

**Public Hearing
CITY OF AUSTIN
RECOMMENDATION FOR COUNCIL ACTION**

AGENDA ITEM NO.: 39
AGENDA DATE: Thu 05/13/2004
PAGE: 1 of 1

SUBJECT: Conduct a public hearing and consider action on an appeal by Richard Mathias of the Planning Commission's denial of a conditional use permit for a convenience storage facility at 1304 West 5th Street.

AMOUNT & SOURCE OF FUNDING: N/A

FISCAL NOTE: There is no unanticipated fiscal impact. A fiscal note is not required.

REQUESTING Watershed Protection and **DIRECTOR'S**
DEPARTMENT: Development Review **AUTHORIZATION:** Joe Pantalione

FOR MORE INFORMATION CONTACT: Kathy Haught, 974-2724; Martha Vincent, 974-3371.

PRIOR COUNCIL ACTION: N/A

BOARD AND COMMISSION ACTION: Denied by the Planning Commission on March 23, 2004 (7-0).

PURCHASING: N/A

MBE / WBE: N/A

The applicant is requesting a conditional use permit to allow a convenience storage facility on a 0.639-acre tract zoned CS-MU-CO-NP. The project will include a four-floor self-storage facility, parking area, utility service lines, and an underground detention facility. Convenience storage is normally a permitted use in CS (General Commercial Services) zoning but is a conditional use in the neighborhood plan overlay, thereby requiring approval of the site plan by the Planning Commission.

Staff recommended the conditional use permit as complying with City regulations. The Planning Commission heard the case on March 23, 2004, and denied the conditional use permit 7-0. Richard Mathias believes the Planning Commission was provided inaccurate information by the Old West Austin Neighborhood Association (OWANA) who stated that the "vision of the neighborhood plan was to create a pedestrian oriented corridor along West 5th Street." Mr. Mathias believes there is no mention in the neighborhood plan of any "pedestrian oriented corridor along West 5th Street."

**APPEAL OF THE PLANNING COMMISSION DECISION TO APPROVE A
CONDITIONAL USE SITE PLAN, SECTION 25-5-149**

CITY COUNCIL HEARING DATE: May 13, 2004

PROJECT NAME: Shurgard Storage Center

PROJECT LOCATION: 1304 W. 5th St., Austin, Texas

PROJECT OWNER/AGENT: Cohn Buildings/Richard Mathias

APPELLANT: Richard Mathias

EXISTING ZONING: CS-MU-CO-NP

CASE NUMBER: SPC-03-0018C

REQUEST: To conduct public hearing to consider an appeal of the Planning Commission's decision to deny a Conditional Use Permit for Convenience Storage.

Convenience Storage use is storage services primarily for personal effects and household goods within enclosed storage areas having individual access. This use includes mini-warehouses, and excludes workshops, hobby shops, manufacturing, and commercial activity [LDC 25-2-4 (23)].

The applicant is requesting a conditional use permit to allow a Convenience Storage facility on a 0.639 acre tract. The project will include construction of a four-floor self-storage facility, parking area, utility service lines and an underground detention facility. The vote to deny was 7-0. (See Attachment A).

BACKGROUND:

Convenience Storage is a permitted use in CS (General Commercial Services) zoning, and is allowed as a conditional use in the neighborhood plan overlay.

Staff recommended the proposed Conditional Use Plan which complies with LDC 25-5-145 and all other requirements.

Opposition to the plan was voiced by several members of the Old West Austin Neighborhood Association (OWANA).

The Planning Commission denied the Conditional Use Permit 7-0 for reasons cited in the minutes from the Planning Commission meeting held March 23, 2004.

CITY COUNCIL ACTION:

CITY STAFF: Kathy Haught, Case Manager 974-2724 (email: Kathy.haught@ci.austin.tx.us)

**PLANNING COMMISSION SITE PLAN
CONDITIONAL USE PERMIT REVIEW SHEET**

CASE NUMBER: SPC-03-0018C **PLANNING COMMISSION DATE:** 03-23-2004

ADDRESS: 1304 W. 5TH STREET

WATERSHED: Town Lake (Urban)

AREA: 0.693 Acres

PROJECT NAME: Shurgard Storage Center

SUMMARY STAFF RECOMMENDATION: Staff recommends approval of the conditional use permit. The site plan complies with all requirements of the Land Development Code.

PROPOSED DEVELOPMENT: The applicant is requesting a conditional use permit to allow a Convenience Storage facility on a 0.639 acre tract. The project will include construction of a four floor self storage facility, parking area, utility service lines and an underground detention facility. Convenience Storage is a permitted use in CS (General Commercial Services) zoning, and is allowed as a conditional use in the neighborhood plan overlay.

EXISTING ZONING: CS-MU-CO-NP. The conditional overlay allows Convenience Storage as a conditional use.

The conditional overlay prohibits the following uses on the property: drop-off recycling collection facilities; kennels, limited warehousing and distribution; exterminating services; adult oriented businesses; and vehicle storage.

MAX. IMPERV. CVRG.: 95%	PROPOSED IMPERVIOUS CVRG: 87.12%
REQUIRED PARKING: 12	PROVIDED PARKING: 12

PROPOSED USE: Convenience Storage

SUMMARY COMMENTS ON SITE PLAN:

Land Use: Convenience Storage is a permitted use in CS (General Commercial Services) zoning, and is allowed as a conditional use in the neighborhood plan overlay. The applicant is requesting approval of a CUP for a 60,783 gross square foot convenience storage business. The project will include construction of a four-story self-storage facility, parking area, utility service lines and an underground detention facility.

The site plan complies with the Old West Austin Neighborhood Plan goals to promote commercial use that supports the neighborhood and meets the Plan’s preference for “modest parking requirements”. This plan will enhance the existing neighborhood by providing pedestrian oriented requirements and landscape requirements. Compatibility requirements are not triggered by this proposed plan. The site plan will comply with all requirements of the Land Development Code prior to its release. Staff recommends approval of the conditional use permit.

Environmental: This site is located in the Town Lake Creek Watershed and subject to Urban Watershed regulations. There are no critical environmental features associated with this project. The proposed development is in the Desired Development Zone (DDZ).

Transportation: Primary access to the project will be taken from W. 5th Street, with an exit to the rear (north) alley between W. 5th Street and W. 6th Street. The proposed development is not expected to generate traffic that exceeds 143 trips per day. Sidewalks will be built along W. 5th Street.

SURROUNDING CONDITIONS:**Zoning/ Land Use****North:** CS-MU-CO-NP (Salon)**East:** PUD-NP (Convenience Storage)**South:** West 5th Street, then property zoned LI-CO-NP (Telephone Repair Equipment Yard and Convenience Storage)**West:** CS-MU-CO-NP (Auto Repair)

Rear Alley Between W. 5 th St. and W. 6 th St.	20'	12'-18'(varies)	Alley

CONDITIONAL USE PERMIT REVIEW AND EVALUATION CRITERIA

The following evaluation is included to provide staff position on each point of the conditional use permit criteria. Section 25-5-145 of the Land Development Code states: "The Commission shall determine whether the proposed development or use of a conditional use site plan complies with the requirements of this section":

B. A conditional use site plan must:

- 1. Comply with the requirements of this title;** Staff response: This application complies with the requirements of this title.
- 2. Comply with the objectives and purposes of the zoning district;** Staff response: This application complies with the objectives and purposes of the zoning district, which is CS-MU (General Commercial Services-Mixed Use). General Commercial Services (CS) district is the designation for a commercial or industrial use of a service nature that has operating characteristics or traffic service requirements that are incompatible with residential environments. The purpose of a mixed use (MU) combining district is to allow, (but not require) office, retail, commercial, and residential uses to be combined in a single development.

Convenience Storage is a permitted use in CS (General Commercial Services) zoning, and is permitted as a conditional use in the neighborhood plan overlay.

- 3. Have building height, bulk, scale, setback, open space, landscaping, drainage, access, traffic circulation, and use that is compatible with the use of an abutting site;** Staff response: The use is compatible to the adjacent/surrounding zoning and uses. The site plan does comply with building setback, height, impervious cover, building cover, etc. Access to the facility is from W. 5th Street, which is an arterial street.

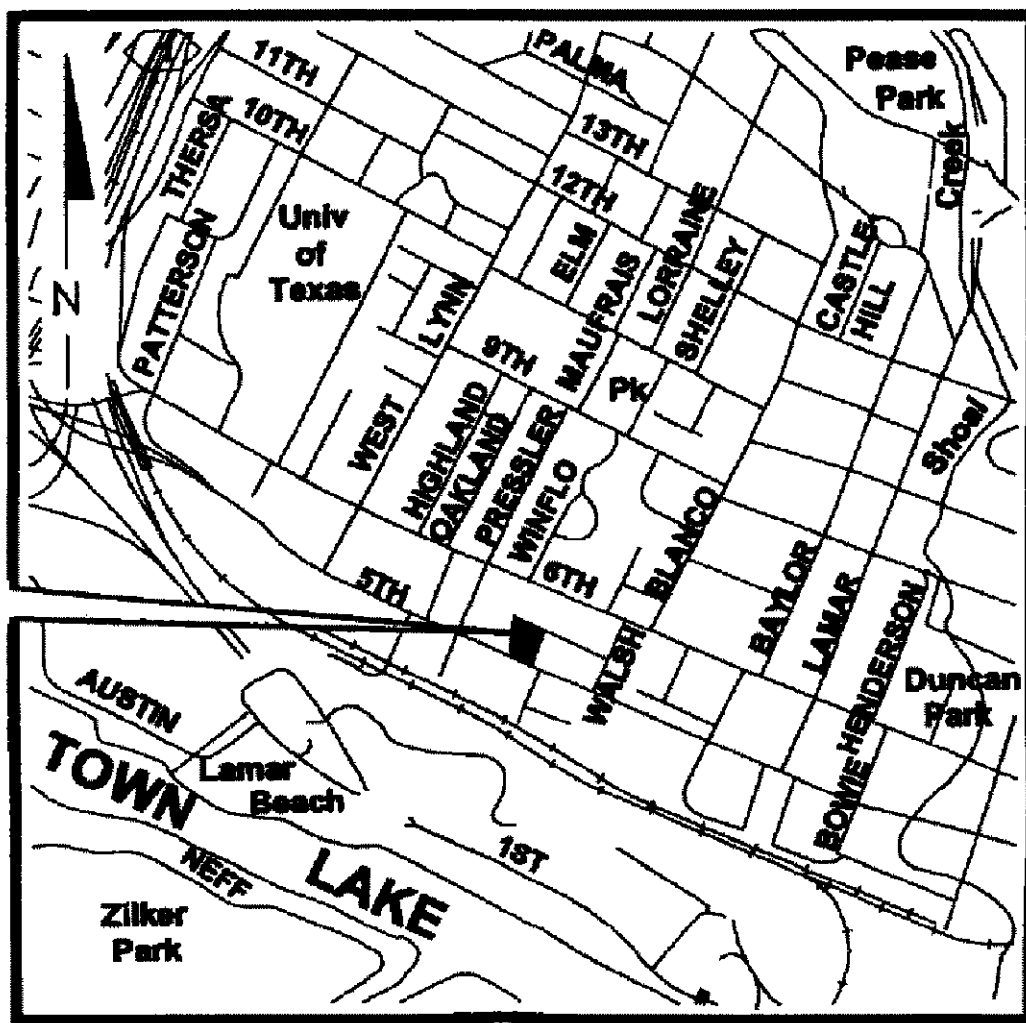

4. **Provide adequate and convenient off-street parking and loading facilities;** Staff response: Adequate and convenient, existing off-street parking and loading is provided at or above the standards of the Land Development Code.
5. **Reasonably protect persons and property from erosion, flood, fire, noises, glare, and similar adverse effects;** The plan complies with all requirements of the Land Development Code.

C. A Conditional Use Site Plan May Not:

1. **More adversely affect an adjoining site than would a permitted use;** Staff response: Prior to release the site plan will conform with all regulations and standards established by the Land Development Code for its proposed use and zoning. Uses that are permitted in this district such as food sales and general retail sales would have a greater adverse impact on the surrounding area to due more traffic being generated during all hours of operation. This site plan does not more adversely affect an adjoining site than would a regularly permitted use.
2. **Adversely affect the safety or convenience of vehicular or pedestrian circulation, including reasonably anticipated traffic and uses in the area;** Staff response: This plan will comply with parking and circulation standards of the Land Development Code. The plan proposes low traffic generation (143 trips per day) and the construction of a 6' sidewalk for pedestrian use. The site plan is not anticipated to pose any detriment to safety or convenience of vehicular circulation and the construction of a new 6' sidewalk will actually increase the safety of pedestrians.
3. **Adversely affect an adjacent property or traffic control through the location, lighting, or type of signs;** Staff response: No signage or lighting is proposed that would adversely affect adjacent properties or traffic control. All signs will comply with the Land Development Code.

INTERESTED PARTY STATUS: Indicate how you qualify as an interested party who may file an appeal by the following criteria: (Check one)

- ☐ I am the record property owner of the subject property
- ☒ I am the applicant or agent representing the applicant
- ☐ I communicated my interest by speaking at the Planning Commission public hearing on (date) _____
- ☐ I communicated my interest in writing to the Director or Planning Commission prior to the decision (attach copy of dated correspondence).

In addition to the above criteria, I qualify as an interested party by one of the following criteria: (Check one)

- ☐ I occupy as my primary residence a dwelling located within 500 feet of the subject site.
- ☐ I am the record owner of property within 500 feet of the subject site.
- ☐ I am an officer of a neighborhood or environmental organization whose declared boundaries are within 500 feet of the subject site.

DECISION TO BE APPEALED*: (Check one)

- ☐ Administrative Disapproval/Interpretation of a Site Plan
- ☐ Replacement site plan
- ☒ Planning Commission Approval/Disapproval of a Site Plan
- ☐ Waiver or Extension
- ☐ Planned Unit Development (PUD) Revision
- ☐ Other: _____

Date of Decision: _____
 Date of Decision: _____
 Date of Decision: 3/23/04
 Date of Decision: _____
 Date of Decision: _____
 Date of Decision: _____

*Administrative Approval/Disapproval of a Site Plan may only be appealed by the Applicant.

STATEMENT: Please provide a statement specifying the reason(s) you believe the decision under appeal does not comply with applicable requirements of the Land Development Code:

The Planning Commission was provided an inaccurate interpretation of which they based their decision that the applicable high-density zoning requires a pedestrian-safety corridor along W. 5th Street.
 (Attach additional page if necessary.)

Applicable Code Section: 25-5-145

Supplemental to Appeal of Planning Commission Site Plan
Shurgard Storage Centers
1304 W. 5th Street
City Case #SPC-03-0018C

1. Commissioner Riley cited criteria (C) (2) in LDC 25-5-145 which states that the conditional use site plan may not adversely affect the safety or convenience of pedestrian circulation as being applicable to this CUP. Commissioner Riley stated that the impacts on pedestrian circulation, especially in light of the vision articulated in the neighborhood plan for a pedestrian-oriented corridor along W. 5th Street. Commissioner Riley based this decision on the representations made by an OWANA representative that the Neighborhood Plan "envisioned" a pedestrian-oriented corridor along W. 5th Street.

We believe Commissioner Riley has misinterpreted this provision of the CUP evaluation criteria by stating that the "lack" of pedestrian traffic generated by the proposed project will have an adverse affect on the safety or convenience of pedestrian circulation. We believe this provision of the LDC is intended to address the negative impacts that vehicular traffic generated by the proposed project will have on both pedestrians and other vehicular traffic in the vicinity. The proposed project will generate the least amount of traffic than any other permissible use, and therefore will have no negative impact on pedestrian traffic.

2. Commissioner Sullivan cited criteria (C) (1) in LDC 25-5-145 and stated that the proposed conditional use will more adversely affect adjoining sites than a permitted use because this use would not generate pedestrian traffic in the area. This would represent another unattended use and would contribute to existing problems of graffiti, dumping of trash and safety.

Commissioner Sullivan based his decision on what he believed the NP recommended for development along W. 5th Street. The proposed use is consistent with development of the adjoining sites and we find no evidence of graffiti or dumping in the area. None of the adjoining uses are pedestrian-oriented and there is no reference in the NP that states development along W. 5th Street should be pedestrian-oriented.

In summary, it appears that the Planning Commission based their denial solely on the premise that the OWANA Neighborhood Plan called for uses along W. 5th Street to be pedestrian-oriented when in fact it makes no mention of this at all. We relied in good faith on the OWANA Neighborhood Plan to provide the level of certainty that it was intended to provide when it was adopted, and we find that the proposed project is consistent with the plan.

11. Site Plan **SPC-03-0018C - Shurgard Storage Center**
Conditional Use
Permit:
 Location: 1304 W. 5th Street, Town Lake Watershed, OLD WEST AUSTIN
 NPA
 Owner/Applicant: COHN BUILDINGS (ETTA COHN LIPSON AND SIMON COHN)

 Watershed Protection & Development Review

Kathy Haught, NPZ, presented the staff recommendation for the Conditional Use Permit.

PUBLIC HEARING

IN FAVOR

Richard Mathias with the Mathias Company stated that the proposed facility was designed to be consistent with the goals of the Old West Austin Neighborhood Plan recommendations and was consistent with the plan.

AGAINST

Laura Morrison, with the Old West Austin Neighborhood Association (OWANA) stated that the OWANA Steering Committee voted unanimously against the proposed use.

Steve Colburn, OWANA, stated that the OWANA Zoning and Land Use Committee also voted unanimously against the proposed use.

Evan Williams representing a partnership owning property at 1221 W. 6th Street across the alley from the site described concerns over potential unauthorized vehicular access from the Shurgard site to W. 6th Street.

Linda MacNeilage, Chair of the Old West Austin Neighborhood Association spoke against the proposed use and stated that this project was not consistent with the neighborhood vision for a pedestrian-oriented corridor along W. 5th Street or the West End Austin Alliance Corridor Plan.

REBUTTAL

Richard Mathias described aspects of the project that were consistent with the neighborhood plan.

MOTION: CLOSE PUBLIC HEARING

VOTE: 7-0 (DS-1st, NS-2nd)

DISCUSSION

Commissioner Riley questioned whether the vision of the neighborhood plan was to create a pedestrian-oriented corridor along W. 5th Street.

Linda Morrison replied that was correct.

Commissioner Riley cited criteria (C) (2) in LDC 25-5-145 which states that the conditional use site plan may not adversely affect the safety or convenience of pedestrian circulation as being applicable to this CUP.

Commissioner Sullivan made a motion to deny the CUP. Commissioner Riley seconded the motion.

Commissioner Sullivan stated that he worked on the development of the neighborhood plan and helped construct the vision for the corridor. West 5th Street is becoming a no-man's land with the telephone service center, the Public Storage project and the proposed project. He cited criteria (C) (1) in LDC 25-5-145 and stated that the proposed conditional use will more adversely affect adjoining sites than a permitted use because this use would not generate pedestrian traffic in the area. This would represent another unattended use and would contribute to existing problems of graffiti, dumping of trash and safety.

Commissioner Sullivan said that the neighborhood plan maintained Convenience Storage as a conditional use (not prohibited) because there are sites within the area where the use is acceptable. However, the concentration of this use in a one area has the potential to adversely impact adjoining sites more than many permitted uses.

Commissioner Riley again cited LDC 25-5-145 (C) (2) and the impacts on pedestrian circulation, especially in light of the vision articulated in the neighborhood plan for a pedestrian-oriented corridor along W. 5th Street.

MOTION: DENY THE CONDITIONAL USE PERMIT BASED ON CRITERIA (C)(1) AND(C)(2) OF LDC 25-2-145. VOTE: 7-0 (DS-1st, CR-2nd)
