requirement for right-of-way dedication or reservation for funded C.I.P. or T.S.M. projects at this location.

### **Transportation**

The Austin Metropolitan Area Transportation Plan calls for a total of 400 feet of right-of-way for US 290 West. Reservation of additional right-of-way may be required during the subdivision or site plan process in accordance with the Transportation Plan. [LDC, Sec. 25-6-51 and 25-6-55]

The trip generation under the requested zoning is estimated to be 3,138 trips per day, assuming that the site develops to the maximum intensity allowed under the zoning classification (without consideration of setbacks, environmental constraints, or other site characteristics).

A traffic impact analysis was waived for this case because the applicant agreed to limit the intensity and uses for this development. If the zoning is granted, development should be limited through a conditional overlay to less than 2,000 vehicle trips per day. [LDC, 25-6-117]

### **Water and Wastewater**

The landowner intends to serve the site with City water and wastewater utilities. If water or wastewater utility improvements, or offsite main extension, or system upgrades, or utility relocation, or utility adjustment are required, the landowner, at own expense, will be responsible for providing. Also, the utility plan must be reviewed and approved by the Austin Water Utility. The plan must be in accordance with the City design criteria. The utility construction must be inspected by the City. The landowner must pay the associated City fees.

The landowner must pay the tap and impact fee once the landowner makes an application for a City water and wastewater utility tap permit.

### **Compatibility Standards**

This tract is already undeveloped. However, any new construction on this site would be subject to compatibility development regulations due to the existing SF-2 zoned property to the south, east and west, and would be subject to the following requirements:

The site is subject to compatibility standards. Along the east, south, and west property line, the following standards apply:

- No structure may be built within 25 feet of the property line.
- No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
- No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.

• No parking or driveways are allowed within 25 feet of the property line.  
In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.

Additional design regulations will be enforced at the time a site plan is submitted.

The property lies in an overlay of the Barton Springs Zone.

**ORDINANCE NO. \_\_\_\_\_**

**AN ORDINANCE REZONING AND CHANGING THE ZONING MAP FOR THE PROPERTY LOCATED AT 6941 WEST U.S. HIGHWAY 290 FROM RURAL RESIDENCE (RR) DISTRICT TO GENERAL COMMERCIAL SERVICES-CONDITIONAL OVERLAY (CS-CO) COMBINING DISTRICT.**

**BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:**

**PART 1.** The zoning map established by Section 25-2-191 of the City Code is amended to change the base district from rural residence (RR) district to general commercial services-conditional overlay (CS-CO) combining district on the property described in Zoning Case No. C14-05-0015, on file at the Neighborhood Planning and Zoning Department, as follows:

A 0.350 acre tract of land (15,242 square feet), more or less, out of the Jesse Williams Survey No. 62, Travis County, the tract of land being more particularly described by metes and bounds in Exhibit "A" incorporated into this ordinance (the "Property"),

locally known as 6941 West U.S. Highway 290, in the City of Austin, Travis County, Texas, and generally identified in the map attached as Exhibit "B".

**PART 2.** The Property within the boundaries of the conditional overlay combining district established by this ordinance is subject to the following conditions:

1. The following uses are prohibited uses of the Property:

Automotive rentals  
Automotive sales  
Commercial off-street parking  
Equipment repair services  
Exterminating services  
Kennels  
Pawn shop services

Automotive repair services  
Automotive washing (of any type)  
Convenience storage  
Equipment sales  
Hotel-motel  
Off-site accessory parking  
Services station

2. Drive-in service is prohibited as an accessory use to a restaurant (general) use and a restaurant (limited) use.

- 2 3. A site plan or building permit for the Property may not be approved, released, or  
3 issued, if the completed development or uses of the Property, considered cumulatively  
4 with all existing or previously authorized development and uses, generate traffic that  
5 exceeds 2,000 trips per day.

6 Except as specifically restricted under this ordinance, the Property may be developed and  
7 used in accordance with the regulations established for the general commercial services  
8 (CS) base district and other applicable requirements of the City Code.

9  
10 **PART 3.** This ordinance takes effect on \_\_\_\_\_, 2005.

**ADDRESS:** 9211 U.S. Highway 290 East, Austin, Texas 78724

**CONSIDERATION:** Ten and No/100 Dollars (\$10.00) and other good and valuable consideration paid by the City of Austin to the Owner, the receipt and sufficiency of which is acknowledged.

**PROPERTY:** A 0.350 acre tract of land (15,242 square feet), more or less, out of the Jesse Williams Survey No. 62, in Travis County, the tract being more particularly described by metes and bounds in Exhibit "A" attached and incorporated into this covenant.

WHEREAS, the Owner of the Property and the City of Austin have agreed that the Property should be impressed with certain covenants and restrictions;

NOW, THEREFORE, it is declared that the Owner of the Property, for the consideration, shall hold, sell and convey the Property, subject to the following covenants and restrictions impressed upon the Property by this restrictive covenant. These covenants and restrictions shall run with the land, and shall be binding on the Owner of the Property, its heirs, successors, and assigns.

1. The use of coal tar based asphalt sealants for construction or repair of asphaltic concrete paving is prohibited on the Property.
2. At the time an application for approval of a site plan is submitted for development of the Property, or any portion of the Property, an Integrated Pest Management (IPM) plan shall be submitted to the Watershed Protection and Development Review Department for review and approval. The IPM plan shall comply with the guidelines in Section 1.6.9.2 (D) and (F) of the Environmental Criteria Manual that are in effect on the date of this covenant.
3. At the time an application for approval of a site plan is submitted for development of the Property, or any portion of the Property, a landscape plan shall be submitted to the Watershed Protection and Development Review Department for review and approval. Ninety percent of the total plant material used, exclusive of turf, shall be native to Central Texas or on the Grow Green Native and Adapted Landscape Plants list, attached as Exhibit "B". Plants on the Invasive Species/Problem Plants list, attached as Exhibit "C", may not be included.
4. If any person or entity shall violate or attempt to violate this agreement and covenant, it shall be lawful for the City of Austin to prosecute proceedings at law or in equity against such person or entity violating or attempting to violate such agreement or covenant, to prevent the person or entity from such actions, and to collect damages for such actions.
5. If any part of this agreement or covenant is declared invalid, by judgment or court order, the same shall in no way affect any of the other provisions of this agreement, and such remaining portion of this agreement shall remain in full effect.

6. If at any time the City of Austin fails to enforce this agreement, whether or not any violations of it are known, such failure shall not constitute a waiver or estoppel of the right to enforce it.
7. This agreement may be modified, amended, or terminated only by joint action of both (a) a majority of the members of the City Council of the City of Austin, and (b) by the owner(s) of the Property subject to the modification, amendment or termination at the time of such modification, amendment or termination.

## **EXHIBIT C**

### **Invasive Species/Problem Plants**

#### **PLANTS TO AVOID**

##### **INVASIVES**

(Plants that are non-native to the Central Texas ecosystem and tend to out-compete native species)

##### **Do Not Plant**

(Travel by seeds, berries, and spores so can be transported long distances. They have already invaded preserves and greenbelts):

- Arizona Ash
- Chinaberry
- Chinese Pistache
- Chinese Tallow
- Chinese Privet
- Elephant Ear
- Holly Fern
- Japanese Honeysuckle
- Ligustrum, Wax Leaf
- Mimosa
- Mulberry, Paper
- Nandina (large, berrying varieties)
- Photinia, Chinese
- Pyracantha
- Tamarisk
- Tree of Heaven

##### **Do Not Plant Near**

**Parks/Preserves/Greenbelts**  
(travel by runners, rhizomes, and stems so only invade neighboring areas):

- Bamboo
- English Ivy
- Vinca (Periwinkle)

##### **PROBLEM TREES AND SHRUBS**

(Typically fast-growing, highly adaptable, but often have weak wood and are short-lived. Most are susceptible to insect and disease problems.)

- Arizona Ash
- Azalea (not adapted to Austin soils)
- Boxelder
- Camellia
- Chinaberry
- Chinese Privet
- Chinese Tallow
- Cottonwood
- Ligustrum
- Lombardy Poplar
- Mimosa
- Mulberry, Paper
- Photinia, Chinese
- Siberian Elm
- Silver Maple
- Sweetgum
- Sycamore
- Tree of Heaven
