# AGENDA ITEM NO.: Z-15 AGENDA DATE: Thu 03/04/2004 PAGE: 1 of 2

<u>SUBJECT:</u> C14-04-0004 - Crestview /Wooten Neighborhood Plan Combining District Rezonings -Conduct a public hearing and approve an ordinance amending Chapter 25-2 of the Austin City Code by zoning and rezoning property locally known as the Crestview/Wooten Combined Neighborhood Plan Area, bounded on the north by Research Boulevard, on the east by Lamar Boulevard, on the south by Justin Lane, and on the west by Burnet Road (Little Walnut Creek; Shoal Creek and Waller Creek Watersheds.) The proposed zoning change will create two Neighborhood Plan Combining Districts (NPCD) covering the entire area.

Under the proposed Wooten NPCD, "Small Lot Amnesty," "Front Porch Setback," and "Impervious Cover and Parking Placement Restrictions" are proposed for the entire area and the Cottage, Secondary Apartment, and Urban Home special uses are proposed for the Fireside Loop subdistrict which, includes all lots adjoining Fireside Drive, Hearthside Drive, and Putnam Drive north of Joy Lane. The Neighborhood Mixed Use Building special use is proposed for Tracts 4-6, 8, 9, 13-17, 20-22, 24-40, and 42-51, and the Neighborhood Urban Center special use is proposed for Tracts 1-3, 6, and 16. Under the proposed Crestview NPCD, "Small Lot Amnesty," "Front Porch Setback," "Garage Placement Restrictions" and "Impervious Cover and Parking Placement Restrictions" are proposed for the entire area. The Residential Infill special use is proposed for Tract 160a, the Neighborhood Mixed Use Building special use is proposed for Tracts 101a, 105-111, 113-117, 119-126, 130b, 137-139, 145, 147, 149-151 and 160a, and the Neighborhood Urban Center special use is proposed for Tracts 101, 102, and 160. The proposed zoning change will also change the base district zoning on 120 tracts of land from: interim-family residence (I-SF-3) district zoning; family residence (SF-3) district zoning; multifamily residence low density (MF-2) district zoning; multi-family residence medium density (MF-3) district zoning; multi-family residence moderate-high density (MF-4) district zoning; limited office (LO) district zoning; limited office-conditional overlay (LO-CO) combining district zoning; general office (GO) district zoning; general office-conditional overlay (GO-CO) combining district zoning; neighborhood commercial (LR) district zoning; community commercial (GR) district zoning; community commercial-mixed use (GR-MU) combining district zoning; community commercial-conditional overlay (GR-CO) combining district zoning; general commercial services (CS) district zoning; general commercial services-conditional overlay (CS-CO) combining district zoning; commercial-liquor sales (CS-1) district zoning; commercial-liquor sales-conditional overlay (CS-1-CO) combining district zoning; and limited industrial services (LI) district zoning

## SUMMARY STAFF RECOMMENDATION:

The proposed zoning change creates a Neighborhood Plan Combining District (NPCD) covering the entire area.

For each of the 120 tracts, the attached chart lists the existing zoning, proposed zoning, owner name, and street address. A description of the proposed zoning base district follows the list.

## PLANNING COMMISSION RECOMMENDATION:

February 10, 2004: APPROVE STAFF RECOMMENDATION, WITH REQUEST THAT THERE BE FURTHER DISCUSSION BETWEEN THE NEIGHBORHOOD AND PROPERTY OWNERS FOR PROPERTIES WITH DISPUTES. (Motion did not include consideration of SF-2 down-zoning.) VOTE: 6-0 (DS-1<sup>st</sup>, NS-2<sup>nd</sup>; LO-ABSENT)

## **ISSUES:**

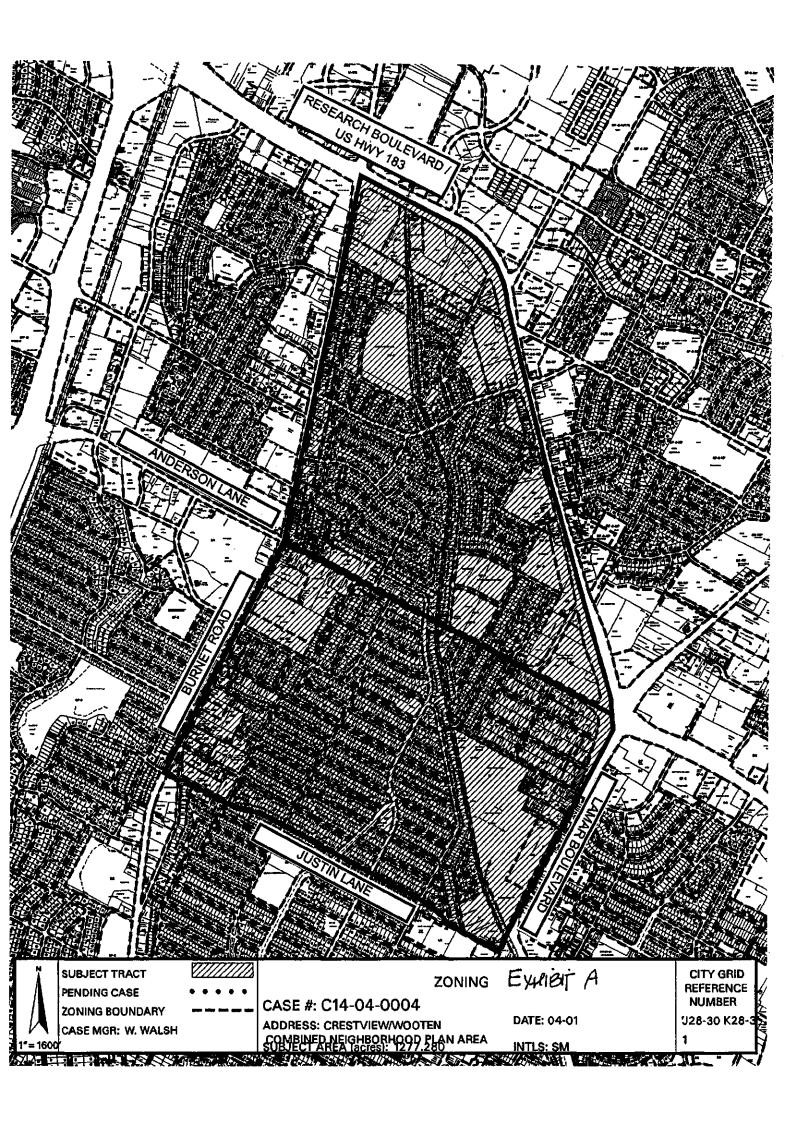

The Crestview Neighborhood Association has requested more restrictive Conditional Overlays pertaining to prohibited uses and conditional uses for several locations, as shown in Attachment 4.

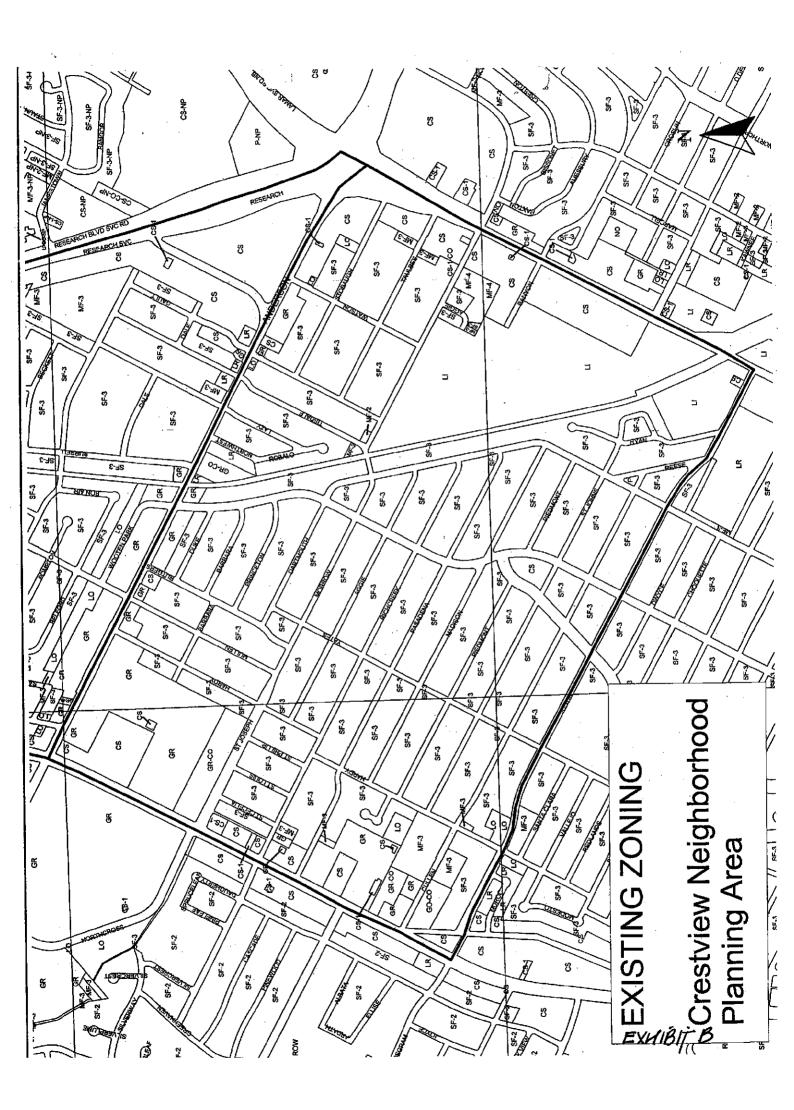

The Crestview Neighborhood Association expressed concerns with the potential number of residential units that could be developed under the proposed mixed-use options. To address these concerns, staff removed the Mixed Use Building special use along two corridors: Burnet Road, south of Anderson Lane, and both sides of Anderson Lane.

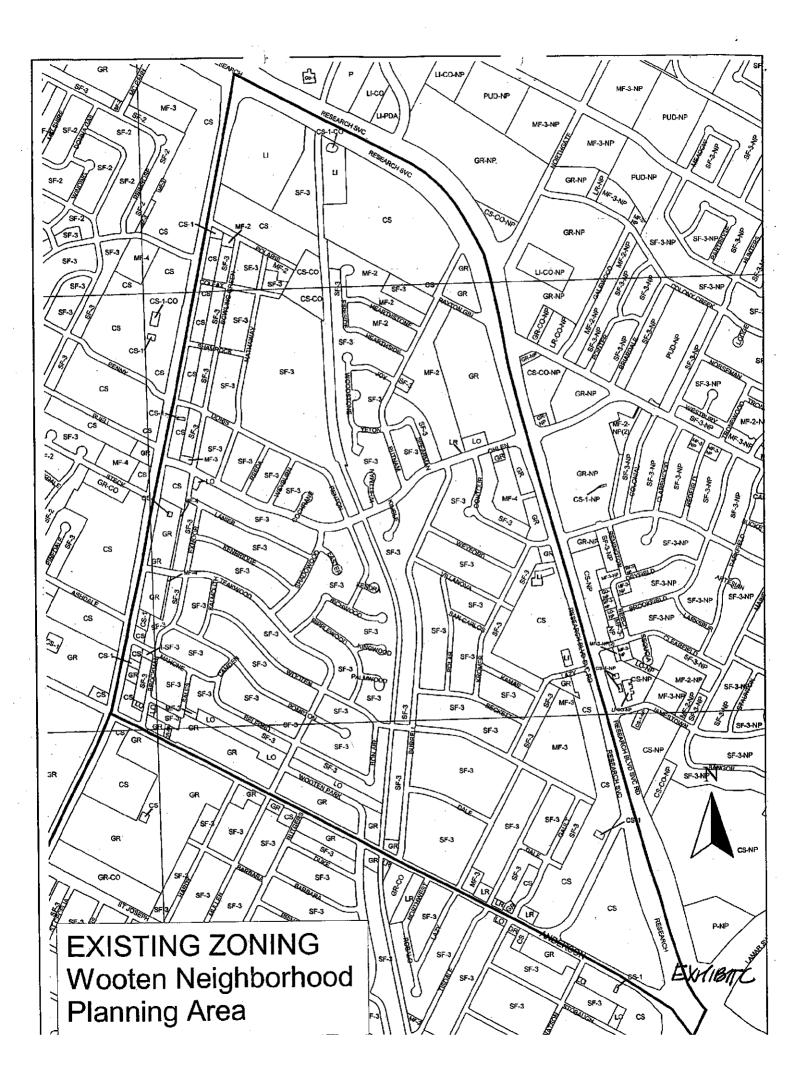

The Crestview Neighborhood Association and the Huntsman Petrochemical Corporation (the landowner of Tract 160, a triangular, 74 acre tract of land generally bounded by Morrow Street, Lamar Boulevard and the Southern Pacific railroad tracks) are in disagreement regarding the number and type of residential units, and the amount of open space that should be required. Please refer to Attachment 5.

A valid petition of 100 % has been filed by a property owner of Tract 149 (6900 - 6926 North Lamar Boulevard in opposition to the rezoning request from LI and CS to CS-NP.

#### STAFF RECOMMENDATION

The proposed zoning change creates a Neighborhood Plan Combining District (NPCD) covering the entire area.

For each of the 120 tracts, the attached chart lists the existing zoning, proposed zoning, owner name, and street address. A description of the zoning base district follows the list.

## BACKGROUND

At the direction of the Austin City Council, Neighborhood Planning staff began working to develop a combined neighborhood plan in Crestview / Wooten in November 2002. Following a kickoff meeting, staff and residents, property owners, business owners, and representatives of area institutions have been attending meetings and developing the plan for 13 months.

The plan's goals, objectives, and action items were developed at numerous Crestview / Wooten Combined Neighborhood Planning meetings. The Neighborhood Plan will be considered concurrently with the subject rezoning case.

The proposed zoning change creates a Neighborhood Plan Combining District (NP) covering the entire area. The purpose of the NP is to allow infill development by implementing a neighborhood plan that has been adopted by Council as an amendment to the City's Comprehensive Plan. The NP may modify the base district of an individual parcel within the neighborhood to allow for the following special uses and design tools – Small Lot Amnesty; Mixed Use Building; Neighborhood Urban Center; Residential Infill; Cottage; Urban Home; Secondary Apartment; Parking Placement and Impervious Cover Restrictions; Garage Placement; and Front Porch Setback.

#### BASIS FOR LAND USE RECOMMENDATION (ZONING PRINCIPLES)

The staff's basis for recommendation is derived from the goals and objectives for land use as described in the Crestview / Wooten Combined Neighborhood Plan:

#### Goals - Land Use

- Any new development or redevelopment should respect and complement the single-family character of the neighborhood.
- Preserve and enhance existing neighborhood-friendly businesses and encourage new neighborhood-friendly ones in appropriate locations.
- Enhance the safety and attractiveness of the neighborhoods.
- Maintain and enhance the single-family residential areas as well as existing community facilities and institutions in the Crestview and Wooten neighborhoods.
- Promote enhancement of major corridors by encouraging better quality development and redevelopment and discouraging strip development.
- Promote enhancement of major corridors by encouraging better quality and a mix of neighborhood serving development and redevelopment.

• Target and encourage redevelopment of dilapidated or vacant multifamily structures into quality multifamily.

#### **Objectives – Land Use**

- Preserve the character and affordability of the Crestview and Wooten Neighborhoods.
- Encourage the development of neighborhood-serving commercial and mixed use on Anderson Lane and Burnet Road.
- Allow more intense commercial areas to locate on Research Boulevard, while minimizing the impacts to any residential uses.
- Preserve the Crestview Shopping Center as a genuine neighborhood retail node.
- Provide opportunities for the ultimate redevelopment of the Huntsman Petrochemical site to "complete" the neighborhood and create quality open space.
- Provide opportunities for continued enhancement of the commercial node at Burnet Road and U.S. Highway 183 / Research and the adjacent commercial properties to the south that transition into the Wooten neighborhood.
- Encourage the enhancement of the buildings and streetscape along Wooten Park Drive.
- Encourage the redevelopment and enhancement of the "Fireside Loop" area in northeast Wooten (Hearthstone, Fireside, Hearthside and a portion of Putnam).
- Encourage the redevelopment of Lamar Boulevard with more residential and neighborhood serving businesses.

## **EXISTING CONDITIONS**

#### **Impervious Cover**

The maximum impervious cover limits for the proposed zoning districts are as follows:

| LI, Limited Industrial Services               | 80 %                                    |

| SF-6, Townhouse & Condominium Residence       | 55 %                                    |
| SF-3, Family Residence                        | 45 %                                    |
| SF-2, Single Family Residence                 | 45 %                                    |
| P, Public                                     | varies (refer to Land Development Code) |

The maximum amount of impervious cover is determined as the more restrictive figure of the zoning district and watershed class.

#### Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Shoal, Waller and Little Walnut Creek Watersheds of the Colorado River Basin, which are classified as Urban Watersheds by Chapter 25-8 of the City's Land Development Code. Impervious cover is not limited in this watershed class. This site is required to provide on-site structural water quality controls (or payment in lieu of) for all development and/or redevelopment when 5,000 square feet cumulative is exceeded, and detention for the two-year storm.

According to flood plain maps, there is flood plain within the project area.

At this time, site-specific information is unavailable regarding existing trees and other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

## **Transportation**

Additional right-of-way (ROW) necessary for future roadway improvements within the proposed zoning may be required during the subdivision review process or the site plan review process.

Since the rezoning of this area is being initiated by the City of Austin through the neighborhood planning process and does not reflect a specific development proposal, no trip generation calculations are provided on a tract by tract basis for any proposed land uses as would typically be provided.

A Traffic Impact Analysis (TIA) will be required during the site plan review stage for any proposed land use that would generate over 2,000 vehicle trips per day. Additional ROW, participation in

roadway improvements, and/or limitation on development intensity may also be recommended based on review of the TIA.

## TPSD Right-of-Way

The scope of this review is limited to the identification of needs for dedication and/or reservation of right-of-way for funded Capital Improvement Program (C.I.P.) Roadway Construction Projects and Transportation Systems Management (T.S.M.) Projects planned for implementation by the City of Austin. No aspect of the proposed project is being considered or approved with this review other than the need for right-of-way for City projects. There are separate right-of-way dedication and reservation requirements enforced by other Departments and other jurisdictions to secure right-of-way for roadway improvements contained in the Austin Metropolitan Area Roadway Plan, roadway projects funded by County and State agencies, and for dedication in accordance with the functional classification of the roadway.

We have reviewed the proposed rezoning case and anticipate no additional requirement for right-ofway dedication or reservation for funded C.I.P. or T.S.M. projects at this location.

#### Water and Wastewater

The area is served with City water and wastewater utilities. If water or wastewater utility improvements, or offsite main extension, or system upgrades, or utility adjustment, or relocation are required for a lot, or development, or redevelopment, or tract, or land use, the landowner will be responsible for all costs and providing. Also, the utility plan must be reviewed and approved by the Austin Water Utility. The plan must be in accordance with the City's utility design criteria.

#### **Compatibility Standards**

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district/use will be subject to compatibility development regulations.

#### DESCRIPTION OF ZONING DISTRICTS

SF-2 - Single Family Residence district is intended as an area for moderate density single-family residential use, with a minimum lot size of 5,750 square feet. This district is appropriate for existing single-family neighborhoods having moderate sized lot patterns, as well as for development of additional single-family housing areas with minimum land requirements.

**SF-3** -- **Family Residence district** is intended as an area for moderate density single-family residential use, with a minimum lot size of 5,750 square feet. Duplex use is permitted under development standards that maintain single-family neighborhood characteristics. This district is appropriate for existing single-family neighborhoods having typically moderate sized lot patterns, as well as for development of additional family housing areas with minimum land requirements.

SF-6 – Townhouse and Condominium Residence district is intended as an area for moderate density single family, duplex, two family, townhouse, and condominium use. SF-6 is appropriate in selected areas where a transition from single-family to multifamily use is appropriate.

**MF-2** -- Multifamily Residence Low Density district is the designation for a multifamily use with a maximum density of up to 23 units per acre. An MF-2 district designation may be applied to a use in a multifamily residential area located near single-family neighborhoods or in an area for which low-density multifamily use is desirable.

**MF-3** -- **Multifamily Residence Medium Density district** is intended to accommodate multifamily use with a maximum density of up to 36 units per acre. This district is appropriate for multifamily residential areas located near supporting transportation and commercial facilities, generally in more centrally located areas, and in other selected areas where medium density multifamily use is desirable.

**MF-4** -- **Multifamily residence moderate** - high density district is the designation for multifamily and group residential use with a maximum density of 36 to 54 units per acre, depending on unit size. An MF-4 district designation may be applied to high density housing in a centrally located area near supporting transportation and commercial facilities, in an area adjacent to the central business district or a major institutional or employment center, or in an area for which moderate to high density multifamily use is desired.

NO – Neighborhood Office district is the designation for a small office use that serves neighborhood or community needs, is located in or adjacent to a residential neighborhood and on a collector street that has a width of 40 feet or more, and does not unreasonably affect traffic. An office in an NO district may contain not more than one use. Site development regulations applicable to an NO district use are designed to preserve compatibility with existing neighborhoods through renovation and modernization of existing structures.

LO – Limited Office district is the designation for an office use that serves neighborhood or community needs and that is located in or adjacent to residential neighborhoods. An office in an LO district may contain one or more different uses. Site development regulations and performance standards applicable to an LO district use are designed to ensure that the use is compatible and complementary in scale and appearance with the residential environment.

**GO** – **General Office district** is the designation for offices and selected commercial uses predominantly serving community or citywide needs, such as medical or professional offices.

LR -- Neighborhood Commercial district is intended for neighborhood shopping facilities that provide limited business services and office facilities predominately for the convenience of residents of the neighborhood.

**GR** -- **Community Commercial district** is the designation for an office or other commercial use that serves neighborhood and community needs and that generally is accessible from major traffic ways.

ATTACHMENT 1 PAGE 1 OF 4

CS -- General Commercial Services district is intended predominately for commercial and industrial activities of a service nature having operating characteristics or traffic service requirements generally incompatible with residential environments.

**CS-1** – **Commercial Liquor Sales district** is intended predominately for commercial and industrial activities of a service nature having operating characteristics or traffic service requirements generally incompatible with residential environments, and also includes liquor sales as a permitted use.

LI – Limited Industrial Services district is the designation for a commercial service use or limited manufacturing use generally located on a moderately sized site.

P -- Public district is the designation for a governmental, civic, public service, or public institution use. A P district designation may be applied to a use located on property used or reserved for a civic or public institutional purpose or for a major public facility, regardless of ownership of the land on which the use is located.

#### **Overlay Districts**

An overlay or **combining district** is a type of zoning district that is used in combination with a stan<u>dard</u>, base zoning district. Any of the above zoning districts could include any one or more of the following zoning districts.

**CO** -- **Conditional Overlay combining district** may be applied in combination with any base district. The district is intended to provide flexible and adaptable use or site development regulations by requiring standards tailored to individual properties.

**MU** -- **Mixed Use combining district** is intended for combination with selected base districts, in order to permit any combination of office, retail, commercial, and residential uses within a single development. Allows development of all types of residential uses, including single-family residential, multifamily residential, and townhomes.

**PDA -- Planned development area (PDA) combining district** is intended to: (1) provide for industrial and commercial uses in certain commercial and industrial base districts; or (2) incorporate the terms of a planned development area agreement into a zoning ordinance following annexation of a property that is subject to a planned development area agreement.

**Special Uses** – Uses allowed in an approved neighborhood plan (NPCD) for a specific location or neighborhood wide. These uses are not normally permitted without the NPCD. The special uses are described on the following page.

**NPCD** or (NP) –Neighborhood Plan combining district is a zoning overlay used to implement a neighborhood plan that has been adopted by City Council and to allow certain special uses. These special uses are only available when approved as part of an NPCD. Each adopted Neighborhood Plan area is able to establish its own NPCD. For some of the infill options, their location must be specified, but other infill proposals can be applied neighborhood-wide.

## **Special Uses and Design Tools**

The following special uses and design tools are being recommended as part of the Crestview/Wooten Neighborhood Plan. They are <u>optional</u> uses granted in addition to the uses allowed in the base zoning district.

#### Small Lot Amnesty

Small lot amnesty means permitting construction of new single family homes or major renovation of existing single family homes on **existing** single family lots that do not meet current minimum standards.

The Small Lot Amnesty would permit existing lots that have a minimum of 2,500 square feet to be developed with new single-family homes. Special site development standards would apply to ensure new homes are compatible with existing homes. <u>This applies only to existing lots</u>.

#### Mixed Use Building

A Mixed Use Building is a structure located in a commercial zoning district that has commercial or retail uses on the ground floor and residential units on one or more upper floors. The standards for the Mixed Use Building require pedestrian-oriented design. For example, buildings must be built closer to the street, and parking must be located to the rear of the building. A Mixed Use Building may contain dwelling units in not more than 50% of the gross floor area of the ground floors.

#### **Neighborhood Urban Center**

Neighborhood Urban Center refers to the redevelopment of an existing retail or commercial center, or development of a vacant site, into a mixed use, pedestrian and transit-oriented center. The Neighborhood Urban Center would permit residential, multi-family, commercial and retail uses on certain sites with commercial zoning.

The Neighborhood Urban Center includes limits on how much of each type of development may occur. The goal of these standards is to ensure compatibility with existing neighborhoods while permitting flexibility in project design. The minimum standards for various land uses in a Neighborhood Urban Center are:

Residential Uses Commercial Uses Open Space 25% of Total Building Area 10% of Total Building Area 10-20% depending on total site area

#### **Residential Infill**

The Residential Infill special use requires a diversity of housing types and open space and permits a limited amount of neighborhood compatible retail development. If chosen, this special use is applied to specific properties of at least one acre in the SF-3, SF-5, SF-6, MF-1 through MF-6, and LI zoning districts.

For a proposed Residential Infill development, a development plan showing the location of land uses and the layout of streets, lots, and open space must be approved by the Planning Commission. The following residential uses are permitted: single-family (including urban home and cottage lot), duplex, townhouse, condominium, multi-family, and secondary apartments. However each plan must show compliance with the following land use mix requirements:

Land Use Single-Family Duplex Townhouse and Multi-Family Neighborhood Commercial Community Open Space Minimum 40% of total units None 10% of total units None 10-20% depending on total site area Maximum 80% of total units 10% of total units 20% of total units 1,000sf per acre

#### <u>Cottage</u>

The Cottage Lot special use permits detached single-family homes on lots with a minimum area of 2,500 square feet and a minimum width of 30 feet. The cottage lot is permitted in SF-3, SF-5, SF-6, and MF-1 through MF-6

ATTACHMENT PAGE 3 OF 4 zoning districts. The development requirements are more detailed than that required for other single-family development to ensure the infill special use is designed well and is compatible with the neighborhoods.

#### Urban Home

The Urban Home special use permits detached single-family homes on lots with a minimum area of 3,500 square feet and a minimum width of 40 feet. The urban home is permitted in SF-3, SF-5, SF-6, and MF-1 through MF-6 zoning districts. The development requirements are more detailed than that required for other single-family development to ensure the infill special use is designed well and is compatible with the neighborhoods.

#### Secondary Apartment

The Secondary Apartment special use permits a second dwelling unit 850 square feet or less in size on a lot with a minimum area of 5,750 square feet. If chosen, this accessory unit is permitted in SF-1 through SF-3, SF-5, SF-6 and MF-1 through MF-6 zoning districts. Currently, a second unit with similar regulations as the secondary apartment is permitted city-wide on lots at least 7,000 square feet in the SF-3, SF-5, SF-6, and MF-1 through MF-6 districts. Choosing the secondary apartment special use opens up the opportunity for homeowners with lot sizes between 5,750 square feet and 7,000 square feet and those in the SF-1 and SF-2 zoning districts to build a second unit.

The secondary apartment may be located above a garage, or at least 15 feet back from the principal single-family house. The secondary apartment must comply with the site development regulations for the base zoning district, including impervious cover limits. It must also include one extra off-street parking space.

#### Parking Placement and Impervious Cover Restrictions

The parking placement and impervious cover restrictions establish that all required parking must be located behind the front façade of the principal structure and limits the amount of impervious cover to be constructed in the front yard. Current ordinance would permit required parking within the front yard setback. Any single-family, two-family, or duplex use is subject to the following requirements:

- 1. No more than forty percent (40%) of the required front yard may be impervious cover (this may be waived if a circular driveway is needed for traffic safety purposes).
- 2. No more than 4 parking spaces may be located in a street-yard setback.

#### **Garage Placement**

This option sets guidelines for developing and/or redeveloping lots in established neighborhoods where existing development promotes residential facades and minimizes the parking structure aesthetics dominating single-family residential use of a property. It also allow for attached parking structures without width limitations to be constructed so that parking structure dominated development does not occur.

This option allows for a side entry parking structure, which will accommodate residential design along the front wall. For a Single-Family, Two-Family, or Duplex Residential Use:

- 1. Garages or carports must be located flush to the front facade, or behind the front facade of the house.
- 2. If a garage or carport is located less than 20 feet behind the front façade of the house, its width cannot exceed 50% of the width of the house.

No maximum width is required for garages or carports that are 20 feet or more behind the front façade of the house, or have side or rear entrances.

#### Front Porch Setback

Covered and uncovered Front Porches (defined as open-sided porches connected directly with the front entrance to a residence, and with a permanent, exterior flooring material) shall henceforth be allowed to within 15 feet of the front property line. Roof overhangs may extend not more than 24" into the setback zone. Structural columns (but not walls) are allowed within the footprint of the porch.

Subject: Crestview/Wooten Neighborhood Assn Plan

### To: Whom It May Concern:

I am writing in support of the Crestview/Wooten Neighborhood Association Plan, with one minor exception. Items I approve of:

- · Maintaining single-family zoning where it presently exists
- Updating previous unspecific zoning designations of commercial/industrial areas to reflect current zoning designations more specific to our neighborhood areas
- For the Crestview Neighborhood Grocery area, I support refining the zoning to reflect current use
- Leaving light/commuter rail as an option, though with a recommendation for service to Crestview and noise and visual mitigation for abutting properties
- Allowing for denser residential development along minor and major arterials

Things I am against:

- Sidewalks along Pasadena (where did this come from and why aren't Pasadena owners ALL being consulted? It isn't like we've got a school at the end of the street-NO TOPASADENA SIDEWALKS).
- Adult-oriented businesses, big-box retail, or any more storage centers, even along arterials

#### Other notes:

- Please ensure that if Huntsman Corporation ever moves, that industrial use goes away-it is too risky having such dangerous chemicals so close to residential areas.
- Adding trees along Arroyo Seco (like was done for the Brentwood Neighbohood Association) would prevent erosion and be a neighborhood amenity.
- A trail along Arroyo Seco remains my favorite idea.
- Capital Metro should extend the Woodrow route into Wooten

Overall, City staff has been courteous, informed, and done a good job of pulling together a plan among divisive forces. I was a little less impressed with my fellow citizens and applaud City staff for having to deal with us. The Wooten folks appeared respectful of the planning process and seemed generally intelligent. My Crestview leadership and some of my more vocal Crestview neighbors did their best to impede the process and seemed hung up on previous grievances with the City. It was disheartening and I am certain that this divisive behavior contributed low attendance at the Planning meetings-I was discouraged myself. Again, I applaud City staff for pulling together a plan despite this challenge.

| Subject: | Crestview plan residential rezonings      |

Mr. Soliz,

This letter is to request the rezoning of certain properties in the Crestview plan going before the planning commission on Tuesday, February 10, 2004. During the planning process it was determined that the current zoning for residential properties included in the subdivisions known as Crestview Addition, Sections 9, 10, & 12 were previously zoned to allow duplexes (SF-3) even though the deed restrictions only allow one single family house (SF-2). This issue has been discussed with city staff who indicated a correction of the zoning to SF-2 would be appropriate and reasonable. We are requesting at this time that the rezoning of these properties be included in the February 10th, 2004 planning commission public hearing. If you have any questions, please feel free to contact me. Thank you for your consideration.

my name is loretta turner and i live on piedmont avenue in the crestview neighborhood. my family has called this neighborhood home for over 50 years. the way the area is set up is a family-friendly way. it is 100% functional for all the needs of those who live there. it is unfortunate that there is some advice and feedback coming from those that do not call this area their home. growth is necessary for all cities, but it is most critically important that this growth is directed in areas that are set up or can be easily set up for these changes. i believe in the saying "IF IT AIN'T BROKE, DON'T FIX IT" and i can't see tearing up and downgrading an area that is so functionally set up when there are other areas we need to consider. if there is more traffic jammed into this little area, this could affect the safety of our school children as well as our elderly. i feel the city is rushing into something. please, let's slow down and think about what we are doing as a city and do what is right. the turn out of the folks in the crestview neighborhood show the loyalty we have for our neighborhood and the need for protecting it as well. sure there are issues concerning growth in our city and we will support growth, but sensibly and where it can be accomodated much more easily than in our small community. thank-you, loretta turner

Like many in our neighborhood (elderly, disabled, people with young families, those out of town, the ill, etc.) I am unable to attend tonight's meeting. However, this does not mean that I do not care about the future of my neighborhood. Please record that I support the results of the Crestview Neighborhood Association survey with regards to density and conditional overlays. This survey had a high response ratethis is the voice of our neighborhood. Hopefully the city will allow for additional time to respond to (hear our voice) our preferences. Thank you, Beth Dodd 1712 W. St. Johns

RE: Preliminary Letter of Agreement Tract 123 7700-7720 N. Lamar Blvd., and 822 Taulbee Lane Continental Auto

Dear Commissioners:

We ask that two items are allowed uses included as follows, Vehicle Storage and Limited Warehouse/distribution. We have discussed this with the neighborhood and agreed to the following for their support of this request.

The items listed below were discussed with the intent to provide solutions to meet as many concerns as possible and that are feasible. The following were items discussed:

- Agreement to research off site parking for employees, if available, on surrounding properties. This may require off-site parking agreements, and/or purchase of other properties with proper zoning, or other options;
- Replace existing fencing along Condo Subdivision, with a solid fence, using materials to be determined, and to be discussed with neighborhood group. Costs will be discussed with the Condo Subdivision, to determine if expenses will be shared, per the neighborhoods' offer.
- Client will research sound proofing materials available and used for this type of facility, with the attempt to minimize the noise from the facility;
- For security reasons, all security wiring must stay in place, however, the landscaping as noted below, could provide a visual buffer for the Condo Subdivision;
- Landscape plans will be provided to plant vines and trees on the property side of the Condo Subdivision, which will also be owned and maintained by them. An irrigation system will be researched to confirm requirements, existing conditions and costs, which will be discussed with the neighborhood. The landscaping, once established, can provide a visual buffer for the Condo Subdivision.

The items listed above have been agreed upon by the client, and will need to be discussed in more detail with the neighborhood representatives. The detailed agreement will be finalized in the form of a formal agreement, to be adopted prior to City Council adoption of the Neighborhood Plan.

Sincereby

## A. REGULAR AGENDA

#### **EXECUTIVE SESSION (No public discussion)**

The Planning Commission will announce it will go into Executive Session, if necessary, pursuant to Chapter 551 of the Texas Government Code, to receive advice from Legal Counsel on matters specifically listed on this agenda. The Planning Commission may also announce it will go into Executive Session, if necessary, to receive advice from Legal Counsel regarding any other item on this agenda.

Private Consultation with Attorney - Section 551.071

### CITIZEN COMMUNICATION:

1. The first four (4) speakers signed up to speak will each be allowed a three-minute allotment to address their concerns regarding items *not* posted on the agenda.

**Denise Zuniga** expressed her concern about the plan in the Crestview/Wooten Neighborhood Plan to remove the Northwest Optimist ballpark. On the other side of the property is a hazardous waste site that is too expensive to clean. Help protect the ballpark and the youth.

#### APPROVAL OF MINUTES

2. Approval of minutes from January 27, 2004.

MOTION: APPROVE BY CONSENT. VOTE: 6-0 (NS-1<sup>ST</sup>, MA-2<sup>ND</sup>; LO-ABSENT)

## MOTION: APPROVAL OF NEIGHBORHOOD PLAN, AS RECOMMENDED BY STAFF. VOTE: 6-0 (DS-1<sup>st</sup>, NS-2<sup>nd</sup>; LO-ABSENT)

Commissioner Riley clarified that the "Recommendation for Modifications to Draft Plan" is not part of the motion.

Commissioner Spelman respects the ideas on that sheet, and would like to see staff recommending it before it goes to Council.

#### STAFF PRESENTATION

Kathleen Welder presented the neighborhood plan and Scott Whiteman presented the proposed rezonings.

#### **PUBLIC HEARING**

#### **CRESTVIEW**

**Chip Harris**, the president of the Crestview Neighborhood Association, would like to thank staff for extending planning time. The extended time was productive. Mr. Harris said the neighborhood association sent a survey, and 25% responded. The general message received from the respondents was that the neighborhood residents did not want increased residential density and that at least 30 acres of parkland should be dedicated on the Huntsman tract. The neighborhood is still reviewing the Huntsman tract proposal, but do have some concerns. Sections 9, 10 and 12 have deed restrictions that prohibit duplexes, so would like the Planning Commission to direct staff to rezone properties to be consistent with the deed restrictions. Mr. Harris explained the neighborhood association's opinion on several rezoning cases (referred to letter on dais).

Commissioner Spelman asked Mr. Harris about the average lot sizes in the sections requesting SF-2 zoning. Mr. Harris said they are around 7,000 square feet, and have deed restrictions that specifically state only single-family is permitted.

**Dana Lockler**, resident of Crestview since 1978, criticized the wording of the questions on the survey prepared by city staff. He said he would have liked a fixed schedule and agendas at the beginning of the process. Land use and quality of life are inseparable.

Nancy Harris, and two other residents, Mike Keenaw, Nanci Felice, read from some of the survey responses: "Crestview is a unique, eclectic neighborhood. Preserve the feeling. We are a great, lovely neighborhood. Don't mess with our neighborhood, preserve. Don't want crowded wall-to-wall city. The rezoning is to increase valuations to tax small businesses out of the area. Do not want planners to ruin neighborhood by stuffing it with more people. Used car dealers are out of control in our neighborhood. More apartments cause more noise and more crime. There are plenty of shops in the area. More apartments would cause the neighborhood to deteriorate. Do not want extra housing on existing lots. Would like to keep it quiet, keep it safe for children. I am opposed to more apartment buildings." In conclusion, the Crestview residents are proud of their community. Many have lived in the neighborhood for more than 40 years.

**Pam Mathison**, who has lived in the neighborhood for 19 years, explained that she would like to acknowledge city staff for listening and their hard work. She discussed the Huntsman tract, and stated that the neighborhood requests that the most intense development occur within 300 feet of Lamar Blvd. That in order to be consistent with other neighborhood plans, existing uses on the

Page 6 of 13

Huntsman tract that are not industrial, be down-zoned. Also requested that no access be allowed to Morrow Street, except for emergency vehicles and single-family residences. Adopt the staff's revised land use plan, adopt the additional recommendations for the Huntsman tract and the revised conditional overlays. Adoption of these recommendations will help the neighborhood achieve its goals.

#### **WOOTEN**

**Mike Boyle**, president of the Wooten neighborhood association. Wooten is different than Crestview culturally. Wooten encourages individuals to express themselves, above the collective group. One property owner expressed concerns about parking reductions and the impact on their neighborhood.

Commissioner Medlin asked Mr. Boyle to clarify the mixed-use building concern. Mr. Boyle said that the concern was brought forward by a commercial building owner. She was concerned that the reduced parking permitted under the Neighborhood Mixed-Use Building might result in spillover parking onto her site.

**Don Jackson**, just asked a clarification question about the zoning on his property, and Mr. Whiteman responded to Mr. Jackson's satisfaction.

John Joseph, Jr., with the law firm of Minter, Joseph and Thornhill, represents a property owner with LI zoning. Unlike the Govalle neighborhood plan, this piece of property has been operated as an automotive dealership for years. Though the existing use is permitted in CS, the automotive industry is changing, such as switching to electric and hydrogen fuel, and the use may need LI zoning to allow for future uses. The client has signed a petition against the rezoning. The property owner does not want a conditional overlay for the LI zoning. In response to Commissioner Riley's question about ruling out uses, Mr. Joseph said that they would prohibit adult-oriented businesses.

Steve Roger said he supports the plan. He noted that the neighborhood he lives in gets narrow as it goes north, and the residents start to get close to commercial properties.

**Greg Strmiska**, on behalf of the Huntsman Corporation, said that Huntsman has been on the property for the past 10 years. They have developed a strong relationship with the Northwest Optimist Club. They have reduced the operations on the site to research and development, and the property has agreed to a 10% limit on basic industry. With regard to the traffic, would like to defer the decision on access to the site plan stage, as staff has requested. Hunstman has voluntarily offered to preserve the 17 acres where soccer fields are located. That property provides open space and a buffer between the industrial and the residential.

Commissioner Sullivan asked what the nature of the legal agreement between the optimist club and Huntsman. Mr. Strmiska said there is a year-to-year lease agreement. The existing zoning on the property is LI. Mr. Strmiska said that LI does not have conditions or restrictions. Commissioner Sullivan clarified that it is goodwill to maintain that area as green space and ballfields.

Commissioner Riley asked about the goal of reducing light and amplified noise from the ball park operated by the northwest optimist club. Mr. Strmiska said they would work on addressing those issues.

**Gladys Gresser**, a resident for 56 years, said Hunstman has been a good neighbor, and has been on their Community Advisory Group. The Huntsman employees volunteer in the schools. Huntsman had been notified of the planning process rather late, but they made up for lost time. The neighborhood met with them in December, and have made lots of progress, however the neighborhood disagrees with the idea of planning for the site even though Hunstman does not have immediate plans to move. She thinks it has been a good process.

**Clayton Copeland**, chief umpire at Northwest Optimist Club, shared that he has seen many 5-6 year olds having a good time playing sports. He pointed out the benefits and intangibles of having the playing field.

Jim Brown, member of the Board of Directors of the Northwest Optimist Club, presented the history of the club. The club represents more than 50 years of service. There are 11 optimist clubs in Austin. The optimist club awards scholarships. In 1953, Burnet Road was a gravel road. Lamar was the main route through town. The chemical plant was there in 1953. Further south was residential and the UT tower. Polaris and Burnet was the location of the first football field. The Optimist club created baseball fields on Huntsman property in 1954. The optimist club has 700-800 kids.

**Olga Henson**, also a member of the Optimist Club, an all-volunteer organization. She explained the costs of maintaining the sports fields. Registrations, concession stands, fundraisers provide funds.

**Tom Tarvin** is a 17-year coach at the Huntsman Sports Complex. Only four of 58 city parks offer shared use baseball fields. So, Huntsman owns 25% of the baseball fields in northwest Austin (starting from Cesar Chavez).

Commissioner Riley says the PDA shows preservation of 17 acres for open space. Mr. Tarvin said that the 17 acre property is exactly the area of the sports fields.

Dorman McGinty, with the park since 1972 as a coach. Said it is all about the kids.

Jim Wittliff, represents the owner at 8990 Research Blvd, portion of Tract 3. The neighborhood plan calls for a rezoning to CS-NP. The property is bordered by a warehouse on two sides, railroad, and a shopping center, with a warehouse. The current use on the subject property is a CS use, but has industrial zoning. The owner would like to keep the industrial zoning, and is willing to exclude basic industry, resource extraction, and other uses if appropriate. Mr. Wittliff asked the Commissioners to maintain industrial zoning on the site.

**Eddie Gary**, recently became part of process. He lives and owns rental property on Morrow Street. The Huntsman and optimist club have been very good neighbors. He said the survey by the City, and by the neighborhood association, had leading questions. He understands Austin will

not stay like it was in the 1980s. The real people impacted by the Huntsman Corporation have not really been involved with the process.

Stacy Harding, owner of Tract 112 on Northwest Drive and Bravado, said there is a preschool there, and there is a lot of traffic, there is no outlet. But putting multi-use on the property, which seems like anything can be put on it, is not needed. He left Austin 28 years ago, and recently became a City employee. He wants to make existing neighborhoods better. He agrees that the optimist club should be maintained.

Mr. Whiteman said that the zoning would be LR, but limited to site development regulations compatible with single-family zoning, and with MU, to allow for residential uses.

Amelia Lopez-Phelps, speaking on behalf of property owner of 7700-7720 North Lamar, Continental Auto, has a site plan approved in 2001. They are concerned about the prohibition of the uses of vehicle storage and limited warehouse and distribution. In the event that the body shop is relocated, the owner would like to continue to store the vehicles on that site. One of the conditional overlays requires a 50-foot setback. They just want to comply with compatibility standards. They have met with the neighborhood and so have a letter from them showing improvements that the owners are willing to provide, and will provide a restrictive covenant before final Council action.

Sylvia Herrera requested that her property be rezoned to multi-family. For Crestview, she is against the front porch setback and the garage placement. She thinks the 15 feet setback is just too little. The garage placement restriction requires garages to be flush with the front façade, and does not allow for minor variations. It is not clear if the front porch would be considered the façade. It should be clarified in the ordinance. She recalls that the Huntsman Corporation went to the Board of Adjustment requesting a buffer between its plant and the residential.

Commissioner Armstrong requested clarification of garage placement issue, specifically does the actual front wall of the house have to be aligned with the garage. Mr. Whiteman said that the ordinance is not very clear, but the front porch is required to be the front setback line. In the case that the porch extends into the front setback, the garage would have to comply with the front building setback, so the garage could not be aligned with the porch.

**Dave Considine**, lives in the Crestview neighborhood, requested the Planning Commission recognize that the neighborhood contributes to commerce and industry already, and would like to keep it at the current level and not increased. The Crestview Neighborhood Association survey took a lot of time and energy.

Nikelle Meade, represents a commercial property owner of Tract 106, spoke in favor of staff recommendation. The problem with the neighborhood association survey is that it is unknown who received the survey. They have not seen the distribution list. The property owners that she represents did not receive the survey. Though not perfect, support the staff process, not the neighborhood association survey process.

**Paul Foreman** supports the Huntsman's proposal to preserve the 17 acres as open space, but he is concerned about the 10% allowance for the basic industry. They have been a good neighbor, but

if they do move, it is a fine development area, and there could be a severe impact. He's seen Burnet Road develop since 1956. He is depending on the Commission to protect the neighborhoods, to limit high-rise intense developments. He supports slow, steady growth.

**Gray Richardson**, a homeowner in the Crestview neighborhood, is vice-president of youth services for Northwest Optimist Club. The optimist club placates concerns of neighborhoods. They planted shrubs and water fields to reduce the dust. The PA system has been disconnected to reduce amplified noise. They do have lights at night, and they turn off these lights at 10:30pm, just like other city parks. They have tried to do everything to be good neighbors.

## MOTION: CLOSE PUBLIC HEARING VOTE: 5-0 (DS-1<sup>st</sup>, CM-2<sup>nd</sup>; NS- OFF DAIS, LO-ABSENT)

#### Discussion

Commissioner Sullivan said that the plan specifically calls for preservation of the sports fields on the Huntsman properties. Currently, there is no long-term legal agreement to preserve the sports fields, but the plan will be the only document that states preservation.

In response to Commissioner Medlin's question, Mr. Whiteman said that the PDA does not guarantee that the baseball fields will remain, but will remain open space.

Commissioner Sullivan asked if there were other neighborhood plans where the neighborhood association offered recommendations different from the staff. Mr. Soliz said that there have been other plans, such as Holly and Govalle, and in some cases the staff recommendation reflects consensus, but in others, does not. Commissioner Medlin said that the conditional overlay was developed after the survey, and the association's survey only went to residential owners, not the non-residential owners.

Page 10 of 13

Commissioner Riley asked Mr. Harris about Tract 123. Mr. Harris said that the neighborhood would try to reach an agreement to make it acceptable to remove the two uses from the proposed prohibited use list from the conditional overlay.

Commissioner Spelman asked for clarification about the differences between the neighborhood association's and Huntsman's proposals. Mr. Harris said he was not prepared to answer the question because have not had time to review the Huntsman proposal, and said he would like more time to review the proposal.

Mr. Whiteman, in response to Commissioner Spelman's question, said the City would be concerned about rezoning the single-family properties to SF-2 because that would be an enforcement of a private deed restriction. He clarified that the property owners could build a second unit, and it would be up to the neighborhood to enforce the private deed restriction.

**David Lloyd**, with the City Attorney's office, clarified that the City does not enforce private deed restrictions. The document that Mr. Harris referred to is not an affidavit, it is more of a statement that the City is not checking the private deed restrictions. If the property is rezoned, it would be characterized as a rezoning, and that it would be reviewed for whether the rezoning is consistent or inconsistent.

Commissioner Riley asked Mr. Boyle about the property owner with the automotive shop that wants to keep the LI zoning. Mr. Boyle said that is difficult for him to respond to. The residents will be willing to listen to the property owner's request before the Council hearing.

Commissioner Moore presented a slide show showing the changes in development in Austin between 1955 and 2000.

## MOTION: APPROVAL OF NEIGHBORHOOD PLAN, AS RECOMMENDED BY STAFF. VOTE: 6-0 (DS-1<sup>st</sup>, NS-2<sup>nd</sup>; LO-ABSENT)

Commissioner Riley clarified that the "Recommendation for Modifications to Draft Plan" is not part of the motion.

Commissioner Spelman respects the ideas on that sheet, and would like to see staff recommending it before it goes to Council.

## MOTION: APPROVE STAFF RECOMMENDATION, WITH REQUEST THAT THERE BE FURTHER DISCUSSION BETWEEN THE NEIGHBORHOOD AND PROPERTY OWNERS FOR PROPERTIES WITH DISPUTES. (Motion did not include consideration of SF-2 downzoning.) VOTE: 6-0 (DS-1<sup>st</sup>, NS-2<sup>nd</sup>; LO-ABSENT)

Commissioner Spelman said on tract 3, that the current use is CS, and does not see how an LI use could be put on the small, sliver of a tract. She supports staff recommendation on Watson and Tract 106. On Tract 123, the staff, property owners and neighborhood will work on an agreement before Council. For the properties that want SF-2 zoning, considering Mr. Moore's presentation, she supports more density in the core.

Commissioner Medlin said she would like to see some discussion of the conditional overlay. Her problem with it is that the overlays that apply to the Crestview area have not been addressed with the individual property owners, and would like to see discussion with those property owners. In regards to the SF-2 rezoning issue, this is the only opportunity for the residents to get a zoning change without having to pay the zoning fees.

Commissioner Spelman said that it would be better for staff to get information from the neighborhoods, and to consider the SF-2 issue separately.

Commissioner Armstrong thanked the Huntsman Corporation for working with the neighborhood.

Commissioner Riley said he will support the motion. He said the requests for tracts 3 and 12 are reasonable. In both cases, the property owners are willing to discuss limitations. He would like to include in the motion that they would like to see discussion between neighborhood and property owner on those tracts. He also would like to see the SF-2 rezoning be reviewed.

Commissioner Sullivan replied that he would be okay with the LI-CO zoning for tracts 3 and 12, but not the SF-2.

Commissioner Sullivan clarified the motion: Staff recommendation, but for tract 12 and making limited warehousing and vehicle storage permitted for tracts 123, and subject to further discussion of disagreements between neighborhood and property owners.

Commissioner Moore said he will support the motion to support the process, but does not think it is the right plan.
