# Zoning Public Hearing CITY OF AUSTIN RECOMMENDATION FOR COUNCIL ACTION

# AGENDA ITEM NO.: Z-7 AGENDA DATE: Thu 06/10/2004 PAGE: 1 of 1

SUBJECT: C14-04-0023 - Central Austin Combined Neighborhood Plan (Hancock Neighborhood) -Conduct a public hearing and approve an ordinance amending Chapter 25-2 of the Austin City Code by zoning and rezoning property locally known as the Hancock Neighborhood, bounded on the north by 45<sup>th</sup> Street, on the south by Dean Keeton Street, on the west by Duval Street and on the east by IH-35. The proposed zoning changes will create a Neighborhood Plan (NP) combining district covering the entire area. Under the proposed Hancock NP, "Small Lot Amnesty," "Garage Placement," and "Impervious Cover and Parking Placement Restrictions" are proposed for the entire area. The Neighborhood Mixed Use Building special use is proposed for Tracts 501, 504, 507, 507A, 509, 510, 512, 513, 514, 516, 517, 518, 519, 520, 522, 523, 524, 525, 526, 527, 536A, 541, 541A, 543, and 543A. The Neighborhood Urban Center special use is proposed for Tracts 543 and 543A. The Planning Commission may recommend and the City Council may approve a base district zoning change to any of the following: Rural Residence (RR) district zoning; Single-Family Residence - Large Lot (SF-1) district zoning; Single-Family Residence-Standard Lot (SF-2) district zoning; Family Residence (SF-3) district zoning; Single-Family -Small Lot & Condominium Site (SF-4A/B) district zoning; Urban Family Residence (SF-5) district zoning; Townhouse & Condominium Residence (SF-6) district zoning; Multi-Family Residence - Limited Density (MF-1) district zoning; Multi-family Residence - Low Density (MF-2) district zoning; Multifamily Residence - Medium Density (MF-3) district zoning; Multi-family Residence - Moderate-High Density (MF-4) district zoning; Multi-family Residence - High Density (MF-5) district zoning; Multifamily Residence - Highest Density (MF-6) district zoning; Mobile Home Residence (MH) district zoning; Neighborhood Office (NO) district zoning; Limited Office (LO) district zoning; General Office (GO) district zoning; Commercial Recreation (CR) district zoning; Neighborhood Commercial (LR) district zoning, Community Commercial (GR) district zoning, Warehouse / Limited Office (W/LO) district zoning; Commercial Services (CS) district zoning; Commercial-Liquor Sales (CS-1) district zoning; Commercial Highway (CH) district zoning; Industrial Park (IP) district zoning; Major Industrial (MI) district zoning; Limited Industrial Services (LI) district zoning; Research and Development (R&D) district zoning; Development Reserve (DR) district zoning; Agricultural (AG) district zoning; Planned Unit Development (PUD) district zoning; Historic (H) district zoning; and Public (P) district zoning. A Conditional Overlay (CO) combining district, Planned Development Area (PDA) combining district, Mixed Use (MU) combining district; or Neighborhood Conservation (NC) combining district may also be added to these zoning base districts. Planning Commission Recommendation: To grant the requested zoning with conditions. Applicant: City of Austin. Agent: Neighborhood Planning and Zoning Department. City Staff: Tom Bolt, 974-2755, Glenn Rhoades, 974-2775. Note: Valid petitions have been filed in opposition to this zoning request.

**RE:** Scheduling of the Central Austin Combined Neighborhood Plan and the University Neighborhood Overlay (UNO) proposed Code Amendment

The purpose of this memo is to inform you of a change in the scheduling of the Central Austin Combined Neighborhood Plan and the associated rezonings due to an agenda posting error that occurred on the May 25, 2004 Planning Commission agenda. The commission heard all three neighborhood plans and the UNO code amendment as posted and made a recommendation to Council. However, the agenda described two of the planning area's rezonings with incorrect boundaries: the North University and West University areas. Today, the Law Department, after receiving a call from a citizen (an attorney), advised me of the need to go back to the Planning Commission for proper action on the two outstanding zoning cases.

At this Thursday's Council meeting, NPZD will be making a presentation on the entire Central Austin Combined Neighborhood Plan, (West University, North University, and Hancock Future Land Use Plans) and the University Neighborhood Overlay Code Amendment. Due to the agenda posting error, staff will ask the Council to take action on three items associated with the plan. First, take action on the Hancock portion of the plan (Future Land Use Map [FLUM]) and associated rezonings on 1<sup>st</sup> reading. Second, postpone action on the North University and West University portions of the plan (FLUM) and associated rezonings until Thursday, May 27, 2004. This would give the staff ample time to go back to the Planning Commission for action. Third, offer approval of the UNO Code amendment on 1<sup>st</sup> reading. The 2<sup>nd</sup> and 3<sup>rd</sup> readings on the remainder of the Central Austin Combined Neighborhood Plan, rezonings, and the UNO Code amendment will take place on either June 10 or June 17, 2004.

#### PLANNING COMMISSION RECOMMENDATION:

#### April 27, 2004

MOTION: APPROVE STAFF RECOMMENDATION FOR THE NEIGHBORHOOD PLAN AND ZONING WITH ADDENDA PROVIDED TO THE PLANNING COMMISSION. FOR UNRESOLVED ZONING CASES ASK THAT STAFF CONTINUE TO INITIATE DISCUSSION BETWEEN THE VARIOUS PARTIES AND FIND APPROPRIATE COMPROMISES BEFORE COUNCIL. IF ZONING CASES ARE NOT RESOLVED CLEARTLY INDICATE STAFF RECOMMENDATIONS OF THE OWNER OR NEIGHBORHOOD ASSOCIATIONS. VOTE: 8-0 (MA-1<sup>st</sup>, DS-2<sup>nd</sup>, NS recused)

#### May 22, 2004

MOTION: STAFF RECOMMENDATION FOR WEST UNIVERSITY, EXCEPT RECOMMEND SF-4A for TRACT 133 AND 133A, AND INCLUDE 100 FEET OF NORTH PORTION OF TRACT 1013 (BEND AROUND SHOAL CREEK) WITH RECOMMENDATION OF LO-MU-CO-NP ON TRACT 44.

VOTE: 8-0 (MA-1<sup>st</sup>, DS-2<sup>nd</sup>; CG-ABSTAIN)

MOTION: APPROVE STAFF RECOMMENDATIONS FOR NORTH UNIVERSITY NEIGHBORHOOD PLAN, WITH RECOMMENDATION THAT FOR PROPERTIES THAT ARE STILL UNDER NEGOTIATION, EXISTING LEGAL USES SHOULD BE ALLOWED TO CONTINUE UNDER THE PROPOSED ZONING. VOTE: 7-0 (MA-1<sup>st</sup>, DS-2<sup>nd</sup>; NS- RECUSE; CG-ABSTAIN)

#### **ISSUES:**

The neighborhoods want to preserve the historic residential character of the single-family neighborhoods.

The Heritage Neighborhood Association wants to create a hard edge of commercial, office and multifamily uses along the perimeter of the neighborhood. The association expressed concern about the large number of multi-family properties with single-family uses in the neighborhood and has expressed a desire to make the land use and the zoning on these sites consistent.

The West University Neighborhood Association and the Shoal Crest Neighborhood Association want to limit the incursion of multi-family zoning into their single-family neighborhoods and have expressed that any new multi-family transition form greater to less density as it approaches the neighborhoods.

The University Area Partners along with the other neighborhood groups inside the CACNPA have identified an area generally known as West Campus as one where significantly increased density would be appropriate and desired as long as safe guards are put in place to protect the adjacent single-family neighborhoods (Shoal Crest and West University). This is to be accomplished by the University Neighborhood Overlay (UNO) code amendment that has emerged as a recommendation from this planning process.

The participants in the North University Planning Area in choosing to incorporate the Neighborhood Conservation Combining District (NCCD) into the Planning process to identify and create areas where bulk and scale are compatible with older established single-family areas. The NCCD allows for the flexibility to make site development regulations more permissive or restrictive. In a few cases specific negotiations with property owners has resulted in zoning site development regulations specially tailored for individual tracts of land. The Mixed Use Building option allowed with the adoption of a Neighborhood Plan was not selected in this area due to some development parameters though to be too restrictive. The NCCD allows for the same types of mixed use within buildings, allows for a reduced building setback and includes parking provisions for restaurant uses located within a structure designed for both commercial and residential use.

#### STAFF RECOMMENDATION

The proposed zoning change creates a Neighborhood Plan Combining District (NPCD) covering the entire area.

For each of the approximate 750 tracts, the attached chart lists the existing zoning, proposed zoning, owner name, and street address. A description of the zoning base district follows the list.

#### BACKGROUND

At the direction of the Austin City Council, Neighborhood Planning staff began working to develop a combined neighborhood plan for Central Austin in April 2002. The First Workshop was held on December 7<sup>th</sup>, 2002. Staff, residents, property owners, business owners, and representatives of area institutions have been attending meetings and developing the plan for 18 months.

The plan's goals, objectives, and action items were developed at numerous Central Austin Combined Neighborhood Planning meetings. The Neighborhood Plan will be considered concurrently with the subject rezoning case.

The proposed zoning change creates a Neighborhood Plan Combining District (NP) covering the entire area. The purpose of the NP is to allow infill development by implementing a neighborhood plan that has been adopted by Council as an amendment to the City's Comprehensive Plan. The NP may modify the base district of an individual parcel within the neighborhood to allow for the following special uses and design tools – Small Lot Amnesty; Mixed Use Building; Neighborhood Urban Center; Residential Infill; Cottage; Urban Home; Secondary Apartment; Parking Placement and Impervious Cover Restrictions; Garage Placement; and Front Porch Setback. The North University Planning area has proposed a Neighborhood Conservation Combining District to address the goals and objectives of the plan pertaining to the North University Planning Area. The ability to have mixed use within the planning area has been accommodated in the permitted land use charts contained in the proposed NCCD.

#### BASIS FOR LAND USE RECOMMENDATION (ZONING PRINCIPLES)

The staff's basis for recommendation is derived from the goals and objectives for land use as described in the Crestview / Wooten Combined Neighborhood Plan:

#### Goals – Land Use

- Any new development or redevelopment should respect and complement the single-family character of the neighborhood.
- Preserve and enhance existing neighborhood-friendly businesses and encourage new neighborhood-friendly ones in appropriate locations.
- Enhance the safety and attractiveness of the neighborhoods.
- Maintain and enhance the single-family residential areas as well as existing community facilities and institutions in the Crestview and Wooten neighborhoods.
- Promote enhancement of major corridors by encouraging better quality development and redevelopment and discouraging strip development.

- Promote enhancement of major corridors by encouraging better quality and a mix of neighborhood serving development and redevelopment.
- Target and encourage redevelopment of dilapidated or vacant multifamily structures into quality multifamily.

#### **Objectives – Land Use**

- Rezone property as needed to ensure that new development is compatible with the desired residential character of the neighborhood.
- New single-family construction in residential areas should complement, reflect, and respect the vernacular building traditions of single-family houses in the area.
- Promote quality multi-family redevelopment that is compatible with single-family neighborhoods and preserves neighborhood ambiance
- Limit new commercial and multi-family spread into the single-family core of the neighborhoods by establishing a perimeter of apartments, offices and commercial uses.

#### **EXISTING CONDITIONS**

#### Zoning and Land Use

| Existing Land Use: |        | Existing Zoning: |       |
|--------------------|--------|------------------|-------|
| Single Family      | 39.6 % | Single Family    | 43 %  |
| Multi Family       | 24.5%  | Multi-Family     | 28 %  |
| Commercial         | 10.8%  | Commercial       | 17.5% |
| Office             | 5 %    | Office           | 8.8 % |
| Industrial         | 9 %    | Industrial       | 0%    |
| Civic              | 9.8 %  | Public           | 1.6 % |
| Open Space         | 9.2 %  | Mixed Use        | .6%   |
| Utilities          | .1 %   |                  |       |
| Undeveloped        | 1.1 %  |                  |       |

#### **Impervious Cover**

The maximum impervious cover limits for the proposed zoning districts are as follows:

| LI, Limited Industrial Services               | 80 % |
|-----------------------------------------------|------|
| CS, Commercial Services                       | 95 % |
| CS-1, Commercial – Liquor Sales               | 95 % |
| GR, Community Commercial                      | 90 % |
| LR, Neighborhood Commercial                   | 80 % |
| GO, General Office                            | 80 % |
| LO, Limited Office                            | 70 % |
| NO, Neighborhood Office                       | 60 % |
| MF-3, Multi-family Residence (Medium Density) | 65 % |

#### C14-04-0004

| MF-2, Multi-family Residence (Low Density) | 60 %                                    |
|--------------------------------------------|-----------------------------------------|
| SF-6, Townhouse & Condominium Residence    | 55 %                                    |
| SF-3, Family Residence                     | 45 %                                    |
| SF-2, Single Family Residence              | 45 %                                    |
| P, Public                                  | varies (refer to Land Development Code) |

The maximum amount of impervious cover is determined as the more restrictive figure of the zoning district and watershed class.

The Neighborhood Conservation Combining District (NCCD) has established varying impervious cover percentages based on the district in which the property is located. The proposed limits are established in the base zoning district site development regulations for each district contained in the attached NCCD.

#### **Environmental**

The neighborhood is not located over the Edwards Aquifer Recharge Zone. The neighborhood is located in the Shoal Creek and Waller Creek Watersheds of the Colorado River Basin, which are classified as Urban Watersheds by Chapter 25-8 of the City's Land Development Code. It is in the Drinking Water Protection Zone/ Desired Development Zone.

Impervious cover is not limited in this watershed class; therefore the zoning district impervious cover limits will apply.

The sites are required to provide on-site structural water quality controls (or payment in lieu of) for all development and/or redevelopment when 5,000 s.f. cumulative is exceeded, and detention for the two-year storm.

According to flood plain maps, there is flood plain within the neighborhood area.

At this time, site-specific information is unavailable regarding existing trees and other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

#### **Transportation**

The scope of this review is limited to the identification of needs for dedication and/or reservation of right-of-way for funded Capital Improvement Program (C.I.P.) Roadway Construction Projects and Transportation Systems Management (T.S.M.) Projects planned for implementation by the City of Austin. No aspect of the proposed project is being considered or approved with this review other than the need for right-of-way for City projects. There are separate right-of-way dedication and reservation requirements enforced by other Departments and other jurisdictions to secure right-of-way for roadway improvements contained in the Austin Metropolitan Area Roadway Plan, roadway projects funded by County and State agencies, and for dedication in accordance with the functional classification of the roadway.

We have reviewed the proposed subdivision, site plan, or zoning case and anticipate no additional requirement for right-of-way dedication or reservation for funded C.I.P. or T.S.M. projects at this location.

Additional right-of-way (ROW) necessary for future roadway improvements within the proposed zoning may be required during the subdivision review process or the site plan review process.

Since the rezoning of this area is being initiated by the City of Austin through the neighborhood planning process and does not reflect a specific development proposal, no trip generation calculations are provided on a tract-by-tract basis for any proposed land uses as would typically be provided.

A Traffic Impact Analysis (TIA) will be required during the site plan review stage for any proposed land use that would generate over 2,000 vehicle trips per day. Additional ROW, participation in roadway improvements, and/or limitation on development intensity may also be recommended based on review of the TIA.

#### **TPSD Right-of-Way**

The scope of this review is limited to the identification of needs for dedication and/or reservation of right-of-way for funded Capital Improvement Program (C.I.P.) Roadway Construction Projects and Transportation Systems Management (T.S.M.) Projects planned for implementation by the City of Austin. No aspect of the proposed project is being considered or approved with this review other than the need for right-of-way for City projects. There are separate right-of-way dedication and reservation requirements enforced by other Departments and other jurisdictions to secure right-of-way for roadway improvements contained in the Austin Metropolitan Area Roadway Plan, roadway projects funded by County and State agencies, and for dedication in accordance with the functional classification of the roadway.

We have reviewed the proposed rezoning case and anticipate no additional requirement for right-ofway dedication or reservation for funded C.I.P. or T.S.M. projects at this location.

#### Water and Wastewater

The area is served with City water and wastewater utilities. If lot, or tract, or site require water or wastewater utility improvements, offsite main extension, or system upgrades, or utility relocation, or adjustment, the landowner will be responsible for all costs and providing. Also, the utility plan must be reviewed and approved by the Austin Water Utility. The plan must be in accordance with the City's utility design criteria. The construction must be inspected by the City.

#### **Compatibility Standards**

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district/use will be subject to compatibility development regulations.

#### DESCRIPTION OF ZONING DISTRICTS

SF-2 – Single Family Residence district is intended as an area for moderate density single-family residential use, with a minimum lot size of 5,750 square feet. This district is appropriate for existing single-family neighborhoods having moderate sized lot patterns, as well as for development of additional single-family housing areas with minimum land requirements.

SF-3 -- Family Residence district is intended as an area for moderate density single-family residential use, with a minimum fot size of 5,750 square feet. Duplex use is permitted under development standards that maintain single-family neighborhood characteristics. This district is appropriate for existing single-family neighborhoods having typically moderate sized lot patterns, as well as for development of additional family housing areas with minimum land requirements.

SF-6 – Townhouse and Condominium Residence district is intended as an area for moderate density single family, duplex, two family, townhouse, and condominium use. SF-6 is appropriate in selected areas where a transition from single-family to multifamily use is appropriate.

MF-2, -- Multifamily Residence Low Density district is the designation for a multifamily use with a maximum density of up to 23 units per acre. An MF-2 district designation may be applied to a use in a multifamily residential area located near single-family neighborhoods or in an area for which low-density multifamily use is desirable.

MF-3 -- Multifamily Residence Medium Density district is intended to accommodate multifamily use with a maximum density of up to 36 units per acre. This district is appropriate for multifamily residential areas located near supporting transportation and commercial facilities, generally in more centrally located areas, and in other selected areas where medium density multifamily use is desirable.

**MF-4** -- Multifamily residence moderate - high density district is the designation for multifamily and group residential use with a maximum density of 36 to 54 units per acre, depending on unit size. An MF-4 district designation may be applied to high density housing in a centrally located area near supporting transportation and commercial facilities, in an area adjacent to the central business district or a major institutional or employment center, or in an area for which moderate to high density multifamily use is desired.

NO – Neighborhood Office district is the designation for a small office use that serves neighborhood or community needs, is located in or adjacent to a residential neighborhood and on a collector street that has a width of 40 feet or more, and does not unreasonably affect traffic. An office in an NO district may contain not more than one use. Site development regulations applicable to an NO district use are designed to preserve compatibility with existing neighborhoods through renovation and modernization of existing structures.

LO – Limited Office district is the designation for an office use that serves neighborhood or community needs and that is located in or adjacent to residential neighborhoods. An office in an LO district may contain one or more different uses. Site development regulations and performance standards applicable to an LO district use are designed to ensure that the use is compatible and complementary in scale and appearance with the residential environment.

**GO – General Office district** is the designation for offices and selected commercial uses predominantly serving community or citywide needs, such as medical or professional offices.

LR - Neighborhood Commercial district is intended for neighborhood shopping facilities that provide limited business services and office facilities predominately for the convenience of residents of the neighborhood.

**GR** -- Community Commercial district is the designation for an office or other commercial use that serves neighborhood and community needs and that generally is accessible from major traffic ways.

CS -- General Commercial Services district is intended predominately for commercial and industrial activities of a service nature having operating characteristics or traffic service requirements generally incompatible with residential environments.

CS-1 – Commercial Liquor Sales district is intended predominately for commercial and industrial activities of a service nature having operating characteristics or traffic service requirements generally incompatible with residential environments, and also includes liquor sales as a permitted use.

LI – Limited Industrial Services district is the designation for a commercial service use or limited manufacturing use generally located on a moderately sized site.

**P** - Public district is the designation for a governmental, civic, public service, or public institution use. A P district designation may be applied to a use located on property used or reserved for a civic or public institutional purpose or for a major public facility, regardless of ownership of the land on which the use is located.

#### **Overlay Districts**

An overlay or **combining district** is a type of zoning district that is used in combination with a stan<u>dard</u>, base zoning district. Any of the above zoning districts could include any one or more of the following zoning districts.

**CO** -- Conditional Overlay combining district may be applied in combination with any base district. The district is intended to provide flexible and adaptable use or site development regulations by requiring standards tailored to individual properties.

**MU** -- **Mixed Use combining district** is intended for combination with selected base districts, in order to permit any combination of office, retail, commercial, and residential uses within a single development. Allows development of all types of residential uses, including single-family residential, multifamily residential, and townhomes.

**PDA -- Planned development area (PDA) combining district** is intended to: (1) provide for industrial and commercial uses in certain commercial and industrial base districts; or (2) incorporate the terms of a planned development area agreement into a zoning ordinance following annexation of a property that is subject to a planned development area agreement.

**Special Uses** – Uses allowed in an approved neighborhood plan (NPCD) for a specific location or neighborhood wide. These uses are not normally permitted without the NPCD. The special uses are described on the following page.

NPCD or (NP) –Neighborhood Plan combining district is a zoning overlay used to implement a neighborhood plan that has been adopted by City Council and to allow certain special uses. These special uses are only available when approved as part of an NPCD. Each adopted Neighborhood Plan area is able to establish its own NPCD. For some of the infill options, their location must be specified, but other infill proposals can be applied neighborhood-wide.

#### **Neighborhood Special Uses**

The following special uses are being recommended as part of the Central Austin Combined Neighborhood Plan. They are <u>optional uses granted in addition</u> to the uses allowed in the base zoning district.

#### Small Lot Amnesty

Small lot amnesty means permitting construction of new single family homes or major renovation of existing single family homes on **existing** single family lots that do not meet current minimum standards.

The Small Lot Amnesty would permit existing lots that have a minimum of 2,500 square feet to be developed with new single-family homes. Special site development standards would apply to ensure new homes are compatible with existing homes. <u>This applies only to existing lots</u>.

#### **Mixed Use Building**

A Mixed Use Building is a structure located in a commercial zoning district that has commercial or retail uses on the ground floor and residential units on one or more upper floors. The standards for the Mixed Use Building require pedestrian-oriented design. For example, buildings must be built closer to the street, and parking must be located to the rear of the building. A Mixed Use Building may contain dwelling units in not more than 50% of the gross floor area of the ground floor.

#### Neighborhood Urban Center

Neighborhood Urban Center refers to the redevelopment of an existing retail or commercial center, or development of a vacant site, into a mixed use, pedestrian and transit-oriented center. The Neighborhood Urban Center would permit residential, multi-family, commercial and retail uses on certain sites with commercial zoning.

The Neighborhood Urban Center includes limits on how much of each type of development may occur. The goal of these standards is to ensure compatibility with existing neighborhoods while permitting flexibility in project design. The minimum standards for various land uses in a Neighborhood Urban Center are:

Residential Uses Commercial Uses Open Space 25% of Total Building Area 10% of Total Building Area 10-20% depending on total site area

#### Neighborhood Design Tools

The following design tools are being recommended as part of the Central Austin Combined Neighborhood Plan. Once adopted, the "Parking Placement and Impervious Cover Restrictions" and Garage Placement" design tools are <u>mandatory</u> for all new residential construction and whenever there is a change of use (e.g., from single-family use to two-family use). The "Front Porch Setback" design tool is <u>optional</u>.

#### Parking Placement and Impervious Cover Restrictions

The parking placement and impervious cover restrictions limit the number of parking spaces and the amount of impervious cover to be constructed in the front yard. Any single-family, two-family, or duplex use is subject to the following requirements:

- 1. No more than forty percent (40%) of the required front yard may be impervious cover (this may be waived if a circular driveway is needed for traffic safety purposes).
- 2. No more than 4 parking spaces may be located in a front yard, or, in the case of a corner lot, no more than 4 parking spaces may be located in the front and side-street yards combined.

#### Garage Placement

This option sets guidelines for developing and/or redeveloping lots in established neighborhoods where existing development emphasizes residential façades and minimizes the parking structure aesthetics dominating single-family residential use of a property. It also allows for attached parking structures without width limitations to be constructed so that parking structure dominated development does not occur. This option allows for a side entry parking structure, which will accommodate residential design along the front wall.

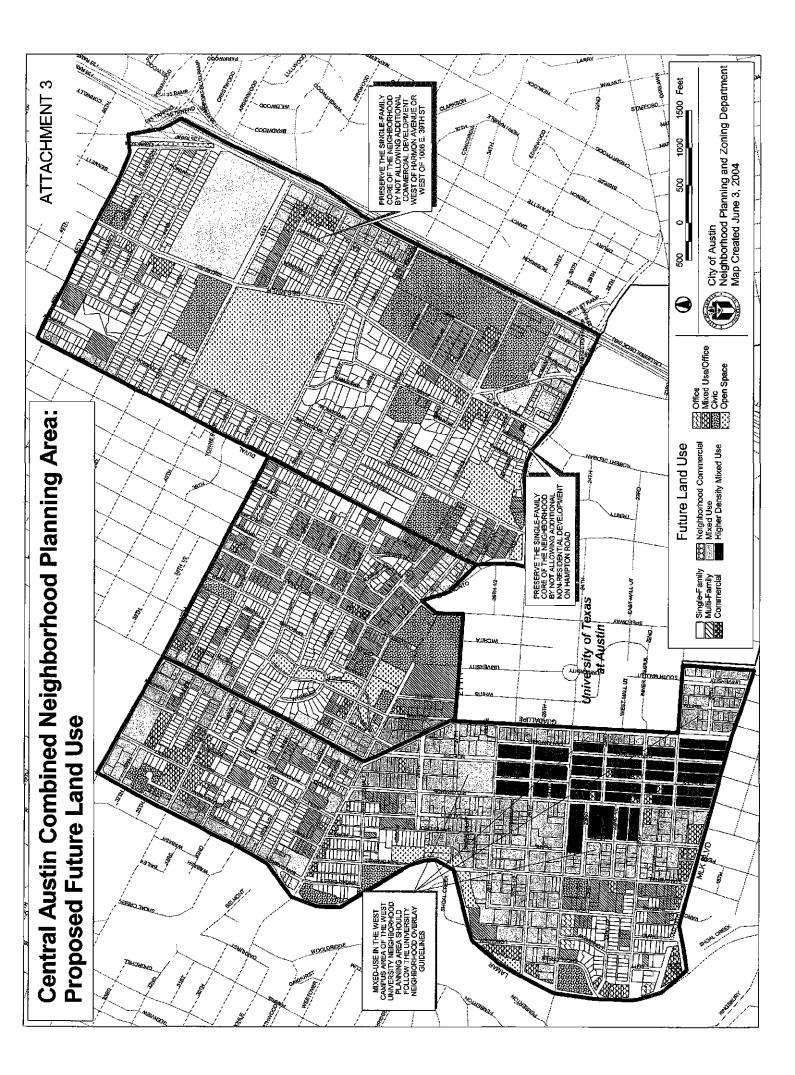

For a Single-Family, Two-Family, or Duplex Residential Use:

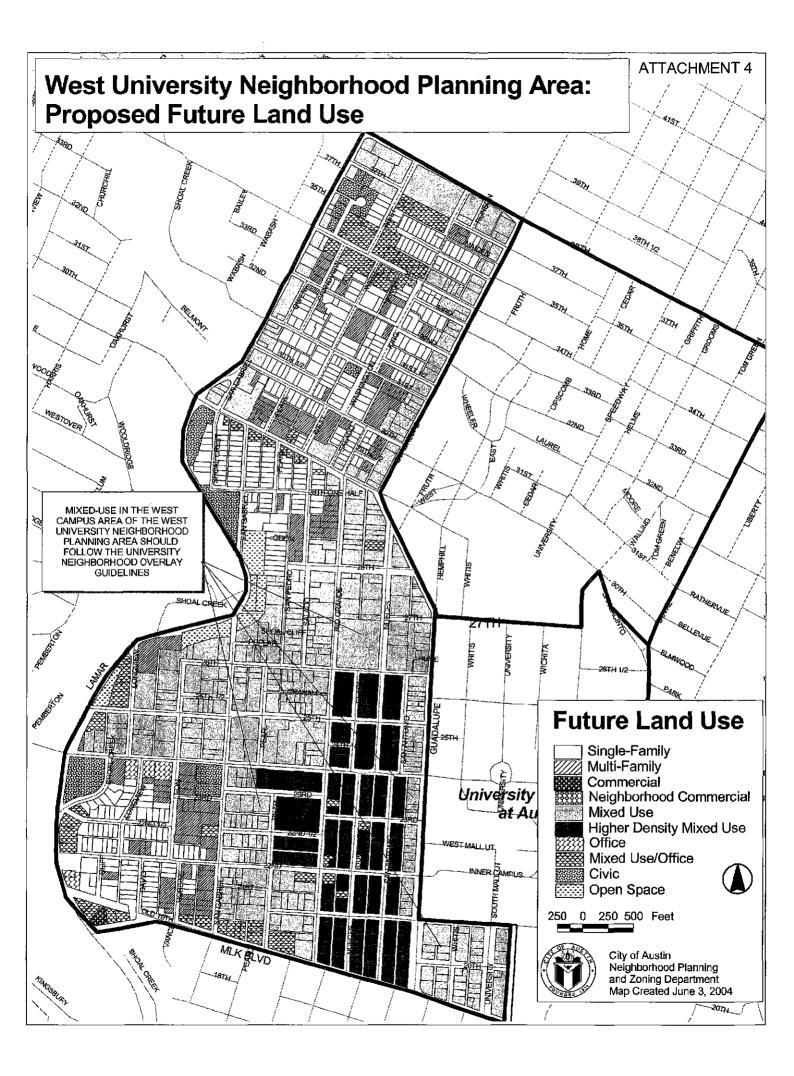

- 1. Garages and carports must be located flush with the front façade, or behind the front façade of the house.
- 2. If a garage or carport is located less than 20 feet behind the front façade of the house, its width may not exceed 50% of the width of the house.

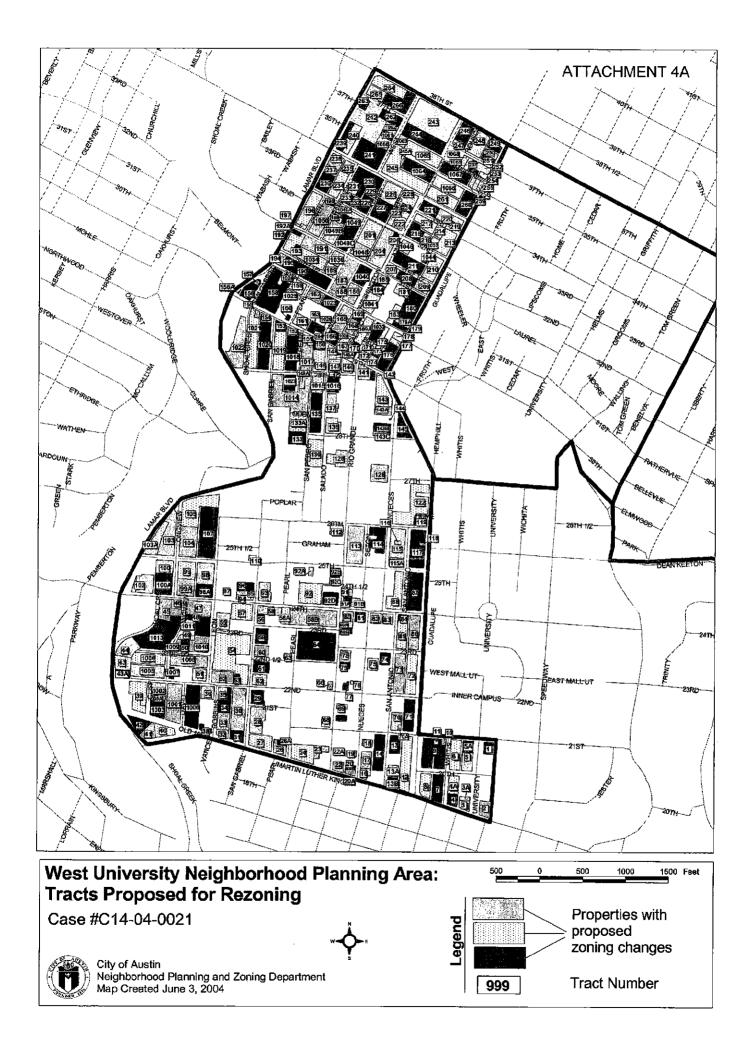

No maximum width is established for garages or carports that are 20 feet or more behind the front façade of the house, or for those that have side or rear entrances.

#### Front Porch Setback

Covered and uncovered Front Porches (defined as open-sided porches connected directly with the front entrance to a residence, and with a permanent, exterior flooring material) shall henceforth be allowed to within 15 feet of the front property line. Roof overhangs and porch steps may extend an additional 24" toward the front property line. Structural columns (but not walls) are allowed within the footprint of the porch.

City of Austin Neighborhood Planning and Zoning Department

# NORTH UNIVERSITY NEIGHBORHOOD: NEIGHBORHOOD CONSERVATION COMBINING DISTRICT (NCCD)

PURPOSE: The purpose of a neighborhood conservation (NC) combining district is to preserve neighborhoods with distinctive architectural styles that were substantially built out at least 30 years before the date an application for an NC combining district classification is filed. (25-2-173)

The Neighborhood Conservation (NC) Combining District modifies use and site development regulations of a base district located in the NC combing district in accordance with a neighborhood plan. (25-2-371)

The purpose of the NUNA NCCD is to protect the large number of surviving original houses in the neighborhood that provide its unique character; revise existing zoning to preserve the original development patterns of the North University Neighborhood; provide opportunities for redevelopment of older multi-family housing stock and to encourage additional density and mixed use in appropriate locations.

## PART 1. TRACT MAP

(SEE MAP EXHIBIT A)

PART 2. DESCRIPTION OF BASE DISTRICT CHANGES. -

(SEE CHART)

Proposed "H" zonings:

506 W. 34<sup>th</sup> from CS to CS-H-NCCD 3500 Speedway St. from MF-4 to MF-1-H-NCCD-NP 305 E. 34th from MF-4 to MF-3 H-NCCD-NP

## PART 3. DEFINITIONS. In this ordinance:

- ACCESSORY BUILDING means a building in which an accessory use is located that is detached from and located on the same site as a building in which a principal use is located.
- CIRCULAR DRIVEWAYS means a cul-de-sac type driveway with one access point or a halfcircular driveway with two access points.
- COMMERCIAL DISTRICT means the districts within the hierarchy of zoning districts from neighborhood office (NO) district through commercial-liquor sales (CS-1) district.

- DISTRICT means the Residential District, Speedway District, Adams Park District, San Jacinto District, Guadalupe District, Transition District and the Waller Creek/Seminary District.
- DRIVEWAY RUNNERS means a pair of pavement strips provided as a driveway.
- EXCESS PARKING means parking spaces that exceed the parking required by the Land Development Code and these NCCD regulations.
- FRONT OF BUILDING means the side of a building that includes the main entrance to the building and that references the address of the building.
- HALF-STORY means livable space that is contained between the eave and ridge of a dwelling.
- MANUEVERING means managing a vehicle into or out of a parking space from a public way.
- PEDESTRIAN-ORIENTED USES means uses that serve the public by providing goods or services in a manner readily accessible by pedestrians or readily accessible by the occupants of the structure in which they are located.
- REDEVELOPMENT means development in which the value of the improvements is 50 percent of the value of all existing improvements on the site, or development that requires a site plan.
- TANDEM PARKING means one car behind another so that one car must be moved before the other can be accessed. Only one car may be parked behind one other, whether in a garage or open parking area.

## PART 4. DISTRICTS

The North University NCCD is divided into the following DISTRICTS that are more particularly identified on the map attached.

(See EXHIBIT B – NORTH UNIVERSITY NEIGHBORHOOD NCCD).

- 1. THE RESIDENTIAL DISTRICT includes all property not included in another district from 27<sup>th</sup> Street to 38<sup>th</sup> Street and from Guadalupe Street to Duval Street. (See map)
- 2. THE SPEEDWAY DISTRICT generally located along portions of both sides of Speedway Street. (See map)
- 3. THE ADAMS PARK DISTRICT generally located within one-half block of Adams Park. (See map)

- 3. This section applies to the uses established in Section 2 of this part.
  - a. No drive-through services are permitted.
  - b. An automotive repair services use is a permitted use on Guadalupe north of 35th Street. The maximum lot size for the use is 12,500 square feet.
  - c. A multi-family residential use, condominium residential use, or any combination of multifamily and condominium residential uses permitted in the Guadalupe District may not exceed 75 percent of the gross floor area of all buildings constructed on a site.
  - d. A residential use may not be located in the front 70 percent of the ground floor of a building in the Guadalupe District.
  - e. Only residential uses may be located above the ground floor in the Transition District.
  - f. Commercial uses permitted in the Guadalupe District are permitted on the Eastern half of the tract that includes 3415 Guadalupe in the Transition District if vehicle access is provided only via Guadalupe or West 35<sup>th</sup> Street and any commercial uses in the Transition District of this tract are screened per LDC 25-2-1066.

**PART 6.** GENERAL PROVISIONS the following provisions apply to all property within the NCCD.

1. PEDESTRIAN-ORIENTED USES Pedestrian-oriented uses or habitable spaces must be located at the front of a building on the ground floor.

### 3. FRONT OF BUILDING AND LOT -

- a. A building shall front on the short side of the lot or where lots have been combined, on the side where the original short ends of the lots fronted except:
- b. A building on a through lot located west of Speedway between West 33rd Street and West 34<sup>th</sup> St. shall front on West 33<sup>rd</sup> Street.
- c. The entrance of a building in which a principal use is located shall be located on the front façade of a building or perpendicular to the front façade between two walls that make up the front facade.

### 4. STREET YARD SETBACKS

- a. AVERAGED FRONT SETBACK (see 3 above for determination of front.). The front setback shall not be more than 5' different from the average of the front yard setbacks of the principal single family buildings on the same side of the street on a block.
- b. STREET YARD SETBACKS -
  - On a block face that includes an alley approach, the street yard setback of the subject property may equal the average of the street yard setbacks of the buildings on adjoining lots. In this section, a building across an alley is a building on an adjoining lot. The street yard setback may be established by a principal building or an accessory building that contains a living unit on the ground floor that fronts on the street.
  - 2) If there are no primary buildings on the same side of the block to establish an average setback, then street yard setbacks are per the attached map. (See EXHIBIT C.)
- d. Notwithstanding any other provision in this section, a street yard setback may not be less than five feet.
- 5. SINGLE FAMILY CONSTRUCTION IN A LESS RESTRICTIVE ZONING DISTRICT -Except in the Guadalupe District, this section applies to construction of a single family, duplex, single-family attached or two-family residential use on property that is located in a townhouse and condominium residence (SF-6) district or less restrictive zoning district. Except as otherwise provided in this section, construction must comply with the regulations for the family residence (SF-3) district. Construction may comply with the regulations of the district in which the use is located if construction complies with the compatibility standards of the City Code.

## 6. TWO-FAMILY USE –

- a. A two-family residential use is permitted in the Residential District on a lot that is 7000 square feet or larger and has a front lot width of at least 50'.
- b. In sub-district 1A, a two-family use is permitted on a lot that is at least 7,000 square feet or larger and has a front lot width of at least 48'.

- **d.** Unit size Except as otherwise provided in this section, the maximum gross floor area of the rear dwelling unit of a two-family residential use is 850 square feet. On a corner lot, the rear dwelling unit may exceed 850 square feet if the following conditions and other applicable site development regulations are satisfied:
  - 1) Living space is provided on the ground floor;
  - 2) One unit has frontage on a north-south street; and
  - 3) One unit has frontage on an east-west street.
- 7. DUPLEX USE
  - a. A duplex residential use is permitted in the Residential District on a lot that is 7000 square feet or larger and has a front lot width of at least 50'.

## 8.PARKING

- a. A required or excess parking space for a residential use may not be located in a street yard except that one of the following is permitted on a site as follows:
  - 1) Pavement for up to two parking spaces may be located in a front yard but may not be located directly in front of the primary structure, or
  - 2) Up to two parking spaces may be located in a street yard.
- b. Except for a single-family or two-family residential use, excess parking is prohibited.
- c. For an existing single-family, duplex, or two-family residential use compliance with current City parking regulations is required if 400 square feet or more are added to the conditioned gross building floor area; this includes conversion of accessory space to habitable space.
- d. A person may not reduce existing parking spaces to a number less than the number of spaces prescribed in the City Code for the present use nor may they reallocate those parking spaces to a new use unless the old use is terminated or reduced in size.
- e. For a multi-family use, each dwelling unit must have a parking space provided for each bedroom.
- f. The following provision applies to required parking spaces
  - 1) For a single-family or duplex residential use, tandem parking is permitted; and
  - 2) For a multi-family use, tandem parking is permitted if both spaces are assigned to the same unit.
  - 3) TANDEM PARKING is not permitted for the required parking spaces for any duplex or two-family use that exceeds a total of 2,500 gross square feet. Each space must be individually accessible.

g. ADDITIONAL PARKING - For a duplex or two-family residential use if there are at least five bathrooms in all buildings in which the use is located. An additional parking space is required for each new full bathroom constructed on the property.

### 8. DRIVEWAYS AND PARKING ACCESS

- a. A driveway that provides four or fewer required parking spaces may be designed with gravel surfacing or using driveway runners. The Director of the Watershed Protection and Development Review Department must approve design and construction. A driveway apron shall comply with City of Austin specifications. Parking spaces must be solid pavement.
- b. Alley access is permitted if the access complies with applicable City regulations for turning and maneuvering into and out of parking spaces. At least 25' maneuverability space to a perpendicular parking area is required and may include the alley width.
- c. Thefollowing provisions apply in all Districts except the Guadalupe District.
  - 1) Access to a site is limited to one curb cut. A site that has 100 feet of frontage or more may have two curb cuts. In the Residential District, a site may have two curb cuts if the site has 100 feet of frontage or more and has two dwelling units.
  - 2) The width of a driveway for a single family residential use may not exceed 12 feet from the driveway apron to the building setback line for a one lane driveway, and 18' for a two lane driveway, and may not exceed 24 feet from the building setback line to a parking area;
  - 3) For a commercial, civic, multifamily residential, or condominium residential use with three or more units, a driveway may not exceed the greater of 20' or the minimum allowed by the City.
  - 4) A one-lane circular driveway is permitted on lots over 50' wide.
- d. No more than a total of 2 driveway lanes are permitted in the street yards of a single-family, duplex or two-family development.

## PART 7. RESIDENTIAL DISTRICT.

The Residential District is intended to protect the original buildings and development patterns of the neighborhood that were established for residential use. Single family homes and some of the older multi-family structures were built in the context of the traditional development patterns. New residential development should respect traditional patterns including building orientation, scale, height, setbacks and parking location.

The following site development regulations apply in the Residential District.

1. SITE DEVELOPMENT STANDARDS TABLE. The following table applies to the Residential District except as modified below:

## **MEETING SUMMARY**

## **MOTION:**

## Recommend approval with the following amendments:

- 1) Allow Professional Office as a pedestrian-oriented use only if direct access is provided from the street and where the principal use is not office;
- 2) Allow an interested party to appeal to Council a determination made by the Land Use Commission regarding the requirement in section 25-6-591(a)(5) for pedestrian-oriented uses on the ground floor of a parking garage;
- 3) When the Land Use Commission waives the requirement of 25-6-591 (a)(5) require a minimum 5' wide landscape buffer to screen the ground floor of the parking garage.

A project would receive approval if it meets all of the provisions of the proposed University Neighborhood Overlay code amendment as well as all other applicable land development regulations.                                                                                                                                                                                                                                                                                                                                                                                                         |  |

MEETING SUMMARY

#### Discussion of postponement request.

#### Lead speaker in favor of postponement:

**David Kline** requested an indefinite postponement of UNO on behalf of the West Campus Neighborhood Association (WCNA).

Commissioner Spelman asked what the WCNA boundaries are.

Mr. Kline replied he did not know.

**Rani Ilai**, WCNA, stated the boundaries are Lamar Blvd. on the west, Guadalupe on the east, 17<sup>th</sup> Street on the south and 29<sup>th</sup> Street on the north.

Commissioner Spelman stated that the CACNP process began in late 2002 and whether Mr. Kline had attended many of the meetings.

Mr. Kline stated that the WCNA wasn't formed until November 2003.

Commissioner Spelman inquired whether members of the neighborhood association participated prior to formation of the WCNA.

## **MEETING SUMMARY**

Mr. Kline replied that the members were not aware of the process and did not receive notifications until the final workshop in December 2003.

**Graham Keever**, with the Office of Senator Gonzalo Barrientos, stated that Senator Barrientos and Representative Naishtat had requested postponement of UNO but have since received additional information and no longer feel a postponement is required. However, they are still concerned about the height issue and request that the Planning Commission consider measures to mitigate potential impacts on views of the UT Tower. Mr. Keever suggested permitting a reduced height, for example 90 feet, with taller structures requiring additional review similar to a Conditional Use Permit.

Commissioner Riley asked whether Senator Barrientos or Representative Naishtat had heard any concerns from citizens after the newspaper ran an article about the proposals under consideration. Mr. Keever said they had not.

## Lead speaker against postponement:

**Mike McGinnis**, area property owner, stated the CACNP participants welcome the opportunity to work with the representatives on the height issue and are open to the idea of a CUP with perhaps the exception of the already planned project on the Wukasch property on 24<sup>th</sup> Street. Mr. McGinnis described the CACNP process that lasted two years and had the best attended meetings in the history of the Neighborhood Planning program. Mr. McGinnis stated that over 45,000 notices were sent out during this process and University Area Partners (UAP) held over 20 meetings on the neighborhood plan.

Al Godfrey, local architect, stated that the process was broad-based and inclusive with a high level of collaboration of formerly disparate interests.

## No motion was made regarding the postponement request.

Mark Walters, NPZ, presented an overview of the University Neighborhood Overlay. The purpose of the UNO District is to:

- Promote high-quality redevelopment in the area generally west of the UT campus;
- Provide a mechanism for the creation of a dense but livable and pedestrian friendly environment;
- Protect the character of the predominantly single-family residential neighborhoods adjacent to the district.

Mr. Walters stated that UNO is proposed as an incentive zoning overlay and is optional. The base district development standards apply if the project does not take advantage of UNO.

The major elements of the UNO District include:

- Street trees and wider sidewalks;
- Mixed-use development;

# **MEETING SUMMARY**

- Building stepbacks to allow light to reach the street, preserve views and provide architectural interest;
- Pedestrian-scaled lighting;
- Encourage plazas and café seating;
- Standards for parking garage design;
- Requirements for affordable units;
- Design guidelines.

In exchange for these standards UNO provides the following code incentives:

- No Compatibility Standards within UNO;
- Eliminate minimum site area requirements for multi-family projects;
- Allow ground floor retail on multi-family parcels;
- Additional height;
- Eliminate FAR restrictions;
- Impervious cover increases;
- Reduced front setbacks;

Mr. Walters also highlighted the following issues for the area:

- UNO could increase review time for projects;
- Possible increased demand on nearby parks due to increased population in West Campus;
- May limit some views of UT Tower from neighborhoods west of West Campus;
- New development may alter character of area;
- Increased supply of new units may affect existing West Campus and student housing rental markets;
- Long-term maintenance of street trees;
- Improvements to water supply may be needed to ensure adequate fire flow;
- An area-wide study should be conducted to establish a master plan for coordinated streetscape improvements throughout UNO;
- An area-wide traffic study is required to assess the effects of increased density on the transportation infrastructure;
- Taller buildings adjacent to historic and single-family properties would affect:
  - o 32 properties in Outer West Campus District
  - o 14 in Inner West Campus District

This represents approximately 9 acres out of 291 acres or approximately 3% of the area.

#### Questions from the Commission

Commissioner Riley asked how the 80% of median family income standard was applied to students.

Mark Walters stated that the standard was based on income and student loans.

Commissioner Galindo requested information on the required parking within UNO.

## **MEETING SUMMARY**

Mark Walters stated that no parking is required under the following conditions:

- In the Dobie subdistrict new commercial development with less than 6,000 square feet of area;
- In the Guadalupe subdistrict existing or new commercial development with less than 6,000 square feet of area;
- In the Inner West Campus subdistrict new commercial development with less than 6,000 square feet of area;
- In the Outer West Campus subdistrict new commercial development with less than 3,500 square feet of area.

Also the recently approved 20% parking reduction for the urban core would apply in this area. Beyond that parking requirements are the same as the rest of the city.

Commissioner Galindo asked whether there was any consideration of reduced parking for projects that provide alternatives to car ownership such as carsharing?

Mark Walters stated that there wasn't however, UNO requires parking garages to be designed so that the structure can be converted to active use in the future if no longer needed for parking.

Commissioner Galindo asked how a developer who wanted to provide alternatives could reduce the required parking.

Mr. Walters replied the Board of Adjustment would be the alternative.

Commissioner Armstrong stated that at one time reduced parking was under consideration.

Mr. Walters replied that it was the consensus of staff that parking requirements should not be reduced beyond those currently proposed.

Commissioner Sullivan ask what the final vote was for the plan.

Mr. Walters stated that it was in excess of 80% in favor of the plan.

#### Public Hearing

#### Speaking In Favor:

Lin Team, Eastwoods resident, stated that this discussion began after the fight over the Villas on Guadalupe and has come to an amazing conclusion. She stated the planning process has worked as proposed and has demonstrated that planning can minimize conflict over zoning and development issues. She requested that the commission support the plan.

Commissioner Moore asked Ms. Team to define the vision of the plan.

## **MEETING SUMMARY**

Ms. Team stated all participants were committed to limiting urban sprawl and wanted to increase density while preserving the character of single-family neighborhoods.

Commissioner Moore asked if that meant putting all of the density in West Campus.

Ms. Team stated that this was not the vision and that density is accepted throughout the area.

#### The following speakers represented neighborhood associations within CACNP

Barbara Bridges, West University Neighborhood Association.
John Foxworth, President, Shoal Crest Neighborhood Association.
Mikal Grimes, President, Heritage Neighborhood Association.
Rick Iverson, President North University Neighborhood Association.
Mike McHone, UAP.
Dohn Larson, President Hancock Neighborhood Association.
Dana Twombley, President Eastwoods Neighborhood Association.
Cathy Norman, President UAP.
Howard Lenett, General Administrator, student cooperative council.

Commissioner Riley asked Mr. Lenett if he knew of students who want to live in the area without cars.

Mr. Lennett replied that in a recently opened ICC residential project approximately half of the students do not have cars and that the ICC pursued a variance to reduce required parking as part of the project.

Commissioner Riley asked how the process worked.

Mr. Lennett stated that he would prefer if it took less time but the process ultimately worked.

#### Other speakers in favor:

Juan Cotera, Cotera + Reed Architects. Lawrence Foster, President, Episcopal Theological Seminary, stated that the Seminary is still working with surrounding neighbors regarding future growth of the Seminary and that he is hopeful that all agreement will be reached. Al Godfrey, Heritage Neighborhood Association. Laurie Limbacher, Heritage Neighborhood Association. Karen McGraw John Nyfeler, member Hancock Neighborhood Association and local architect. Mike McGinnis Jerry Harris, representing Wukasch family Don Wukasch, Officer UAP Rick Hardin John McKinnerney, Simmons-Vedder

Facilitator: George Adams 974-2146 george.adams@ci.austin.tx.us

## **MEETING SUMMARY**

Larry Deucer, University Baptist Church

Mary Sanchez, West University Neighborhood Association.

Raymond Tucker, Eastwoods Neighborhood Association.

**Jim Damron,** West University Neighborhood Association, discussed on-going negotiations on Tracts 43 and 44.

Kent Collins

Nikelle Mead, representing Oliver family on Tracts 236 and 563, stated that a compromise has been reached with the Heritage NA on tract 236 and that all parties are working to resolve issues on tract 563.

Cindy Powell and Kathleen Fish, want to rezone 2802 and 2804 San Pedro to MF from current SF.

#### Neutral

Bill Monroe, Judges Hill Neighborhood Association.

#### Speaking Against:

**Jeff Heckler**, representing the West Campus Neighborhood Association (WCNA). Mr. Heckler stated that WCNA supports the CACNP but has a number of concerns regarding UNO:

- Building height and its impact of the view of the UT Tower
- Traffic from higher density without adequate transit to support the density
- Affordability
- Lack of compatibility within the overlay district

Mr. Heckler also emphasized that WCNA has filed two open records requests and has not received information from either of these yet and stated that the WCNA is very concerned about the unintended consequences of UNO.

# **MEETING SUMMARY**

Noah Kennedy, resident of Pemberton Heights Neighborhood Association, stated that he was not necessarily against CACNP but was concerned about traffic impacts on the neighborhoods between MoPac and the West Campus area.

Michel Issa, West Campus Neighborhood Association and area property owner, stated that he supports the plan but has concerns over UNO. He stated that WCNA still has not seen a final ordinance for UNO and that traffic and environmental studies have not been finalized.

Larry Paul Manley, resident of NUNA and property owner in Heritage, stated that he is in support of the planning process and UNO. Mr. Manley stated he was against the height, impervious cover and setback limits of the NUNA NCCD as well as restrictions such as garage placement and impervious cover limitations in other single-family neighborhoods. Mr. Manley stated that the purpose of the NCCD is to preserve the character of single-family areas but in fact these areas are very diverse with single-family, duplex and multi-family development throughout. He questioned whether the NCCD standards that are basically SF-3 standards should be applied to these areas.

Ron Thrower, representing several clients:

- Tract SJD 885A in NUNA is currently zoned MF-4 with 60' height, the plan proposes 30' height limit. Client offered 45' height limit based on compatibility standards as a compromise. NUNA has not responded to this compromise offer.
- Tract 44 in WUNA, owner requests GO-MU-CO-NP.
- Tracts 34 and 35 client objects to any downzoning on these tracts.

Mr. Thrower requested that the Planning Commission consider these cases.

**Rani Ilai,** member WCNA, stated that additional density can be accommodated in West Campus without the heights permitted by UNO. Mr Ilai also stated that WCNA has not seen a final ordinance for UNO and emphasized that the last major project built in the area, the Villas on Guadalupe, was required to have 30% more parking than required by code while UNO permits less parking.

**Jim Mathews**, owns property at 310 W. 35<sup>th</sup> Street, Tract RDW 738. Mr. Mathews stated that he would like to construct two garage apartments on this property and add onto the existing house.

**Eugenia Schoch**, homeowner and resident of 2212 Nueces, stated that she lives in a house that was built in 1885 and is concerned about height and lack of compatibility in the UNO area.

Karen Orsak, business owner in West Campus and member WCNA, UNO is still being drafted and many aspects of the proposal are still unresolved. Ms. Orsak is especially concerned about the lack of a traffic study and blanket 175-foot height limit. Ms. Orsak requested that the UNO process be slowed down to allow these issues to be resolved.

#### MEETING SUMMARY

**Mike Murphy**, representing condominium project at 106 East 30<sup>th</sup> Street, Tract RDE 839, is concerned about the NUNA NCCD and its limitations on the condominiums. Current MF-4 zoning would be reduced while similar condos one block away does not have the same limitations. He stated they are working with NUNA and are hopeful that a compromise can be reached.

**Clifford May,** representing Guadalupe Square condominium project at 3316 Guadalupe in Heritage, Tract 220. The condominiums owners object to the proposed reduction in height from 60' to 40'.

**Malcolm J. Fox,** owns property in NUNA at 3003 Fruth, Tract APD 843. Property is currently zoned CS and is proposed to be rezoned to GR. GR would not permit the current use on the property. Requested CS zoning be maintained.

Suran Wije, stated that there has not been enough time to reach consensus on UNO and that the plan should consider long-term sustainability.

**Royce Gorley,** stated that the UNO plan needs to provide affordable housing for those earning less than 80% of the area median family income.

#### Against, not speaking:

Melodee Merola John Dial Walter Talley Kristen Macaluso John Joseph, Jr. Carina Von Koskull Rob Kohler Rebecca Domingo Marsha Reichel Stephen Sanderson Albert Meisenbach Paul McDonald Mori Ilai Cipi Ilai

#### Rebuttal

**Mike McGinnis**, stated that UAP and others are open to working on affordability issues and that UNO includes many requirements such as design guidelines and improved streetscapes and finally stated that the NCCD does permit change but also stabilizes the neighborhood which will improve, not reduce property values in the area.

# **MEETING SUMMARY**

#### Discussion:

Commissioner Armstrong described the process used on some earlier neighborhood plans where the Commission described general goals and recommended these for all zoning cases. She suggested this approach for the CACNP and UNO.

Mr. Bolt mentioned that two properties have come to resolution that are not reflected in the latest back-up material provided to the Commission.

Commissioner Riley asked how many unresolved cases remain.

Tom Bolt replied that there are 15 cases in Hancock and Heritage.

Commissioner Armstrong stated that she has noticed two main themes in the contested zoning cases, first that a current use would not permitted under the proposed zoning and second, that proposed height restrictions were inconsistent with surrounding properties. She asked whether staff is initiating discussions between neighborhoods and property owners to resolve the contested zoning cases.

Tom Bolt stated that generally the party that is contesting the zoning is initiating the discussion.

Commissioner Riley asked whether Commissioner Armstrong was recommending that the Commission act on all of the zoning cases with general instructions as to contested cases.

Commissioner Armstrong made the following motion.

#### **MOTION:**

#### **ITEMS 4-7:**

Approve Staff recommendation for the neighborhood plan and zoning with addenda provided to the Planning Commission. For unresolved zoning cases ask that staff continue to initiate discussion between the various parties and find appropriate compromises before Council. If zoning cases are not resolved clearly indicate staff recommendations and alternative recommendations of the owner or neighborhood associations.

Commissioner Sullivan seconded the motion.

Commissioner Sullivan pointed out that valid petition rights place the onus on staff to resolve contested zoning cases and should provide incentives to staff and neighborhoods to compromise on some issues. Commissioner Sullivan also stated that he had a number of issues on UNO. He mentioned unresolved issues such as storm water and traffic concerns.

Commissioner Moore questioned the height limitations of the NCCD along Speedway where there are numerous multi-family buildings.

## **MEETING SUMMARY**

Karen McGraw stated that the height limits along Speedway are 35 feet.

Commissioner Moore asked whether population growth goals should be set for this area based on population growth for the city as a whole.

Ms. McGraw stated that you have to ask what type of neighborhood you want this to be in 10 years and that predictability is very important to maintaining property values, however, this would be worth studying.

Commissioner Armstrong stated that she felt like putting these conditions on the plan at this point was not fair. These should have been established at the beginning of the process.

Commissioner Sullivan stated that the density issue is of great concern especially in light of the preferred scenario for Envision Central Texas.

Commissioner Moore suggested a friendly amendment requesting staff to look at including density goals in the plan.

Commissioner Sullivan suggested that this issue be discussed at the Comprehensive Plan Subcommittee.

Commissioner Galindo offered amendment #1 below.

Commissioner Cortez asked whether this should apply to all projects.

Commissioner Galindo stated that it should be limited to projects that offer an alternative to car ownership.

Commissioners Sullivan, Armstrong and Riley discussed various options for increasing the number and level of affordable units provided in the area.

Commissioner Cortez suggested that although he supports UNO he felt it should be treated separately due to remaining issues and unclear recommendations.

Commissioner Sullivan and Armstrong stated that they are comfortable with the concept of UNO and that it should move forward.

Commissioner Cortez stated that for example, although he supports more affordability in the area he has no idea what the appropriate amount is.

Commissioner Medlin raised the issue of compatibility and historic structures within the UNO area and said these issues have not been adequately addressed.

Commissioner Riley inquired as to the status of Compatibility Standards within UNO.

## **MEETING SUMMARY**

Mark Walters stated that they are removed within UNO however he pointed out that there is no single-family zoning within UNO, there is some single-family use constituting approximately 3% of the area within the overlay.

Commissioner Armstrong offered amendment #2 below regarding affordability.

Commissioner Riley offered amendments # 3 and 4 below regarding parking requirements.

## *ITEM 8:*

Approve Staff recommendation for the University Neighborhood Overlay with the following amendments:

- 1) Permit parking requirements to be reduced to 40% of the citywide requirement for projects that implement a car sharing program;
- 2) Request that the Community Development Officer recommend additional measures in the Affordability Impact Statement for CACNP and UNO with the goal of increasing the amount of affordable housing to 10% of units at 60% of Austin median family income in addition to the currently proposed 10% of units at 80% of Austin median family income;
- 3) Reduce parking requirements to 60% of the citywide requirements;
- 4) Within UNO insure that residential units and parking spaces are leased separately.

Tom Bolt presented the North University NPCD unresolved issues.

Commissioner Riley asked about the emails he received from people stating that the maps presented this evening are different from previous maps. Mr. Bolt stated that the maps change as issues are resolved. Mr. Bolt said there is a change that resulted in a change along 34<sup>th</sup> Street, but not aware of any other changes like that.

Mark Walters, NPZ staff, presented the West University NPCD. Commissioner Riley asked Mr. Walters to explain changes in the map. Mr. Walters said there was a change that the owner requested, but Mr. Walters is not aware of a change that the owner was not aware of.

#### PUBLIC HEARING

#### FOR

Jerry Roemisch, said that a group of 7 neighborhoods ironed out the differences among the neighborhoods, and created a unified planning effort and processes to help staff. The North

University NCCD provides flexibility to tighten and relax regulations. The result is that they were able to get agreement to preserve some areas, but also allowing new development.

Mark Burch, on behalf of Hancock Neighborhood Association, reiterated their strong support for the proposed neighborhood plans. He stated his appreciation for the staff's work. The complaints he has heard has been about the idea of planning.

Laurie Limbacher, with the Heritage Neighborhood Association, explained the extent of the participation and meetings held both before and during the neighborhood planning process. She explained that the neighborhood worked to understand the compatibility standards and have been working with affected property owners to resolve issues, and stand ready to continue to work with other property owners concerned about the rezonings.

**Barbara Bridges** said that she hopes the heights do not destroy the neighborhood. They do not want the density to scare away single-family owners. After a condominium project was built, several single-family owners left due to the noise and traffic. The problem with density squeezing out single-family historic properties.

**Jim Damron** said they he would like to see some changes that appear to be ironed out. He asked that the special mixed-use district on West 24<sup>th</sup> Street on Lamar Blvd. be deleted. They prefer to be surrounded by office instead of heavy duty dense multi-family. It is important that multi-family is not overlooking their homes. Secondly, they asked that the heights be reduced from 35 feet to 30 feet, which is what the existing properties are in height. For tract 44, the rear of the property has been SF-3. It is naturally suitable for something other than SF-3, but have encouraged light office with some minor mixed-use. They have reached an agreement with the adjacent property for higher density residential uses. For that tract, they would like to have LO-MU-CO. They also ask that one additional be use prohibited in their area from all commercial districts- private community recreational use, which would allow for a party barn, or club, which would be incompatible with the single-family residences.

He clarified for Commissioner Sullivan that the conditions imposed on tract 43, the tract next to tract 44, were to keep the buildings below the height of the cliff to keep the views of the single-family neighborhood.

**George Adams**, originally going to speak just about tract 133a, is now also speaking on behalf of Shoal Crest Neighborhood Association. In general, Shoal Crest is supportive of the neighborhood plan. On Tract 133a, the staff recommendation for tract 133a was to maintain the SF-3 zoning and to add the CO and the NP consistent with the rest of the neighborhood. Two property owners requested multi-family zoning on the two properties. The staff recommendation then had changed from SF-3 to MF-2. There had been no discussion about the change. Staff does not disagree with maintaining the SF-3. The single-family zoning supports the goals of the plan. Each single-family house that is lost in the area has a disproportionate impact on the area. The neighborhood is vulnerable. Another one of the neighborhood plan goals is to allow mixed-use development. They have allowed that along 29<sup>th</sup> street. In addition, the neighborhood is accepting secondary apartment as long as they are limited to 650sf. In summation, he asked the Commission to honor the process, principles of the plan and the original staff recommendation for tract 133A.

Mark Walters explained that the property owners of tract 133A approached the staff late in the process, and due to a previous notification error, decided to discuss the possibility with the owners. If an agreement cannot be made, then the original staff recommendation to maintain SF-3 and add the CO-NP will be preserved.

Commissioner Medlin asked if the other property owners of tract 133a requested the change to multi-family. Mr. Walters said they did not request a change, but there is public ROW that separates the tract so that is why there is a break between the single-family and the multi-family.

Commissioner Armstrong asked if there had been discussion of SF-5. Mr. Adams said that it was discussed, but the owner did not attend the meeting, so the neighborhood decided to vote to maintain the SF-3.

**Cyndy Powell** owns property at 2802 and 2804 San Pedro. The best use of their property is multi-family. The neighborhood is requesting SF-6 instead of MF-2. It is a 3 block street, there are three condominium projects and two fraternity houses, and there are seven apartment complexes. So, it does not have the feel of a neighborhood, and so they request that the zoning remain MF-2.

Commissioner Medlin asked about the size of the lots. Ms. Powell said that the properties are duplexes, with a rental unit in the back, in addition to a single-family house. The lots currently have SF-3 zoning and are approximately 100 feet wide total.

Steve Maida, owner of 3007-3011 Speedway (tract RDE 842, SJD 842), is contracting to develop that property and agrees with the proposed rezoning. The issues are now resolved.

Liana Tomchesson, vice president of Shoal Crest Neighborhood Association, said that for tract 133A, the neighborhood association met and decided to preserve the single-family neighborhood. San Pedro is no longer a street. There are three houses and the street is now a driveway. Shoal Crest is a very small neighborhood and they would like to maintain the single-family zoning. They changed a lot of zoning on West 29<sup>th</sup> Street to accommodate residential uses. The neighborhood was in consensus that they wanted to maintain single-family zoning.

Commissioner Sullivan asked Mr. Walters about the garage apartment. Mr. Walters said that the neighborhood has a problem with the 650sf, would be a sub-district. There is plenty of buildable area currently for constructing secondary apartments.

Commissioner Armstrong asked about higher density single-family residential. Ms. Tomchesson said that she would like to say they'd support it if the project was nice, but that does not necessarily happen, so they'd like to keep the SF-3. San Pedro is a very narrow street.

**John Foxworth** said that he would like SF-3 to remain on the properties 2800-2808 San Pedro and 2708, 2710-2712 San Pedro. He distributed plats of the lots on San Pedro Avenue. The one way street channels into an alley, which was illegally paved, and is now a little highway. The neighborhood is not opposed to secondary units, but they do recognize that there are slopes that will make it difficult to add a secondary unit. Matildi Schade, has owned his property for about 10 years, and has been used as rooming house, as MF-3 and is surrounded by multi-family on all sides. He would like to see the MF-3 remain on 2800 San Pedro (tract 133).

Mark Walters explained that the neighborhood is opposed to MF zoning on tract 133, which includes 2710, 2712 and 2800 San Pedro.

**Jon Atkins**, owns a condo at 808 West 29<sup>th</sup> Street, and is against the proposal to allow more multi-family being built. He lives in Dallas, but he feels like that the more apartments are built, the rent will decrease for his condo. His property is on the corner of 29<sup>th</sup> and Pearl.

**Mike Alexander** would like to see the single-family maintained in the Shoal Crest neighborhood. The concern is that people will have a large apartment complex like existing ones. In the long term it is better to keep the properties at SF-3 and allow compatibility standards to kick in as sites with existing apartments are redeveloped.

#### PLANNING COMMISSION- Meeting Summary- Pending PC Approval

#### AGAINST

**Clifford May**, 3316 Guadalupe, member of Heritage Association, Tract 220 of the West University NPA. The various site development regulations and water quality requirements will severely limit redevelopment of the Guadalupe corridor, especially for Neighborhood Mixed-Use Buildings. The rezoning for tract 220 seems unlikely to ever be utilized. If you want to see mixed-use redevelopment, the plan must be re-worked with economic analysis. The Guadalupe Square Neighborhood Association does not support the plan because of the height limits from compatibility standards. The height should remain at 60 feet. The existing buildings would have to be re-developed on tract 220 because of the height limit. He explained that the CO would restrict the height to 40 feet. He said that he wanted to be put on record that the limitations imposed would not allow neighborhood mixed-use building. He requests that the 60 foot height limit be allowed.

Laurie Limbacher, with the Heritage Neighborhood Association, said that the neighborhood did meet with Mr. May and was surprised that he is here speaking because she was of the understanding that they had addressed his concerns. She explained that the parking requirements would make it difficult to reach the maximum permitted with the site development regulations. She said that the 40 feet height limit is a restriction already in place due to compatibility standards. She admits that the "devil" is not the plan, but the existing compatibility standards.

Commissioner Riley asked what would be the neighborhood's opinion of removing the conditional overlay for the property. Ms. Limbacher said that they want the zoning to reflect the reality of what can be built on the site. She explained that Mr. May is expressing a broader concern about being able to develop the Neighborhood Mixed-use building, not really opposed to the proposed rezoning (he will not file a petition against the zoning). She thinks the size of the lots limits what can be built.

At the request of Commissioner Moore, Ms. Limbacher explained that her vision of Guadalupe is to have three story buildings up close to the street with pedestrian-oriented uses along the street.

Mr. May added that for economic feasibility purposes, the change would be helpful (to remove the compatibility height limit by a waiver).

**Jim Bennett**, representing Gary Beal's properties at 3410-3412 Speedway (tract SD874), 1903, 1905, 1909 Robins Place (tract 33), tract 52 and tract 1019. His client is opposed to the rezonings and has signed a petition.

Karen McGraw, said that they did not hear from Mr. Beal. She said that 3410-3412 Speedway are the poster child of super-duplexes. Technically the duplexes are single-family uses, so the neighborhood was interested in rezoning the property to MF-1. Across the street, there is the Fruth House, which has several cottages located on the site. She said that the neighborhood wanted MF-1 on that site as well. For both properties the MF-1 will allow the current use.

Mary Sanches, lives on Cliff Street in the West University neighborhood for 30 years. Mr. Beal has built 12 bedroom duplexes and has destroyed. If he gets one more lot with the MF zoning, he will get the

**Martha Morgan**, has lived in the Heritage Neighborhood Association for 38 years. She is retired and relies on the rental income for her income. She is opposed to the conditional use for a blood plasma center behind her multi-family properties. Her tract, 234, is locked into a residential use, and it would be good for the neighborhood to keep the site residential, however it has to be a viable residential site. Allowing the commercial blood plasma center would not make the site a viable residential site. She has been in limbo about whether to sale or to put money into the property.

Ms. Limbacher said that they will work on that issue before Council.

Rick Iverson, with NUNA, said that currently commercial blood plasma centers are not allowed within 1 mile of another plasma center.

Ms. Morgan said that she does not know the distance between the existing blood plasma centers and the site she is concerned about.

**Ron Thrower**, representing Dr. Joe Neal, and tract 44. The neighborhood is looking for limited multi-family development on the site. Tract 1013 does afford the property safer access to tract 44. There are still continuing negotiations with the neighborhood, and if needed, the neighborhood has said that they will continue to negotiate up to third reading of Council if needed.

Commissioner Sullivan explained that the table of comments about unresolved issues does not include the issues that Ron Thrower brought up. Mr. Thrower and Mr. Walters explained that the discussions are on-going.

The neighborhood's concern is about the encroachment of commercial and multi-family onto Shoal Creek.

Barbara Bridges, said that the neighborhood does not want to give up the SF-3 zoning on the Isley School because they are single-family dwellings and back up to single-family dwellings.

Mike McHone, with University Area Partners, said that the Shoal Creek/Lamar intersection is very dangerous. With the traffic study, it suggested to make Shoal Creek a cul-de-sac, and not have it connect to Lamar Blvd. That would definitely demarcate the SF area and properties on Lamar Blvd. Commissioner Riley said that he heard that the Parks Board was opposed to the widening of the Lamar intersection.

Ron Thrower said that tract 35 Robins Place properties have had MF zoning since 1931, however the proposed conditional overlay would restrict the development more than the existing zoning. Currently the compatibility standards do allow for a public hearing process to gain additional height. There is no need to "double-up" on the regulations (having the compatibility standard restrictions incorporated into a conditional overlay).

Mary Sanches said that allowing the building to be built to 60 feet would be out of character for neighborhood.

Mike McHone, with University Area Partners, said that the area proposed an overlay to allow a variety of housing. They want to incorporate compatibility requirements into the zoning overlay so that the market is aware of the actual limitations on the site.

Commissioner Galindo asked if there are other properties that have had a 60 feet height limit and. Mr. Walters said the area between San and Robins Place are limited in height to 40 feet, so it is a strategy used throughout the neighborhood. Mr. Bennett's client also opposed to the strategy.

**Royce Gouzly** said he is opposed to the height limit of 40 feet too. He understands why they are proposing that, but thinks it could affect his property in 10-15 years.

**Malcolm J. Fox**, owner of property in tract APD 843, West 30<sup>th</sup> Street/Fruth Street, is not opposed to the plan in general. He does object to the down-zoning of his property which would make his existing uses non-complying. He does not understand why the other properties on Fruth are allowed to continue with the CS zoning, but his does not for tract APD 846. At the last meeting there was a motion to ask staff to initiate contact with owners to discuss issues before Council. He has had the CS zoning since 1969. He sees the CS-NCCD-NP as a compromise to keep the CS zoning.

Commissioner Sullivan asked what use would be illegal if down-zoned. Mr. Fox said that twothirds of the site is used for storage.

Commissioner Armstrong asked about staff's comments about new uses being permitted in the CS zoning district. Mr. Bolt added that there are no Certificate of Occupancies for the existing uses.

Karen McGraw said that when the neighborhood surveyed the property, they saw a residential use. If it is a residential use, that is not permitted in CS zoning. She said that despite the zoning, all the properties would have the same land uses.

Mary Gay Maxwell said that the neighborhood is willing to meet with Mr. Fox.

**Royce Gouzly** said he owns the property at 3408 Speedway, next to the super duplexes. He rents his property to comply with federal affordable housing requirements. If his property is burned down, he could not rebuild his structure because of the compatibility standards that would kick in because of the duplex considered as a residential use. Mr. Tom Bolt said that as part of the NCCD, the compatibility requirements are proposed to be waived by staff to allow him to rebuild the structure.

#### **MOTION: CLOSE PUBLIC HEARING**

# VOTE: 9-0 (8-0 for North University) (DS-1<sup>st</sup>, MA-2<sup>nd</sup>; NS- recused herself for item 3 North University public hearing)

## MOTION: STAFF RECOMMENDATION FOR WEST UNIVERSITY, EXCEPT RECOMMEND SF-4A for TRACT 133 AND 133A, AND INCLUDE 100 FEET OF NORTH PORTION OF TRACT 1013 (BEND AROUND SHOAL CREEK) WITH RECOMMENDATION OF LO-MU-CO-NP ON TRACT 44. VOTE: 8-0 (MA-1<sup>st</sup>, DS-2<sup>nd</sup>; CG- ABSTAIN)

Commissioner Galindo said he is uncomfortable with the process. His objection is that each tract should be voted on independently, because he can't support all of them, but he can support some of them. So he cannot support nor vote against the motion, so he'll have to abstain. His concern is about the process that has occurred in the last 2-3 hours.

Commissioner Riley commented that on the issue raised for tract 220 and tract 35, where the compatibility standard height limits are incorporated into the zoning. He will side on the neighborhood, however he wants the neighborhood will be willing to evolve and consider the height issue on a case-by-case.

## MOTION: APPROVE STAFF RECOMMENDATIONS FOR NORTH UNIVERSITY NEIGHBORHOOD PLAN, WITH RECOMMENDATION THAT FOR PROPERTIES THAT ARE STILL UNDER NEGOTIATION, EXISTING LEGAL USES SHOULD BE ALLOWED TO CONTINUE UNDER THE PROPOSED ZONING. VOTE: 7-0 (MA-1<sup>st</sup>, DS-2<sup>nd</sup>; NS- RECUSE; CG-ABSTAIN)

Commissioner Armstrong said that she encourages the negotiations, but in general the staff recommendation is a good mid-point.

Commissioner Sullivan said that something that should be tacked on to each motion is the statement that existing legal uses be allowed to continue. Commissioner Armstrong accepted that amendment. Marty Terry sought clarification. Commissioner Armstrong said that the intention is to allow what was properly permitted. Marty Terry clarified that the motion covers 100% of all properties within the NPCD.
