---

The property and house structure located at 7102 and 7104 Foy Circle are threatened by streambank erosion of Onion Creek and are being purchased as part of the Creek Erosion Mitigation Program, voluntary buyout initiative. This Watershed Protection and Development Review Program provides protection for structures and public amenities by controlling streambank erosion and preserving the natural character of our creeks. After acquisition of the properties the house structures will be demolished and the area will be revegetated.

The properties to be acquired are approximately 0.51 acres, and include a 1,761 square-foot single-family dwelling, deck and detached carport with storage. The fair market value of the property including improvements is \$125,000, as determined by independent appraisal. The owner has agreed to accept the City's offer and is eligible for relocation and moving related expenses estimated to be \$22,500. The City will relocate the owners according to the City of Austin Relocation Ordinance.
