

Zoning
CITY OF AUSTIN
RECOMMENDATION FOR COUNCIL ACTION

AGENDA ITEM NO.: Z-3
AGENDA DATE: Thu 05/27/2004
PAGE: 1 of 1

SUBJECT: C14-04-0054 - Manchaca Heights - Conduct a public hearing and approve an ordinance amending Chapter 25-2 of the Austin City Code by zoning property locally known as 11003 Manchaca Road (Slaughter Creek Watershed) from interim-rural residence (I-RR) district zoning to single family residence small lot (SF-4A) district zoning. Zoning and Platting Commission Recommendation: To grant single family residence small lot - conditional overlay (SF-4A-CO) combining district zoning. Applicant: Samuel Alexander. Agent: Waterloo Development, Inc. (Chris Blackburn). City Staff: Wendy Walsh, 974-7719.

REQUESTING Neighborhood Planning
DEPARTMENT: and Zoning

DIRECTOR'S
AUTHORIZATION: Greg Guernsey

ZONING CHANGE REVIEW SHEET

CASE: C14-04-0054

Z.P.C. DATE: May 4, 2004

ADDRESS: 11003 Manchaca Road

OWNER AND APPLICANT: Samuel Alexander

AGENT: Waterloo Development, Inc.
(Chris Blackburn)

ZONING FROM: I-RR

TO: SF-4A

AREA: 20.651 acres

SUMMARY STAFF RECOMMENDATION:

The staff's recommendation is to grant single family residence small lot – conditional overlay (SF-4A-CO) combining district zoning. The Conditional Overlay limits development of the property to less than 2,000 motor vehicle trips per day.

ZONING & PLATTING COMMISSION RECOMMENDATION:

May 4, 2004: *APPROVED STAFF'S ALTERNATE RECOMMENDATION OF SF-4A-CO; BY CONSENT.*

[J.G; J.D 2ND] (5-0) J.M; J.P; C.H – ABSENT

ISSUES:

None at this time.

DEPARTMENT COMMENTS:

The subject property is developed with one single family residence and was formerly operated as a driving range. The property received interim – rural residence (I-RR) district zoning upon annexation into the City limits in December, 2002. There is a single family residential subdivision to the northwest (SF-2-CO; RR-CO), a large lot subdivision with residences and businesses (County) directly north and single family residential subdivisions directly south of the property (SF-4A and SF-2). Slaughter Creek generally follows the north property line and there is corresponding 100-year floodplain within this area. Access to the property is taken to Manchaca Road, a major arterial roadway. Please refer to Exhibits A (Zoning Map) and A-1 (Aerial View).

The applicant proposes to zone the property to single family residence – small lot (SF-4A) as the first step in developing a 60-unit single family residential subdivision. A conceptual subdivision layout is provided as Exhibit B. Staff recommends SF-4A zoning based its consistency with the adjacent land use and zoning to the south within the Hillcrest subdivision and compatibility with other single family residential subdivisions to the north and east. A Conditional Overlay for a 2,000 daily vehicle trip limitation, which will limit development to maintain acceptable traffic conditions on adjacent roadways and intersections.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	I-RR	Vacant driving range; Single family residence
<i>North</i>	SF-2-CO; RR-CO; County	Single family residences on standard lots; Slaughter Creek; Single family residences on large lots; Two warehouses; Church
<i>South</i>	SF-4A; SF-2; SF-1	Detention pond; Single family residences
<i>East</i>	I-RR; I-SF-2	Slaughter Creek; Single family residences; Undeveloped; Landscaping company
<i>West</i>	RR-CO; RR; SF-2-CO	Slaughter Creek; Single family residences

SUMMARY STAFF RECOMMENDATION:

The staff's recommendation is to grant single family residence small lot – conditional overlay (SF-4A-CO) combining district zoning. The Conditional Overlay limits development of the property to less than 2,000 motor vehicle trips per day.

BACKGROUND

The subject property is developed with one single family residence and was formerly operated as a driving range. The property received interim – rural residence (I-RR) district zoning upon annexation into the City limits in December, 2002. There is a single family residential subdivision to the northwest (SF-2-CO; RR-CO), a large lot subdivision with residences and businesses (County) directly north and single family residential subdivisions directly south of the property (SF-4A and SF-2). Slaughter Creek generally follows the north property line and there is corresponding 100-year floodplain within this area. Access to the property is taken to Manchaca Road, a major arterial roadway.

The applicant proposes to zone the property to single family residence – small lot (SF-4A) as the first step in developing a 60-unit single family residential subdivision. A conceptual subdivision layout is provided as Exhibit B. Staff recommends SF-4A zoning based its consistency with the adjacent land use and zoning to the south within the Hillcrest subdivision and compatibility with other single family residential subdivisions to the north and east. A Conditional Overlay for a 2,000 daily vehicle trip limitation, which will limit development to maintain acceptable traffic conditions on adjacent roadways and intersections.

BASIS FOR LAND USE RECOMMENDATION (ZONING PRINCIPLES)

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

The SF-4A, Single-Family Residence Small Lot District is intended as an area for moderate density single-family residential use, with a minimum lot size of 3,600 square feet. In appropriate locations, small lot single-family use is permitted under standards that maintain single-family neighborhood characteristics. The approved Preliminary Plan is consistent with the SF-4A zoning district and development standards.

2. *Zoning changes should promote compatibility with adjacent and nearby uses.*

Staff recommends SF-4A zoning based its consistency with the adjacent land use and zoning to the south within the Hillcrest subdivision and compatibility with other single family residential subdivisions to the north and east. A Conditional Overlay for a 2,000 daily vehicle trip limitation, which will limit development to maintain acceptable traffic conditions on adjacent roadways and intersections.

EXISTING CONDITIONS**Site Characteristics**

The site is developed with one single family residence and a vacant driving range. The site slopes towards the north and west, towards Slaughter Creek.

Impervious Cover

The maximum impervious cover allowed by the SF-4A zoning district would be 55%, which is a consistent figure between the zoning and watershed regulations.

Environmental

The site is not located over the Edward's Aquifer Recharge Zone. The site is in the Slaughter Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Net Site Area</i>	<i>% with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

In the Water Quality Transition Zones, impervious cover is limited to 30%.

According to flood plain maps, there is flood plain in, or within close proximity of, the project location. Based upon the close proximity of flood plain, offsite drainage should be calculated to determine whether transition zone exists within the project location. If transition zone is found to exist within the project area, allowable impervious cover within said zone shall be limited to 30%.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding existing trees and other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment on this site will be subject to the following water quality control requirements:

Structural controls: Sedimentation and filtration basins with increased capture volume and 2 year detention.

Transportation

No additional right-of-way is needed at this time.

The trip generation under the requested zoning is estimated to be 2,409 trips per day, assuming that the site develops to the maximum intensity allowed under the zoning classification (without consideration of setbacks, environmental constraints, or other site characteristics).

A traffic impact analysis was waived for this case because the applicant agreed to limit the intensity and uses for this development. If the zoning is granted, development should be limited through a conditional overlay to less than 2,000 vehicle trips per day. [LDC, 25-6-117]

TPSD Right-of-Way

The scope of this review is limited to the identification of needs for dedication and/or reservation of right-of-way for funded Capital Improvement Program (C.I.P.) Roadway Construction Projects and Transportation Systems Management (T.S.M.) Projects planned for implementation by the City of Austin. No aspect of the proposed project is being considered or approved with this review other than the need for right-of-way for City projects. There are separate right-of-way dedication and reservation requirements enforced by other Departments and other jurisdictions to secure right-of-way for roadway improvements contained in the Austin Metropolitan Area Roadway Plan, roadway projects funded by County and State agencies, and for dedication in accordance with the functional classification of the roadway.

We have reviewed the proposed zoning case and anticipate no additional requirement for right-of-way dedication or reservation for funded C.I.P. or T.S.M. projects at this location.

Water and Wastewater

The landowner intends serve each lot with City water and wastewater utilities. Water and wastewater utility improvements, offsite main extension, and system upgrades are necessary to serve each lot. The landowner will be responsible for all costs and providing. Also, the water and wastewater utility system serving this site and each lot must be in accordance with the City's utility design criteria. The water and wastewater utility plan must be reviewed and approve by the Austin Water Utility. The utility system construction must be inspected by the City.

Compatibility Standards

SF-4A district zoning would not trigger the application of compatibility standards.

ORDINANCE NO. _____

1 AN ORDINANCE ESTABLISHING INITIAL PERMANENT ZONING FOR THE
2 PROPERTY LOCATED AT 11003 MANCHACA ROAD AND CHANGING THE
3 ZONING MAP FROM INTERIM RURAL RESIDENCE (I-RR) DISTRICT TO
4 SINGLE FAMILY RESIDENCE SMALL LOT-CONDITIONAL OVERLAY (SF-
5 4A-CO) COMBINING DISTRICT.
6

7 BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:
8

9 **PART 1.** The zoning map established by Section 25-2-191 of the City Code is amended to
10 change the base district from interim rural residence (I-RR) district to single family
11 residence small lot-conditional overlay (SF-4A-CO) combining district on the property
12 described in Zoning Case No.C14-04-0054, on file at the Neighborhood Planning and
13 Zoning Department, as follows:
14

15 A 20.651 acre tract of land, more or less, out of the Walker Wilson Survey No. 2,
16 in Travis County, the tract of land being more particularly described by metes and
17 bounds in Exhibit "A" incorporated into this ordinance, (the "Property")
18

19 locally known as 11003 Manchaca Road, in the City of Austin, Travis County, Texas, and
20 generally identified in the map attached as Exhibit "B".
21

22 **PART 2.** The Property within the boundaries of the conditional overlay combining district
23 established by this ordinance is subject to the following conditions:
24

25 A site plan or building permit for the Property may not be approved, released, or
26 issued, if the completed development or uses of the Property, considered cumulatively with
27 all existing or previously authorized development and uses, generate traffic that exceeds
28 2,000 trips per day.
29

30 Except as specifically restricted under this ordinance, the Property may be developed and
31 used in accordance with the regulations established for the single family residence small lot
32 (SF-4A) base district and other applicable requirements of the City Code.
33
