

**Zoning Ordinance Approval  
CITY OF AUSTIN  
RECOMMENDATION FOR COUNCIL ACTION**

**AGENDA ITEM NO.: 40  
AGENDA DATE: Thu 11/04/2004  
PAGE: 1 of 1**

**SUBJECT:** C14-04-0117 - 509 Radam Lane - Approve second/third readings of an ordinance amending Chapter 25-2 of the Austin City Code by rezoning property locally known as 509 Radam Lane (Williamson Creek Watershed) from family residence (SF-3) district zoning to community commercial-conditional overlay (GR-CO) combining district zoning. First Reading on October 21, 2004. Vote: 7-0. Conditions met as follows: Conditional overlay incorporates the conditions imposed by Council at first ordinance reading. Applicant: Mark A. Macaulay. Agent: Lenworth Consulting (Nash Gonzales). City Staff: Wendy Walsh, 974-7719.

**REQUESTING** Neighborhood Planning  
**DEPARTMENT:** and Zoning

**DIRECTOR'S**  
**AUTHORIZATION:** Greg Guernsey

## SECOND / THIRD READINGS SUMMARY SHEET

ZONING CASE NUMBER: C14-04-0117

REQUEST:

Approve second / third readings of an ordinance amending Chapter 25-2 of the Austin City Code by rezoning property locally known as 509 Radam Lane (Williamson Creek Watershed) from family residence (SF-3) district zoning to community commercial – conditional overlay (GR-CO) combining district zoning. The Conditional Overlay prohibits access to Radam Lane and requires that it be taken through adjacent property to the west and south.

DEPARTMENT COMMENTS:

The Conditional Overlay incorporates the conditions imposed by the City Council at First Reading.

OWNERS/APPLICANTS: Mark A. Macaulay

AGENT: Lenworth Consulting (Nash Gonzales)

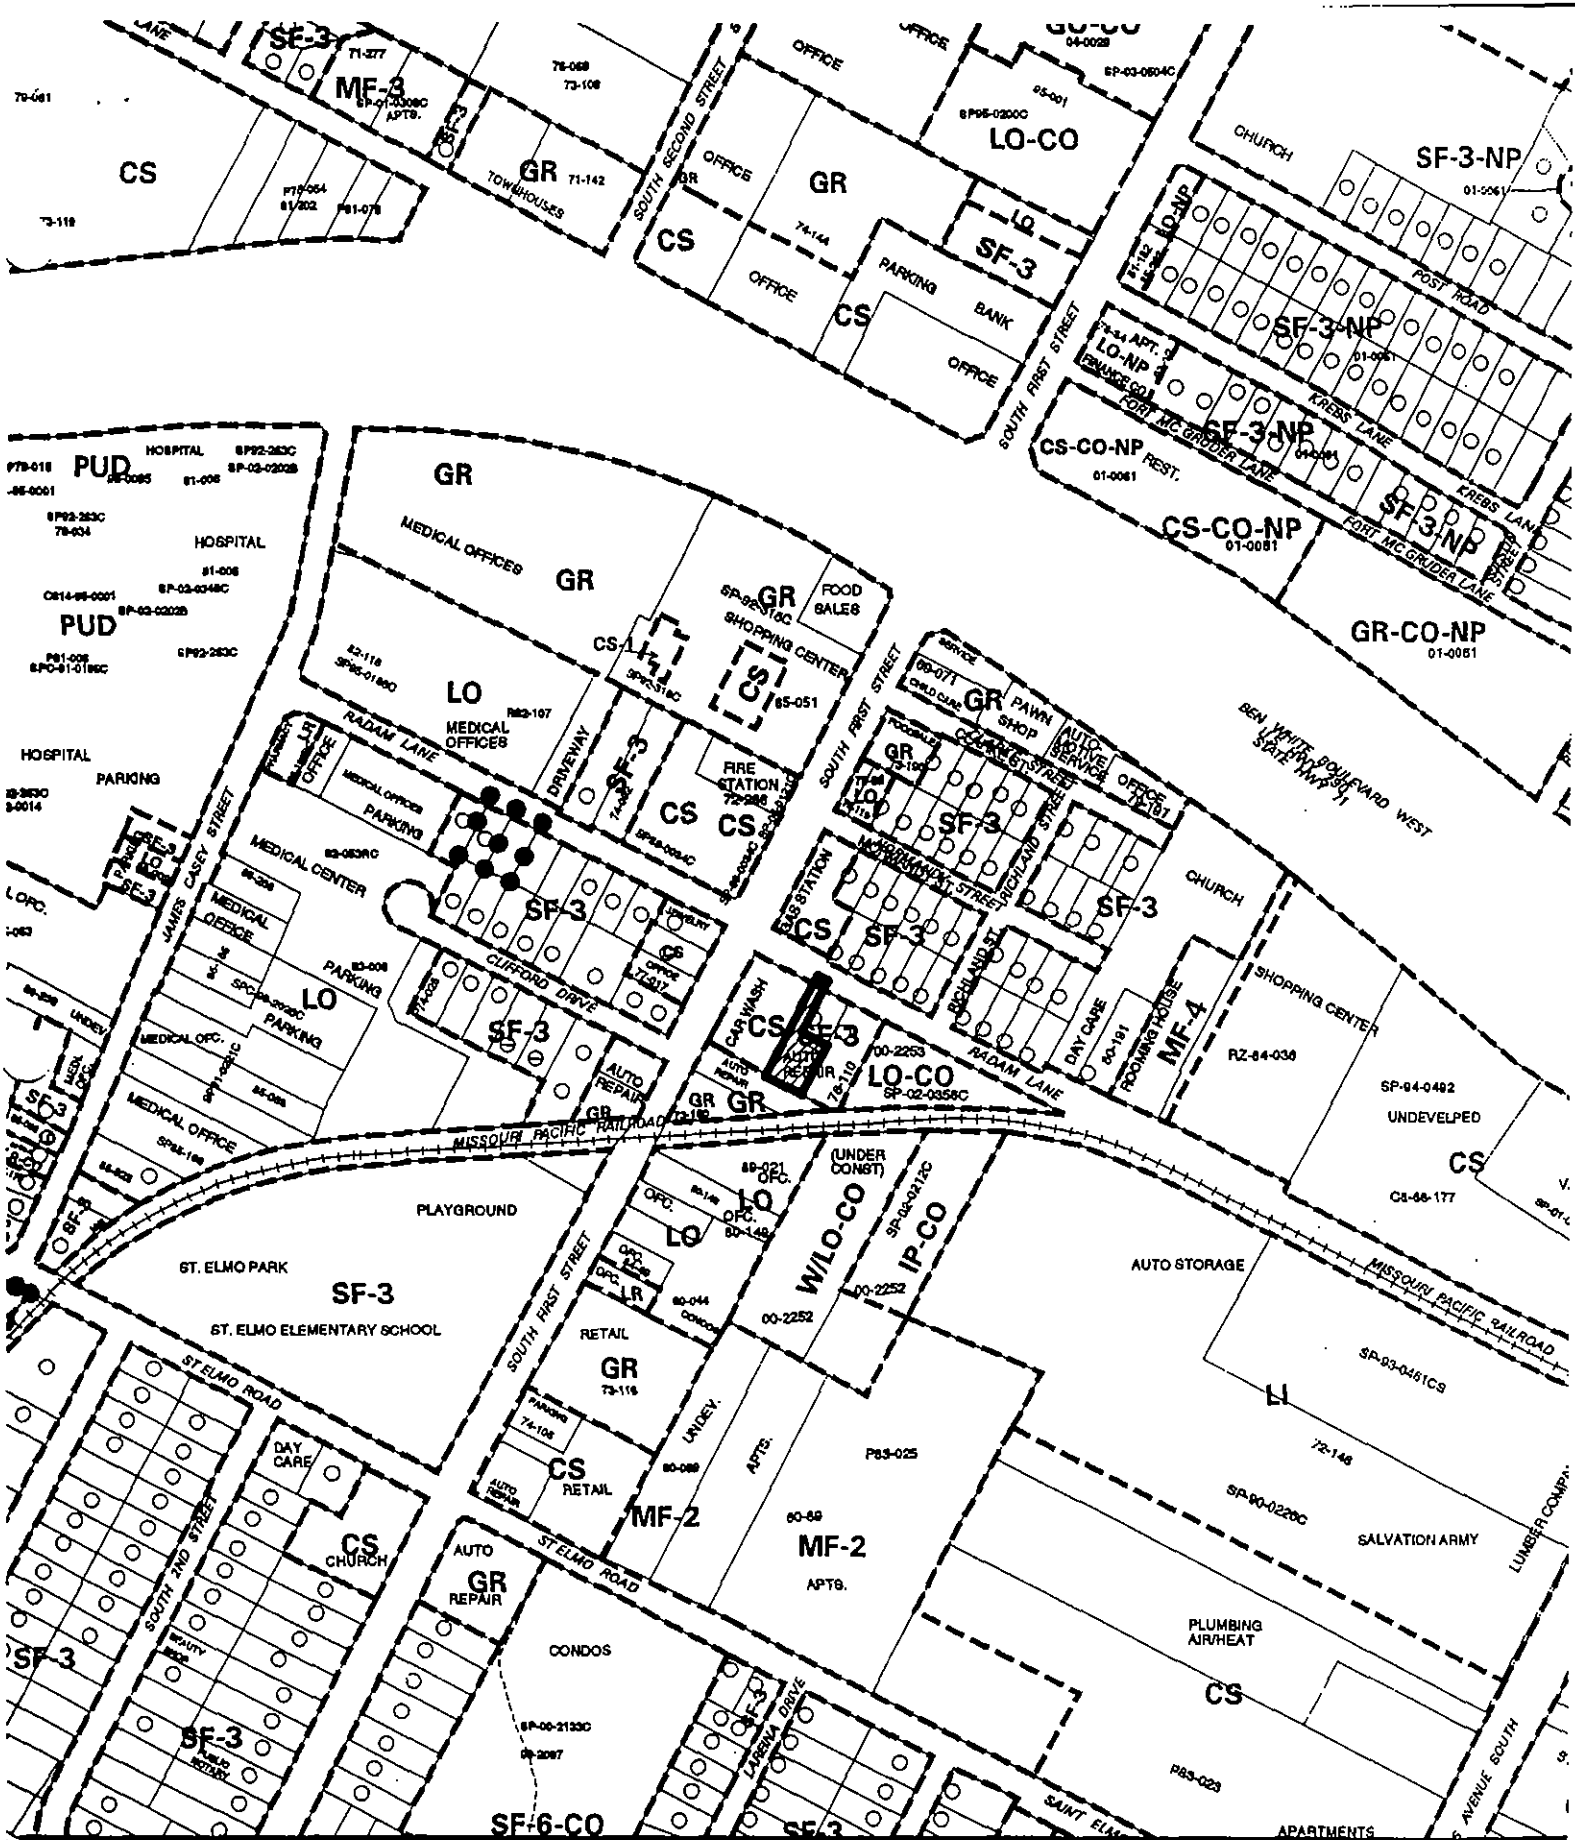

DATE OF FIRST READING: October 21, 2004, approved GR-CO district zoning, on 1<sup>st</sup> Reading (7-0).

CITY COUNCIL HEARING DATE: November 4, 2004

CITY COUNCIL ACTION:

ORDINANCE NUMBER:

ASSIGNED STAFF: Wendy Walsh

ORDINANCE NO. \_\_\_\_\_

1 AN ORDINANCE REZONING AND CHANGING THE ZONING MAP FOR THE  
2 PROPERTY LOCATED AT 509 RADAM LANE FROM FAMILY RESIDENCE  
3 (SF-3) DISTRICT TO COMMUNITY COMMERCIAL-CONDITIONAL  
4 OVERLAY (GR-CO) COMBINING DISTRICT.  
5

6 BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:  
7

8 **PART 1.** The zoning map established by Section 25-2-191 of the City Code is amended to  
9 change the base district from family residence (SF-3) district to community commercial-  
10 conditional overlay (GR-CO) combining district on the property described in Zoning Case  
11 No. C14-04-0117, on file at the Neighborhood Planning and Zoning Department, as  
12 follows:  
13

14 A 0.28 acre tract of land, more or less, out of Block 15, Fortview Addition in  
15 Travis County, the tract of land being more particularly described by metes and  
16 bounds in Exhibit "A" incorporated into this ordinance, (the "Property")  
17

18 locally known as 509 Radam Lane, in the City of Austin, Travis County, Texas, and  
19 generally identified in the map attached as Exhibit "B".  
20

21 **PART 2.** The Property within the boundaries of the conditional overlay combining district  
22 established by this ordinance is subject to the following conditions:  
23

24 Vehicular access from the Property to Radam Lane is prohibited. All vehicular access  
25 to the Property shall be from other adjacent public streets or through other adjacent  
26 property to the west and south of the Property.  
27

28 Except as specifically restricted under this ordinance, the Property may be developed and

## ZONING CHANGE REVIEW SHEET

**CASE:** C14-04-0117

**P.C. DATE:** September 14, 2004

**ADDRESS:** 509 Radam Lane

**OWNER AND APPLICANT:** Mark A. Macaulay

**AGENT:** Lenworth Consulting  
(Nash Gonzales)

**ZONING FROM:** SF-3

**TO:** GR-CO

**AREA:** 0.280 acres (12,196.80 square feet)

### **SUMMARY STAFF RECOMMENDATION:**

The staff's alternate recommendation is to grant community commercial – conditional overlay (GR-CO) combining district zoning. The Conditional Overlay prohibits access to Radam Lane and requires that access be taken through the adjacent properties to the west and south.

### **PLANNING COMMISSION RECOMMENDATION:**

September 14, 2004: *APPROVED STAFF RECOMMENDATION OF GR-CO DISTRICT ZONING.*  
[D.S, 1<sup>ST</sup>; M.M, 2<sup>ND</sup>] (8-0)

### **ISSUES:**

The applicant is in agreement with the recommendation of the Planning Commission.

### **DEPARTMENT COMMENTS:**

The subject property is developed with a portion of an automotive repair business and is zoned family residence (SF-3) district. The property has frontage on the south side Radam Lane, a local street and is under the same ownership as the adjacent auto washing use at the southeast corner of Radam Lane and South First Street, and an automotive repair business with access on South First Street. There is a wooden fence at the north property line on Radam Lane and therefore, access to the rezoning tract is taken through the auto washing use and the service station.

The surrounding area is generally characterized by commercial uses on South First Street and a mix of residential, office and commercial land uses on Radam Lane. The Missouri – Pacific Railroad right-of-way also extends in an east-west direction within 50 feet of the south property line. Adjacent to this property on the south side of Radam Lane, there are two single family residences and proceeding east, an office / warehouse development, a Salvation Army facility and a lumber company at its corner with Congress Avenue Lane (zoned CS, SF-3, LO-CO and LI). On the north side of Radam Lane, there is a service station adjacent to an established single family residential neighborhood, a child care facility and a boarding house (CS, SF-3, MF-4). Please refer to Exhibits A (Zoning Map) and A-1 (Aerial View).

The applicant proposes to rezone the property to the community commercial (GR-CO) district and redevelop the property with an office parking area. Staff is able to recommend GR-CO zoning because access to this property is taken to South First Street, an arterial street that has a predominately commercial character, and it will be developed in conjunction with the adjacent commercial properties to the west. The access restriction is reflected in the staff's Conditional Overlay.

**EXISTING ZONING AND LAND USES:**

	<b>ZONING</b>	<b>LAND USES</b>
<i>Site</i>	SF-3	Automotive repair use that takes its access to South First Street
<i>North</i>	CS; SF-3	Service station; Single family residences; Child care facility; Boarding house

**CASE HISTORIES:**

<b>NUMBER</b>	<b>REQUEST</b>	<b>COMMISSION</b>	<b>CITY COUNCIL</b>
C14-04-0062	SF-3 to LR	To Grant LR-CO	Approved LR-CO with CO for limited restaurant without drive-in service only and all limited office uses; establishes an interior side yard of 5 feet and a rear yard of 5 feet (8-26-04).
C14-00-2253	SF-3 to LO	To Grant LO-CO	Approved LO-CO with CO for a 25' undisturbed buffer along the west property line; 30' height limit and 1 ½ story limit and prohibiting medical office use (4-19-01).

C14-00-2252	SF-3 to W/LO-CO for Tract 1; IP-CO for Tract 2, as amended	To Grant W/LO-CO for Tract 1; IP-CO for Tract 2	Approved W/LO-CO for Tract 1; IP-CO for Tract 2: CO establishes a 50' setback for buildings, parking and interior driveways along south, southeast and southwest property lines (adjacent to existing residential properties); limits light manufacturing and warehousing to 90,000 square feet; list of prohibited uses on Tract 2 that allows for custom manufacturing and all W/LO uses to occur (4-19-01).
-------------	--	---	--

**RELATED CASES:**

The rezoning area was divided by metes and bounds from the adjacent square-shaped property to the east and therefore, is not a legal tract. There are no code enforcement issues on the tract. There are no related subdivision or site plan applications on the subject property.

**ABUTTING STREETS:**

STREET	RIGHT-OF-WAY	PAVEMENT WIDTH	CLASSIFICATION
Radam Lane	56 feet	20 feet	Local

- There are existing sidewalks along Radam Lane.
- Capital Metro bus service is available along Congress Avenue.

**CITY COUNCIL DATE:** October 21, 2004

**ACTION:** Approved GR-CO district zoning as recommended by the Planning Commission, on 1<sup>st</sup> Reading (7-0)

November 4, 2004

**PHONE:** 974-7719

**SUMMARY STAFF RECOMMENDATION:**

The staff's alternate recommendation is to grant community commercial – conditional overlay (GR-CO) combining district zoning. The Conditional Overlay prohibits access to Radam Lane and requires that access be taken through the adjacent properties to the west and south.

**BACKGROUND**

The subject property is developed with a portion of an automotive repair business and is zoned family residence (SF-3) district zoning. The property has frontage on the south side Radam Lane, a local street and is under the same ownership as the adjacent auto washing use at the southeast corner of Radam Lane and South First Street, and an automotive repair business with access on South First Street. There is a wooden fence at the north property line on Radam Lane and therefore, access to the rezoning tract is taken through the auto washing use and the service station.

The surrounding area is generally characterized by commercial uses on South First Street and a mix of residential, office and commercial land uses on Radam Lane. The Missouri – Pacific Railroad right-of-way also extends in an east-west direction within 50 feet of the south property line. Adjacent to this property on the south side of Radam Lane, there are two single family residences and proceeding east, an office / warehouse development, a Salvation Army facility and a lumber company at its corner with Congress Avenue Lane (zoned CS, SF-3, LO-CO and LI). On the north side of Radam Lane, there is a service station adjacent to an established single family residential neighborhood, a child care facility and a boarding house (CS, SF-3, MF-4).

The applicant proposes to rezone the property to the community commercial (GR-CO) district and redevelop the property with an office parking area. Staff is able to recommend GR-CO zoning because access to this property is taken to South First Street, an arterial street that has a predominately commercial character, and it will be developed in conjunction with the adjacent commercial properties to the west. The access restriction is reflected in the staff's Conditional Overlay.

**BASIS FOR LAND USE RECOMMENDATION (ZONING PRINCIPLES)**

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

The purpose statement per the City of Austin Land Development Code states: "The proposed GR, Community Commercial district is intended for office and commercial uses serving neighborhood and community needs, including both unified shopping centers and individually developed commercial sites, and typically requiring locations accessible from major trafficways." Access from the subject property would take be taken through adjacent property under common ownership and to South First Street.

2. *Zoning changes should promote compatibility with adjacent and nearby uses.*

The applicant proposes to rezone the property to the community commercial (GR-CO) district and redevelop the property with an office parking area. Staff is able to recommend GR-CO zoning because access to this property is taken to South First Street, an arterial street that has a predominately commercial character, and it will be developed in conjunction with the adjacent commercial properties to the west. The access restriction is reflected in the staff's Conditional Overlay.

## EXISTING CONDITIONS

### Site Characteristics

The site is developed with an auto repair use. There appear to be no significant topographical constraints on the site.

### Impervious Cover

The maximum impervious cover allowed by the GR zoning district would be 80%, which is based on the more restrictive watershed regulations described below.

### Environmental

The site is not located over the Edward's Aquifer Recharge Zone. The site is in the Williamson Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Net Site Area</i>	<i>% with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

In the Water Quality Transition Zones, impervious cover is limited to 30%.

According to flood plain maps, there is no flood plain in, or within close proximity of, the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding existing trees and other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment on this site will be subject to the following water quality control requirements:

Structural controls: Sedimentation and filtration basins with increased capture volume and 2 year detention.

At this time, no information has been provided as to whether this property has any pre-existing approvals that preempt current water quality or Code requirements.

**Transportation**

The trip generation under the requested zoning is estimated to be 1,648 trips per day, assuming that the site develops to the maximum intensity allowed under the zoning classification (without consideration of setbacks, environmental constraints, or other site characteristics).

A traffic impact analysis was not required for this case because the traffic generated by the proposed zoning does not exceed the threshold of 2,000 vehicle trips per day. [LDC, 25-6-113]

Additional right-of-way may be required at the time of subdivision and/or site plan.

**TPSD Right-of-Way**

The scope of this review is limited to the identification of needs for dedication and/or reservation of right-of-way for funded Capital Improvement Program (C.I.P.) Roadway Construction Projects and Transportation Systems Management (T.S.M.) Projects planned for implementation by the City of Austin. No aspect of the proposed project is being considered or approved with this review other than the need for right-of-way for City projects. There are separate right-of-way dedication and reservation requirements enforced by other Departments and other jurisdictions to secure right-of-way for roadway improvements contained in the Austin Metropolitan Area Roadway Plan, roadway projects funded by County and State agencies, and for dedication in accordance with the functional classification of the roadway.

We have reviewed the proposed zoning case and anticipate no additional requirement for right-of-way dedication or reservation for funded C.I.P. or T.S.M. projects at this location.

**Water and Wastewater**

The site is served with City water and wastewater utilities. If water or wastewater utility improvements, or offsite main extension, or system upgrades, or utility relocation, or utility adjustment are required, the landowner will be responsible for all costs and providing. Also, the utility plan must be reviewed and approved by the Austin Water Utility. The plan must be in accordance with the City of Austin design criteria and specifications.

**Compatibility Standards**

This site is located in the proposed West Congress Neighborhood Plan. The site is subject to compatibility standards. Along the north and east property line, the following standards apply:

- No structure may be built within 25 feet of the property line.
- No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
- No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.
- No parking or driveways are allowed within 25 feet of the property line.
- A landscape area at least 25 feet wide is required along the front property line. In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.

Additional design regulations will be enforced at the time a site plan is submitted.

File # C14-04-0117-WW

Dear Planning Commission

I object to the zoning change. The zoning should stay SF3. Commercial zoning on this tract - in my opinion is wrong because the tract is very far into a neighborhood. It goes way behind a house on Radam Ln. and will almost connect to the big project being built behind the RR tracks. We were not all that happy about that one either. The entrance is on Radam Lane to the property according to the map we were supplied with. At the very least no matter what the zoning is the entrance should go out to S. 1st - they own that pr. also. I don't believe the property owner would like the same situation behind his house in his neighborhood. Use the property with existing zoning. They bought it years ago that way.

Thank you

Don Scanci

## MEETING SUMMARY

Approved by PC 9/28/04
