## SECOND/THIRD READING SUMMARY SHEET

**ZONING CASE NUMBER:** C14-03-0125

**REQUEST:**

Approve second/third readings of an ordinance amending Chapter 25-2 of the Austin City Code, zoning the property locally known as 13801-14409 North IH-35 Service Road North Bound from SF-2, Single Family Residence-Standard Lot District, zoning to CS-CO, General Commercial Services-Conditional Overlay District, zoning.

Conditions met as follows:

- 1) Limit the site development to uses and intensities that will not exceed or vary from the projected traffic conditions assumed in the final TIA [Alliance Texas Engineering (Brian Craiq, P.E.) - December 2003].

- 2) Prohibit the following uses:

Art & Craft Studio (General)  
Building Maintenance Services  
Campground  
Commercial Blood Plasma Center  
Drop-off Recycling Collection Facility  
Equipment Repair Services  
Equipment Sales  
Kennels  
Laundry Service  
Pawn Shop Services  
Vehicle Storage  
Veterinary Services  
Maintenance and Service Facilities  
Adult-Oriented Businesses

- 3) Make the following uses Conditional:

Automotive Repair Services (Any proposed Automotive Repair Service use will be located a minimum of 400 feet from the common property lines with the cemeteries located to the north and south of the property in question.)

Convenience Storage  
Limited Warehousing and Distribution

**PROPERTY OWNER:** Karl B. Wagner, Jr.

Mary Ella Wagner Jones

JP Morgan Chase Bank (Terry Anderson, Trust Officer)

**AGENT:** Doucet & Associates, Inc. (Carol M. Stewart)

**DEPARTMENT COMMENTS:**

The applicants are requesting CS, General Commercial Services District, zoning for the property in question because they propose to develop the site with a retail shopping center and two restaurant uses. The applicants and the neighborhood association have agreed to the proposed CS-CO zoning (Attachment B).

The staff is recommending CS zoning for the site because the proposed zoning is compatible with the surrounding commercial uses and the property fronts onto an interstate highway.

The applicant agrees with the City Council's recommendation at first reading.

**DATE OF FIRST READING/VOTE:** June 17, 2004/ Granted CS-CO as recommended by staff, with additional conditions agreed to between the applicant and the neighborhood association (7-0); 1<sup>st</sup> reading.

**DATE OF SECOND & THIRD READING/VOTE:** July 29, 2004/ Postponed to September 30, 2004 at staff's request (6-0, Alvarez-off dias)

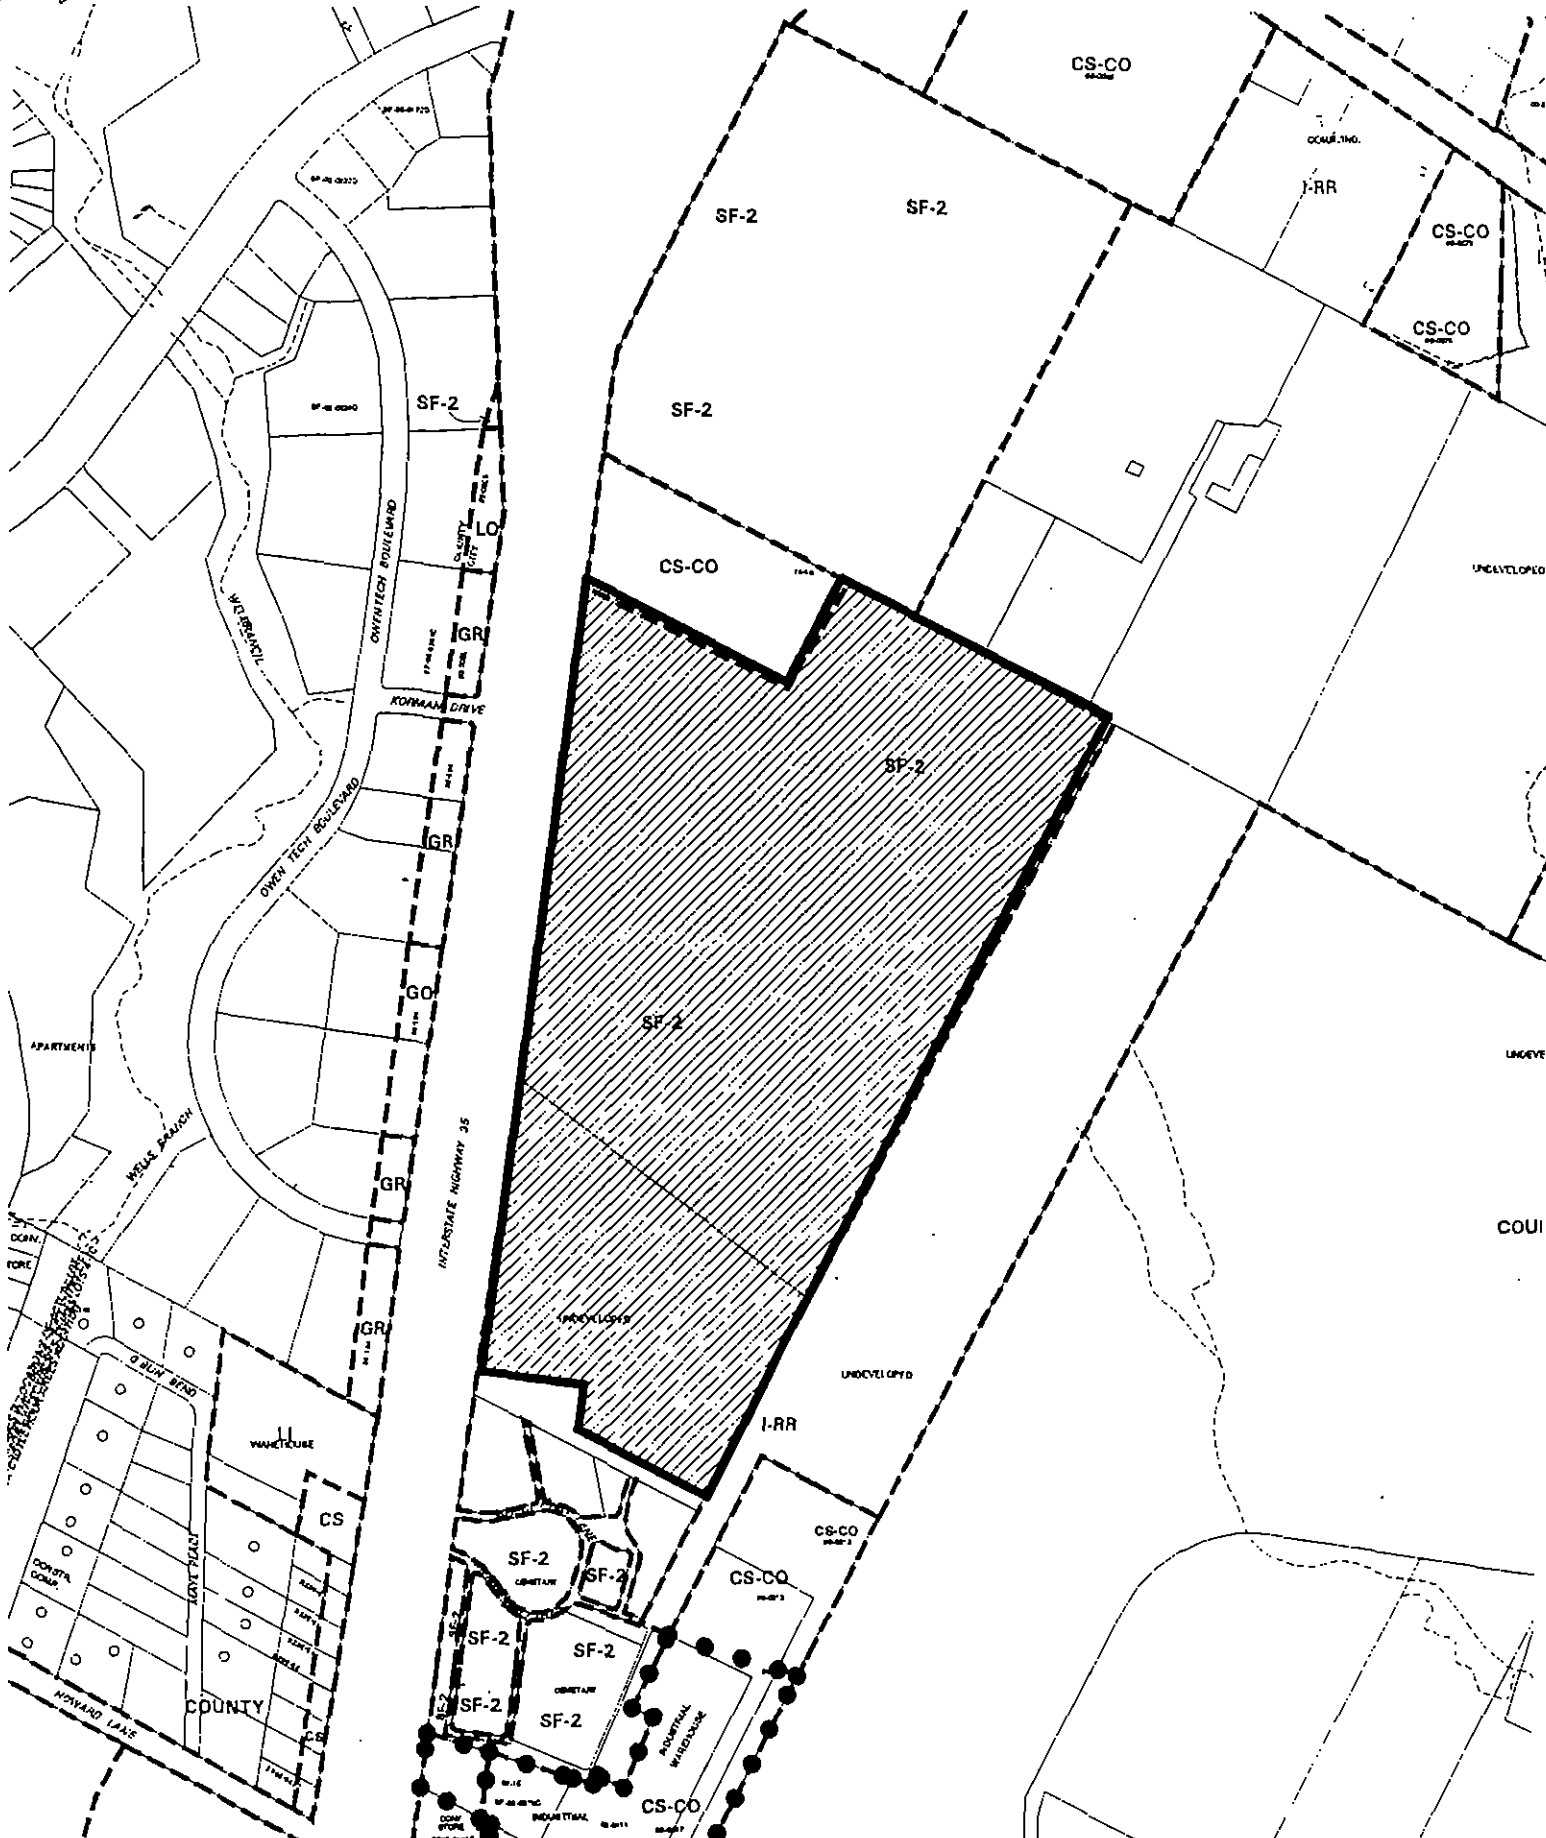

September 30, 2004/ Postponed to December 2, 2004 at applicant's request (7-0)

CONSIDERATION: Ten and No/100 Dollars (\$10.00) and other good and valuable consideration paid by the City of Austin to the Owner, the receipt and sufficiency of which is acknowledged.

PROPERTY: A 73.465 acre tract of land, more or less, out of the L.C. Cunningham Survey No. 68, Abstract No. 163, in Travis County, the tracts of land being more particularly described by metes and bounds in Exhibit "A" incorporated into this covenant.

WHEREAS, the Owner of the Property and the City of Austin have agreed that the Property should be impressed with certain covenants and restrictions;

NOW, THEREFORE, it is declared that the Owner of the Property, for the consideration, shall hold, sell and convey the Property, subject to the following covenants and restrictions impressed upon the Property by this restrictive covenant. These covenants and restrictions shall run with the land, and shall be binding on the Owner of the Property, its heirs, successors, and assigns.

1. A site plan or building permit for the Property may not be approved, released, or issued, if the completed development or uses of the Property, considered cumulatively with all existing or previously authorized development and uses, generates traffic that exceeds the total traffic generation for the Property as specified in that certain Traffic Impact Analysis ("TIA") prepared by Alliance Texas Engineering Company, dated December 2003, or as amended and approved by the Director of the Watershed Protection and Development Review Department. Development on the Property is subject to the recommendations contained in the memorandum from the Transportation Review Section of the Watershed Protection and Development Review Department dated May 11, 2004. The TIA shall be kept on file at the Watershed Protection and Development Review Department.
2. If any person or entity shall violate or attempt to violate this agreement and covenant, it shall be lawful for the City of Austin to prosecute proceedings at law or in equity against such person or entity violating or attempting to violate such agreement or covenant, to prevent the person or entity from such actions, and to collect damages for such actions.
3. If any part of this agreement or covenant is declared invalid, by judgment or court order, the same shall in no way affect any of the other provisions of this agreement, and such remaining portion of this agreement shall remain in full effect.

4. If at any time the City of Austin fails to enforce this agreement, whether or not any violations of it are known, such failure shall not constitute a waiver or estoppel of the right to enforce it.
5. This agreement may be modified, amended, or terminated only by joint action of both (a) a majority of the members of the City Council of the City of Austin, and (b) by the owner(s) of the Property subject to the modification, amendment or termination at the time of such modification, amendment or termination.

**AGENT:** Doucet & Associates, Inc. (Carol M. Stewart)

**ZONING FROM:** SF-2                      **TO:** CS                      **AREA:** 73.465 acres

### **SUMMARY STAFF RECOMMENDATION:**

The staff recommends CS, General Commercial Services District, zoning. The staff recommendation includes a public restrictive covenant that would limit the site development to uses and intensities that will not exceed or vary from the projected traffic conditions assumed in the final TIA [Alliance Texas Engineering (Brian Craiq, P.E.) - December 2003]. The TIA recommendations are included as Attachment A to this report.

### **ZONING AND PLATTING COMMISSION RECOMMENDATION:**

5/18/04: Postponed to 6/1/04 by Neighborhood (8-0); J. Martinez-1<sup>st</sup>, J. Gohil-2<sup>nd</sup>.

6/1/04: Approved GR-CO zoning with the following prohibited uses:

Automotive Repair Services;  
Drop-Off Recycling Collection Facility;  
Pawn Shop Services;

(8-0, Pinnelli-absent); M. Whaley-1<sup>st</sup>, K. Jackson-2<sup>nd</sup>.

### **ISSUES:**

The applicant met with the North Austin Growth Corridor Alliance on May 20, 2004, to present this zoning case for the neighborhood's review. As a result of this meeting, the applicant and the neighborhood agreed upon the conditions listed in Attachment B.

### **DEPARTMENT COMMENTS:**

The applicants are requesting CS, General Commercial Services District, zoning for the property in question because they propose to develop the site with a retail shopping center and two restaurant uses. The staff is recommending CS zoning for the site because the proposed zoning is compatible with the surrounding commercial uses and the property fronts onto an interstate highway.

The applicant disagrees with the Zoning and Platting Commission's recommendation. The applicant agrees with the staff recommendation.

## **STAFF RECOMMENDATION**

The staff recommends CS, General Commercial Services District, zoning. The staff recommendation includes a public restrictive covenant that would limit the site development to uses and intensities that will not exceed or vary from the projected traffic conditions assumed in the final TIA [Alliance Texas Engineering (Brian Craiq, P.E.) - December 2003]. The TIA recommendations are included as Attachment A to this report.

## **BACKGROUND**

The applicants are requesting CS, General Commercial Services District, zoning for the property in question because they propose to develop the site with a retail shopping center and two restaurant uses. The staff is recommending the applicant's request for CS zoning for the site because the proposed zoning is compatible with the surrounding commercial uses and the property fronts onto an interstate highway.

The applicant agrees with the staff recommendation.

## **BASIS FOR RECOMMENDATION**

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

The General Commercial Services (CS) zoning district is intended for commercial or industrial use of a service nature that has operating characteristics or traffic service requirements that are incompatible with residential environments.

2. *The proposed zoning should promote consistency, and orderly planning.*

The CS-CO zoning district would be compatible and consistent with the surrounding uses because there is CS-CO zoning to the north and southeast of this site and GR zoning to the west, across IH-35.

3. *The proposed zoning should allow for a reasonable use of the property.*

The CS-CO zoning district would allow for a fair and reasonable use of the site. The site exceeds the minimum size requirements for commercial development in the General Commercial Services district.

CS-CO zoning is appropriate for this location because of the commercial character of the area along Interstate Highway-35.

4. *Zoning should promote the policy of locating retail and more intensive zoning near the intersections of arterial roadways or at the intersections of arterials and major collectors.*

The property fronts onto the north bound service road of Interstate Highway-35 and is located between two arterial roadways, Howard Lane (south) and Well Branch Parkway (north).

## **EXISTING CONDITIONS**

### **Site Characteristics**

The property in question is a large undeveloped tract of land that front onto the IH-35 North Bound Service Road. The site is relatively flat and sparsely vegetated.

### **Impervious Cover**

The maximum impervious cover allowed by the CS zoning district would be 95%. However, because the Watershed impervious cover is more restrictive than the zoning district's allowable impervious cover, the impervious cover on this site would be limited by the watershed ordinance. Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Net Site Area</i>	<i>% with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

In the Water Quality Transition Zones, impervious cover is limited to 30%.

Note: The most restrictive impervious cover limit applies.

### **Environmental**

The site is not located over the Edward's Aquifer Recharge Zone. The site is in the Desired Development Zone. The site is in the Walnut Creek and Harris Branch Watersheds of the Colorado River Basin, which are classified as a Suburban Watersheds by Chapter 25-8 of the City's Land Development Code.

According to flood plain maps, there is not floodplain within, or adjacent to the project boundary.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site-specific information is unavailable regarding existing trees and other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment on this site will be subject to the following water quality control requirements:

Structural controls: Sedimentation and filtration basins with increased capture volume and 2 year detention.

At this time, no information has been provided as to whether this property has any pre-existing approvals that preempt current water quality or Code requirements.

### **Transportation**

A traffic impact analysis is required and has been received. Additional right-of-way, participation in roadway improvements, or limitations on development intensity may be recommended based on review of the TIA. [LDC, Sec. 25-6-142]. Comments will be provided in a separate memo (Attachment A).

### **Right of Way**

The scope of this review is limited to the identification of needs for dedication and/or reservation of right-of-way for funded Capital Improvement Program (C.I.P.) Roadway Construction Projects and Transportation Systems Management (T.S.M.) Projects planned for implementation by the City of Austin. No aspect of the proposed project is being considered or approved with this review other than the need for right-of-way for City projects. There are separate right-of-way dedication and reservation requirements enforced by other Departments and other jurisdictions to secure right-of-way for roadway improvements contained in the Austin Metropolitan Area Roadway Plan, roadway projects funded by County and State agencies, and for dedication in accordance with the functional classification of the roadway.

We have reviewed the proposed subdivision, site plan, or zoning case and anticipate no additional requirement for right-of-way dedication or reservation for funded C.I.P. or T.S.M. projects at this location.

### **Water and Wastewater**

The landowner intends to serve the site with City water and wastewater utilities. Water and wastewater utility improvements, offsite main extension and system upgrades are required. The landowner will be responsible for all costs and providing.

The water and wastewater utility plan must be reviewed and approved by the City of Austin Water and Wastewater utility. The plan must be in accordance with the City's utility design criteria.

### **Stormwater Detention**

At the time a final subdivision plat, subdivision construction plans, or site plan is submitted, the developer must demonstrate that the proposed development will not result in additional identifiable flooding of other property. Any increase in storm water runoff will be mitigated through on-site storm water detention ponds, or participation in the City of Austin Regional Stormwater Management Program, if available.

### **Compatibility Standards**

This site is **not** subject to compatibility development regulations.

The Transportation Review Section has reviewed the Traffic Impact Analysis for the Wagner Tract, dated December 2003, prepared by Brian Craig, P.E., Alliance Texas Engineering, and offers the following comments:

### **TRIP GENERATION**

Wagner Tract is 73.465-acre development located in north Austin on IH-35 between Howard Lane and Wells Branch Parkway.

The property is currently undeveloped and zoned Single Family Residence (SF-2). The applicant has requested a zoning change to Commercial Services (CS). The estimated completion of the project is expected in the year 2004.

Based on the standard trip generation rates established by the Institute of Transportation Engineers (ITE), the development will generate approximately 29,546 unadjusted average daily trips (ADT).

The table below shows the adjusted trip generation by land use for the proposed development:

Table 1. Trip Generation						
			AM Peak		PM Peak	
LAND USE	Size	ADT	Enter	Exit	Enter	Exit
Shopping Center	448,500sf	16,586	238	152	444	479

<b>Total</b>		<b>26,449</b>	<b>570</b>	<b>468</b>	<b>550</b>	<b>645</b>

### **ASSUMPTIONS**

1. Traffic growth rates provided by the City of Austin were as follows:

Table 2. Growth Rates per Year	
Roadway Segment	%
All Roads	4.3 %

2. In addition to these growth rates, background traffic volumes for 2003 included estimated traffic volumes for the following projects:

Shops at Howard Lane	C14-02-0011
Village at Northtown	C8-02-0144
Three Points Retail Center	SP-00-2477C

## RECOMMENDATIONS

- 1) Prior to 3<sup>rd</sup> reading at City Council, fiscal is required to be posted for the following improvements:

Intersection	Improvements	Total Cost	Pro Rata Share %	Pro Rata Share \$
Howard Lane @ IH-35	Signal Modifications	\$25,944	6.9%	\$1,790
Howard Lane @ IH-35 NB	Lane Addition	\$93,641	6.9%	\$6,461
Howard Lane @ IH-35 SB	Lane Addition	\$54,934	6.9%	\$3,790
Howard Lane @ IH-35 WB	Lane Addition	\$54,934	6.9%	\$3,790
<b>Total</b>		<b>\$229,453</b>		<b>\$15,831</b>

- 2) Prior to approval of the site development permit, fiscal is required to be posted for the following improvements:

Intersection	Improvements	Total Cost	Pro Rata Share %	Pro Rata Share \$
Wells Branch Parkway @ IH-35 Frontage Roads	SB ~ Add 1 Lane	\$29,509	6%	\$1,771
	WB ~ Add 1 Lane	\$253,169	6%	\$15,190
	Signal Modification	\$25,944	6%	\$1,557
Wells Branch Parkway @ FM 1825	Signal Retiming	\$2,500	4.1%	\$103
IH-35 Frontage Road	Auxiliary Lane	\$199,281	100%	\$199,281
<b>Total</b>		<b>\$510,403</b>		<b>\$217,902*</b>

\*A NEW COST ESTIMATE IS REQUIRED TO BE PROVIDED AT THE TIME OF SITE PLAN TO ENSURE THAT THE COST ESTIMATE IS ACCURATE AT THE TIME OF FISCAL POSTING

- 3) A 15-foot drainage easement is required to be dedicated prior 3<sup>rd</sup> Reading of the zoning case. This easement will accommodate a storm drainage system being installed by TXDOT as part of roadway improvements associated with upgrades to IH-35 and future improvements associated with this application. At the time of the site plan for this property, the 15' drainage easement will be required to be dedicated as right-of-way in order to allow for installation and maintenance of the auxiliary lane along the property frontage. Any public utilities should be placed in a public utility easement outside of the 15-foot drainage easement/future right-of-way. Final design of the auxiliary lane will require TXDOT approval.
- 4) Three driveways are permitted to access the IH-35 frontage roads with the following conditions. All three driveways must be placed outside the control of access points along the frontage roads as set by TXDOT plans for ramp relocation. The northern most driveway, as proposed, is permitted as a right-in only driveway until the ramps along IH-35 have been relocated and the driveway then may be permitted to provide for right-in/right-out maneuvers. Final driveway location and geometries require approval from TXDOT prior to approval of the site development permit.
- 5) For information: Three copies of the final version of the TIA incorporating all corrections and additions must be submitted prior to final reading of the zoning case.
- 6) Development of this property should be limited to uses and intensities which will not exceed or vary from the projected traffic conditions assumed in the TIA, including peak hour trip generations, traffic distribution, roadway conditions, and other traffic related characteristics.

Dear Commissioners -

I wanted to let you know that I met with the North Growth Corridor Alliance on 05/20 and they are in support of the proposed zoning change from SF-2 to CS-CO with the following conditions:

Prohibited uses:

Art & Craft Studio (General)  
Building Maintenance Services  
Campground  
Commercial Blood Plasma Center  
Drop-off Recycling Collection Facility  
Equipment Repair Services  
Equipment Sales  
Kennels  
Laundry Service  
Pawn Shop Services  
Vehicle Storage  
Veterinary Services  
Maintenance and Service Facilities  
Adult-Oriented Businesses

Conditional Uses:

Automotive Repair Services  
Convenience Storage  
Limited Warehousing and Distribution

Additional Restrictions:

Any proposed Automotive Repair Service use will be located a minimum of 400 feet from the common property lines with the cemeteries located to the north and south of this 73.465 acre tract.

I hope this resolves any issues you might have with the zoning change request and will allow you to recommend the change on the consent agenda. If you have any questions please do not hesitate to contact me.

Thanks,  
Carol

Dear Mayor and Council Members,

After a meeting with Ms. Carol Stewart on May 20th, 2004, the North Growth Corridor Alliance voted to approve CS-CO for the 73.465 acres located at 13801-14409 North I-35 Svc. Rd. NB. Even though the Alliance members had reservations about rezoning this large tract to CS, they voted approval because it is in a commercial and industrial area, is located on I-35, and the CS uses that concerned them would not be permitted.

Regarding the GR zoning recommended by ZAP for the site, there are two questions. Is the site too large to be retail only, and if the entire site is zoned GR, how much flexibility will there be for mixed uses?

The following uses are to be prohibited:

- Adult-Oriented Businesses
- Art & Craft Studio (General)
- Building Maintenance Services
- Campground
- Commercial Blood Plasma Center
- Drop-off Recycling Collection Facility
- Equipment Repair Services
- Equipment Sales
- Kennels
- Laundry Service
- Pawn Shop Services
- Vehicle Storage
- Veterinary Services
- Maintenance & Service Facilities

The following uses are to be conditional:

- Automotive Repair Services (400' separation from cemeteries)
- Convenience Storage
- Limited Warehousing & Distribution

If there are any questions, please feel free to call me at 837-5600.

RE: C14-03-0125, Wagner Tract Zoning  
13801-14409 North IH 35 Svc Rd NB  
Request for Postponement of City Council 2<sup>nd</sup> and 3<sup>rd</sup> Readings

Dear Ms. Gager:

I am writing to request another two-month postponement for 2<sup>nd</sup> and 3<sup>rd</sup> reading of the above referenced zoning case. The postponement request is for December 02, 2004.

As you know, the Council heard this case for 1<sup>st</sup> reading on June 17, 2004. Since then, we have been addressing the TIA recommendations that include granting a drainage easement to TXDOT. The easement dedication has to be reviewed by the TXDOT staff and their attorneys, then, sent to the Transportation Commission for approval. The Transportation Commission only meets once a month. At this point in time we have received staff approval and are waiting for a response from the attorney.

The zoning case was originally scheduled for 2<sup>nd</sup> and 3<sup>rd</sup> reading on July 29, 2004, but due to this same issue, it was postponed until September 30, 2004. It is my hope that we can get approval of the easement from the Transportation Commission prior to the December 02, 2004 date.

Your consideration in this matter is appreciated. Please contact me if you have any questions.

Sincerely,

  
Carol M. Stewart
