BOARD AND COMMISSION ACTION: N/A

PURCHASING: N/A

MBE / WBE: N/A

These resolutions reauthorize the Austin Downtown Public Improvement District for a period of three years, and adopt a revised service plan and budget for the PID.

This public hearing, as required by State law, is to consider amending the Austin Downtown Public Improvement District Five-Year Service Plan (May 1, 2003 – April 30, 2008), to include a Marketing Campaign, and amending the plan of assessment by increasing the assessment rate from \$.10 per \$100 valuation of taxable real property to \$.13 per \$100 valuation of taxable real property, and reauthorizing the PID in accordance with those amendments for the remaining three (3) years of the current 5 year PID authorization.

The City Council approved the creation of the PID and set the assessment rate in April of 1993. The Council reauthorized the PID on October 23, 1997 and on October 24, 2002. The Council also contracted with the Austin DMO, Inc. (now the DAA) to manage the PID. The Council has approved fourteen subsequent budgets, service plans, and assessment rolls for the PID.

Since the PID was reauthorized in October of 1993, the DAA has continued to provide enhanced downtown Austin services. These services include the improved security provided by the Downtown Rangers, litter removal, promotion of the downtown arts, marketing and promotion of downtown businesses, involvement in downtown transportation issues, graffiti removal, and other approved downtown services. The current DAA budget approved by Council in November of 2003 is \$1,348,569.

The signed petitions generated by the DAA represent over 50% of the appraised value of all taxable real property liable for assessment under the proposed PID reauthorization, and constitute over 50% of the area of all taxable real property liable for assessment under the proposal. As certified by the City Clerk, (Exhibit 1) [not yet available], the number of signatures is greater than the number required by Chapter 372 of the Local Government Code and meets the requirements of State Law for a petition requested reauthorization.

The PID boundaries remain the same. (Exhibit 2)

All exemptions remain the same as indicated in the resolution continuing PID services. The original petitions as executed by the property owners or authorized representatives are available for inspection by the public in the City Clerk's Office.

As required by Chapter 372.013, Texas Local Government Code, the DAA has prepared an amended Five-Year Service Plan (Exhibit 3).

The amended Service Plan includes a Marketing Campaign to promote downtown Austin to both regional and statewide audiences. The campaign will include: a) television segments, to be aired on KLRU for a weekly "In-Town Austin" program, and Time Warner and other outlets, b) print advertising, and c) radio advertising.

The proposed service plan is both feasible and necessary to continue enhanced downtown services. The addition of a Marketing Campaign will further enhance downtown services, and will leverage public investments in downtown Austin such as the 2nd Street Retail District, Convention Center Expansion and Great Streets Implementation Program. The Five-Year Service Plan summarizes programs of the DAA and includes five-year expenditure projections, proposed revenues, and assessment rates.
