Austin Energy requests authorization to issue a Letter of Intent for a rebate in the amount of \$100,000 to American YouthWorks for the installation of a solar photovoltaic system, in accordance with the City of Austin's Solar Rebate Program guidelines. The program is one element of Austin Energy's comprehensive Strategic Plan approved in December 2003.

American YouthWorks is located at 1901 E. Ben White Blvd. in Austin, Texas. The solar photovoltaic equipment installed is estimated to provide yearly energy savings of 26,800 kWh.

The City will not exceed the maximum incentive offer should the final installed measures be eligible for a higher rebate at the time of the inspection due to changes in quantity or efficiency of equipment.
