

**Zoning Public Hearing  
CITY OF AUSTIN  
RECOMMENDATION FOR COUNCIL ACTION**

**AGENDA ITEM NO.: Z-6  
AGENDA DATE: Thu 10/07/2004  
PAGE: 1 of 1**

**SUBJECT:** C14-04-0083 - Rainey Street Neighborhood Rezoning (Tract F) - Conduct a public hearing and approve an ordinance amending Chapter 25-2 of the Austin City Code by rezoning property bounded by River Street between Rainey Street and Red River Street to the South (Town Lake Watershed) from family residence (SF-3) district zoning and downtown mixed use-conditional overlay (DMU-CO) combining district zoning to central business district (CBD) district zoning. Zoning and Platting Commission Recommendation: To be considered by the Commission on October 5, 2004. Applicant: City of Austin. Agent: Neighborhood Planning and Zoning Department (Glenn Rhoades). City Staff: Glenn Rhoades, 974-2775.

**REQUESTING** Neighborhood Planning  
**DEPARTMENT:** and Zoning

**DIRECTOR'S**  
**AUTHORIZATION:** Greg Guernsey

## **ZONING CHANGE REVIEW SHEET**

**CASE:** C14-04-0083

**Z.A.P. DATE:** September 7, 2004  
September 16, 2004  
October 5, 2004

**P.C. DATE:** September 14, 2004

**C.C. DATE:** October 7, 2004

**ADDRESS:** South of River Street, between Rainey Street and Red River Street (Tract F)

**APPLICANT:** City of Austin

**AGENT:** NPZD  
(Glenn Rhoades)

**ZONING FROM:** DMU-CO and SF-3

**TO:** CBD

**AREA:** 4.54 acres

### **ISSUES:**

This case is being brought forward as a result of a Council Resolution that was passed on February 12, 2004 (see attached resolution). The resolution decreed that the Rainey Street area, bounded by Cesar Chavez, Waller Creek, IH-35 and Town Lake be rezoned, and that staff conduct a comprehensive study on the best use of the properties in the Rainey Street area.

### **DEPARTMENT COMMENTS:**

This item was considered by the Planning Commission on September 14, 2004 and the Commission endorsed staff's recommendation of CBD, Central Business District zoning (Vote: 8-0). In regards to the proposed changes proposed in the Rainey Street Sub-district of the Waterfront Overlay report, Commission endorsed the changes with three exceptions. The three items that the Planning Commission voiced no opinion on were items 3a and b, item 6 and item 10 referenced in Table I of the report. The items are: 3a and b) Relating to the proposal to create a historic enclave and the acquisition of property to achieve that goal. 6) The establishment of parkland fees for new residential development that does not require a subdivision. 10) Development bonuses for developers who agree to provide at least 25 parking spaces for the Mexican American Cultural Center.

### **SUMMARY STAFF RECOMMENDATION:**

Staff recommends the proposed change to CBD, Central Business District zoning for property not already zoned CBD and DMU. In addition to the zoning change, staff is proposing several changes to the Rainey Street Subdistrict of the Waterfront Overlay.

This case is being brought forward as a result of a Council Resolution that was passed on February 12, 2004 (see attached resolution). The resolution stated that the Rainey Street area, bounded by Cesar Chavez, Waller Creek, IH-35 and Town Lake is to be rezoned, and that staff conduct a comprehensive study on the best use of the properties in the Rainey Street area. The resolution sets forth several goals to be achieved through the proposed rezonings. They are as follows:

- 1) "The preservation of trees and the unique historic character of the area."
- 2) "A strong mixed income residential component within the development."
- 3) "A pedestrian friendly environment."
- 4) "The use of green building techniques."

- 5) "The use of urban design criteria that are typically included in the City's performance based economic incentive policies."

Staff has had several internal and external meetings with various stakeholders in order to determine how best to rezone the Rainey Street area, while meeting the goals set forth by the City Council. Staff's recommendation is therefore two-fold. In addition, to recommending CBD zoning staff recommends modifying the existing Waterfront Overlay by limiting the height to 60 feet, while offering "Optional Development Bonuses" that would permit CBD height, F.A.R., and site development standards, if the property owner incorporates the goals listed above.

**ZONING AND PLATTING COMMISSION RECOMMENDATION:**

September 7, 2004 – The Commission voted to continue the public hearing until September 16, 2004 (Vote: 8-0, J. Martinez – absent).

September 16, 2004 (special called meeting) – Postponed until October 5, 2004 (Vote: T. Rabago and M. Whalley – absent).

**EXISTING ZONING AND LAND USES:**

The properties in this area are zoned DMU-CO, SF-3 and are presently occupied with single family and undeveloped property.

**AREA STUDY:** N/A

**TIA:** N/A

**WATERSHED:** Town Lake

**DESIRED DEVELOPMENT ZONE:** Yes

**CAPITOL VIEW CORRIDOR:** N/A

**HILL COUNTRY ROADWAY:** N/A

**NEIGHBORHOOD ORGANIZATIONS:**

300 – Terrel Lane Interceptor

## **STAFF RECOMMENDATION**

Staff recommends the proposed change to Central Business District zoning.

## **BASIS FOR RECOMMENDATION**

*The proposed zoning should be consistent with the purpose statement of the district sought.*

CBD – Central Business District zoning is intended for the commercial core area of Austin, permitting a wide variety of office, commercial, residential and civic activities commensurate with the regional and statewide significance of downtown Austin and the adjacent State Capitol.

The proposed change meets the purpose statement set forth in the Land Development Code. The properties are within the boundaries recognized by the City of Austin as downtown. The boundaries are: Town lake to the south, IH-35 to the east, Lamar Blvd. to the west and Martin Luther King Jr. Blvd. to the north.

*The proposed zoning should promote consistency, and orderly planning.*

The proposed change is compatible with the surrounding area. Within the Rainey Street area, there are several properties zoned or developed with CBD and DMU development standards. Along Cesar Chavez and Red River Streets the property is zoned CBD-CURE and allows for an F.A.R. of 10:1 with the option of unlimited height. However, at this time the property is not developed to maximum standards allowed.

To the south, along IH-35 and East Ave., the property is developed with two high-rise buildings. The first is the Holiday Inn, and although zoned CS (zoned in 1965) has a height of 138 feet. The other is the Towers of Town Lake, which is a 13 story structure. Further into the neighborhood along Rainey Street there is property zoned DMU-CO, with a potential allowable height of 120 feet.

The area has been slowly changing to higher densities and the proposed zoning would be consistent with the present trend.

## **EXISTING CONDITIONS**

### **Site Characteristics**

The properties subject to rezoning are occupied with single-family and undeveloped land.

### **Transportation**

Additional right-of-way (ROW) necessary for future roadway improvements within the proposed zoning may be required during the subdivision review process or the site plan review process.

Since the rezoning of this area is being initiated by the City of Austin through the neighborhood planning process and does not reflect a specific development proposal, no trip generation calculations are provided on a tract by tract basis for any proposed land uses as would typically be provided.

A Traffic Impact Analysis (TIA) will be required during the site plan review stage for any proposed land use that would generate over 2,000 vehicle trips per day. Additional ROW, participation in

roadway improvements, and/or limitation on development intensity may also be recommended based on review of the TIA.

### **Impervious Cover**

The maximum impervious cover allowed under CBD zoning is 100%.

### **Environmental**

- This neighborhood is not located over the Edwards Aquifer Recharge Zone. The neighborhood is located in the Waller Creek and Town Lake Watersheds of the Colorado River Basin, which are classified as Urban Watersheds by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone. Impervious cover is not limited in this watershed class; therefore the zoning district impervious cover limits will apply.
- According to flood plain maps, a flood plain borders the zoning area. Critical Water Quality Zones do not apply this area.
- This area is required to provide on-site structural water quality controls, or payment in lieu of, for all development and/or redevelopment when 5,000 s.f. cumulative is exceeded, and detention for the two-year storm.
- Standard tree protection and landscaping will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment that lies within the Waterfront Overlay Combining District. Additional landscape criteria are required for the Waterfront Overlay Combining District per the ECM Section 2.8.0.

### **Right of Way**

The scope of this review is limited to the identification of needs for dedication and/or reservation of right-of-way for funded Capital Improvement Program (C.I.P.) Roadway Construction Projects and Transportation Systems Management (T.S.M.) Projects planned for implementation by the City of Austin. No aspect of the proposed project is being considered or approved with this review other than the need for right-of-way for City projects. There are separate right-of-way dedication and reservation requirements enforced by other Departments and other jurisdictions to secure right-of-way for roadway improvements contained in the Austin Metropolitan Area Roadway Plan, roadway projects funded by County and State agencies, and for dedication in accordance with the functional classification of the roadway.

We have reviewed the proposed subdivision, site plan, or zoning case and anticipate no additional requirement for right-of-way dedication or reservation for funded C.I.P. or T.S.M. projects at this location

### **Water and Wastewater**

The area is served with City water and wastewater utilities. If water or wastewater utility improvements, or system upgrades, or utility adjustment, or utility relocation are necessary to serve a site, or tract, or subdivision, or land use, or redevelopment, the landowner will be responsible for all costs and providing. Also, the utility plan must be reviewed and approved by the Austin Water Utility. The plan must be in accordance with the City's utility design criteria and specifications.

### **Compatibility Standards**

Property in the CBD zoning district is not subject to compatibility development regulations.

**RESOLUTION NO. 040212-35**

**WHEREAS**, in June 1999, Council adopted a resolution directing the City Manager to work with residents, business owners, and property owners in the Rainey Street Area to facilitate discussions to develop land use objectives and priorities for the area; and

**WHEREAS**, in March 2000, the Rainey Street Neighborhood Association presented to the City the results of these discussions in the Rainey Street Neighborhood Redevelopment Strategy; and

**WHEREAS**, in 2003 the Downtown Commission facilitated a community dialogue regarding Rainey Street redevelopment options and prepared a detailed report outlining its recommendations; and

**WHEREAS**, the Downtown Commission report recommends a review and revision of the regulations applicable to the Rainey Street subdistrict of the waterfront overlay; and

**WHEREAS**, voters have approved funding for the development of the Mexican American Cultural Center in the Rainey Street Area; and

**WHEREAS**, the City has created a Mexican American Cultural Center Advisory Board to make recommendations on issues affecting the development and operations of the center; **NOW, THEREFORE,**

**BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:**

Council initiates the rezoning of properties in the Rainey Street Area, which is bounded on the west by Waller Creek, the south by Town Lake, the east by IH-35, and the north by Cesar Chavez Street. The City Manager is directed to develop zoning recommendations for presentation to Council. The City Manager is also directed to review the regulations applicable to the Rainey Street subdistrict of the waterfront overlay combining district and present recommended amendments to Council. The City Manager shall consider the recommendations of the Rainey Street Redevelopment Strategy, the Downtown Commission, and the development plans of the Mexican American Cultural Center when making recommendations on rezoning the Rainey Street Area property and revising the Rainey Street subdistrict regulations. The City Manager shall present recommendations on both items on or before June 10, 2004.

The City Manager shall also present the recommendations on zoning and the Rainey Street subdistrict regulations to the following boards and commissions: the Downtown Commission, the Design Commission, the Mexican American Cultural Center Advisory Board, the Parks and Recreation Advisory Board, and the Historic Landmark Commission. Each board and commission shall forward its recommendation to the Zoning and Platting Commission. The Zoning and Platting Commission shall present the zoning and the Rainey Street subdistrict regulations to Council. If Council determines that amendments to the Rainey Street subdistrict regulations are appropriate, Council will forward the amendments to the Planning Commission.

**BE IT FUTHER RESOLVED:**

Council directs the City Manager to conduct an analysis of the infrastructure within the Rainey Street Area and to provide a summary of the current development restrictions within the Rainey Street Area.

**BE IT FURTHER RESOLVED:**

Council requests that the above-named boards and commissions recommend a development incentive proposal for the Rainey Street Area that that promotes the following types of goals: 1. the preservation of trees and the unique and historic character of the area; 2. a strong mixed-income residential component within the development; 3. a pedestrian-friendly environment; 4. the use of green building techniques; and 5. the use of urban design criteria that are typically included in the City's performance-based economic incentive policies.

**ADOPTED:** February 12, 2004

**ATTEST:**
